Rebellion Dogs Publishing is proud to announce a 21st century daily reflection book. Beyond Belief's 2014 second printing is now available with a Foreword by Ernie Kurtz and updated links and End Notes. What are "agnostic musings"? It is not news to anyone that the war of worldviews makes for sporting debate; does an intervening God grant sobriety, serenity, wisdom and courage or is conscious contact a delusion? Sorry, while we might be as amused as anyone with this question, Beyond Belief: Agnostic Musings for 12 Step Life doesn't enter this debate. Hate the game; don't hate the players. A good idea is a good idea. Why dismiss valid experience because of the beliefs that someone harbors? Beliefs aren't facts. Beyond our belief is where life is happening: chances have to be taken; processes have to be evaluated; life has to be lived. Atheists, humanists, skeptics and agnostics will feel included in these daily reflections. Believers won't feel mocked or belittled. Everyone in recovery is included. No one needs to adopt the beliefs of someone else nor deny our own beliefs to get clean and sober. Believing and belonging are not synonymous. We are well into Century 21. Anyone should feel free to doubt or believe with impunity. Everyone's experience is a valid currency. The 12 Step community has no experts. Rebellion Dogs Publishing neither canonizes nor vilifies 12 Step culture. This book draws on philosophy, psychology, entertainment, art, spiritual musings, skeptical inquiry and the uncanny wisdom of the rooms. Professional and 12&12 Member reviews: Melissa D., Clinical Psychologist, California says, "I have never seen a daily devotional book written for agnostics. I found the readings to be extremely thought provoking. I wonder sometimes since there is such talk about God at meetings, what kind of turn-off that must be for agnostics. I think this book will be very helpful to both the newcomer and the mature 12 Step member." Bob K, contributor to AAagnostica.org says, "I expected his book to be good. It's WAY, WAY better than good. The book is outstanding. Two decades of not being a 'daily reflections' kind of guy, are over. Now I have reflections worth reflecting over! Buy this book or you will suffer a horrible and painful death! Well, maybe not, but you'll be missing out on something very good." Michel D. says, "AA can, and must, adapt to changing circumstances and Bill Wilson was the first one to admit it. Unfortunately, members who have come after him are more zealous than our first members. We have seen this dogmatism in history before of course, especially in religion. This is a very slippery slope. I really like the fact that these reflections are for anyone who has an open mind. It does not cater to a specific group to the exclusion of others." Denis K. says, "Many thanks for this great book; my Monday night group and I are having some great discussions related to the daily musings both at the group and often during the week over coffee. All of us were quickly losing interest in the local meetings; Beyond Belief: Agnostic Musings for 12 Step Life gave all of us a much needed spark that has renewed our interest in the fellowship." Dr. Amy, MSW, PhD, adds, "One criticism of the 12 Step movement of course is that its dogma can be limiting-Beyond Belief seems to have addressed this. The quotes are cogent, the organization superb and the contributors are diverse." The book includes an index of over 120 topics, extensive notes and a bibliography.

Taoist teachings on life and existence—presented by one of the best-known and provocative spiritual teachers of our time In this unique series of discourses, Osho unravels The Secret of the Golden Flowers, an ancient text that he describes as the essence of Taoism. It is the core of all religions and spiritual paths, belonging to no one and belonging to all. More than 2,500 years old, this remarkable text continues to be as relevant today as it was to its contemporaries. Osho demystifies the important terms used by the Chinese mystic Lu Tsu and shares his meditation exercises. He also outlines the qualities of animus and anima—our male and female energies—as delineated by Lu Tsu, explaining the importance of their relationships inside each of us. He also provides many valuable techniques and gives specific instructions on the Taoist Golden Light Meditation, which involves harmonizing the male and female elements and transmuting sexual energy. A timeless collection of Osho 's talks on The Secret of the Golden Flower, this book will show you how to not remain a seed but to become what the Chinese called ' a golden flower. ' Called the ' one thousand-petaled lotus ' in India, the golden flower is a symbol that represents perfection, totality. It represents the actualization of potential—the beauty, the grandeur, and the splendor of being.

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science, stories, logic, and coincidence on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation--step-by-step techniques for the re-creation of the energy field of the evolved human--which is the key to ascension

and the next dimensional world. if done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others, and even of the planet. You may discover a memory or a fleeting reflection of yourself in the following topics: - The Unfolding of the Third Informational System: the circles and squares of human consciousness, Leonardo da Vinci's true understanding of the Flower of Life, and exploring the rooms of the great pyramid - Whispers From Our Ancient Heritage: the initiations of Egypt, the mysteries of resurrection, interdimensional conception, ancient mystery schools, Egyptian tantra, and sexual energy and the orgasm - Unveiling the Mer-Ka-Ba Meditation: chakras and the human energy system, energy fields around the body, the seventeen breaths of the Mer-Ka-Ba meditation, and the sacred geometry of the human lightbody.

