*For fans of Serpent & Dove and A House of Salt and Sorrows comes a “transportive and beautiful” (Chloe Gong, New York Times bestselling author of These Violent Delights) romantic fantasy about an untrained witch who must unlock her power to free her brothers from a terrible curse and save her home. Rowenna Winthrop has always known there’s magic within her. But though she hears voices on the wind and possesses unusual talents, her mother Mairead believes Rowenna lacks discipline, and refuses to teach her the craft that keeps their Scottish village safe. And when Mairead dies a sinister death, it seems Rowenna’s only chance to grow into her power has died with her. Then, on a fateful, storm-tossed night, Rowenna rescues a handsome stranger named Gawen from a shipwreck, and her mother miraculously returns from the dead. Or so it appears. The resurrected Mairead is nothing like the old one. To hide her new monstrous nature, she turns Rowenna’s brothers and Gawen into swans and robs Rowenna of her voice. Forced to flee, Rowenna travels to the city of Inverness to find a way to break the curse. But monsters take many forms, and in Inverness, Rowenna is soon caught in a web of strangers who want to use her raw magic for their own gain. If she wishes to save herself and the people she loves most, Rowenna will have to take her fate into her own hands and unlock the power that has evaded her for so long. “Mercy Thompson has opened her garage again and is trying to get back to normal. Of course, now that the Tri-Cities are viewed as neutral ground, all kinds of supernatural beings are heading her way. With her mate Adam Hauptman’s firm involved in providing security to a top-secret meeting with the US government and the fae, Mercy is tapped to handle everything else -- including reports of a strange witch in town ...”--Provided by publisher.*

*Mercy Thompson, car mechanic and shapeshifter, faces a threat unlike any other in this thrilling entry in the #1 New York Times bestselling series. I am Mercedes Athena Thompson Hauptman. My only “superpowers” are that I turn into a thirty-five pound coyote and fix Volkswagens. But I have friends in odd places and a pack of werewolves at my back. It looks like I’m going to need them. Centuries ago, the fae dwelt in Underhill--until she locked her doors against them. They left behind their great castles and troves of magical artifacts. They abandoned their prisoners and their pets. Without the fae to mind them, those creatures who remained behind roamed freely through Underhill wreaking havoc. Only the deadliest survived. Now one of those prisoners has escaped. It can look like anyone, any creature it chooses. But if it bites you, it controls you. It lives for chaos and destruction. It can make you do anything--even kill the person you love the most. Now it is here, in the Tri-Cities. In my territory. It won’t, can’t, remain. Not if I have anything to say about it.*

Mercy Thompson has been hailed as “a heroine who...always remains true to herself” (Library Journal). Now she’s back, and she’ll soon discover that when the fae stalk the human world, it’s the children who suffer... Tensions between the fae and humans are coming to a head. And when coyote shapeshifter Mercy and her Alpha werewolf mate, Adam, are called upon to stop a rampaging troll, they find themselves with something that could be used to make the fae back down and forestall out-and-out war: a human child stolen long ago by the fae. Defying the most powerful werewolf in the country, the humans, and the fae, Mercy, Adam, and their pack choose to protect the boy no matter what the cost. But who will protect them from a boy who is fire touched? The second book in New York Times–bestselling Seanan McGuire’s witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. “The only thing more fun than an October Daye book is an InCryptid book.” –Charlaine Harris, #1 New York Times–bestselling author of Sookie Stackhouse series Normal, adjective: Conforming to the standard or common type. See also “ordinary.” Abnormal, adjective: Deviating from the common type, such as playing monster-human on the rooftops of Manhattan. See also “Verity Price.” The Price family has spent generations studying the monsters of the world, working to protect them from humanity—and to protect humanity from them. Verity Price is just trying to do her job, keeping the native cryptid population of Manhattan from getting into trouble, and doing a little ballroom dancing on the side. Enter Dominic De Luca, an operative for the Covenant of St. George, and Verity’s on-again, off-again boyfriend. When he tells her that the Covenant is sending a full team to assess how ready the city is for a purge, Verity finds herself between a rock and a hard place. Stay, and risk her almost-certain death, or flee, and leave the cryptids of New York with nothing between them and the Covenant. With allies and enemies on every side, and no safe way to turn, it’s going to take some quickstepping for Verity to waltz out of this one. There’s just one question on everyone’s mind: Is this the last dance for Verity Price?

"Kick-ass were-coyote auto mechanic Mercedes Thompson" (Publishers Weekly) has leapt to the forefront of today's urban fantasy heroes, thanks to bestselling author Patricia Briggs. Now, Mercy finds herself in the middle of a bloodbath--with only one way out... Mercy has friends in low places--and in dark ones. And now she owes one of them a favor. Since she can shapeshift at will, she agrees to act as some extra muscle when her vampire friend Stefan goes to deliver a message to another of his kind. But this new vampire is hardly ordinary--and neither is the demon inside of him. When the undead and the werewolves sent to find him don't return, the local vampire queen turns to Mercy for help. A coyote is no match for a demon, but Mercy is determined to get her friends back--including the two werewolves circling around her heart.

"Expect to be spellbound"\* by Patricia Briggs's #1 New York Times bestselling series starring Mercy Thompson. Being a lowly "walker" in a world of vampires, werewolves, and fae once kept her safe. But Mercy's bark--and bite--are not so harmless any more... Though Mercy can shift her shape into that of a coyote, her loyalty never wavers. So when her former boss and mentor, Zee, asks for her help, she's there for him. A series of murders has rocked a fae reservation, and Zee needs her unique gifts, namely her coyote sense of smell, to sniff out the killer. But when Zee is accused of murdering the suspect Mercy outed, he's left to rot behind bars by his own kind. Now it's up to Mercy to clear his name, whether he wants her to or not. Mercy's loyalty is under pressure from other directions, too.

Werewolves are not known for their patience, and if Mercy can't decide between the two she cares for, Sam and Adam may make the choice for her... \*Lynn Viehl, New York Times bestselling author

Mercy Thompson, car mechanic and shapeshifter, must face her greatest fears in this chilling entry in the #1 New York Times bestselling series. The vampire Wulfe is missing. Since he's deadly, possibly insane, and his current idea of "fun" is stalking me, some may see it as no great loss. But, warned that his disappearance might bring down the carefully constructed alliances that keep our pack safe, my mate and I must find Wulfe--and hope he's still alive. As alive as a vampire can be, anyway. But Wulfe isn't the only one who has disappeared. And now there are bodies, too. Has the Harvester returned to the Tri-Cities, reaping souls with his cursed sickle? Or is he just a character from a B horror movie and our enemy is someone else? The farther I follow Wulfe's trail, the more twisted--and darker--the path becomes. I need to figure out what's going on before the next body on the ground is mine.

When her mate's ex-wife shows up on the run from her new boyfriend, who turns out to be less than human, shapeshifter Mercy Thompson must stop the bodies from piling up.
