Discover how to: Drive student learning as the primary mission of the school Deal with others' expectations of you as principal Master the technical skills needed to run an efficient school Create and clarify a personal professional growth plan Work effectively with the greater community and parents Celebrate instructional and non-instructional staff in a positive school culture Don't just survive. Read this guide and thrive!

This open access book traces the development of sociology in Germany from the late 19th century to the present day, providing a concise overview of the main actors, institutional processes, theories, methods, topics and controversies. Throughout the book, the author relates the disciplines history to its historical, economic, political and cultural contexts. The book begins with sociology in the German Reich, the Weimar Republic, National Socialism and exile, before exploring sociology after 1945 as a key discipline of the young Federal Republic of Germany, and reconstructing the periods from 1945 to 1968 and from 1968 to 1990. The final chapters are devoted to sociology in the German Democratic Republic and the period from 1990 to the present day. This work will appeal to students and scholars of sociology, and to a general readership interested in the history of Germany. Stephan Moebius is Professor of Sociological Theory and Intellectual History at the University of Graz, Austria.

A celebrated foreign policy expert and key impeachment witness reveals how declining opportunity has set America on the grim path of modern Russia--and draws on her personal journey out of poverty, and her unique perspectives as an historian and policy maker, to show how we can return hope to our forgotten places.

Reveals how AI works and provides insight into what we can expect of it now and in the future.

Profound Secrets of Jesus and His Inner Circle

A Wall Street Tycoon and the Secret Palace of Science That Changed the Course of World War II

Inside the 100-Year-Old Michigan-Ohio State Football Rivalry

Letters of a Secretary 1943-45

People who have personal assistants such as politicians, business tycoons, entertainment moguls, company executives and celebrities are literally free from doing daily tasks and can fully concentrate on their jobs and routine because there is somebody who takes care of everything they need. But, aside from having somebody who can do all the errands, there is more to having a personal assistant. This is having the peace of mind that everything that you need to do and everything that should be done is taken care of without you doing a single thing except giving out specific instructions.

Profound Secrets of Jesus and His Inner Circle will bring to light paradigm-altering facts surrounding Christ's arrest, crucifixion, and resurrection. This book provides an in-depth understanding of the substantial roles played by women in the fulfillment of Christ's mission here on earth. These pages reveal that just as God used a woman, the Virgin Mary, to birth Jesus, God likewise used a woman, Mary Magdalene, to resurrect him. The book uses information discovered outside of the Bible to establish that miracles performed by Jesus actually happened. Ancient documents reveal these miracles, including at least one involving the raising of the dead, was promptly investigated and, in some cases, witnessed by the religious elite responsible for putting Jesus on trial. The secret of the Apostle Paul's preconversion contact with Jesus will also be thoroughly examined. Other areas explored include a revealing look at how Christianity was founded by a woman and not any of the male disciples of Jesus. The book will look at James, the brother of Jesus, and his plot to kill the Apostle Paul.

The Rules of Management will teach you how to manage your team--and manage yourself. They're surprisingly easy to learn and live by. Now, Richard Templar has brought them all together in one place: the quick, irreverent The Rules of Management. Templar covers everything from setting realistic targets to holding effective meetings; finding the right people to inspiring loyalty. Learn when and how to let your people think they know more than you (even if they don't)--and recognize when they really do! Discover how to adapt your style to each team member... create your own private game plan for success... manage stress and stay healthy... and take charge, as if you were born to manage! The Rules of Work are about how you are seen to be doing it. They are about how you appear to others. And they are about helping you to achieve the success you richly deserve. This new, even better, edition includes 10 brand new rules to take you further, faster. These rules are the guiding principles that will improve both what you do and how you do it, giving you the unmistakable air of confidence that will win you admiration, respect, and the next promotion. With The Rules under your belt you'll have the edge in everything you do, without having to compromise your principles.

As U.S. military forces appear overcommitted and some ponder a possible return to the draft, the timing is ideal for a review of how the American military transformed itself over the past five decades, from a poorly disciplined force of conscripts and draft-motivated "volunteers" to a force of professionals revered throughout the world. Starting in the early 1960s, this account runs through the current war in Iraq, with alternating chapters on the history of the all-volunteer force and the analytic background that supported decisionmaking. The author participated as an analyst and government policymaker in many of the events covered in this book. His insider status and access offer a behind-the-scenes look at decisionmaking within the Pentagon and White House. The book includes a foreword by former Secretary of Defense Melvin R. Laird. The accompanying DVD contains more than 1,700 primary-source documents--government memoranda, Presidential memos and letters, staff papers, and reports--linked directly from citations in the electronic version of the book. This unique technology presents a treasure trove of materials for specialists, researchers, and students of military history, public administration, and government affairs to draw upon.

