

## Boquitas Pintadas Manuel Puig

Kiss of the Spider Woman is a graceful, intensely compelling novel about love and victimization. In an Argentine prison, two men share a cell: Molina, a gay window dresser who is self-centered, self-denigrating, yet charming as well; and Valentin, an articulate, fiercely dogmatic revolutionary haunted by memories of a woman he left for the cause. Both are gradually transformed by their guarded but growing friendship and by Molina's obsession with the fantasy and romance of the movies.

Not long before his untimely death, Manuel Puig revised Under a Mantle of Stars, which is his first play written directly for the stage. Now available in this new edition with all of Puig's changes and a translator's note, Under a Mantle of Stars proclaims Puig the master of a Pirandellian world all his own, a world of fright and the frightfully funny, one where the characters slip among fantasies that blend elegiac desire with fierce lust. At once tender, cruel, and hilarious, Under a Mantle of Stars distills essential Puig.

Blood of Requited Love

In a conversation with Maria de Gloria, Josemar Ferreira, a poor Brazilian, tries to recreate the days of his adolescence

Manuel Puig's "dazzling and wholly original debut" (New York Times Book Review) is a startling anatomy of a small town in thrall to its own petty lusts, betrayals, scandals, thefts, and gossip—but most of all, to the movies. When it appeared in 1968, Manuel Puig's debut—a portrait of the artist as a child in small-town Argentina—was hailed as revolutionary. Borrowing from the language of "true romance" and movie magazines, the techniques of American modernism, and Hollywood montage, Puig created an exuberant queer aesthetic while also celebrating the secret lives of women. Hanging on the conversations of his mother, friends, and neighbors, Puig's stand-in Toto pieces together stories as full of passion, desire, and revenge as anything dreamed up for the silver screen. "A screamingly funny book, with scenes of such utter bathos that only a student of final reels such as Puig could possibly have verbally recreated for us" (Alexander Coleman, New York Times), it is also a bittersweet love letter to the golden age of Hollywood.

***Awash in small-town gossip, petty jealousy, and intrigues, Manuel Puig's Heartbreak Tango is a comedic assault on the fault lines between the disappointments of the everyday world, and the impossible promises of commercials, pop songs, and movies. This melancholy and hilarious tango concerns the many women in orbit around Juan Carlos Etchepare, an impossibly beautiful Lothario wasting away ever-so-slowly from consumption, while those who loved and were spurned by him move on into workaday lives and unhappy marriages. Part elegy, part melodrama, and part dirty joke, this wicked and charming novel demonstrates Manuel Puig's mastery of both the highest and lowest forms of life and culture.***

***Two prisoners, Luis Molina and Valentin Arregui, share a cell in a Buenos Aires prison. Molina is in jail for "corruption of a minor," while Valentin is a political prisoner who is part of a revolutionary group. The two men, opposites in every way, form an intimate bond in their cell, and their relationship changes both of them in profound ways.***

***In the 1960s, there occurred amongst Latin American writers a sudden explosion of literary activity known as the 'Boom'. It marked an increase in the production and availability of innovative and experimental novels. But the 'Boom' of the 1960s should not be taken as the only flowering of Latin American fiction, for such novels dubbed 'new novels' were being written in the 1940s and 1950s, as well as in the 1970s and 1980s. In this edited collection, first published in 1990, Philip Swanson charts the development of Latin American fiction throughout the twentieth century. He assesses the impact of the 'new novel' on Latin American literature, and follows its growth. Nine key texts are analysed by contributors, including works by the 'big four' of the 'Boom' – Fuentes, Cortázar, García Márquez and Vargas Llosa. This book will be of interest to critics and teachers of Latin American literature, and will be useful too as supplementary reading for students of Spanish and Hispanic Studies. It will also serve as a helpful introduction to those new to Latin American fiction.***

Latin American fiction won great acclaim in the United States during the 1960s, when many North American writers and critics felt that our national writing had reached a low ebb. In this study of experimental fiction from both Americas, Johnny Payne argues that the North American reception of the "boom" in Latin American fiction distorted the historical grounding of this writing, erroneously presenting it as mainly an exotic "magical realism." He offers new readings that detail the specific, historical relation between experimental fiction and various authors' careful, deliberate deformations and reformations of the political rhetoric of the modern state. Payne juxtaposes writers from Argentina and Uruguay with North American authors, setting up suggestive parallels between the diverse but convergent practices of writers on both continents. He considers Nelson Marra in conjunction with Donald Barthelme and Gordon Lish; Teresa Porzecanski with Harry Mathews; Ricardo Piglia with John Barth; Silvia Schmid and Manuel Puig with Fanny Howe and Lydia Davis; and Jorge Luis Borges and Luisa Valenzuela with William Burroughs and Kathy Acker. With this innovative, dual-continent approach, Conquest of the New Word will be of great interest to everyone working in Latin American literature, women's studies, translation studies, creative writing, and cultural theory.

The Routledge Companion to Gender, Sex and Latin American Culture is the first comprehensive volume to explore the intersections between gender, sexuality, and the creation, consumption, and interpretation of popular culture in the Américas. The chapters seek to enrich our understanding of the role of pop culture in the everyday lives of its creators and consumers, primarily in the 20th and 21st centuries. They reveal how popular culture expresses the historical, social, cultural, and political commonalities that have shaped the lives of peoples that make up the Américas, and also highlight how pop culture can conform to and solidify existing social hierarchies, whilst on other occasions contest and resist the status quo. Front and center in this collection are issues of gender and sexuality, making visible the ways in which subjects who inhabit intersectional identities (sex, gender, race, class) are "othered", as well as demonstrating how these same subjects can, and do, use pop-cultural phenomena in self-affirmative and progressively transformative ways. Topics covered in this volume include TV, film, pop and performance art, hip-hop, dance, slam poetry, gender-fluid religious ritual, theater, stand-up comedy, graffiti,

videogames, photography, graphic arts, sports spectacles, comic books, sci-fi and other genre novels, lotería card games, news, web, and digital media.

***Boquitas pintadas Manuel Puig*** En Boquitas pintadas, la más famosa de las novelas de Manuel Puig —lleuada al cine por Leopoldo Torre Nilsson—, se entrecruzan de manera indisoluble pasión y crimen. Imaginada como un folletín en dieciséis "entregas", cada episodio está precedido por versos de canciones populares, en su mayoría tangos de Alfredo Le Pera. La acción de esta historia de amor se desarrolla en un pueblo de la provincia de Buenos Aires, entre 1934 y 1968. Como en los radioteatros de la época, aquí se habla permanentemente de lo prohibido a través del ocultamiento o la simulación.

In the haunting and mysterious language for which he is renowned, Puig explores the links between these women, as well as the links between genders and generations.***

In his first novel in English, Manuel Puig strikes a balance between irony and sympathy as he tells of the dealings of two men whose deceptive reminiscences recall those of the characters in his better-known Kiss of the Spider Woman. Larry, a down-out-out writer, is paid to push a wheelchair-bound Argentine political exile, Ramirez, around Greenwich Village. Through their journeys and their conversations about sex and politics, we witness the collision of two "solitary fantasy systems," revealing the men to be enmeshed in the lies that make up their bitter,

shadowy symbolis.
