

## Being Country By Bobbie Ann Mason Wordpress

In Italy in 1491, Mangus the magician and his apprentice are summoned to the castle of Duke Claudio to determine if his daughter is indeed being haunted by a ghost.

Reissue.

The stories in Bobbie Ann Mason's remarkable collection read like poetic transcriptions of day-to-day life. With her keen eye and ear for late twentieth-century popular culture, Mason can render a photograph of a brightly lit supermarket or a bit of wisdom from the Donahue show. Her characters are not people from Hollywood or Cannes, but folks we might run into at a movie theater or an interstate rest area, not just in western Kentucky but all across small-town America. In these bewildered people we see - and relate to - their often desperate quests to mark their places in the world. This special Kentucky edition of a beloved local author's work includes a new foreword by George Ella Lyon, also a Kentucky writer and a friend of the author. Sixteen stories centering on small-town existence and how peoples' lives are shaped by love explore the ways in which need and loneliness color individuals' longings for affection

The west, the south and feniale identity in Bobbie Ann Mason's 'In country'

*The author of Feather Crowns examines the girl detective in her various guises--including Cherry Ames, Nancy Drew, and Trixie Belden--in a work first published in 1975 recalling a rural youth spent longing for mysteries. Reprint. UP.*

***THIS TITLE HAS BEEN UPDATED TO REFLECT THE 2016 MLA UPDATE. A new take on the traditional rhetorical modes, showing how they are used in the kinds of writing college students are most often assigned--arguments, analyses, reports, narratives, and more.***

*Inspired by the wartime experiences of her father-in-law, Bobbie Ann Mason has crafted the haunting and profoundly moving story of an American World War II pilot shot down in Occupied Europe, and his wrenching odyssey of discovery, decades later, as he uncovers the truth about those who helped him escape in 1944. At twenty-three, Marshall Stone was a confident, cocksure U.S. flyboy stationed in England, with several bombing raids in a B-17 under his belt. But when enemy fighters forced his plane to crash-land in a Belgian field during a mission to Germany, Marshall had to rely solely on the kindness of ordinary Belgian and French citizens to help him hide from and evade the Nazis. Decades later, restless and at the end of his career as an airline pilot, Marshall returns to the crash site and finds himself drawn back in time, unable to stop thinking about the people who risked their lives to save Allied pilots like him. Most of all, he is obsessed by the girl in the blue beret, a courageous young woman who protected and guided him in occupied Paris. Framed in spellbinding, luminous prose, Marshall's search for her gradually unfolds, becoming a voyage of discovery that reveals truths about himself and the people he knew during the war. Deeply beautiful and impossible to put down, *The Girl in the Blue Beret* is an unforgettable story—intimate, affecting, exquisite—of memories, second chances, and one intrepid girl who risked it all for a stranger.*

**Bobbie Ann Mason burst onto the American literary scene during a renaissance of short fiction that Raymond Carver called a "literary phenomenon." Anne Tyler hailed Mason as "a full-fledged master of the short story." Mason's work, charged with a spirit of exploration, garnered both popular and critical acclaim. This reader collects outstanding examples of Mason's award-winning work from throughout her writing career and provides a unique look at the development of one of the country's finest writers. Patchwork contains short stories first published in the New Yorker and other leading periodicals; chapters from Mason's acclaimed novels, including *In Country*, *An Atomic Romance*, and *The Girl in the Blue Beret*; and riveting excerpts from Mason's eclectic nonfiction. Some examples of Mason's recent explorations in flash fiction appear here in print for the first time. Mason's writing glows with a nuanced understanding of the struggles and pathos of American life in the twentieth and twenty-first centuries. George Saunders writes in his introduction, "Bobbie Ann Mason is a strange and beautiful writer.... Her stories exist to gently touch on, and praise, even mourn, what it feels like to be alive in this moment." Patchwork conveys Mason's extraordinary talent and range as a writer.**

**A vibrant, sympathetic portrait of the once and future king of rock 'n' roll by the award-winning author of *Shiloh* and *In Country* To this clear-eyed portrait of the first rock 'n' roll superstar, Bobbie Ann Mason brings a novelist's insight and the empathy of a fellow Southerner who, from the first time she heard his voice on the family radio, knew that Elvis was "one of us." Elvis Presley deftly braids the mythic and human aspects of his story, capturing both the charismatic, boundary-breaking singer who reveled in his celebrity and the soft-spoken, working-class Southern boy who was fatally unprepared for his success. The result is a riveting, tragic book that goes to the heart of the American dream.**