My Seventeen Years in the Cult of the American Sikhs

Friendship and Friction at the Water's Edge

The untold story of an eccentric Wall Street tycoon and the circle of scientific geniuses he assembled before World War II to develop the science for radar and the atomic bomb. Together they changed the course of history. Legendary financier,

philanthropist, and society figure Alfred Lee Loomis gathered the most visionary scientific minds of the twentieth century—Albert Einstein, Werner Heisenberg, Niels Bohr, Enrico Fermi, and others—at his state-of-the-art laboratory in Tuxedo Park, New York, in the late 1930s. He established a top-secret defense laboratory at MIT and personally bankrolled pioneering research into new, high-powered radar detection systems that helped defeat the German Air Force and U-boats. With Ernest Lawrence, the Nobel Prize-winning physicist, he pushed Franklin Delano Roosevelt to fund research in nuclear fission, which led to the development of the atomic bomb. Jennet Conant, the granddaughter of James Bryant Conant, one of the leading scientific advisers of World War II, enjoyed unprecedented access to Loomis' papers, as well as to people intimately involved in his life and work. She pierces through Loomis' obsessive secrecy and illuminates his role in assuring the Allied victory.

"A rough-and-tumble pop-culture look at the history of this storied game." —National Review Online The 100-Yard War showcases two great football teams who want nothing more than to beat each other, celebrating their storied history and going behind the scenes with the players and the fans to reveal the bitterness, the passion, and the pride surrounding the Game. ESPN called it the number one sports rivalry of the century. It transcends the years, the standings, and all other distractions. And thanks to the countless remarkable football games between Michigan and Ohio State—and hundreds of thousands of devoted alumni and followers—the rivalry is now an enormous cultural event.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Published for the first time, this illuminating and poignant correspondence offers a rare insight into the workings of the Cabinet War Rooms towards the end of the Second World War, and documents the rich wartime experiences of a woman with exclusive access to the closed world of Churchill's inner circle.

There Is Nothing for You Here

Beginning the Principalship

Can you imagine living a better life? Would you like to surround yourself with more supportive people? There's hope! You see, the quality of your life depends on the people in your life. The simple and powerful ideas in this workshop can change your life forever. This workshop introduces you to the concept of your life being like a room--a room where anyone who enters affects your life . . . forever. Although this concept may sound frightening, this workshop gives you the tools and exercises you need to take control of your room and live the life you desire. This workshop features Ivan Misner, Founder of BNI and the father of modern networking, and describes how people leave you with memories that cannot be erased but can be managed. You manage them by determining what's really important to you, and then you can determine how to spend your time and whom you should be spending it with. Stop living according to everyone else's rules. Shape your life by taking control of your room. Live your life by your design! Dr. Ivan Misner is the Founder & Chief Visionary Officer of BNI, the world's largest business networking organization. Founded in 1985 the organization now has over 8,800 chapters throughout every populated continent of the world. Last year alone, BNI generated 11.2 million referrals resulting in \$14.2 billion dollars' worth of business for its members. Dr. Misner's Ph.D. is from the University of Southern California. He is a New York Times Bestselling author who has written 23 books including his latest book - Who's in Your Room? He is also a columnist for Entrepreneur.com and has been a university professor as well as a member of the Board of Trustees for the University of La Verne. Called the "Father of Modern Networking" by CNN and one of the "Top Networking Experts" by Forbes, Dr. Misner is considered to be one of the world's leading experts on business networking and has been a keynote speaker for major corporations and associations throughout the world. He has been featured in the L.A. Times, Wall Street Journal, and New York Times, as well as numerous TV and radio shows including CNN, the BBC and The Today Show on NBC. Among his many awards, he has been named "Humanitarian of the Year" by the Red Cross and was recently the recipient of the John C. Maxwell Leadership Award. He is also proud to be the Co-Founder of the BNI Charitable Foundation. He and his wife, Elisabeth, are now "empty nesters" with three adult children. Oh, and in his spare time!!! he is also an amateur magician and a black belt in karate.

