

Becoming Red The 1 Jess Raven

Best known as the author of such works as King Solomon's Mines and She, H. Rider Haggard was one of the most popular writers of the late-Victorian era, and his works continue to be influential today. To a large degree, his novels are captivating because of his image of Africa, and an understanding of his representation of the African landscape is central to a critical reading of his works. This book argues that Haggard created in his African romances a formulaic, ideological geography which provided a canvas onto which he projected his desires and fears, both personal and political, as well as those of his age. The first full-length study of land and landscape in Haggard's African romances, this book approaches his construction of an imaginary African landscape as a product of late-Victorian wishful thinking about Africa, analyzing his African topography as a vast Eden, a wilderness, a dream underworld, a home to ancient white civilizations, and a sexualized metaphor for the human body. While the work looks primarily at his pre-1892 romances, which were his most powerful, it also gives attention to his nonfiction and unpublished papers. Because Haggard's writings embodied the spirit of his age, this book is an essential guide to late-Victorian concepts of Africa, colonization, and the British Empire.

Jessica Jones barged onto our screens in November 2015, courtesy of Marvel and Netflix, presenting a hard-drinking protagonist who wrestles with her own inner (and outer) demons. Gaining enhanced abilities as a teenager, she eschews the “super costume” and is far more concerned with the problems of daily life. But when Jessica falls under the control of a villain, her life changes forever. Based on the comic book Alias, the show won a large following and critical acclaim for its unflinching look at subjects like abuse, trauma, PTSD, rape culture, alcoholism, drug addiction, victims’ plight and family conflicts. This collection of new essays offers insight into the show’s complex themes and story lines.

Thirteen-year-old Danny Bates is obsessed with becoming a Catholic priest, and he enters Southport, Wisconsin’s, Resurrection Seminary in 1957. But a tragic fire in Chicago ignites doubts about the God Danny is so eager to serve, and he falls in love with Jessica Fernetan, his best friend Pat’s twin sister. As Jessica urges both Danny and Pat to leave the seminary, and with the Church in a period of dramatic change following its second Vatican Council, the young seminarians face agonizing choices. In a powerful and sensitive account of competing personal values, To Become a Priest-a Love Story follows the intertwined lives of Danny, Pat, and Jessica over the next forty years to a memorable ending at the place where their story began. “An engrossing account of the seminary and priesthood during this period, with the best depiction of the troubled terrain of sexual longing among seminarians that I have read.” -Raymond Hedin, author of Married to the Church Professor of American Literature, Indiana University “A conflict of fundamental values, and a great love story besides.” -Phillip Gaustad, author of The Ordinance “An incredibly sweet story.” -Christine DeSmet, author of Spirit Lake University of Wisconsin-Madison

