This book is an autobiography on Bee Smiths life. Bee started writing this autobiography in March 2013, and it took almost three years to complete it. The book is about the struggles Bee faced mostly because she developed amnesia with regard to these school essays, which must have been published online between 1991 and 1996 (or whenever the internet was first made available to the public). Bee lived what she refers to as a psychological thriller in discovering and solving the mystery that was haunting her all her life, and this book is all about her travels, living and working abroad, her strange relationship with her boyfriends, the friendships she tried making along the way and eventually becoming a single mom and having her beautiful daughter in her life now. It is the first book Bee has ever written, and she chose to call it The Exhausted Word due to the fact she suffers from a mild case of chronic fatigue because of depression and anxiety from living this psychological thriller. Bee doesnt associate herself as a writer and doesnt ever aspire to be one, but she felt a need to document her story for the sake of the children and for them to learn not to make the same mistakes as she did.

*This ebook is for the modern traveler -- the bold, the brave, and those that want to use technology for new insights. Our quirky Frontier Town (Nakhon Phanom) is the perfect place to use as a base for adventure, research, exploration, chill-out and more: * The most spectacular river-caves in the world are across the Mekong in Laos * Ancient stone walls (equal to those in Angkor Wat) can be found meandering the Mekong * Relics of the Buddha are enshrined in many of the Khmer-style temples throughout the region * The Rua-Fai-Festival to honour the Naga-spirit is awesome, and the means for making these candle-lit boats remains unchanged for centuries * Chill-out could be a day (or days) wandering among Mom & Pop restaurants providing deliciously healthy food, in unforgettable ambiance -- and the modest costs will also surprise you * Beautiful pictures to enhance each subject. This part of Thailand, Isaan, remains remote. The formidable power of iPads/eReaders harness the technology, and Frontier Towns provides the information, so that visitors can enjoy unique and unforgettable days in Frontier Towns on the Mekong.*