Peter Macdonald Blachly takes us on a unique adventure, documenting the seventeen years he spent in a spiritual cult, while providing candid insights into the circumstances and conditions that set him up for manipulation by a charismatic and malevolent narcissist posing as a spiritual teacher. He provides a colorful and spellbinding description of adventures in India where he travels extensively with a group of fellow converts performing the sacred music of the Sikhs for audiences of tens of thousands. Back in the US, he forms a "spiritual" rock band that tours the country from Maine to Vancouver, weaving his travel adventures together with his own journey of spiritual awakening and his gradual disillusionment and eventual break from his Guru. Blachly's understanding of psychology and human frailties, make the lessons he draws from his own experiences universal and highly relevant today, when personality cults have infected both the political and religious life of the nation. While he pulls no punches about the moral failings of his Guru, the book is not an expose. Instead, while acknowledging that most people who started studying yoga with him in the late 1960s and early '70s did not join the cult, he writes with humor and introspection about his own vulnerabilities and the misplaced idealism that set him up for exploitation. Regarded by his fellow Sikhs as a powerful personality and pillar of the community, he is unflinching about acknowledging his own fractured sense of identity that he struggles to overcome. Most of all, "The Inner Circle" is an entertaining and compelling read about his journey into and back out of a cult that remains active today.

"Part Patricia Highsmith, part All About Eve and pure fun."—Maria Semple Florence Darrow has always felt she was destined for greatness, but after a disastrous affair with her married boss, she starts to doubt herself. All that changes

when she sets off for Morocco with her new boss, the celebrated but reclusive author Maud Dixon. Amidst the colorful streets of Marrakesh and the wind-swept beaches of the coast, Florence begins to feel she's leading the sort of interesting, cosmopolitan life she deserves. But when she wakes up in the hospital after a terrible car accident, with no memory of the previous night—and no sign of Maud—a dangerous idea begins to take form. . . A Best Book of the Year: New York Times, NPR, New York Post, Entertainment Weekly, CrimeReads

Take charge of your career and create a life full of learning, adventure, joy, and success utilizing these never-before-shared leadership principles Ann Hiatt learned working alongside the world's top tech CEOs—Google's Eric Schmidt, Amazon's Jeff Bezos, and Yahoo!'s Marissa Mayer. Whether you're stuck in your current job, starting your first job and wondering how you can use it as a steppingstone towards your dream career, or mid-career and wanting to finally be recognized for promotion or a leadership role, this book is for you. For the first time, Ann Hiatt shares both the daily habits and long-game strategies she learned working side-by-side for decades with the giants of technology at Amazon and Google. Through clear guidance and incredible stories, *Bet on Yourself* will teach you: How to define your abilities and speak up so that you can be recognized for the work that you do and the unique capabilities you bring to the table. How to create opportunities for yourself when options appear limited and build a purposeful career regardless of your seniority or industry. What it takes to build the confidence you need to build your dream career. How to exchange your frustration over not getting the recognition you deserve for an empowered, actionable plan for taking control of your professional identity and get promoted. These tried-and-true methods to take ordinary opportunities and create something extraordinary, and the leadership principles that guide the work of these celebrity CEOs, are directly applicable to your goals. With a few consistent, daily habits you can build a future that exceeds your wildest expectations. No matter the opportunities available to you in your particular community or career stage, there is a path for you.

Lesson 11 from The 21 Irrefutable Laws of Leadership

This volume offers a new and expanded history of the documentary form across a range of times and contexts, featuring original essays by leading historians in the field. In a contemporary media culture suffused with competing truth claims, documentary media have become one of the most significant means through which we think in depth about the past. The most rigorous collection of essays on nonfiction film and media history and historiography currently available, A Companion to Documentary Film History offers an in-depth, global examination of central historical issues and approaches in documentary, and of documentary's engagement with historical and contemporary topics, debates, and themes. The Companion's twenty original essays by prominent nonfiction film and media historians challenge prevalent conceptions of what documentary is and was, and explore its growth, development, and function over time. The authors provide fresh insights on the mode's reception, geographies, authorship, multimedia contexts, and movements, and address documentary's many aesthetic, industrial, historiographical, and social dimensions. This authoritative volume: Offers both historical specificity and conceptual flexibility in approaching nonfiction and documentary media Explores documentary's multiple, complex geographic and geopolitical frameworks Covers a diversity of national and historical contexts, including Revolution-era Soviet Union, post-World War Two Canada and Europe, and contemporary China Establishes new connections and interpretive contexts for key individual films and film movements, using new primary sources Interrogates established assumptions about documentary authorship, audiences, and documentary's historical connection to other media practices. A Companion to Documentary Film History is an ideal text for undergraduate and graduate courses covering documentary or nonfiction film and media, an excellent supplement for courses on national or regional media histories, and an important new resource for all film and media studies scholars, particularly those in nonfiction media.

