For the new rider, the returning rider, and the veteran who's looking for more information, this handy book has it all: the necessary facts on street-riding from first to last, clearly and concisely laid out. Author Bill Stermer brings an insider's knowledge to the job, and the result is an expert, user-friendly guide to selecting, equipping, understanding, and using a street motorcycle?with occasional useful detours into such topics as road food and tunes, security and first aid, staying warm and dry, carrying laptops or cameras, and shipping your bike. From a close survey of the types of street motorcycles and different engine configurations, Stermer goes on to discuss features and options, accessories and apparel, mechanical considerations (from power and suspension to detailing and tires), and using a motorcycle in a group or alone or with a passenger, to commute or camp, for rallies or tours.

*Duffy Dombrowski is not your average social worker. When he's not counseling sex addicts and drug users in a town outside of New York City, you can find him digging Elvis tunes, getting "Schlitzed" with his quirky friends, or fighting ex-Olympians in the boxing ring. Our less-than-perfect hero occasionally uses his mean left hook on pimps and other lowlifes, too. But at least he cares about his clients. When Walanda, a schizophrenic, crack-addicted prostitute, is murdered, Duffy pledges to take care of her basset hound and find her missing stepdaughter, Shony. He's horrified to discover the teenager is ensnared in a web porn ring—a vile enterprise that enslaves crack-addicted women and their children. On the verge of losing his job—and his life—Duffy also gets mixed up with a creepy doctor with ties to Pakistani extremists. Still, nothing will stop this conflicted Robin Hood from trying to save Shony and foil a terrorist plot. Praise for On the Ropes: "The funniest book I have read in a long time. This is a genuine good read." —Harold Lederman, HBO Sports "Not since Carl Hiassen's Tourist Season debut has there been a novel with such superb comic timing and laugh-out-loud lines." —Ken Bruen, Shamus Award-winning author of The Guards "An Everyman with a big heart and a wicked jab, Duffy Dombrowski may well be the new Spenser. I can't wait for Round Two." —Marcus Sakey, author of The Blade Itself "On the Ropes is sly, funny, irreverent, and one hell of a good time. Read it or be sorry you didn't. It's just that simple." —Laurien Berenson, author of Hounded to Death "It'll put you down for the count with laughter.*

*Tom Schreck is a contender for funniest author working in the crime genre today.” –William Kent Krueger, author of Thunder Bay “If you’ve ever despised your boss or secretly wanted to save the world, On the Ropes is a novel you’ll devour.” –Steve Farhood, Showtime Boxing “Duffy Dombrowski—a loose-cannon social worker and a boxer—has a lot more heart than is healthy for a guy. Give him an orphaned sidekick who hasn’t been housebroken (literally), jam them into the middle of a sinister murder plot that packs a surprising wallop, and you’ve got a winning combination.” –Lee Charles Kelley, author of Like a Dog With a Bone “One of my favorite writers...Can’t wait for Duffy’s next adventure.” –Nancy Claus, Westchester Magazine “It won’t take long to realize Duffy doesn’t run to type...occasionally over the top, but warmhearted, tough, funny Duffy makes a promising debut.” –Kirkus Reviews “Pure delight. The sharp-edged humor peppers you like a boxing master’s jab, and the poignant undercurrent of theme delivers with the power of a left hook. Duffy Dombrowski is a major new contender in the world of private eye fiction.” –Michael A. Black, author of A Killing Frost and A Final Judgment “Get ready to rumble with lovable losers, misguided misfits, and a disgustingly adorable dog.” –Michael “Let’s Get Ready To Rumble” Buffer, the Voice of Champions “This is one hell of a debut novel. On the Ropes is easily one of the best five books I’ve read this year.” –Jon Jordan, Crimespree Magazine “If you like underdogs, colorful characters, a fighter who never quits and a canine with more bite and heart than Jake LaMotta—a unanimous winner.” –Teddy Atlas, ESPN Boxing Analyst*

Motorcycle Touring Bible

Concepts and Resources for Managers

Streetbikes

Touring on a motorcycle has never been more popular than it is today, but with more and more people hitting the open road, a growing number are doing so without the proper skills and information they need to survive the ordeal. Far too often the trip of a lifetime turns into an unmitigated disaster, leading to expensive breakdowns, arrests, lost wages, broken limbs, death, and even, on more than one occasion, divorce. Most people who travel aboard motorcycles have learned these lessons the hard way, if they've survived long enough, but now readers of the Motorcycle Touring Bible can learn an easier way; they can learn from author Fred Rau's mistakes rather than through the school of hard knocks.

Fast Lines is a collection of 55 of Pete's columns, Fast Lines, from Vintage Racecar Magazine. The book includes looks at cars and racers from Formula 1, Can-Am, Indycar, and endurance racing, most of them

racers who competed in the 1960s and 1970s.

The computer unlike other inventions is universal; you can use a computer for many tasks: writing, composing music, designing buildings, creating movies, inhabiting virtual worlds, communicating... This popular science history isn't just about technology but introduces the pioneers: Babbage, Turing, Apple's Wozniak and Jobs, Bill Gates, Tim Berners-Lee, Mark Zuckerberg. This story is about people and the changes computers have caused. In the future ubiquitous computing, AI, quantum and molecular computing could even make us immortal. The computer has been a radical invention. In less than a single human life computers are transforming economies and societies like no human invention before.

In this adventure motorsports memoir, the first Canadian motorcycle racer to complete the infamous Paris-Dakar Rally recounts his incredible journey. The Paris-Dakar Rally is without question the most arduous and notorious off-road motorsports event on the planet. Since its inception in 1979, it has attracted more than three thousand adventurers from all walks of life. The men and women who have taken up the “Dakar challenge” have at least one thing in common: a desire to measure themselves against the desolate sands of the Sahara. In 2001, Canadian adventure racer Lawrence Hacking entered what would be the last rally on the iconic route from Paris to Dakar. In *To Dakar and Back*, Hacking, in collaboration with motorsport journalist Wil De Clercq, recounts the three weeks of blood, sweat, and tears that took him on that ten thousand kilometer journey in the heat of competition from the glitzy streets of the French capital through the hinterland of North Western Africa and the triumph of self-realization.
