"A love story at its core, though one without an ending written in the stars.

. . . Timely and insightful." --Karma Brown, #1 bestselling author of Recipe for a Perfect Wife For fans of Joanne Ramos, Josie Silver, and Emily Giffin, a gripping and powerful story that asks: Just how much are you willing to forgive in the name of love? Brooke has long been caught in the orbit of Derek, a rising political superstar. First he was her boss, then they were friends and she became his confidant, the one person he shared everything with. And even though she had feelings for him--it was hard to resist; he's charming and handsome, respected and beloved--she never dreamed he'd feel the same way. Derek is so much older and could have anyone he wanted. But it

turns out that who Derek wants is Brooke, and suddenly none of the reasons they shouldn't be together matter. They fall in love. And even though Brooke has to keep the relationship a secret--stealing weekends away with him, late nights with takeout after long days at work, and business trips that are always a romantic whirlwind--being close to him and her dreams of their future make everything worth it. Then it all falls apart, and Brooke is left holding the pieces of the life they'd shared. Derek becomes embroiled in a scandal--the kind Brooke never could have imagined he'd be involved in--and she is forced to re-examine their relationship and make sense of the man she loves.

Poignant, heart-stopping, and resonant, *Waiting for a Star to Fall* is a story about love, the things we choose to believe, and how sometimes the path to happily ever after has to start with ourselves.

A blistering novel about a writer's creative response to the daily onslaught of fake news, memory, and the ways in which truth gives over to fiction "An absorbing portrait of an inspired artist in the midst of our maddening cultural moment" —Ayad Akhtar, author of Homeland Elegies

*When Satya, a professor and author, attends a prestigious artists' retreat to write, he finds the pressures of the outside world won't let up: the president rages online; a dangerous virus envelops the globe; and the twenty-four-hour news cycle throws fuel on every fire. For most of the retreat fellows, such stories are unbearable distractions, but for Satya, who sees them play out in both America and his native India, these Orwellian interruptions begin to crystallize into an idea for his new novel, *Enemies of the People*, about the lies we tell ourselves and one another. Satya scours his life for instances in which truth bends toward the imagined and misinformation is mistaken as fact. Mixing Satya's experiences—as a father, husband, and American immigrant—with newspaper clippings, the president's tweets, and observations on famous works of*

art, A Time Outside This Time captures a feverish political moment with intelligence, beauty, and an eye for the uncanny. It is a brilliant interrogation on life in a post-truth era and an attempt to imagine a time outside this one.

LONGLISTED FOR THE STORY PRIZE Named one of the Best Books of the Year by Bustle and Lit Hub A fiercely empathetic group portrait of the marginalized and outcast in moments of crisis, from one of the most galvanizing voices in American fiction. Lidia Yuknavitch is a writer of rare insight into the jagged boundaries between pain and survival. Her characters are scarred by the unchecked hungers of others and themselves, yet determined to find salvation within lives that can feel beyond their control. In novels such as *The Small Backs of Children* and *The Book of Joan*, she has captivated readers with stories of visceral power. Now, in *Verge*, she offers a shard-sharp mosaic portrait of human resilience on the margins. The landscape of *Verge* is peopled with

characters who are innocent and imperfect, wise and endangered: an eight-year-old black-market medical courier, a restless lover haunted by memories of his mother, a teenage girl gazing out her attic window at a nearby prison, all of them wounded but grasping toward transcendence. Clear-eyed yet inspiring, Verge challenges us with moments of uncomfortable truth, even as it urges us to place our faith not in the flimsy guardrails of society but in the memories held—and told—by our own individual bodies.

Arresting, darkly funny, and unsettling, Chouette is a brilliant exploration of ambition, sacrifice, perceptions of ability, and the ferocity of motherly love.

An inspirational memoir about how Jennifer Pastiloff's years of waitressing taught her to seek out unexpected beauty, how hearing loss taught her to listen fiercely, how being vulnerable allowed her to find love, and how imperfections can lead to a life full of wild happiness.

Centered around the touchstone stories Jen tells in her popular workshops, *On Being Human* is the story of how a starved person grew into the exuberant woman she was meant to be all along by battling the demons within and winning. Jen did not intend to become a yoga teacher, but when she was given the opportunity to host her own retreats, she left her thirteen-year waitressing job and said "yes," despite crippling fears of her inexperience and her own potential. After years of feeling

depressed, anxious, and hopeless, in a life that seemed to have no escape, she healed her own heart by caring for others. She has learned to fiercely listen despite being nearly deaf, to banish shame attached to a body mass index, and to rebuild a family after the debilitating loss of her father when she was eight. Through her journey, Jen conveys the experience most of us are missing in our lives: being heard and being told, "I got you." Exuberant, triumphantly messy, and brave, On Being Human is a celebration of happiness and self-realization over darkness and doubt. Her complicated yet imperfectly perfect life path is an inspiration to live outside the box and to reject the all-too-common belief of "I am not enough." Jen will help readers find, accept, and embrace their own vulnerability, bravery, and humanness. Literary Nonfiction. How did Cheryl Strayed turn a solo hike into an inspirational memoir, beloved by millions? Memoirist and professor Alden Jones sets out to explore why. But when a sudden personal crisis occurs while she is writing, Jones realizes she must confront some difficult truths, both in her life and on the page. *THE WANTING WAS A WILDERNESS* is a profoundly original work that blends criticism, craft analysis, and a memoir of Jones's own time in the wilderness. The result is a celebration of WILD and a map of our long path to self-discovery. "Alden Jones intended to write a reckoning with a contemporary literary classic--but she has written far more than that. To carefully dissect Wild, she finds she must consider her own quests: her own time in the wild; her self-discoveries as a queer woman; and how she can both live and tell an authentic story. This is a beautiful, lyric, unexpected book about the power of memoir and how desire both leads us into the wilderness and makes for us a map. *THE WANTING WAS A WILDERNESS* is book for readers, true readers, to