*Leadership has become increasingly complex in recent years. The times are difficult, and it can be challenging to get people to work together. Businesses, government, families, communities, and teams are all crying out for good leaders to help them. This is where the principles outlined in *The 21 Irrefutable Laws of Leadership* can help. Based on the revised and updated 25th anniversary edition of the bestselling book, this workbook uses case studies, self-evaluation, and group discussion questions to help you boost your leadership skills. Included are stories and observations from the worlds of business, politics, sports, the military, and non-profits. Each law is like a tool, ready to be picked up and used to help you achieve your dreams and add value to other people. Discover how these valuable principles can change your life—follow them and learn to lead—not just for yourself, but for the people who follow you. Lessons: The Law of the Lid The Law of Influence The Law of Process The Law of Navigation The Law of Addition The Law of Solid Ground The Law of Respect The Law of Intuition The Law of Magnetism The Law of Connection The Law of the Inner Circle The Law of Empowerment The Law of the Picture The Law of Buy-In The Law of Victory The Law of the Big Mo The Law of Priorities The Law of Sacrifice The Law of Timing The Law of Explosive Growth The Law of Legacy With a foreword by Thomas Sergiovanni, this book exposes the myths about school leadership which impede educational improvement. It also profiles 8 successful schools at which student achievement has flourished after collaboration was introduced.*

*Fresh on the heels of his New York Times bestselling and National Book Award-nominated novel, *Drop City*, T.C. Boyle has spun an even more dazzling tale that will delight both his longtime devotees and a legion of new fans. Boyle's tenth novel, *The Inner Circle* has it all: fabulous characters, a rollicking plot, and more sex than pioneering researcher Dr. Alfred Kinsey ever dreamed of documenting . . . well, almost. A love story, *The Inner Circle* is narrated by John Milk, a virginal young man who in 1940 accepts a job as an assistant to Dr. Alfred Kinsey, an extraordinarily charming professor of zoology at Indiana University who has just discovered his life's true calling: sex. As a member of Kinsey's "inner circle" of researchers, Milk (and his beautiful new wife) is called on to participate in sexual experiments that become increasingly uninhibited—and problematic for his marriage. For in his later years Kinsey (who behind closed doors is a sexual enthusiast of the first order) ever more recklessly pushed the boundaries both personally and professionally. While Boyle doesn't resist making the most of this delicious material, *The Inner Circle* is at heart a very moving and very loving look at sex, marriage, and jealousy that will have readers everywhere reassessing their own relationships—because, in the end, "love is all there is."*

Become an Inner Circle Assistant

How to Build Your Inner Circle: Ivan Misner, Ph.D.

The Inner Game of Work

Underneath It All is a book whose time has come. Today's executives have much higher expectations of assistants than in the past. Many executives want their assistants to learn, understand, and especially know the business. Administrative/executive assistants will need an entirely new set of skills such as a commitment to quality performance, cognitive thinking, and management of organizational goals. Joan Burge, author of this cutting-edge book, spotlights the true value that

administrative professionals have in terms of their relationship with their principals, their organizations, and the companies for which they work. You'll read why it's essential to maintain your competitive advantage and how continual improvement makes it possible. You will explore key points with Joan that lead to success and you're likely to wonder who switched on the lights? Once you see what is underneath it all, you will become a more effective person in your personal life as well as in your business life. Burge truly speaks from experience when she shares her philosophies and her stories because she has been an executive assistant herself. As a corporate trainer, speaker, consultant, and the CEO of her own company, she brings a wealth of knowledge from both sides of the desk. Underneath it All presents new ideas and ambitious ways to approach the challenge of rising to the top in a field that is exciting and rewarding. This book is a valuable investment in your future.