**Seminar paper from the year 2009 in the subject English Language and Literature Studies - Literature, University of Vienna, language: English, abstract: Bobbie Ann Mason is one of the most important southern female writers at the end of the 20th century. Joseph M. Flora in his contribution to the The History of Southern Women's Literature notes that "apart from Eudora Welty, few have more national visibility" (550). A number of Mason's short stories were re-published in anthologies (see KcKee 359); her novel In Country became part of the syllabus in many high schools and colleges since its publication in 1985, and the 1989 Hollywood film adaptation starring Bruce Willis made her work accessible to an even broader audience. The critics have also shown a keen interest in her work as the huge number of overwhelmingly positive literary reviews and academic publications demonstrate (see Flora, Fiction 282-285). The topics Mason raises in her work seem to strike a chord with both the general as well as the professional readers. As one scholar put it, the most important innovation of the contemporary realist authors such as Mason "is their ability to portray the experiences of people from a lower economic class with realism, complexity, and dignity". (Hovis, K Mart 395f.) In her work, Bobbie Ann Mason describes a contemporary southern society from a white working-class perspective, mostly places and characters that are well known to her, without looking down on what could be perceived as their lack of education or backwardness. It also reflects the socio-economic, historical and cultural changes and the loss of traditional certainties that the U.S., and in her case particularly the rural and semi-rural areas of Kentucky, have faced over the last century. In In Country, Mason pays homage to the countercultural movements of the 1960s and 1970s that have played a pivotal role in the shaping of western societies as we know them today; the all-pervading theme, however, is the Vietnam War and its aftermath. This paper will focus on a particular aspect fostered by the historical events and developments of the 1960s and 1970s, namely the dissolution of conventional binary oppositions such as that of "Man" and "Woman", elitist and mass culture, reality and fiction, past and present, "the North" and "the South" and the trespassing of boundaries in Mason's novel In Country.[...]**

**FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD** From prize-winning author Bobbie Ann Mason, a brilliantly wrought novel about the first woman to give birth to quintuplets in early 1900s America. Set in the apocalyptic atmosphere of 1900—a time when many Americans were looking for signs foretelling the end of the world—Feather Crowns is the story of a young woman who unintentionally creates a national sensation. A farm wife living near the small town of Hopewell, Kentucky, Christianna Wheeler

**gives birth to the first recorded set of quintuplets in North America. Christie is suddenly thrown into a swirling storm of public attention. Hundreds of strangers descend on her home, all wanting to see and touch the "miracle babies." The fate of the babies and the bizarre events that follow their births propel Christie and her husband far from home, on a journey that exposes them to the turbulent pageant of life at the beginning of the modern era. Richly detailed and poignant, Feather Crowns focuses on one woman but opens out ultimately into the chronicle of a time and a people. Written in Bobbie Ann Mason's taut yet lyrical prose, the novel ranges from a peaceful farming community to a fire-and-brimstone revival camp, from traveling shows to the the nation's capital. Moving through the center of it all is Christie, a charming, headstrong, loving woman who struggles heroically to come to terms with the extraordinary events of her long life. Feather Crowns is an American parable of profound resonance. Spellbindingly readable, it is a novel of classic stature that confirmed Bobbie Ann Mason as one of America's most important writers.**

**Stories**

"These stories will last," said Raymond Carver of *Shiloh* and *Other Stories* when it was first published, and almost two decades later this stunning fiction debut and winner of the PEN/Hemingway Award has become a modern American classic. In *Shiloh*, Bobbie Ann Mason introduces us to her western Kentucky people and the lives they forge for themselves amid the ups and downs of contemporary American life, and she poignantly captures the growing pains of the New South in the lives of her characters as they come to terms with feminism, R-rated movies, and video games. "Bobbie Ann Mason is one of those rare writers who, by concentrating their attention on a few square miles of native turf, are able to open up new and surprisingly wide worlds for the delighted reader," said Robert Towers in *The New York Review of Books*. Marty will do anything to save his new friend Shiloh in this Newbery Medal-winning novel from Phillis Reynolds Naylor. When Marty Preston comes across a young beagle in the hills behind his home, it's love at first sight—and also big trouble. It turns out the dog, which Marty names Shiloh, belongs to Judd Travers, who drinks too much and has a gun—and abuses his dogs. So when Shiloh runs away from Judd to Marty, Marty just has to hide him and protect him from Judd. But Marty's secret becomes too big for him to keep to

himself, and it exposes his entire family to Judd's anger. How far will Marty have to go to make Shiloh his?

