

Beach Money Creating Your Dream Life Through Network Marketing

*Buildings, bridges, and books don't exist without the workers who are often invisible in the final product, as this joyous and profound picture book reveals from acclaimed author of *The Christmas Boot* Lisa Wheeler and New York Times bestselling illustrator of *Love Loren Long*. All across this great big world, jobs are getting done by many hands in many lands. It takes much more than ONE. Gorgeously written and illustrated, this is an eye-opening exploration of the many types of work that go into building our world--from the making of a bridge to a wind farm, an amusement park, and even the very picture book that you are reading. An architect may dream up the plans for a house, but someone has to actually work the saws and pound the nails. This book is a thank-you to the skilled women and men who work tirelessly to see our dreams brought to life.*

*What if there was a secret road or a less traveled pathway to your dreams? One that was 100 times shorter and one that required little-to-no struggle? What if this path became ridiculously obvious once someone pointed it out? Sometimes by simply shifting your viewpoint, invisible things will become visible and new opportunities to rapidly reach your dreams will appear. Have you ever noticed that breakthroughs in business are occurring at light speed all around us as a result of entrepreneurs that have chosen to see the world through a different set of lenses? In *Better Than Beach Money*, Jordan Adler shares real life stories that will help you to view your life from a different angle. From this new point of view, you will discover roads and pathways, and see opportunities that can cause your dreams to materialize almost instantaneously. You will realize that you don't have to wait. You can begin to stray from that long, tedious path to achieving your goals and embrace a new way that can take you there much quicker. Most personal development trainers and efficiency experts propose writing down your dreams and taking daily action towards them. Sounds logical; this is a linear and very human process. But our brains don't exactly work in this way when it comes to attaining our dreams. Our dreams rarely come to us in a linear fashion. Our dreams happen quickly once we meet the right people, shift our perspective and open our minds to the quantum growth opportunities that are all around us. *Better than Beach Money* can take you there.*

*Mantle or Mays? A-Rod or Jeter? Biggio or Morgan? Clemens, Maddux, and Randy Johnson -- or Pedro, Palmer, and Carlton? These are questions baseball fans can spend endless hours debating. Former All-Star pitcher and National League Manager of the Year Larry Dierker has his own opinions, and he shares them in *My Team*, his fascinating discussion of the greatest players he has seen in his four decades in the major leagues. Dierker selects twenty-five players for *My Team* and another twenty-five for the opposition, the Underdogs, or "Dogs." There are two players at each position, five starting pitchers, and four relievers. (When your starters are the likes of Roger Clemens, Greg Maddux, Bob Gibson, Tom Seaver, Nolan Ryan, and Juan Marichal, you don't worry about bullpen depth.) All are players that Dierker has played with or against or watched in his years as player, coach, manager, and commentator. Each athlete must have played at least ten years in the major leagues to qualify, and players are judged on their ten best seasons. Leadership skills and personality -- critical components of team chemistry -- are highly valued. So how is it possible to select two teams composed of outstanding ballplayers from the past forty years and not have room for Sandy Koufax, Reggie Jackson, Carl Yastrzemski, or Cal Ripken Jr.? Dierker explains his choices, analyzing each position carefully, always putting the team ahead of the individual player. He provides statistics to back up his selections, and often relates personal anecdotes about the players. (From his first All-Star Game in 1969, Dierker offers a wonderful anecdote about Hank Aaron, by then an All-Star veteran.) *My Team* may start more debates than it settles, but Dierker's insights, and his passion for the game, will enlighten and fascinate true baseball fans.*

Life and a dismal last name are the only two things Beyah's parents ever gave her. After carving her path all on her own, Beyah is well on her way to bigger and better things, thanks to no one but herself. With only two short months separating her from the future she's built and the past she desperately wants to leave behind, an unexpected death leaves Beyah with no place to go during the interim. Forced to reach out to her last resort, Beyah has to spend the remainder of her summer on a peninsula in Texas with a father she barely knows. Beyah's plan is to keep her head down and let the summer slip by seamlessly, but her new neighbor Samson throws a wrench in that plan. Samson and Beyah have nothing in common on the surface. She comes from a life of poverty and neglect; he comes from a family of wealth and privilege. But one thing they do have in common is that they're both drawn to sad things. And there are no guarantees of anything but a piece of paper called a diploma. Take a look at the bank account of the average college graduate after working for 40 years. It's grim. Sandy's story is the fictional account of a family that discovers an option that is becoming much more widely accepted. But it's based on a true story. It's fun and dramatic. It will leave you with hope that there is a better way. Those considering college may want to read this book before pulling the trigger!" "This fascinating little volume explores the stuff that dreams are made of and the role the pandemic is playing in them. The dreams from Barrett's survey are riveting vignettes--from terrifying to touching to hilarious. Her decades of scientific research and clinical practice inform incisive commentary on what these dreams reveal about society's response. She offers simple exercises for managing anxieties over COVID-19 and for inspiring adaption in this unique period of history. A great read!" -Amy Tan, author of *The Joy Luck Club*
DREAM: I looked down at my stomach and saw dark blue stripes. I "remembered" these were the first sign of being infected with COVID-19. DREAM: My home was a Covid-19 test center. People weren't wearing masks. I'm taken aback because I wasn't asked to be a test site. I'm worried that my husband and son (who actually lives out of state) will catch it because of my job as a healthcare worker. DREAM: I was a giant antibody. I was so angry about COVID-19 that it gave me superpowers, and I rampaged around attacking all the virus I could find. I woke so energized! Since the COVID-19 pandemic swept around the world, people have reported unusually a vivid and bizarre dream lives. The virus itself is the star of many--literally or in one of its metaphoric guises. As a dream researcher at Harvard Medical School, Deirdre Barrett was immediately curious to see what our dream lives would tell us about our deepest reactions to this unprecedented disaster. *Pandemic Dreams* draws on her survey of over 9,000 dreams about the COVID-19 crisis. It describes how dreaming has reflected each aspect of the pandemic: fear of catching the virus, reactions to sheltering at home, work changes, homeschooling, and an individual's increased isolation or crowding. Some patterns are quite similar to other crises Dr. Barrett has studied such as 9/11, Kuwaitis during the Iraqi Occupation, POWs in WWII Nazi prison camps, and Middle Easterners during the Arab Spring. There are some very distinctive metaphors for COVID-19, however: bug-attack dreams and ones of invisible monsters. These reflect that this crisis is less visible or concrete than others we have faced. Over the past three months, dreams have progressed from fearful depictions of the mysterious new threat . . . to impatience with restrictions . . . to more fear again as the world begins to reopen. And dreams have just begun to consider the big picture: how society may change. The book offers guidance on how we can best utilize our newly supercharged dream lives to aid us through the crisis and beyond. It explains practical exercises for dream interpretation, reduction of nightmares, and incubation of helpful, problem-solving dreams. It also examines the larger arena of what these collective dreams tell us about our instinctive, unconscious responses to the threat and how we might integrate them for more livable policies through these times. Deirdre Barrett, PhD is a dream researcher at Harvard Medical School. She has written five books including *Pandemic Dreams* and *The Committee of Sleep*, and edited four including *Trauma and Dreams*. She is Past President of The International Association for the Study of Dreams and editor of its journal, *DREAMING*.

Kafka on the Shore displays one of the world's great storytellers at the peak of his powers. Here we meet a teenage boy, Kafka Tamura, who is on the run, and Nakata, an aging simpleton who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey.
