“The popularity of [Dog Songs] feels as inevitable and welcome as a wagging tail upon homecoming.” —The Boston Globe
Mary Oliver’s Dog Songs is a celebration of the special bond between human and dog, as understood through the poet’s relationships to the canines that have accompanied her daily walks, warmed her home, and inspired her work.

Oliver's poems begin in the small everyday moments familiar to all dog lovers, but through her extraordinary vision, these observations become higher meditations on the world and our place in it. Dog Songs includes visits with old friends, like Oliver's beloved Percy, and introduces still others in poems of love and laughter, heartbreak and grief. Throughout, the many dogs of Oliver's life merge as fellow

each person will feel things their own way. each person will hurt the only way they know how. will love... the only way they've been taught to love. not everyone will see things the way you do. feel things the way you do. and you can't force your beliefs on people either because that's not love. that's not having compassion for other people. we all have our own right to see the world with our own eyes, therefore, understanding is key. and I don't mean saying it, saying you understand someone without putting yourself in their shoes. without respecting their views. you have to really know yourself*

and your environment to understand why people are the way they are. you have to go through enough pain to keep your heart open. to be compassionate towards other people.

understanding is key and not everyone will understand you and that's okay. but the point is, to remember how all of us are different and try to understand that not all of us are meant to be the same. and you should never believe you understand it all because believe me, there will always be something to learn. there will always be something that will take your breath away. something that will make you question everything--your own beliefs and your own way of thinking. people, things and

places, like life, are always evolving and you must evolve with them... if you ever want a fair shot in accepting your flaws and the flaws of other people. and before I finish, I just want you to know... that the beauty of it all is this, the more you understand people the better you will understand yourself. from the known and to the depths of your soul... people will always shape you. all that you are is all you've experienced with them. and dont ever forget... that the people you love will always have a piece of your heart. they will always be with you... no matter what. This is something about self-forgiveness--something they don't teach in school. Something that's very hard to learn on your own.

This is something about putting yourself first because it's okay to love yourself before anyone else. This is something about doing what's best for you, no matter what people say, because only you know what you deserve. This is something about being real, being real to who you are and accepting things as they come and change. This is something about your mistakes, about your flaws, and about how beautiful it is to get up and try again. This is something about being you, about using your voice when you're afraid. About building enough courage when you feel like standing up to something you don't believe in, something that's wrong. This is about you, and every day should be about you,

and that's something you should always consider.

What are you hiding behind your smile? If those empty bottles that line the walls of your room could speak, what tales would they spill? So much of your truth is buried beneath the lies you tell yourself. There's a need to scream to the moon; there's this urge to go out into the darkness of the night to purge. There are so many stories living inside your soul, you just want the opportunity to tell them. And when you can't find the will to express what lives within your heart, these words will give you peace. These words will set you free.

A captivating novel of first love, Egyptian mythology, and family, from the #1 New York Times bestselling author of *And I Darken* Isadora's family is seriously screwed up—which comes with the territory when you're the human daughter of the Egyptian gods Isis and Osiris. The first person who breaks your heart will always teach you the importance of love.

1. People come and go and only a handful of them are willing to stay. So it is best to give them your promises.
2. You have to go through pain every once in a while. That's how it works. Pain is inevitable. Pain is relative. Pain brings people closer together. So it is best to give the people you love your sorrow. They will make flowers out of them. Believe it.
- And 3. Somewhere down the line a revelation will hit you like a comet and when it does you will think of the first time you got your

heart broken. And the second and maybe even the third. And you will finally realize the importance of it all. And you will thank them for the experiences. And you will finally bring down your walls and learn how to move on. How to forgive. How to properly heal. And you will do all of these marvelous things but also, you will never forget the way they once made you feel. You will never forget the slow burn that brokenness brings. And you will remind yourself of it every now and then... and you will do so to remember the importance of letting go and etc. To remember why you should never search for love in the same place you lost it. Why you should never search for love in the same place where it left you broken. That's the

importance of love. Of going through it-to have it and cherish it... but also, to not fall victim to the same people and tragedies that made you feel even more alone. To not fall victim to all things that covered up the sun. Those lessons are valuable, therefore, it is best to learn as much as you can and love as much as you're willing to get hurt. Stay strong.

There are moments when the heart no longer wishes to feel because everything it's felt up until then has brought it nothing but anguish. In *She Felt Like Feeling Nothing*, r.h. Sin pursues themes of self-discovery and retrospection. With this book, the poet intends to create a safe space where women can rest their weary hearts and focus on themselves.

The great epic of Western literature, translated by the acclaimed classicist Robert Fagles
A Penguin Classic Robert Fagles, winner of the PEN/Ralph Manheim Medal for Translation and a 1996 Academy Award in Literature from the American Academy of Arts and Letters, presents us with Homer's best-loved and most accessible poem in a stunning modern-verse translation. "Sing to me of the man, Muse, the man of twists and turns driven time and again off course, once he had plundered the hallowed heights of Troy." So begins Robert Fagles' magnificent translation of the Odyssey, which

Jasper Griffin in the New York Times Book Review hails as "a distinguished achievement." If the Iliad is the world's greatest war epic, the Odyssey is literature's grandest evocation of an everyman's journey through life. Odysseus' reliance on his wit and wiliness for survival in his encounters with divine and natural forces during his ten-year voyage home to Ithaca after the Trojan War is at once a timeless human story and an individual test of moral endurance. In the myths and legends retold here, Fagles has captured the energy and poetry of Homer's original in a bold, contemporary idiom, and

Renowned classicist Bernard Knox's superb introduction and textual commentary provide insightful background information for the general reader and scholar alike, intensifying the strength of Fagles's translation. Sailing Alone Around the Room, by America's Poet Laureate, Billy Collins, contains both new poems and a generous gathering from his earlier collections The Apple That Astonished Paris, Questions About Angels, The Art of Drowning, and Picnic, Lightning. These poems show Collins at his best, performing the kinds of distinctive poetic maneuvers that have delighted and fascinated so many readers. They may begin in curiosity and end in grief; they may start with irony and end with lyric transformation; they may, and often do, begin with the everyday and