Embedded in the saga of her own wilderness trek is Jones's open-eyed and completely compelling account of the dynamics of love and sexuality. The book builds itself beautifully as Jones keeps asking herself how to best present her story. Alden Jones explores her own private wilderness as she takes us along on Cheryl Strayed's hike. final seconds of the women's team sprint freestyle race, Jessie Diggins dug deep. Blowing past two of the best sprinters in the world, she stretched her ski boot across the finish line and lunged straight into Olympic immortality: the first ever cross-country skiing gold medal for the United States at the Winter Games. The 26-year-old Diggins, a four-time World Championship medalist, was literally a world away from the small town of Afton, Minnesota, where she first strapped on skis. Yet, for all her history-making achievements, she had never strayed far from the scrappy 12-year-old who had insisted on portaging her own canoe through the wilderness, yelling happily under the unwieldy weight on her shoulders: "Look! I'm doing it!" In Brave Enough, Jessie Diggins reveals the true story of her journey from the American Midwest into sports history. With candid charm and characteristic grit, she connects the dots from her free-spirited upbringing in the woods of Minnesota to racing in the bright spotlights of the Olympics. Going far beyond stories of races and ribbons, she describes the challenges and frustrations of becoming a serious athlete; learning how to push through and beyond physical and psychological limits; and the intense pressure of competing at the highest levels. She openly shares her harrowing struggle with bulimia, recounting both the adversity and how she healed from it in order to bring hope and understanding to others experiencing eating disorders. Between thrilling accounts of moments of triumph, Diggins shows the determination it takes to get there—the struggles and disappointments, the fun and the hard work, and the importance of listening to

Acceptance is a small, quiet room. Romantic love is not a competitive sport. Forward is the direction of real life. Brave Enough gathers more than 100 of these “mini-instruction manuals for the soul,” urging us toward the incredible capacity for love, compassion, forgiveness, and endurance that is within us all.

A “hauntingly beautiful memoir about family and identity” (NPR) and a young woman's journey to understanding her complicated parents—her mother an Okinawan war bride, her father a Vietnam veteran—and her own, fraught cultural heritage. Elizabeth's mother was working as a nightclub hostess on U.S.-occupied Okinawa when she met the American soldier who would become her husband. The language barrier and power imbalance that defined their early relationship followed them to the predominantly white, upstate New York suburb where they moved to raise their only daughter. There, Elizabeth grew up with the trappings of a typical American childhood and adolescence. Yet even though she felt almost no connection to her mother's distant home, she also felt out of place among her peers. Decades later, Elizabeth comes to recognize the shame and self-loathing that haunt both her and her mother, and attempts a form of

reconciliation, not only to come to terms with the embattled dynamics of her family but also to reckon with the injustices that reverberate throughout the history of Okinawa and its people. Clear-eyed and profoundly humane, *Speak*, Okinawa is a startling accomplishment—a heartfelt exploration of identity, inheritance, forgiveness, and what it means to be an American.

From the author of the New York Times bestselling *Bad Boys* novels comes another dark, sexy story... Is she brave enough to give her heart to a man she only thought she knew? He was the most charismatic man I'd ever met. Strong, tough, brave. Bold as hell. Something told me Tag Barton could have anything--anyone--he wanted...and he wanted me. It didn't matter that he was wrong for me in practically every way possible. It didn't matter that my father would hate it. I couldn't resist him. Even if I'd known who he really was and what he was really capable of. When he suggested we pretend to be engaged, I thought he was the answer to all my problems. He wasn't. And, in his wake, he left nothing but scorched earth and me, just another casualty of my father's war. Can I believe him now when he tells me he loves me? Or is he nothing more than a beautiful, breathtaking lie?

In posh Laguna Beach, murder has gone to the dogs. When Caro Lamont, former psychologist turned pet therapist makes a house call to help Kevin Blackstone with his two misbehaving German Shepherd dogs, she expects frantic dogs, she expects a frantic dog owner, she even expects frantic neighbors. What she doesn't expect is that two hours later the police will find Kevin dead, his dogs impounded; and that as the last person to see Kevin alive (well, except for the killer) she is suddenly a person of interest, at least according to Homicide Detective Judd Malone. A Journey From Lost to Found. At 26, Cheryl Strayed thought she had lost everything. In the wake of her mother's rapid death from cancer, her family disbanded and her marriage crumbled. With nothing to lose, she made the most impulsive decision of her life: to walk eleven-hundred miles of the west coast of America - from the Mojave Desert, through California and Oregon, and into Washington State - and to do it alone. She had no experience of long-distance hiking and the journey was nothing more

than a line on the map. This account captures the agonies - both mental and physical - of her incredible journey.