• Reveals how you no longer need to "heal" emotional wounds to be fifth dimensional and shares practices to transform and transmute emotions instantly • Explores many spiritual tools and transformative shortcuts, such as activating meditations, sound healing, and crystals, along with channeled wisdom and advanced insights from angels and other higher beings • Shares meditations to clear out old emotional wounds, activate the pineal gland, manifest with crystals, discover your sixth sense, and open yourself to communication with higher intelligence, as well as a new chakra meditation based on the Divine Feminine spiral Humanity is shifting into the fifth dimension, but the transformation will not be a linear process. Our evolution follows a sine wave, moving from ideal expressions back to old familiar ones then on to even higher ideal expressions. It is the same with the shift to 5D. In this guide to anchoring yourself in 5D consciousness, Maureen St. Germain explores many tools and shortcuts to help you understand and master your own circumstances. She explains how to identify the progress you have made on the path of ascension and looks at ways to detach from the old paradigms of 3D reality. She reveals how you no longer need to "heal" emotional wounds through long processes in order to be fifth dimensional, and she shares practices to transform and transmute emotions instantly so they can be released and resolved into their highest expression. Maureen addresses concerns such as the electrification of the planet, showing how you can work around EMFs and other kinds of unseen toxicity. She also shares a revolutionary new chakra meditation based on the Divine Feminine spiral, which progresses from the heart chakra outward. With this book you can learn fluid ways of thinking, doing, and vibrating to open the portals of light within yourself as well as in the fifth dimension.

The Internet has become humanity's invisible central nervous system, connecting us at the speed of thought. More people today have access to mobile phones than have access to clean drinking water. Yet the most important technology is still the one within us: our brain, body, and consciousness. A fast-paced career in the high-tech industry combined with a deep yoga and meditation practice has allowed Gopi Kallayil—Google's Chief Evangelist for Brand Marketing and one of the leading voices encouraging yoga and mindfulness in the workplace today—to integrate his inner and outer technologies to a remarkable degree. Wisdom from his yoga mat and meditation cushion guides his professional career, and his work life provides the perfect classroom to deepen his wisdom practice. The Internet to the Inner-Net guides the rest of us to do the same. In some three dozen wide-ranging, sometimes provocative essays, Gopi shares his experiments in conscious living and offers insight, inspiration, and rituals—including yoga, mindful eating, and even napping—to help us access our own inner worlds. If you're looking for grounded practical wisdom that might simultaneously help you become more creative, adaptable, enthusiastic, effective, or resilient, you'll find it in this user's manual for the technology within—along with colorful insight into the successful Google culture. In five sections, from "Log In" (which offers mindful ways of connecting and engaging) to "Clear Out Your In-Box" (shedding what doesn't serve you to make space for what does) to "Thank You for Subscribing" (a reminder to live with gratitude), Gopi lays out practices and perspectives that you can use starting right now to live with more purpose, fulfillment, and joy.

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage

began to expose one of the most chilling conspiracies in American history.

In *Reaching Beyond*, Buddhist thinker and activist Daisaku Ikeda explores the origins, development, and international influence of jazz with legendary artists Herbie Hancock and Wayne Shorter. Reflecting on their lives and careers, Mr. Hancock and Mr. Shorter share the lessons they have learned from their musical mentors, including Miles Davis and Art Blakey, and how the Buddhist philosophy they've learned from President Ikeda over the past forty years deeply resonates with the emancipatory spirit of jazz. These wide-ranging conversations include such thought-provoking topics as:

- Music's mission for peace in a time of discord
- The importance of the artist's spiritual growth
- The Buddhist concept of changing poison into medicine
- Ways to make the "ideal America" a reality for everyone

Reaching Beyond offers positive new ideas for musicians and nonmusicians alike.

Living in the Heart

Looking at the cultural responses to death and dying, this collection explores the emotional aspects that death provokes in humans, whether it is disgust, fear, awe, sadness, anger, or even joy. Whereas most studies of death and dying treat the subject from an objective viewpoint, the scholars in this collection recognize their inherent connection with death which allows for a new and more personal form of study. More broadly, this collection suggests a new paradigm in the study of death and dying.

Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life. Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world. About the Author Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance. Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation.

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

Part travel adventure, part spiritual instruction - a first-hand account of the movement of the Earth's Kundalini and the rise of the Female Light, 1948 to 2013.