This bundle contains books 1 - 3 of the Diva Delaney Mysteries. Is Murder By Candlestick Still A Thing?: Diva Delaney is the only normal living among a family of witches in Hollowood Grove. Although ‘normal’ can hardly be applied to a psychic medium. As if her life as the only non-magical person in the Delaney Coven isn’t hard enough, she’s the prime suspect in Edward Creighton’s murder. Disliked by most, the only people who will miss the grumpy old warlock are the members of the Creighton Coven. Their hot local sheriff, Drew McTavish, is Diva’s ex, sort of. They dated three times a couple of years ago before the mysterious curse someone put on her kicked in and punished him for kissing her. He doesn’t believe in the mystical and he’s just waiting to find proof of her involvement in the murder so he can lock her away. The Creighton Coven want justice for the death of one of their own. Haydn, Edward’s great-nephew, has returned from England to take over running the Creighton Bookstore. Wickedly handsome and powerfully dangerous, he has his sights set on Diva and not in a good way. If she doesn’t find the real killer, she could end up paying the price for a murder she didn’t commit. Not even her four ghostly friends will be able to save her if the warlock decides she’s guilty. Voodoo Hoodoo Is Complete Doodoo: Diva Delaney finds herself embroiled in a new mystery when she is asked to search for a missing witch. She is a psychic medium, not a private investigator, but she agrees as a favor to her Aunt Isabel. She soon discovers that more than one witch has been kidnapped from the nearby town of Verity Falls. With the aid of some local ghosts, Diva needs to get to the bottom of this latest puzzle. She will need to call on magical assistance from her cousins and even one of her enemies. Haydn Creighton has been her secret obsession since she was a kid. Even though he’s engaged to a snooty and slightly unstable British witch, Diva can’t get him out of her mind. She already owes him a favor for accepting his help. After this latest mess, she could be digging herself in too deep to extricate herself. Just to complicate things, Diva’s cousin, Courtney, has decided she wants to marry Drew McTavish. The sheriff has no idea the lengths magical folk will go to in order to get what they want. He still firmly believes the supernatural isn’t real and he isn’t at all prepared for what will soon be coming. Upsetting A Poltergeist Never Ends Well: Framed for another murder that she didn’t commit, Diva Delaney once again finds herself neck deep in trouble. This time, she knows who is behind the crime, but proving it isn’t going to be easy when the evidence against her is so overwhelming. She will have to rely on the father of her high school nemesis to get her out of jail. Luckily, Roger Mayhew owes her one, thanks to Haydn Creighton’s blackmailing skills. As if Diva doesn’t already have enough problems, Nina Rivers warns her that she’s in danger. The witch might only have moderate power, but one thing she excels at is hunches. Her intuition is never wrong and she senses Diva is in extreme peril. Someone out there means her harm, but she doesn’t know who it is, or when they’ll strike. Personally, Diva suspects the danger will most likely come from Gillian Farque. Haydn’s fiancé already has it in for her. Thanks to the damage Diva did to her sports car, she’s going to make her pay big time. Diva’s cousins, Eve and Courtney are having problems of their own. Eve’s is a direct result of accompanying Diva on one of her jobs. Courtney’s is self-inflicted. Her decision to attempt to force the handsome sheriff to fall for her has repercussions she didn’t plan on. There’s a reason why conjurers are forbidden from casting magic on normals. Doing so often backfires on the caster horribly. cozy paranormal mystery, cozy mystery, witches wizards warlocks, supernatural occult paranormal, female sleuth, spells magic, ghosts spirits phantoms poltergeist

Laura Vivanco’s study challenges the idea that Harlequin Mills & Boon romances are merely mass-produced commodities, churned out in accordance with a strict and unchanging formula. She argues that many are well-written, skillfully crafted works, and that some are small masterpieces. For Love and Money demonstrates the variety that exists beneath the covers of Harlequin Mills & Boon romances. They range from paranormal romances to novels resembling chick lit, and many have addressed serious issues, including the plight of post-Second World War refugees, threats to marine mammals, and HIV/AIDS. The genre draws inspiration from Shakespearean comedies and Austen’s novels, as well as from other forms of popular culture. “ “Laura Vivanco’s For Love and Money is an impressive study of the popular fiction of Harlequin Mills and Boon that is a must read for any student of popular fiction and for those who write and love the genre” —Liz Fielding, author of over 50 Harlequin Mills & Boon romances. “Deep learning, wide reading, and clear thinking are very much in evidence in Vivanco’s exploration of HM&B. A welcome addition to popular romance criticism.” — Professor Pamela Regis, author of A Natural History of the Romance Novel. “Laura Vivanco’s analysis of the category romance is both meticulous and inspiring. And while Vivanco limits her examples and discussions to category romances by Harlequin Mills & Boon and the HQN imprint, her application of Frye’s mimetic modes begs for expansion to texts and authors across the genre. This piece of literary criticism should serve as a template for romance scholars to move from defending the genre to discussing its values and complexity as a literary art. — Maryann Wherry, Journal of Popular Romance Studies