Feather Crowns

**An analysis introducing Mason's nonfiction prose, short stories and novels. Price sheds light on the writer's distinctive style and thematic concerns in her writings about contemporary Western Kentucky.**

In Country Harper Collins

Sam Hughes, whose father was killed in Vietnam, lives in rural Kentucky with her uncle Emmett, a veteran whom she suspects is suffering from exposure to Agent Orange. Sam is a typical teenager, trying to choose a college, anticipating a new job at the local Burger Boy, sharing intimacies with her friend Dawn, breaking up with her high school boyfriend, and dealing with her feelings for Tom, one of Emmett's buddies. Sam feels that her life is bound to the war in Vietnam and becomes obsessed with the idea because of the reluctance of her family and Tom to talk about it. Her father's diary finally provides the insight she seeks, insight she cannot accept until she has visited the Vietnam War Memorial in Washington, D.C. In Country is both a powerful and touching novel of America that analyzes the impact of the 1960s on the culture of the 1980s and a beautiful portrayal of an often forgotten area of the country. --Library Journal review.

Love Life

**NOVELS FOR STUDENTS**

**We Went to the Mountaintop But It Wasn't There**

Kentucky native Nancy Culpepper boldly left home to attend school in Massachusetts, married a Yankee, and raised her son in the Northeast. "One day I was feeding chicken and listening to Hank Williams and the next day I was expected to know what wines v with what," she tells her husband, Jack. Yet no matter where she travels, her rural southern heritage is never far from her thoughts, her habits, and her heart. Nancy is a lifelong quest to understand her place in the world. Returning home to the family farm she searches for photographic evidence of an ancestor bearing her own name. Still in

jeans, she brings home strange ideas and an assertiveness she learned up north. Always adventurous, Nancy travels far and wide—searching, seeking. The narrative sweep of her life traverses the turbulent sixties, the Vietnam War, the eighties and the foreboding of John Lennon, and finally the new millennium—when a self-assured Nancy finally emerges. These humorous and often touching stories recount her courtship and marriage to Jack, her relationship with her precocious son, and the deep, loving bond between her parents, Spence and Lila Culpepper. Eventually Nancy's marriage is threatened by a cultural divide that plagued her and Jack from the start. But when she inherits the Culpepper family farm and discovers more pieces of her ancestral puzzle, she realizes that her life is assuming its proper shape. Later, standing on a lonely mountain in England, she sees the world from a surprising perspective. Bestselling author Bobbie Ann Mason's prizewinning Nancy Culpepper chronicles have appeared in *The New Yorker*, *The Boston Globe*, *The Southern Review*, and other distinguished literary anthologies. She has compiled these stories into one definitive collection, which includes the novella *Spence and Lila*, two new, never-before-published stories, and one Pushcart Prize winner. Heartfelt and thought-provoking, *Nancy Culpepper* is a poignant depiction of change and growth in a modern-day heroine.

"Previous scholarship has established that American storytellers turned Vietnam into a landscape of American myth. Bates's lucid and judicious study . . . is a valuable addition to the conversation regarding the legacy of Vietnam."—John Hellmann, author of *American Myth and the Legacy of Vietnam* "An absolutely stunning achievement. Milton Bates presents an incisively accurate analysis of the attitudes that shaped and controlled Americans' perceptions during the 1960s and '70s. He fuses literary analysis with historical scholarship to offer a comprehensive study of American thought and writing before, during, and after the war years. This is a book to be read carefully—and savored."—John Clark Pratt, author of *The Laotian Fragments*