A clear and simple manual of precise instructions for accessing the Akashic Records and confirming the accuracy of the information you receive • Details exercises, tools, and techniques to clear the energies blocking your access and tune to your Akashic Record Keepers • Explains the specific markers that allow you to recognize your Record Keepers and to validate the information you receive, rather than "trusting" it to be true • Provides guidance on accessing the Akashic Records on behalf of other people, how to ask questions, and how to handle the information as it comes in The Akashic Records are a vast domain of energetic imprints much like a movie library, a living vibrational field that stores all possible futures, the present, and the past. As soon as your soul begins its life experience, a field of energy is released that records every thought, word, action, desire, and emotion. In this guide to opening the Akashic Records, Maureen St. Germain provides precise instructions explaining how to connect with your personal Record Keepers, gain clear access to the Akashic Records, discover information about you and your loved ones, and learn your soul's purpose. The author explains how outside energies can influence your connection to the Akashic Records. She details energetic clearing exercises to remove the energies blocking or shadowing your access and teaches the Higher Self Protocol to ensure an authentic channel of communication. She explores how to find the Record Keepers who will be the most helpful to you and provides techniques and tools, such as guided energy work, to prepare you for Akashic Record access, initiate you into the 5D mindset, and invite more accuracy and a stronger connection. She details the specific markers to look for to recognize genuine Akashic Librarians and to validate and confirm the information you receive, rather than simply "trusting" it to be true. She also provides guidance on accessing the Akashic Records on behalf of other people, how to ask questions, and how to handle the information as it comes in. Explaining why the Ascended Masters opened access to the Akashic Records to all of humanity and how their presence assists you, St. Germain shows how the intended purpose for working with the Akashic Records is for soul growth, not to "repair" your karma debts. By seeing your records and working with your Record Keepers, not only will you learn your soul's purpose and help solve the problems that crop up in everyday life and relationships, but you will amplify your spirituality and begin operating at a higher level in consciousness. Your work in the Akashic Records aids and assists in Earth's ascension.

"What does everyone in the modern world need to know? [The author's] answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. [The author discusses] discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life"--

Integrate practical insights from modern physics, ancient Hermetic Laws, non-dual meta-physics, transpersonal psychology, and humor, as tools for undoing conflicting beliefs we've dreamed ourselves into. The seven Hermetic laws are explored in depth and demonstrate how a mindfulness that embraces 'other' as 'self' can reverse the typical misapplication of these inescapable laws of Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause & Effect and Generation. Ubiquitous geometric symbols, paired to each of these laws - the circle, vesica piscis, sine wave, line, spiral, fractal and yin-yang - and their countless commonplace variations, seen from the vantage point of shared interests, reflect these ideas. The inspired use of natural law restores attributes of life, love, strength, purity, beauty, perfection and gratitude to our awareness.

Tools and teachings to guide you in the transition from the polarized mindset of the 3rd dimension to the joy and love of 5th dimensional vibrations • Explains how to recognize the 5D experiences you've already had, identify the differences between 3D linear thinking and 5D multidimensional thinking, and turn 3D viewpoints around to expand your perception of what is possible • Includes exercises to protect your energies, especially while sleeping, and Sacred Geometry meditations to open yourself to higher frequencies • Reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force We are all transitioning from the narrowly-focused and polarized awareness of the Third Dimension and waking up to the higher vibrations and abilities of the Fifth Dimension. Each of us has already experienced 5D: Think about your most memorable and uplifting experiences of the recent past--where everything went well, interactions were harmonious and loving, and all felt blissful and happy--that's 5D. For some, the shift is sudden and permanent, but for many of us, the change is gradual, coming in fleeting moments and waves. In this ascension manual, spiritual teacher Maureen J. St. Germain explains how to shift your energetic patterns and choose to permanently anchor yourself in the joy, love, and kindness of 5D. Guiding you through the opportunities the Fifth Dimension has to offer, the author reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force. She shows how 5D relates to 3D as well as to 4D, the transitional dimension between the two, and explains how to read the energy patterns that distinguish one dimension from the next as well as how to experience multiple dimensions simultaneously. She explores how to identify the differences between "good vs. evil" polarized 3D linear thinking and dynamic 5D multidimensional thinking and how to turn 3D viewpoints around to expand your perception of what is possible. Offering eye-opening stories of 5D experiences from students and inspiring information from her spirit guides, the author also details exercises to protect your energies, especially while sleeping, and provides Sacred Geometry meditations to activate your 8th chakra and open yourself to higher frequencies. She also explores how awakening to 5D allows you to form a strong bond to global consciousness, so your personal transformations will have a more profound impact on the people in your circle, and beyond.

From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

The Epic of Gilgamesh

Two girls are brought together under the worst of circumstances: a prison ship taking them from London to 'parts beyond the sea'. Miriam is a Romany girl drawn from freedom in the hills of the North-West to the city to eke a living playing her tin-whistle in a place where her people are despised. When her mother dies - from cholera, the 'gypsy disease' - she's caught breaking-and-entering and sentenced to transportation. Rose has been brought up to expect more, but when her husband dies and her father is sent down for illegal slave-trading, she's separated from her children and forced to take a governess's job. When she's caught stealing, the judge shows no mercy.

Surviving - just - an appalling voyage, the two arrive just after Christmas into the blinding sun of the strange new island: Van Dieman's Land. Here they are sent to work in a nursery, where women of ill-repute give birth before being sent for correction. The nursery is run by a corrupt, debauched Reverend and his idealistic son, who soon takes a fancy to Miriam. But Rose, her best friend and close confidant, watches jealously and makes plans to reverse their fortunes. The Night Flower takes the reader on a thrilling Dickensian adventure through the dark side of our penal history to a Tasmanian frontier town where anything could happen and morality is made by monsters. Explores the influences, philosophies, and career of the noted feminist artist as well as her efforts to find a permanent home for her premier work--The Dinner Party--after its worldwide exhibition
