

Bouquets Of Hope A Daily Devotional For Women By Women

Named a Best Gift Book of 2019 by InStyle, Real Simple, Better Homes & Gardens, and the Wall Street Journal “If coffee tables could make . . . wish lists, [this book] would certainly be on them.” —Better Homes & Gardens
A singular, personal celebration of the beauty and possibilities of nature Amy Merrick is a rare and special kind of artist who uses flowers to help us see the familiar in a completely new way. Her gift is to revel in the unexpected—like a sunny spring arrangement housed in a paper coffee cup—and to overturn preconceptions, whether she’s transforming a bouquet of supermarket carnations into a breathtaking centerpiece or elevating wild and weedy blooms foraged from city sidewalks. She uses the beauty that is waiting to be discovered all around us—in leaves, branches, seedpods, a fallen blossom—to tell a story of time and place. Merrick begins On Flowers with a primer containing all her hard-won secrets on the art of flower arranging, from selecting materials to mastering pleasing proportions. Then she brings readers along on her journey, with observations on flowers in New York City and at her family’s summer home in rural New Hampshire, working on a flower farm off the coast of Washington State, and studying ikebana in a jewel-box flower shop in Kyoto. We learn how to send flowers like a florist, and how to arrange them like a farm girl. We discover the poignancy in humble wildflowers, and also celebrate the luxury of fragrant bloomy blooms. Collected here is an anthology of floral inspiration, a love letter to nature by an exceptional, accidental florist.

Florence Kennedy offers a unique, modern approach to flower arranging: breaking away from the stiff structure and formality of traditional floral displays, her floristry style is practical, accessible and achievable.In Flowers Every Day, Florence shows how to create stylish flower arrangements at home. Divided into four main chapters – Spring, Summer, Autumn and Winter – the projects are inspired by the comely joys of home, friendship and family gatherings, and are all constructed using seasonal flowers and foliage.Explained step-by-step, the easy-to-follow projects range from simple hand-tied bouquets and vase arrangements, to floral chandeliers, wedding decorations and festive garlands and wreaths.All the core skills are covered, from sourcing your blooms, choosing your hues, working with wire and floral foam and conditioning both flowers and foliage.Florence’s stylish collection of seasonally inspired projects and hard-earned know-how will help complete beginners, flower enthusiasts and florists looking for new ideas. Flowers Every Day is the must-have book for anyone who loves having flowers in their home and revels in sharing them with others.

Flower delivery! Featuring five amazing pop-up bouquets, Paper Blossoms brings floral cheer to any room. Display any of the bouquetsa garland of roses, a tropical arrangement, a lotus watergarden, a springtime bouquet, or a vase of liliesas a beautiful centerpiece or room accent. A triumph of pop-up artistry and a sure conversation-starter, these bouquets burst forth with color, joy, and lasting beauty.

Hope Street

Arrangements and Bouquets for All Seasons

“Like a favorite recipe, a posy is meant to be savored and shared. Try it yourself, and ... welcome a bit of floral enchantment into your life.” —Amy Stewart, author of The Drunken Botanist
Inspired by the Victorian-era language of flowers, a posy is a small, round bouquet of flowers, herbs, and plants meant to convey a message, such as dahlias for gratitude, sunflowers for adoration, or thyme for bravery. These floral poems have become Teresa Sabankaya’s signature. Brides want them for their weddings, but a posy is a lovely gift any time of year, and one that readers can easily put together from their garden or with blooms from their local florist. In The Posy Book, Sabankaya shares step-by-step instructions, floral recipes for more than 20 posies, and ideas for seasonal variations. A modern floral dictionary, with 12 original paintings by celebrated illustrator Maryjo Koch, will help readers craft their own posies filled with personal meaning.

The wedding bouquet, like the center jewel in the engagement ring, is a focal point for the celebration. The bouquet’s colors, arrangement, and even fragrance, can express the mood and style of the ceremony, from the bridal gown and attendants’ attire to the décor of the reception room. How to decide? Each of the 300 bouquets displayed here comes with lavish close-up photos and careful descriptions of each detail, with recommendations for the kinds of dresses and ceremonies they best complement. Every color theme receives special treatment (with price range indicators), from whites, ivories and creams to yellows and oranges, reds and pinks, blues and purples, as well as variegated and original color schemes.