This provocative, rollicking story is the much-anticipated new novel—the first in over a decade—from acclaimed author Bobbie Ann Mason. In *An Atomic Romance* we meet Reed Futrell, a sexy, thoughtful hero who grapples with radioactive contamination, a midlife crisis, and string theory—all while falling in love. Reed is an engineer at a uranium-enrichment plant near a riverside city in heartland America. He has deep roots in this community: He was raised there; his father worked at the very same plant before him. And it was here that Reed met, married, and then divorced his wife. Reed spends countless nights camping at a local wildlife preserve, gazing at the stars, fishing and hunting—until deformed frogs are discovered at the site. Though his father was killed in a tragic accident at the atomic plant years ago, Reed stays on, proud to perform demanding and dangerous work for the benefit of the nation. As for the radioactive "incidents" he has endured, Reed prefers to think about other things—Hubble photographs of distant galaxies, Albert Einstein, his dog. Reed's casual attitude toward danger infuriates his on-again-off-again girlfriend, Julia, as much as his quirky mind and muscular body intrigue her. Julia, a biologist, is truly Reed's match—or maybe more than his match. They both are witty, curious, and fascinated by science. Indeed, their courtship began with banter about Stephen Hawking's theories of space-time, and ever since it has been an up-and-down adventure of sexual attraction, intellectual game-playing, and long silences when Julia refuses to return Reed's calls. When news reports reveal evidence of radioactive pollution in the land surrounding the plant, Reed and Julia's relationship faces an unprecedented

challenge. In *An Atomic Romance*, Bobbie Ann Mason delivers a brilliant novel set against a backdrop of atomic power: a love story between a motorcycle-riding loner and an independent, strong-minded biologist; between the peaceful present in a typical American community and the nation's violent nuclear past; and, finally, between a good man and the work he takes pride in, though it may be putting his life in danger.

Understanding Bobbie Ann Mason

Midnight Magic

A Memoir

The Changing South

In this remarkable book, the author of *Shiloh and Other Stories*, *In Country*, and other award-winning books gives us powerful new stories that capture the restless energy of life in contemporary America. The characters here are travelers and seekers, feeling their way toward, or away from the defining moments of their lives. They roam out into the world—England, Alaska, Texas, Saudi Arabia, or ricochet back home to Kentucky, ceaselessly searching, exploring, testing for limits. I felt strange, says Chrissy in *With Jazz*, as though my life I had been zigzagging down a wild trail to this particular place. In *Charger*, a teenage boy races along the interstate, seeking the father who abandoned him years before. In *In*, into Atlanta, a young woman searches for the kind of authenticity she remembers from rural childhood. In *Proper Gypsies*, Nancy deals with the shock of being robbed in London. In *The Funeral Side*, Sandra comes home to try to fulfill her responsibilities to her family, yearns to escape again to Alaska and the northern lights that haunt her. Writing in the precise, beautifully nuanced language for which she is famous, Bobbie Ann Mason expands her art here in dramatic and illuminating fashion. These fascinating stories bring to life surprising individuals whose journeys shine a bright light on life as it is lived by many Americans today. *Zigzagging Down a Wild Trail* is a beautiful book by one of America's finest writers, a book full of drama, humor, and startling insights into the timeless longings of the human heart.

A Study Guide for Bobbie Ann Mason's "In Country," excerpted from Gale's acclaimed *Novels for Students*. For any literature project, trust *Novels for Students* for all of your research needs.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Patchwork

Shiloh And Other Stories

The Things They Carried

A Study of Bobbie Ann Mason's Shiloh and Other Stories, In Country, Spence + Lila, and Love Life : a Thesis

*From the acclaimed author of the classics Shiloh and Other Stories and In Country comes a beautifully crafted and profoundly moving novel which follows a woman as she looks back over her life and her first love. Ann Workman is smart but naïve, a misfit who's traveled from rural Kentucky to graduate school in the transformative years of the late 1960s. While Ann fervently seeks higher learning, she wants what all girls yearn for—a boyfriend. But not any boy. She wants the “Real Thing,” to be in love with someone who loves her equally. Then Jimmy appears as if by magic. Although he comes from a very different place, upper-middle class suburban Chicago, he is a misfit too, a rebel who rejects his upbringing and questions everything. Ann and Jimmy bond through music and literature and their own quirkiness, diving headfirst into what seems to be a perfect relationship. But with the Vietnam War looming and the country in turmoil, their future is uncertain. Many years later, Ann recalls this time of innocence—and her own obsession with Jimmy—as she faces another life crisis. Seeking escape from her problems, she tries to imagine where she might be if she had chosen differently all those years ago. What if she had gone to Stanford University, as her mentor had urged, instead of a small school on the East Coast? Would she have been caught up in the Summer of Love and its subsequent dark turns? Or would her own good sense have saved her from disaster? Beautifully written and expertly told, Dear Ann is the wrenching story of one woman's life and the choices she has made. Bobbie Ann Mason captures at once the excitement of youth and the nostalgia of age, and how consideration of the road not taken—the interplay of memory and imagination—can illuminate, and perhaps overtake, our present. In this superb memoir, the bestselling author of In Country and other award-winning books tells her own story, and the story of a Kentucky farm family, the Masons of Clear Springs. Like Russell Baker's Growing Up, Jill Ker Conway's The Road from Coorain, and other classic literary memoirs, Clear Springs takes us back in time to recapture a way of life that has all but disappeared, a country culture deeply rooted in work and food and family, in common sense and music and the land. Clear Springs is also an American woman's odyssey, exploring how a misfit girl who dreamed of distant places grew up in the forties, fifties, and sixties, and fulfilled her ambition to be a writer. A multilayered narrative of three generations--Bobbie*

