

Brain Quest Preschool Revised 4th Edition 300 Questions And Answers To Get A Smart Start

Workbook is "jam-packed with activities based on parts of speech, writing, reading, word problems, natural science, timelines, and more."--Back cover.

6th graders can reinforce what they learn in school with a workbook from Brain Quest. The book boasts 300 pages jam-packed with curriculum-based activities and exercises in every subject, with a focus on math and language arts. Original full-color illustrations throughout give the book a bright, lively style that will appeal to older kids. It is engaging, user-friendly, and written to make schoolwork fun. Sixth graders will delve into research and analysis, metaphor and meaning, ratios and proportions, expressions and equations, and geometry. The workbook covers spelling and vocabulary, writing, social studies, science, and more. Written in consultation with the Brain Quest Advisory Panel of award-winning teachers specific to each grade level, and with all content aligned with Common Core standards. Plus fun stuff: Each workbook comes with a mini-deck with 100 all-new Brain Quest questions and answers.

Introducing an exciting new addition to the series that makes learning stick! In Oceans, meet an amazing diversity of species, from the shorebirds that patrol the beaches to the anglerfish and other bizarre creatures that lurk in the depths. And did you know that scientists believe the ocean may be home to as many as two million types of animals unknown to humans? Includes six sticker pages with tons of colorful stickers. Peel them off to discover the fascinating fun facts underneath! The stickers can then be used to decorate and personalize the twenty activity pages. When all of its stickers have been removed, each sticker page transforms into a beautifully designed full-color fact sheet.

Jam-packed with hundreds of curriculum-based activities, exercises and games in every subject, Brain Quest Kindergarten Workbook reinforces what kids are learning in the classroom. The workbook's lively layout and easy-to-follow explanations make learning fun, interactive, and concrete. Plus it's written to help parents follow and explain key concepts. Includes ABCs, 123s, mazes, "paint by letters," sorting games, phonics, shapes and colors, money, telling time, and much, much more.

Brain Quest: Grade 6

How does the brain control the rest of the body? How does it enable the senses, regulate speech, affect balance, and influence sleep and dreams? These 30 full-page illustrations to color help explain every aspect of the brain's

big job, from communicating with the central nervous system to retaining memories.

Getting comfortable with the alphabet is a big step towards learning to read. These brand new flashcards are designed to help children get ahead, prepare for kindergarten, and develop a love of learning--and best of all, to have fun doing it! The box contains 230 flashcards with colorful illustrations, plus 10 blank cards that children can illustrate themselves.

Now first- and second-graders can really sharpen their skills. Announcing Brain Quest Math and Brain Quest Reading, a natural extension of Brain Quest into single-subject tutorials. Using the same curriculum-based, question-and-answer format that has made Brain Quest America's #1 educational bestseller with over 16 million copies in print, Math and Reading concentrate on the two subjects that are of paramount importance for parents, teachers, and especially the kids. Math is as focused as flash cards, but with far more range, interactivity, and educational value. Each grade comprises two decks. 1st Grade has five questions to a card, covering Numeration, or the basics of numbers; Bits & Pieces, including shapes and equivalents; Computation-addition and subtraction; Measurements; and Problem-Solving. 2nd Grade, with seven questions to a card, adds two new categories to the original five-Super Computation, which has more complicated operations, and Fun with Numbers. Reading takes a thorough approach to working on the fundamentals of reading and language arts. First comes an original one-page story illustrated in full-color, with 56 stories per grade. Following the story card is a comprehension card, quizzing the reader about the story, its characters, and content. Following that card is a second question card-five questions for 1st Grade, seven for 2nd Grade-on Grammar, Word Choice, Phonics, Vocabulary, Extensions, and Mixed Bag. A strong foundation in math, a strong foundation in reading-that's what elementary education is all about. Making it fun to learn is what Brain Quest is all about-that, and reinforcing the idea that It's O.K. to Be Smart!

***A 2016 National Parenting Product Awards (NAPPA) winner The timeless appeal of alphabet books meets the patented technology of Scanimation. Scanimation is a state-of-the-art animation process that creates the illusion of movement in each picture. In terms kids can relate to, it's like a video without a screen. ABC Animals presents the alphabet as it's never been seen before. In a romping, stomping journey from A to Z, watch the Alligator snap, the Bats swooping, the Camel trot. There's L for the Lion proudly prowling along, and M for the Mouse scurrying inside his wheel. And it all culminates in the largest Scanimation image yet: Z, for Zoo, where all the animals gather to play. Each page is a marvel that brings animals, along with one shining star, to life with art that literally moves. It's impossible not to flip the page, and flip it again, and again, and again.