Learn how to buy, style, and present seasonal flower arrangements for every occasion. With sections on tools, flower care, and design techniques, Floret Farm’s A Year in Flowers presents all the secrets to arranging garden-fresh bouquets. Featuring expert advice from Erin Benzakein, world-renowned flower farmer, floral designer, and bestselling author of Floret Farm: Cut Flower Garden, this book is a gorgeous and comprehensive guide to everything you need to make your own incredible arrangements all year long, whether harvesting flowers from the backyard or shopping for blooms at the market. • Includes an A–Z flower guide with photos and care tips for more than 200 varieties. • Simple-to-follow advice on flower care, material selection, and essential design techniques • More than 25 how-to projects, including magnificent centerpieces, infinitely giftable posies, festive wreaths, and breathtaking bridal bouquets Floret Farm’s A Year in Flowers offers advice on every phase of working with cut flowers—including gardening, buying, caring for, and arranging fresh flowers. Brimming with indispensable tips and hundreds of vibrant photographs, this book is an invitation to live a flower-filled life and perfect for anyone who loves flowers. • The definitive guide to flower arranging from the biggest star in the farm-to-restaurant movement • Perfect for flower lovers, avid and novice gardeners, floral designers, wedding planners, florists, small farmers, stylists, designers, crafters, and those passionate about the local floral movement • For those who loved Floret Farm’s Cut Flower Garden by Erin Benzakein, The Flower Recipe Book by Althea Haramopolis, Seasonal Floral Arranging by Ariella Chezar, and The Flower Chef by Carly Cylinder

A chaplet of flowers: a Scripture text for every day in the year

Cultural history at its best—the engaging, lively, and definitive story of the beauty, sexuality, ecology, myths, lore, and economics of the world’s flowers, written by a passionately devoted author and scientist, and illustrated with his stunning photographs. Flowers, and the fruits that follow, feed, clothe, sustain, and inspire all humanity. They have done so since before recorded history. Flowers are used to celebrate all-important occasions, to express love, and are also the basis of global industries. Americans buy ten million flowers a day and perfumes are a worldwide industry worth \$30 billion dollars annually. Yet, we know little about flowers, their origins, bizarre sex lives, or how humans relate and depend upon them. Stephen Buchmann takes us along on an exploratory journey of the roles flowers play in the production of our foods, spices, medicines, perfumes, while simultaneously bringing joy and health. Flowering plants continue to serve as inspiration in our myths and legends, in the fine and decorative arts, and in literary works of prose and poetry. Flowers seduce us—and animals, too—through their myriad shapes, colors, textures, and scents. And because of our extraordinary appetite for more unusual and beautiful “super flowers,” plant breeders have created such unnatural blooms as blue roses and black petunias to cater to the human world of haute couture fashion. In so doing, the nectar and pollen vital to the bees, butterflies, and bats of the world, are being reduced. Buchmann explains the unfortunate consequences, and explores how to counter them by growing the right flowers. Here, he integrates fascinating stories about the many colorful personalities who populate the world of flowers, and the flowers and pollinators themselves, with a research-based narrative that illuminates just why there is, indeed, a Reason for Flowers.

This daily devotional book for women contains a collection of stories and devotional thoughts written by women around the world.

Paper Blossoms

Drawing together a delightful cast of characters, Ella Griffin brings her warmth, wit and wisdom to this captivating tale of the connections that bring us all together. Every bouquet tells a story. And every story begins at Blossom & Grow, a tiny flower shop in the heart of Dublin... Among the buckets of fragrant blooms, beneath the flickering candles and lanterns, Lara works her magic, translating feelings into flower arrangements that change hearts and lives. She is no stranger to the power of flowers herself. They gave her hope when she was a child who lost a mother, and, again when she was a mother who lost a child. But old wounds take time to heal, and life has more heartbreak in store. What will it take for the woman who can unlock everybody else’s emotions to open up her own heart? READERS GUIDE INSIDE

This collection of pop-up paper bouquets from the creator of the bestselling Paper Blossoms celebrates the beauty of the four seasons. Each breathtaking arrangement/spring daffodils, summer sunflowers, autumn foliage, and a winter wreath/makes a distinctive centerpiece and brings surprise to any décor. A unique gift for any occasion, Paper Blossoms for All Seasons delights with color, joy, and beauty throughout the year.

