Forever Barbie

The battle between Mattel, the makers of the iconic Barbie doll, and MGA, the company that created the Bratz dolls, was not just a war over best-selling toys, but a war over who owns ideas. When Carter Bryant began designing what would become the billion-dollar line of Bratz dolls, he was taking time off from his job at Mattel, where he designed outfits for Barbie. Later, back at Mattel, he sold his concept for Bratz to rival company MGA. Law professor Orly Lobel reveals the colorful story behind the ensuing decade-long court battle. This entertaining and provocative work pits audacious MGA against behemoth Mattel, shows how an idea turns into a product, and explores the two different versions of womanhood, represented by traditional all-American Barbie and her defiant, anti-establishment rival—the only doll to come close to outselling her. In an era when workers may be asked to sign contracts granting their employers the rights to and income resulting from their ideas—whether conceived during work hours or on their own time—Lobel's deeply researched story is a riveting and thought-provoking contribution to the contentious debate over creativity and intellectual property.

Beautifully illustrated biography of Ruth Handler, from childhood to adulthood, the creator of Barbie with intent "to inspire little girls to use their big imaginations and big dreams about their futures".

Mattel first introduced Skipper in 1964 to expand Barbie doll's world and to amuse the younger child. Skipper's first ten ensembles were smaller interpretations of well-loved Barbie outfits, establishing a consumer buying pattern that Skipper was a doll needed to complete the family. This long-awaited second edition of Skipper - Barbie Doll's Little Sister features 16 additional pages of never-before-seen items including rare dolls, prototypes, and gift sets, and a new, updated price guide. Included are U.S. and foreign market Skipper dolls and friends, their clothing, licensed products, and gift sets manufactured from 1964 through 1978, the last year the first face mold was used. An entire chapter features all domestic and foreign issues of Skipper doll's tiny twin brother and sister, Tutti and Todd, spanning their production years from 1967 through 1980. 2011 values.

Full-color, illustrated photographs profile over 1,000 foreign Barbie and Barbie family dolls from around the world.

We've all felt bored in hotel rooms at some point. And despite a hectic travel schedule, advertising-man Jian Yang has found a way to make clever use of the time. His extended business trip in Mount Lavinia Hotel, Sri Lanka on 24 May 2017 was a turning point. He posted on Instagram: "I've brought a #barbie fashionista with me to #srilanka. And since my resources are limited, I will spend the rest of this business trip making tissue paper dresses." And he did not stop. Already one of the world's largest Barbie collectors, it was no surprise that he had a doll with him, as he does on every trip. But from then on, every night at every hotel he stayed in, a toilet paper couture creation would be made. They ranged from kitsch to couture, from tasteful to terrible. Each dress was carefully photographed, and immortalised on Instagram via the hashtag #habetissuewilltravel. And because there was usually only one doll with me on an average four-day trip, the couture confection would literally get flushed down the toilet to make way for the next. Since then, Jian, as well as #habetissuewilltravel has now been to over 20 cities in 11 countries. In two short years, the dresses have been discovered, and extensively featured in publications from VOGUE to NYLON, from blogs to broadsheets and tabloids. They've been discussed in countries around the world and images of them continue to circulate the internet appealing to parents, children, collectors and fashionistas alike. This book is a visual celebration of this new sustainable fashion – biodegradable, intricate and fabulous tissue paper dresses created by Jian on his travels. Just like how they are unique, one-of-a-kind haute couture creations, this book is a special limited quantity collector's edition. Others are concerned about the of goo

A Celebration of the Clothes That Made America's Favorite Doll and the Incredible Woman Behind Them #Flushable Fashion

Barbie, the First 30 Years

Celebrating 50 Years of Barbie

A legendary fashion designer for Barbie shares the story of her adventures working behind-the-scenes at Mattel, and spotlights the creations that transformed the world's most famous doll into a style icon in this beautifully designed book—published in commemoration of Barbie's sixtieth anniversary—illustrated with 100 full-color photographs, including many never-before-seen images of rare and one-of-a-kind pieces from the author's private archive. Dressing Barbie is a dazzling celebration of the clothes that made America's favorite doll, and the incredible woman behind them. For thirty-five years, Carol Spencer enjoyed an unparalleled reign as a Barbie fashion designer, creating some of Barbie's most iconic looks from the early 1960s until the late 1990s. Barbie's wide-ranging wardrobe—including princess gowns and daisy-print rompers, flirty sundresses and smart pantsuits—combined fashion trends and haute couture with a liberal dose of fantasy. In Dressing Barbie, the successful and prolific designer reminisces about her time at Mattel working with legendary figures such as Ruth Handler, Barbie's creator, and Charlotte Johnson, the original Barbie designer, and talks about her best and most beloved clothing designs from each decade. But Carol's most impressive creation is her own life. As Handler famously said, “Barbie always represented the fact that a girl has choices”—a credo Carol epitomized. In Dressing Barbie, she talks candidly about how she broke free of the constraints of the late 1950s to pursue a dazzling career and an independent life for herself. Over the course of her successful and prolific career, Carol won many accolades. She was the first designer to have her signature on the doll, the first to go on a signing tour, the first to design a limited-edition Barbie Doll for collectors, and the designer of the biggest selling Barbie of all time. Now, Carol is the first member of the inner circle to take fans behind the pink curtain, revealing the fashion world of Barbie, the quintessential California girl, as never before.

It S All about the Accessories for the World S Most Fashionable Dolls, 1959-1972

The tragic and redeeming story of how one visionary woman built the biggest toy company in the world and created a global icon. Barbie and Ruth is the entwined story of two exceptional women. There's Barbie: the diminutive yet arrestingly voluptuous doll unveiled at the 1959 Toy Fair who became the treasure of 90 percent of American girls and their counterparts in 150 countries. She went on to compete as an Olympic athlete, serve as an air force pilot, work as a boutique owner, run as a presidential candidate, and ignite a cultural firestorm. And then there's Ruth Handler, Barbie's creator: the tenth child of Polish Jewish immigrants, a passionately competitive and creative business pioneer, and a mother and wife who wanted it all. After a business scandal that forced Ruth out of Mattel, the company she founded, she drew on her experience as a breast cancer survivor to start a business that changed women's lives. She was ultimately honored as a pioneer, humanitarian, and masterful entrepreneur. Based on original research, extensive interviews, and previously unavailable material, *Barbie and Ruth* tells the fascinating story of how two women forever changed American business and culture.