*Ann Mason, her parents and grandparents--Clear Springs gracefully interlaces several different lives, decades, and locales, moving from the industrious life on a Kentucky farm to travels around the South with Mason as president of the Hilltoppers Fan Club; from the hippie lifestyle of the 1960s New York counterculture to the shock-therapy ward of a mental institution; from a farmhouse to the set of a Hollywood movie; from pop music concerts to a small rustic schoolhouse. Clear Springs depicts the changes that have come to family, to women, and to heartland America in the twentieth century, as well as to Bobbie Ann Mason herself. When the movie of Mason's bestselling novel In Country is filmed near Clear Springs, it brings the first limousines to town, even as it brings out once again the wisdom and values of Mason's remarkable parents. Her mother, especially, stands at the center of this book. Mason's journey leads her to a recognition of the drama and significance of her mother's life and to a new understanding of heritage, place, and family roots. Brilliant and evocative, Clear Springs is a stunning achievement.*

*This book deals with a subject of the gravest importance---the destruction of the Earth. Kentucky's mountains and the creatures who live there are being devastated by the coal-mining technique known as mountaintop removal.*

*Spence + Lila*

*Missing Mountains*

*The Girl Sleuth*

Bursting with color, free-spirited and energetic, this gift book celebrates living fully, being inspired and embracing possibilities.

In the summer of 1984, the war in Vietnam came home to Sam Hughes, whose father was killed there before she was born. The soldier-boy in the picture never changed. In a way that made him dependable. But he seemed so innocent. "Astronauts have been to the moon," she blurted out to the picture. "You missed Watergate. I was in the second grade." She stared at the picture, squinting her eyes, as if she expected it to come to life. But Dwayne had died with his secrets. Emmett was walking around with his. Anyone who survived Vietnam seemed to regard it as something personal and embarrassing. Granddad had said they were embarrassed that they were still alive. "I guess you're not embarrassed," she said to the picture. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

The United States had never lost a war—that is, until 1975, when it was forced to flee Saigon in humiliation after losing to what Lyndon Johnson called a "raggedy-ass little fourth-rate country." The legacy of this first defeat has haunted every president since, especially on the decision of whether to put "boots on the ground" and commit troops to war. In *Haunting Legacy*, the father-daughter journalist team of Marvin Kalb and Deborah Kalb presents a compelling, accessible, and hugely important history of presidential decisionmaking on one crucial issue: in light of the Vietnam debacle, under what circumstances should the United States go to war? The sobering lesson of Vietnam is that the United States is not invincible—it

can lose a war —and thus it must be more discriminating about the use of American power. Every president has faced the ghosts of Vietnam in his own way, though each has been wary of being sucked into another unpopular war. Ford (during the Mayaguez crisis) and both Bushes (Persian Gulf, Iraq, Afghanistan) deployed massive force, as if to say, "Vietnam, be damned." On the other hand, Carter, Clinton, and Reagan (to the surprise of many) acted with extreme caution, mindful of the Vietnam experience. Obama has also wrestled with the Vietnam legacy, using doses of American firepower in Libya while still engaged in Iraq and Afghanistan. The authors spent five years interviewing hundreds of officials from every post war administration and conducting extensive research in presidential libraries and archives, and they've produced insight and information never before published. Equal parts taut history, revealing biography, and cautionary tale, *Haunting Legacy* is must reading for anyone trying to understand the power of the past to influence war-and-peace decisions of the present, and of the future.
