

### Bing S Little Library Bing

*Here is the quintessential Bing Crosby tribute from the pen of author and music historian, Richard Grudens, documenting the story of Crosby's colourful life, family, radio and television shows, and films; the amazing success story of a career that pioneered popular music spanning generations and inspiring many followers: Frank Sinatra, Tony Bennett, Perry Como, Jerry Vale, Dean Martin, Eddie Fisher, Pat Boone, Elvis Presley and Billy Eckstine, all of whom acknowledge their debt right between the covers of this book. An inspirational introduction by his lovely wife, Kathryn Grant Crosby, is followed by endearing, anecdotal accounts of those ubiquitous 'Road' films with Bob Hope, and detailed personal testimonials from show business icons in their own words. A 'must read' for Crosby fans, collectors, admirers, music lovers, and everyone who cherishes the music and anecdotes of the players involved in the Golden Age of Popular Music.*

*An exciting new relaunch of Ted Dewan's Bing books – resized and beautifully produced for the next generation of toddlers. Bing now stars in his own animated TV series!*

*Find out all about Bing's favourite things in this gorgeous shaped board book – perfect for fans of the hit CBeebies series. *Bing's Snowy Day (Bing)*

*At Eliza's RaisinPie, Bing sat outside by himself, nursing white zinfandel beneath the large sunshade that jutted from the center of his table, while blustery wind roamed across campus—swirling dead leaves and bits of trash around the chairs and tables, flapping the awnings on the massive umbrellas. The weather kept the patio abandoned, and Bing preferred it that way—no chatty couples nearby, no loudmouth students talking about sports, or, even worse, popular music. On this chilly afternoon, he didn't care that he was alone. He didn't care that he'd left his coat in his office. And, for a moment, he almost didn't mind that his head wasn't quite screwed on lightly today. In The Cosmology of Bing Mitch Cullin offers a tale of intersecting lives during one school year in Houston: the college student and his artist roommate, the reclusive poet, the astronomer studying a supernova at a remote West Texas observatory, the young Japanese woman hopelessly in love with her gay friend—and at the center of this group is Bing Owen, a college professor who drowns his heartbreak, paranoia, and secret desires with alcohol. It's a darkly humorous novel about longing, buried feelings and muted relationships, forgotten poetry and thrown pies—in which the mysteries of love, the interconnectedness of individuals, and the inexplicable nature of attraction occupy the same microcosm as exploding stars, ghost lights, and specters from the past.*

*Yolanda is a happily married high school teacher with two beautiful stepdaughters. However, she still feels a void in her life. After having everything that her heart desired, Yolanda is still longing for a child of her own, but already suffering from having three miscarriages, Yolanda is slowly losing hope.Niesha is a 17-year-old high school student who has always been an exceptional student. Even though her life's struggles, she had always maintained good grades, but and unexpected pregnancy changes everything for Niesha, and shatters her world in ways she could never imagine.Noticing that Niesha is no longer the straight-A exceptional student that she once was, Yolanda offers to help Niesha in any way that she can. However, Yolanda wasn't prepared for the events that transpired after lending a helping hand. She wasn't prepared for the emotional roller coaster that Niesha would send her on turning her world completely upside down. After tragedy a strike, Yolanda finds herself in a fight for justice that she had never imagined that she would ever be involved in. Inspired by true events this book is a glance at a real-life situation that we hear about every day that happens more often than we can imagine.*

*The first in an exciting new relaunch of Ted Dewan's Bing books – resized and beautifully produced for the next generation of toddlers – paving the way for Bing's TV debut in 2014.*

*Much of the data available today is unstructured and text-heavy, making it challenging for analysts to apply their usual data wrangling and visualization tools. With this practical book, you'll explore text-mining techniques with tidytext, a package that authors Julia Silge and David Robinson developed using the tidy principles behind R packages like ggraph and dplyr. You'll learn how tidytext and other tidy tools in R can make text analysis easier and more effective. The authors demonstrate how treating text as data frames enables you to manipulate, summarize, and visualize characteristics of text. You'll also learn how to integrate natural language processing (NLP) into effective workflows. Practical code examples and data explorations will help you generate real insights from literature, news, and social media. Learn how to apply the tidy text format to NLP Use sentiment analysis to mine the emotional content of text Identify a document's most important terms with frequency measurements Explore relationships and connections between words with the ggraph and wldy packages Convert back and forth between R's tidy and non-tidy text formats Use topic modeling to classify document collections into natural groups Examine case studies that compare Twitter archives, dig into NASA metadata, and analyze thousands of Usenet messages*

Bing 's Splashy Story: World Book Day 2020

An exciting new relaunch of Ted Dewan 's Bing books – resized and beautifully produced for the next generation of toddlers. Bing makes his TV debut in 2014!

Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg 's beloved classic and Newbery Medal-winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort-she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go. Mostly because he was a miser and would have money. Claudia was a good organizer and Jamie bad some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over. Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she bad discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.

Librarian Jim Hahn has carefully culled the over 500,000 available apps down to the 100 that are the absolute best for day-in, day-out library services. The guide covers apps from both Apple and Android devices, including tablets. This guide is intended as an introduction for those with little or no app experience and for those wanting to know more about app uses for information access.