The first three books in the CSI Reilly Steel series in one great value box set. TABOO For fans of Patricia Cornwell, Tess Gerritsen, Karin Slaughter and Kathy Reichs Forensic investigator Reilly Steel, Quantico-trained and California-born and bred, imagined Dublin to be a far cry from bustling San Francisco, a sleepy backwater where she can lay past ghosts to rest and start anew. She’s arrived in Ireland to drag the Garda forensics team into the 21st-century plus keep tabs on her Irish-born father who’s increasingly seeking solace in the bottle after a past tragedy. But a brutal serial killer soon puts paid to that. A young man and woman are found dead in a hotel room, the gunshot wounds on their naked bodies suggesting a suicide pact. But as Reilly and the team dig deeper, and more bodies are discovered, they soon realise that a twisted murderer is at work, one who seeks to upset society’s norms in the most sickening way imaginable… INFERNO Read the clues. Decode the science. Reveal the murderer. That’s Reilly Steel’s mantra. Find the answers, solve the crime. But the Quantico-trained forensic investigator is finding her skills aren’t enough when a ferociously intelligent killer strikes Dublin. The modus operandi is as perplexing as it is macabre. What connects two seemingly disparate, high-profile victims? Their corpses refuse to give up their secrets and the crime scenes prove a forensic investigator’s worst nightmare. Reilly soon suspects that she may be dealing with a killer - or killers - who know all about crime scene investigation. It’s only when a third murder occurs - equally graphic and elaborate in its execution - that they discover that this particular killer is using a very beautiful blueprint for his crimes. Who is the killer’s next victim, the real target? And what’s his endgame? HIDDEN A Fallen Angel. A Devil on the Loose. When a young girl is discovered dead on an isolated Irish country road, it seems at first glance to be a simple hit and run. Then the cops see the tattoo on her back - a pair of beautifully wrought angel wings that lend the victim a sense of ethereal innocence. Forensic investigator Reilly Steel is soon on the scene and her highly tuned sixth sense tells her there is more to this case than a straightforward murder. But with almost zero evidence and no way to trace the girl’s origin, Reilly and the police are at a loss. Then the angel tattoo is traced to other children - both dead and alive - who are similarly marked, and Reilly starts to suspect they have all been abducted by the same person. But why? And will Reilly get to the bottom of the mystery and uncover what links these children together before tragedy strikes again?

Jessica's grandmother writes from her loft at her Wisconsin lakeside cottage of the intangibles she wants to give to Jessica and her generation. Writing in view of the red pines and birch trees, the water and the light, with the sound of loons in the distance, Gayle Graham Yates reflects upon insights, knowledge, and stories she has learned. A woman, family member, citizen, environmentalist, and spiritual seeker, Yates considers in this memoir—as-though-to-her-granddaughter both distresses and joys, people, opportunities, and education that have shaped her own life and that she wants to pass along. The flow of the book is metaphorically seasonal from autumn through summer. Moving through ethical frameworks drawn from Aristotle's ethics and the Ojibway narrative by Ignatia Broker, Night Flying Woman, the chapters develop sequentially through ways of learning, ways of loving, and ways of hoping. All this is to the end of lovingly transmitting to her granddaughter what she knows. "Which of us would not want a written testimony from our grandmothers about their lives and values, and which of us of grandparent age would not wish to write one (but rarely get around to it!) as part of our legacy? In Ethics for Jessica, Gayle Graham Yates...decants a lifetime of wisdom and experience: all she holds dear that she wants to pass on. And in all her words, it's the love that comes through most powerfully. Readers do not have to be her granddaughte to glean from these pages guidance, vision, strength, delight, and edification to enhance the course of their own lives."---Susan Deborah King, author of Tabernacle, Coven, and One-Breasted Woman "In this book, Gayle Graham Yates skillfully interweaves storytelling with finely crafted writing about the natural world and reflections about how to live an ethical life. Listening to her voice and entering into her imagery, a sense of urgency emerges. What we pass on to the next few generations will make all the difference to our individual and collective future."---Deborah J. Haynes, author of Book of This Place: The Land, Art, and Spirituality

Cognitive Behavioral Therapy (CBT) has a growing evidence base that supports its efficacy in treating a wide range of psychiatric disorders and has been adapted for use with more complicated patient populations and for different stages of psychiatric illness. As the first Massachusetts General Hospital-branded text on the subject, this is a cutting-edge tool that is unlike any current book on CBT. The authors for this handbook are among the world's foremost experts in their specialty area and are actively engaged in dynamic research evaluating the efficacy of CBT as well as identifying mechanisms of action for this treatment. This title provides in-depth coverage of the historical background of the development of CBT, a comprehensive review of relevant outcomes data, a survey of mechanisms by which CBT exerts its effect, and, most importantly, a take away "tool box" of CBT strategies and techniques that can be immediately implemented in clinicians' practices. The Massachusetts General Hospital Handbook of Cognitive Behavioral Therapy reaches and improves the clinical practices of a broad base of front line mental health practitioners, including psychiatrists and therapists.