A step-by-step method to successful dating and, ultimately, marriage. This book shows you how to examine yourself to know exactly what you want and where you're headed. Don't date blind--date smart; the chuppah is closer than you think.

Become an Inner Circle Assistant Insight Publishing Company

The Man on the Bus By: Jim Mackin The Man on the Bus describes the journey of a white oceanographer into administrative positions at two historically black institutions of higher education. It tells the story of how a young man became motivated by his brother's death and by a chance encounter with a stranger (the man on the bus) to serve the under-served. This book describes the lessons that the young man learned as he transitioned from being a scientist to an academic administrator and deals with racial issues from the perspective of a white man who lives and works in a black person's world. The experiences of the man demonstrate that racial discrimination can and will occur any time there is one race that has power over another.

Managing Government Employees

The Inner Circle

Managing government employees presents unique challenges. Government managers may feel that stringent and convoluted regulations mean they "can't do that". Some others may use that perception as a crutch. But the truth for all of them is, yes, they can "do that" -- and they'd better. "That" means managing employees as proactively and decisively as their corporate counterparts, and holding their staffs, teams, and departments accountable for productivity and results. Managing Government Employees offers dozens of techniques for meeting the challenges and stressful situations supervisors face on a daily basis. Major topics include how to: * get maximum dedication and productivity from employees * improve results of poor performers and discipline or fire them when necessary * deal with union and EEO issues * cut through the red tape of government employment systems For managers frustrated by government bureaucracy, this book lets them know they have more power than they may think.

The words Inner Circle conjure up visions of an exclusive group of people whose achievements are admired and rewarded. The Inner Circle Assistant title doesn't show up on any organizational chart but they are the assistant who knows how to make things happen and supports the movers and shakers in the organization. Become An Inner Circle Assistant outlines the steps to earn the Inner Circle status as well as thrive in the position. It is a book of strategy and work-place philosophy that will help administrative professionals become top performers in work and in their careers. The book presents the competencies that characterize successful office professionals and is based on the author's popular training program, the Star Achievement Series, which is delivered to thousands of administrative professionals nationwide. Assistants who learn these competencies and incorporate them into their work will be successful. They will increase their impact on the company's results, be visible and recognized as a star performer, prepare for future positions, increase self-esteem and levels of confidence, and ultimately achieve Inner Circle status. This book represents the first comprehensive anthology of papers designed to explore both the state of scientific progress and the ethics, law and history of scientific research. It will appeal to a very wide international audience, offering a truly multidisciplinary analysis of many facets of scientific research.

The labels 'state fragility' and 'civil war' suggest that security within several African countries has broken down. As Tim Glawion observes, however, while people do experience insecurity in some parts of conflict-affected countries, in other areas they live in relative security. Conducting in-depth field-research between 2014 and 2018, The Security Arena in Africa is based on first-hand insights into South Sudan and the Central African Republic during their ongoing civil wars, and Somalia's breakaway state of Somaliland. Gaining valuable accounts from the people whose security is at stake, this bottom-up perspective on discussions of peace and security tells vivid stories from the field to explore complex security dynamics, making theoretical insights translatable to real-world experiences and revealing how security is created and undermined in these fragile states.

A History

The Definitive Guide to Success

"A book for executive assistants written by executive assistants...offers practical, creative strategies for achieving success and building leadership attributes, compiled from the diverse experiences of high-achieving administrative professionals in a wide variety of businesses and industries."--page [4] of cover.

In this book, Joan Burge, the pioneer of administrative excellence exposes the game-changing truths and unwritten rules you need to know in order to maximize your potential. Joan shares never before revealed career stories and life lessons that will teach you how to master your craft and triumph in today's business environment.

Do you feel you should be getting more out of your life? Do you feel like you haven't discovered your purpose? Could your life use a makeover? In Never Enough, author Dr. Frank O'Neill uses examples and anecdotes from his own story of walking away from a successful career to pursue a

life that offered him a better balance between work and passions. An inspirational narrative of transformation and healing wrapped in a how-to manual for life, *Never Enough* is filled with more than 200 lessons, exercises, and action steps. It provides all of the tools you need to:
Discover who you are and what you want from your life
Eliminate the roadblocks holding you back at home or at work
Manage your goals, your time, and your stress so you won't endure the pain of an unfulfilled life
From heartrending to hilarious, *Never Enough* mixes honesty, science, and inspiration to show you the path to a better life. It provides seven steps for stress management and six steps of a burnout antidote for those trying to find a balance between work and home, and for creating a meaningful and passionate existence.