With lots to look at on every page and word labels to encourage pointing and naming, it is perfect for increasing vocabulary and developing word-recognition skills. Learning new words... it's a Bing thing!*

*"The best thing to happen to Bing Crosby since Bob Hope." (WSJ) Gary Giddins presents the second volume of his masterful multi-part biography Bing Crosby dominated American popular culture in a way that few artists ever have. From the dizzy era of Prohibition through the dark days of the Second World War, he was a desperate nation's most beloved entertainer. But he was more than just a charismatic crooner: Bing Crosby redefined the very foundations of modern music, from the way it was orchestrated and performed. In this much-anticipated follow-up to the universally acclaimed first volume, NBCC Winner and preminent cultural critic Gary Giddins now focuses on Crosby's most memorable period, the war years and the origin story of White Christmas. Set against the backdrop of a Europe on the brink of collapse, this groundbreaking work traces Crosby's skyrocketing career as he fully inhabits a new era of American entertainment and culture. While he would go on to reshape both popular music and cinema more comprehensively than any other artist, Crosby's legacy would be forever intertwined with his impact on the home front, a unifying voice for a nation at war. Over a decade in the making and drawing on hundreds of interviews and unprecedented access to numerous archives, Giddins brings Bing Crosby, his work, and his world to vivid life—firmly reclaiming Crosby's central role in American cultural history.*

*Expand the sharing movement to your community with Little Free Libraries and Tiny Sheds—your complete source for building tiny sharing structures, including plans for 12 different structures, step-by-step photography and instructions, inspirational examples, and maintenance. Around the world, a community movement is underway featuring quaint landscape structures mounted on posts in front yards and other green spaces. Some are built for personal use, as miniature sheds for gardeners or as decorative accent pieces. More commonly, though, they are evidence of the growing trend toward neighborhood organization and community outreach. This movement has been popularized by Wisconsin-based Little Free Library (LFL), whose members currently include 75,000 stewards seeking to build community togetherness and promote reading at the same time by sharing books among neighbors. LFL has inspired builders to use similar structures to share things like CDs, food, garden tools, and seeds in the community. Produced in cooperation with Little Free Library, Little Free Libraries and Tiny Sheds is the builder’s complete source of inspiration and how-to knowledge. Illustrated throughout with colorful step-by-step photography and a gallery of tiny structures for further inspiration, Little Free Libraries and Tiny Sheds covers every step: planning and design, tools and building techniques, best materials, and 12 complete plans for structures of varying size and aesthetics. In addition, author and professional carpenter Phil Schmidt includes information on proper installation of small structures and common repairs and maintenance for down the road. Little Free Libraries and Tiny Sheds even includes information on how to become a steward, getting the word out about your little structure once it’s up and running, and tips for building a lively collection. Community togetherness has never been so at the fore of our consciousness—or so important. Little Free Libraries and Tiny Sheds is one tool on the road to helping you build community in your neighborhood.*

*Eliza has had many hobbies in her eleven years... and most of them haven't lasted very long. After she and her friend Tony create a baking business for a class project, Eliza becomes certain that cake decorating is her destiny. Her parents insist that the summer "Cakes with Caroline" class is too expensive—especially given Eliza's history of quickly losing interest in things. Desperate to show them that she can be diligent, Eliza volunteers to take her brother's unwanted spot in a taekwondo class. At first, she has absolutely no interest in martial arts, and the focus and discipline of taekwondo is a huge challenge for her since she has ADHD. To make things worse, mean girl Madison shows up in class. Eliza is tempted to drop out, but a true martial artist never quits. Can she rise to the challenge? A 2015 Christopher Award Winner in the Books for Young People Category*

*This ebook includes audio narration. A deliciously imaginative story about friendship—from the author /illustrator of The Scrambled States of America. Arnie was fascinated as he watched the customers stream into the bakery. One by one, doughnuts were chosen, placed in paper bags, and whisked away with their new owners. Some went by the dozen in giant boxes. "Good-bye!" Arnie yelled to each doughnut. "Have a good trip!" "This is so exciting!" Arnie beamed. "I wonder who will choose ME?" At first glance, Arnie looks like an average doughnut—round, cakey, with a hole in the middle, iced and sprinkled. He was made by one of the best bakeries in town, and admittedly his sprinkles are candy-colored. Still, a doughnut is just a doughnut, right? WRONG! Not if Arnie has anything to say about it. And, for a doughnut, he sure seems to have an awful lot to say. Can Arnie change the fate of all doughnuts—or at least have a hand in his own future? Well, you'll just have to read this funny story and find out for yourself. This title has Common Core connections Arnie, the Doughnut is a 2004 Bank Street - Best Children's Book of the Year.*

*A fun, fresh frolic of a novel starring a spoiled but lovable Texas heiress out to reclaim her fortune Pippa Walker's wedding was to be huge—Texas huge—complete with twelve bridesmaids under contract from Pippa's mother to stay lean and long-haired, gondolas flown in from Venice, A- and B- guest lists. But when Pippa finds out her handsome husband-to-be isn't what she thought, she bolts from her own wedding, shocking society and getting herself disinherited. The only way she can get a piece of the family fortune back is to earn a degree from a school. Any school. It's a tough assignment for a girl who dropped out of SMU after pledging Kappa Kappa Gamma and shopping at Neiman's for a year. But Pippa is nothing if not up for a challenge. Attracting one hilarious misadventure after another, she tries to earn her sheepskin at: driving school, matchmaking school, even a circus academy. It's only when she hits rock-bottom—The Mountbatten Savoy School of Household Management—that things begin to look up. But can she really be falling in love with a...valet? "Great, silly fun, guaranteed to be seen at a beach near you." - Kirkus Reviews*