~Best read after the original Ava Delaney series~ The backdrop may be grim, but Dublin city has become the centre of change. And as the humans and supernaturals figure out how to live in each other's worlds, the person who forced that change has quietly stepped aside for a peaceful life. Ava Delaney is still trying to adjust to her own altered existence when a tainted nephal turns up on her doorstep, apparently on the run from the monster who changed Ava's life before she was even born. But she's not supposed to interfere, even for the lost souls she's vowed to help. But as the first vampire leaves death in his wake, and Ava becomes an easy target to blame, she realises she has to take care of business once again. Universally recognised as by far the most authoritative work ever published on the subject, The Birds of Africa is a superb multi-contributor reference work, with encyclopaedic species texts, stunning paintings of all species and numerous subspecies, hundreds of informative line drawings, detailed range maps, and extensive bibliographies. Each volume contains an Introduction that brings the reader up to date with the latest developments in African ornithology, including the evolution and biogeography of African birds. Diagnoses of the families and genera, often with superspecies maps, are followed by the comprehensive species accounts themselves. These include descriptions of range and status, field characters, voice, general habits, food, and breeding habits. Full bibliographies, acoustic references, and indexes complete this scholarly work of reference. This first volume in the series deals comprehensively with Ostrich, albatrosses, petrels and shearwaters, storm-petrels, penguins, divers, grebes, tropicbirds, boobies, cormorants, darter, pelicans, frigatebirds, herons, Hamerkop, storks, Shoebill, ibises and spoonbills, flamingos, swans, geese and ducks, and diurnal birds of prey. The editors and artists have worked closely with other authors - all acknowledged experts in their field - to produce a superb reference in which comprehensive texts on every species are complemented by accurate and detailed paintings and drawings of the birds themselves.

Her sister's in deep with the Cartel, and has gone missing. Right on schedule, it's Daphne's job to save her. It's time someone took care of my baby girl for a change. I never professed to be above bribery, and I'm a dark devil after all, because once I specify my demands I can no longer resist her. Right then I know ☐ll shock the hell out of her like I've been wanting to do since that first day I walked her home from high school. There. I admitted it. I'm a rotten scoundrel. The question is, will she forgive me? Obsessive Thirst - An Italian mobster. A missing fiancé. A forbidden obsession he cannot resist. Enzo Drago: I watch her like a hawk. Someone has to. My vow to keep my hands off her is impossible when she follows me around like a lost puppy. Does she tempt me on purpose? Or is that the wishful thinking of a beaten and battered, middle-aged gangster? Tessa's clueless about how much trouble her outstanding debt to the Dragos will bring. I kept them at bay as long as I could, but we're not running a charity operation here. Crazy chemistry aside, I'm the wrong guy for her ☐ a monster disguised in an expensive suit. But no matter how hard I try to resist, I can't stop thinking of making her my toy. Showing her the rules of my game. Risking just one touch to fulfill a forever fantasy. She is sunshine and I am darkness, and I assumed I controlled the stakes between us. But now Tessa's in real trouble. You can bet your life on it, there's going to be hell to pay. Captive Thirst - A cartel princess in disguise. An attempted kidnapping. One arranged marriage to strengthen the crime family syndicate. Carlos Drago: Her scent gave her away. Pure female. She hid her true identity, so she could race my colt, and I'll be damned if she didn't win. When enemies tried to snatch her up and stuff her in a trunk, I drove them off and took her home. The problem is, she makes me feel. Gabriela has no idea about my plans for us both, and when she finds out, that spark in her smile that I love so much might go away. Ours will be a marriage that unites our families. The very thought of her unhappiness makes this fearsome soldier, whose body is a deadly weapon, deeply, irrevocably afraid. I can't lose her. Though my hands are scarred with murder, I lull her to sleep every night and kiss her eyes. She is my weakness. Despite being stronger than iron, I cannot resist her.
