Preventing Injuries and Deaths from Skid-steer Loaders

Classic Speedsters: The Cars, The Times, and The Characters Who Drove Them chronicles the most significant vehicles ever to have traveled American roads and racetracks. Speedsters were the pizzazz cars of their era.

Speedsters were owned by entertainers, captains of industry, the wealthy, and in some cases, the everyday guy or gal. They were often expensive, but always fast and sexy. Speedsters were America's first sports cars.Each

chapter frames the birth and evolution of a company that produced a speedster model in its lineup and includes a biography of a famous owner of the period. This book traces the journey of the speedster concept across

several time periods and among twelve automotive companies. It answers three fundamental questions: Why were these cars so important and influential? Why did so many prominent people own them? What message do they have

for modern design?

AMJ, Agricultural Machinery Journal

Marking the 50th anniversary of an icon of American industry, this book celebrates a half-century of Bobcat with brilliant images of these quintessentially American machines at work, including historical photographs and diagrams, alongside the full story of the only compact machines that have ever mattered. Often imitated but never equaled, the Bobcat skid-steer loader was born when some hardy souls in the Northern Plains needed a new way to get work done. The pictures in these pages show how the Bobcat loader has been moving American industry ever since,

joined over the years by Bobcat excavators and trenchers, utility trucks and more. Bobcat Fifty Years chronicles the changes and innovations that have kept the company at the forefront of the nation's compact machinery makers--from the invention of the Bob-Tach quick-change attachment system to the introduction of the Big Bob, the Mini-Bob, and the M-700, the first hydrostatic loader of its size. Here, again and again, is evidence of why Fortune Magazine named the Bobcat one of "America's best"--one of the 100 American-made products that represent the

best of their kind, anywhere in the world.
