Rose is a princess, a Cinder, and half-human. She is the last one born of her kind, and on her twenty-first birthday, she must enter the woods and travel to find her Prince, as her sisters did before her. ". . . And we will all dance at the Grand Ball," her sisters would always say. But the Human servants are keeping a secret that could prevent the Cinders from reaching their Happily Ever After....Hidden in Rose's dreams and vision are the answers of the past between Cinders and Humans, and she is quickly running out of time trying to solve their hidden messages. She knows the answer lies in her first clue--identifying an animal she has never seen before--that persistent vision of a furry white animal, holding a gold metal object and exclaiming, "Oh dear! Oh dear! I shall be too late!"

The Science Focus Second Edition is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The Science Focus Second Edition package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components.

The New York Times–bestselling author delivers “a riveting saga about Big Sugar flexing its imperialist muscle in Hawaii . . . A real gem of a book” (Douglas Brinkley, author of *American Moonshot*). Deftly weaving together a memorable cast of characters, *Lost Kingdom* brings to life the clash between a vulnerable Polynesian people and relentlessly expanding capitalist powers. Portraits of royalty and rogues, sugar barons, and missionaries combine into a sweeping tale of the Hawaiian Kingdom’s rise and fall. At the center of the story is Lili‘uokalani, the last queen of Hawai‘i. Born in 1838, she lived through the nearly complete economic transformation of the islands. Lucrative sugar plantations gradually subsumed the majority of the land, owned almost exclusively by white planters, dubbed the “Sugar Kings.” Hawai‘i became a prize in the contest between America, Britain, and France, each seeking to expand their military and commercial influence in the Pacific. The monarchy had become a figurehead, victim to manipulation from the wealthy sugar plantation owners. Lili‘u was determined to enact a constitution to reinstate the monarchy’s power but was outmaneuvered by the United States. The annexation of Hawai‘i had begun, ushering in a new century of American imperialism. “An important chapter in our national history, one that most Americans don’t know but should.” —The New York Times Book Review “Siler gives us a riveting and intimate look at the rise and tragic fall of Hawaii’s royal family . . . A reminder that Hawaii remains one of the most breathtaking places in the world. Even if the kingdom is lost.” —Fortune “[A] well-researched, nicely contextualized history . . .

[Indeed] ‘one of the most audacious land grabs of the Gilded Age.’” —Los Angeles Times

The Hood Health Handbook is a comprehensive source of information and insight on nearly every health issue faced by the urban community. In plain language, the authors draw on well-known examples from urban culture to illustrate what works...and what doesn't. Focusing on natural and affordable approaches, the authors provide recommendations that anyone can put to practice. Volume One focuses on the status of health in the urban community, the "wrong foods" that make us unhealthy, the history of diet and healthcare among Black and brown people (focusing on how things changed for the worst), the diseases and illnesses that plague our communities, and holistic (natural) methods to heal and treat ourselves into wellness.

The State of the World's Children 2011: Adolescence - An Age of Opportunity examines the global state of adolescents; outlines the challenges they face in health, education, protection and participation; and explores the risks and vulnerabilities of this pivotal stage. The accumulated evidence demonstrates that investing in adolescents' second decade is our best hope of breaking the intergenerational cycle of poverty and inequity and of laying the foundation for a more peaceful, tolerant and equitable world.