Through a series of factual, real-life incidents that occurred in prisons throughout the state of Florida, the author, Gary York, will take you inside the prison's inner circle of crime and corruption, revealing true accounts of prison drug trade, extortion, embezzlement, and even death at the hands of inmates and corrupt staff members. Corruption that runs so deep the honest staff members do not know who to trust. You will also read about the experiences of retired correctional officer staff members who tracked down and recaptured escapees and come away with firsthand knowledge of the dangers encountered by our brave public servants during prison riots. After reading these stories, you will probably ask yourself this question: Has corruption in our entire United States prison system spun completely out of control?

From Churchill's War Rooms

This groundbreaking book tells you how to overcome the inner obstacles that sabotage your efforts to be your best on the job. Timothy Gallwey burst upon the scene twenty years ago with his revolutionary approach to excellence in sports. His bestselling books *The Inner Game of Tennis* and *The Inner Game of Golf*, with over one million copies in print, changed the way we think about learning and coaching. But the *Inner Game* that Gallwey discovered on the tennis court is about more than learning a better backhand; it is about learning how to learn, a critical skill that, in this case, separates the productive, satisfied employee from the rest of the pack. For the past twenty years Gallwey has taken his *Inner Game* expertise to many of America's top companies, including AT&T, Coca-Cola, Apple, and IBM, to teach their managers and employees how to gain better access to their own internal resources. What inner obstacles is Gallwey talking about? Fear of failure, resistance to change, procrastination, stagnation, doubt, and boredom, to name a few. Gallwey shows you how to tap into your natural potential for learning, performance, and enjoyment so that any job, no matter how long you've been doing it or how little you think there is to learn about it, can become an opportunity to sharpen skills, increase pleasure, and heighten awareness. And if your work environment has been turned on its ear by Internet technology, reorganization, and rapidly accelerating change, this book offers a way to steer a confident course while navigating your way toward personal and professional goals. *The Inner Game of Work* teaches you the difference between a rote performance and a rewarding one. It teaches you how to stop working in the conformity mode and start working in the mobility mode. It shows how having a great coach can make as much difference in the boardroom as on the basketball court-- and Gallwey teaches you how to find that coach and, equally important, how to become one. *The Inner Game of Work* challenges you to reexamine your fundamental motivations for going to work in the morning and your definitions of work once you're there. It will ask you to reassess the way you make changes and teach you to look at work in a radically new way. "Ever since *The Inner Game of Tennis*, I've been fascinated and have personally benefitted by the incredibly empowering insights flowing out of Gallwey's self-one/self-two analysis. This latest book applies this liberating analogy to work inspiring all of us to relax and trust our true self." --Stephen R. Covey, author of *7 Habits of Highly Effective People*
When Ole Gunnar Solskjaer returned to Old Trafford as caretaker manager midway through the 2018-19 season, he breathed new life into a team that was drifting. In this new and definitive biography, Jamie Jackson

investigates why he was the perfect man for the job to bring back the glory days. After the confusion under David Moyes, the stagnation of Louis van Gaal and the growing trauma under Jose Mourinho, Manchester United were a club increasingly struggling to challenge for major honours, something the fans had been accustomed to during the reign of Sir Alex Ferguson. So when Ole Gunnar Solskjaer, a match-winning hero of the Reds' great Treble-winning side returned to Old Trafford on 19 December 2018 as caretaker manager, he was welcomed with open arms. Here was a man who understood what it was that the fans demanded, and he had a plan to give it to them. They went on a record-breaking run of victories that secured him the position on a permanent basis, before old frailties re-emerged, showing the scale of the job he had always dreamed of taking on. During the summer transfer window, he began a dramatic reshaping of the team's personnel to set them up for the 2019-20 season. The Red Apprentice, Jamie Jackson's fascinating biography of Solskjaer, takes the reader back to the Norwegian's early days to discover the making of the man, relives the highlights of a stunning playing career - and that Champions League-clinching goal in 1999 - and explains why he is the natural choice for United in the future.