A Novel

Wedding Bouquets

Bouquets of Hope For Their Salvation

A moving and eloquent novel about love, grief, renewal—and the powerful language of flowers. Ruby Jewell knows flowers. In her twenty years as a florist she has stood behind the counter at the Flower Shoppe with her faithful dog, Clementine, resting at her feet. A customer can walk in, and with just a glance or a few words, Ruby can throw together the perfect arrangement for any occasion. Whether intended to rekindle a romance, mark a celebration, offer sympathy, or heal a broken heart, her expressive floral designs mark the moments and milestones in the lives of her neighbors. It’s as though she knows just what they want to say, just what they need. Yet Ruby’s own heart’s desires have gone ignored since the death of her beloved sister. It will take an invitation from a man who’s flown to the moon, the arrival of a unique little boy, and concern from a charming veterinarian to reawaken her wounded spirit. Any life can be derailed, but the healing power of community can put it right again. READERS GUIDE INSIDE

A guide to creating centerpieces for any occasion outlines twenty-four arrangements and offers accompanying information on the use of flowers, branches, fruits, fabrics, and more, in a volume complemented by a glossary and seasonal tips.

In recent years, it has been on my heart to find a way to help those who live in extreme poverty. So many children and families around the world are in great need. Consequently, this book is a result of that pull. With prayer and my love of flower photography, this has been compiled with my personal story. God had a vision also, to send a message of hope to others around the world. My hope is that you will join me in reaching out to others, whether in purchasing the book or passing this message of hope on.

Lessons from an Accidental Florist

Early Victorians used flowers as a way to express their feelings-- love or grief, jealousy or devotion. Now modern-day romantics are enjoying a resurgence of this bygone custom. Kirby shares the historical literary, and cultural significance of flowers.

An award-winning contemporary romance about love, betrayal and forgiveness. Curt and Ellie fell in love as college students, in a grungy apartment on Hope Street. When Curt asked Ellie to marry him, he promised her that as long as they were together, they would always live on a metaphorical “Hope Street.” And for many years, as they established a home and their careers and welcomed two daughters and a son into their lives, they did dwell in their own love-filled neighborhood of hope. Then a tragedy shattered their family. Anguish drove Ellie into a world of darkness. Cut off from his wife, Curt found a way to heal without her. Exiled from Hope Street, they decide to end a marriage that is already dead. Unaware of their parents’ plans for divorce, their children spring a surprise birthday party on Ellie, create a video of her life, and arrange for a romantic night for their parents at a charming country inn. As Curt and Ellie venture into that night together, they are forced to reconsider everything that once was so right between them, and everything that has gone so wrong. Is it possible that their love still exists? Can they ever forgive

each other? Is it possible to return to Hope Street? Winner of the New England Readers Choice Award.

Florists’ Review

Hope for the Flowers

NEW YORK TIMES BESTSELLER The Victorian language of flowers was used to convey romantic expressions: honeysuckle for devotion, asters for patience, and red roses for love. But for Victoria Jones, it’s been more useful in communicating mistrust and solitude. After a childhood spent in the foster-care system, she is unable to get close to anybody, and her only connection to the world is through flowers and their meanings. Now eighteen and emancipated from the system with nowhere to go, Victoria realizes she has a gift for helping others through the flowers she chooses for them. But an unexpected encounter with a mysterious stranger has her questioning what’s been missing in her life. And when she’s forced to confront a painful secret from her past, she must decide whether it’s worth risking everything for a second chance at happiness. Look for special features inside. Join the Circle for author chats and more. Praise for *The Language of Flowers* “Instantly enchanting ... [Djffenbaugh] is the best new writer of the year.”—*Elle* “I would like to hand Vanessa Dj[ffenbaugh] a bouquet of bouvardia (enthusiasm), gladiolus (you pierce my heart) and lisianthus (appreciation). In this original and brilliant first novel, Dj[ffenbaugh] has united her fascination with the language of flowers—a long-forgotten and mysterious way of communication—with her firsthand knowledge of the trials of the foster-care system. . . . This novel is both enchanting and cruel, full of beauty and anger. Dj[ffenbaugh] is a talented writer and a mesmerizing storyteller. She includes a flower dictionary in case we want to use the language ourselves. And there is one more sprig I should add to her bouquet: a single pink carnation (I will never forget you).”—*Washington Post* “A fascinating debut. . . . Dj[ffenbaugh] clearly knows both the human heart and her plants, and she keeps us rooting for the damaged Victoria.”—*O Magazine* “Dj[ffenbaugh] effortlessly spins this enchanting tale, making even her prickly protagonist impossible not to love.”—*Entertainment Weekly*

“Love, an Ode to Valentine’s Day”. How dare you call it a corporate money grab. Also some of the history behind the origin of the in no way superficial holiday. Then there’s “Hope”. Oh my you must have hope. Without it what else is there? Oh yes, dear sweet hope. Oh, and it’s possible in it I go totally off on an American literary icon whose name rhymes with moose.
