

Broken Honor Hornet Autopr Ndigos

"A can't-put-it-down modern Western."
█Kirk Siegler, NPR Longlisted for the PEN/ESPN Award for Literary Sports Writing
The Last Cowboys is Pulitzer Prize-winning reporter John Branch's epic tale of one American family struggling to hold on to the fading vestiges of the Old West. For generations, the Wrights of southern Utah have raised cattle and world-champion saddle-bronc riders;many call them the most successful rodeo family in history. Now they find themselves fighting to save their land and livelihood as the West is transformed by urbanization, battered by drought, and rearranged by public-land disputes. Could rodeo, of all things, be the answer? Written with great lyricism and filled with vivid scenes of heartache and broken bones, The Last Cowboys is a powerful testament to the grit and integrity that fuel the American Dream.
The New York Times bestselling official companion book to the Emmy® Award-winning HBO® miniseries. Between America's retreat from China in late November 1941 and the moment General MacArthur's airplane touched down on the Japanese mainland in August of 1945, five men connected by happenstance fought the key battles of the war against Japan. From the debacle in Bataan, to the miracle at Midway and the relentless vortex of Guadalcanal, their solemn oaths to their country later led one to the Great Marianas Turkey Shoot and the others to the coral strongholds of Peleliu, the black terraces of Iwo Jima and the killing fields of Okinawa, until at last the survivors enjoyed a triumphant, yet uneasy, return home. In The Pacific, Hugh Ambrose focuses on the real-life stories of five men who put their lives on the line for our country. To deepen the story revealed in the HBO® miniseries and go beyond it, the book dares to chart a great ocean of enmity known as the Pacific and the brave men who fought.

"This fascinating little volume explores the stuff that dreams are made of and the role the pandemic is playing in them. The dreams from Barrett's survey are riveting vignettes--from terrifying to touching to hilarious. Her decades of scientific research and clinical practice inform incisive commentary on what these dreams reveal about society's response. She offers simple exercises for managing anxieties over COVID-19 and for inspiring adaptation in this unique period of history. A great read!"
-Amy Tan, author of The Joy Luck Club
DREAM: I looked down at my stomach and saw dark blue stripes. I "remembered" these were the first sign of being infected with COVID-19. DREAM: My home was a Covid-19 test center. People weren't wearing masks. I'm taken aback because I wasn't asked to be a test site. I'm worried that my husband and son (who actually lives out of state) will catch it because of my job as a healthcare worker. DREAM: I was a giant antibody. I was so angry about COVID-19 that it gave me superpowers, and I rampaged around attacking all the virus I could find. I woke so energized! Since the COVID-19 pandemic swept around the world, people have reported unusually a vivid and bizarre dream lives. The virus itself is the star of many--literally or in one of its metaphoric guises. As a dream researcher at Harvard Medical School, Deirdre Barrett was immediately curious to see what our dream lives would tell us about our deepest reactions to this unprecedented disaster. Pandemic Dreams draws on her survey of over 9,000 dreams about the COVID-19 crisis. It describes how dreaming has reflected each aspect of the pandemic: fear of catching the virus, reactions to sheltering at home, work changes, homeschooling, and an individual's increased isolation or crowding. Some patterns are quite similar to other crises Dr. Barrett has studied such as 9/11, Kuwaitis during the Iraqi Occupation, POWs in WWII Nazi prison camps, and Middle Easterners during the Arab Spring. There are some very distinctive metaphors for COVID-19, however: bug-attack dreams and ones of invisible monsters. These reflect that this crisis is less visible or concrete than others we have faced. Over the past three months, dreams have progressed from fearful depictions of the mysterious new threat . . . to impatience with restrictions . . . to more fear again as the world begins to reopen. And dreams have just begun to consider the big picture: how society may change. The book offers guidance on how we can best utilize our newly supercharged dream lives to aid us through the crisis and beyond. It explains practical exercises for dream interpretation, reduction of nightmares, and incubation of helpful, problem-solving dreams. It also examines the larger arena of what these collective dreams tell us about our instinctive, unconscious responses to the threat and how we might integrate them for more livable policies through these times. Deirdre Barrett, PhD is a dream researcher at Harvard Medical School. She has written five books including Pandemic Dreams and The Committee of Sleep, and edited four including Trauma and Dreams. She is Past President of The International Association for the Study of Dreams and editor of its journal, DREAMING.

From renowned Newbery-winning author Jerry Spinelli comes a powerful story about how not fitting in just might lead to an incredible life. This classic book is perfect for fans of Gordon Korman and Carl Hiaasen. Just like other kids, Zinkoff rides his bike, hopes for snow days, and wants to be like his dad when he grows up. But Zinkoff also raises his hand with all the wrong answers, trips over his own feet, and falls down with laughter over a word like "Jabip." Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero." With some of his finest writing to date and great wit and humor, Jerry Spinelli creates a story about a boy's individuality surpassing the need to fit in and the genuine importance of failure. As readers follow Zinkoff from first through sixth grade, it becomes impossible not to identify with and root for him through failures and triumphs. The perfect classroom read.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader’s Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurbj adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of The Immortal Life of Henrietta Lacks

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. “I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

"A Young Readers Edition of the inspiring true story of Air National Guard Major and Purple Heart recipient Mary Jennings Hegar"--JcProvided by publisher.

"In writing No More Vietnams, Richard Nixon-with the unique perspective of the man who served us America's commander-in-chief during the war's most difficult stage-has set out to dispel the myths of Vietnam, and to show why we failed in Vietnam, and to contribute to the development of policies that will help avoid such failures in the future. In doing so, President Nixon analyzes the role that four presidents, the military, the Congress, the media, and the antiwar movement played in the Vietnam debacle." -- Front jacket flap

Part of the Bruce Lee's Fighting Method series, this book teaches how to perform jeet kune do's devastating strikes and exploit an opponent's weaknesses with crafty counterattacks like finger jabs and spin kicks.

Often called the father of the Theater of the Absurd, Eugène Ionesco wrote groundbreaking plays that are simultaneously hilarious, tragic, and profound. Now his classic one acts The Bald Soprano and The Lesson are available in an exciting new translation by Pulitzer Prize-finalist Tina Howe, noted heir of Ionesco's absurdist vision, acclaimed by Frank Rich as “one of the smartest playwrights we have.” In The Bald Soprano Ionesco throws together a cast of characters including the quintessential British middle-class family the Smiths, their guests the Martins, their maid Mary, and a fire chief determined to extinguish all fires — including their hearths. It’s an archetypical absurdist tale and Ionesco displays his profound take on the problems inherent in modern communication. The Lesson illustrates Ionesco's comic genius, where insanity and farce collide as a professor becomes increasingly frustrated with his hapless student, and the student with his mad teacher.

Welcome back to the brash, brutal new world of the twenty-fifth century: where global politics isn’t just for planet Earth anymore; and where death is just a break in the action, thanks to the techno-miracle that can preserve human consciousness and download it into one new body after another. Cynical, quick-on-the-trigger Takeshi Kovacs, the ex-U.N. envoy turned private eye, has changed careers, and bodies, once more . . . trading sleuthing for soldiering as a warrior-for-hire, and helping a far-flung planet’s government put down a bloody revolution. But when it comes to taking sides, the only one Kovacs is ever really on is his own. So when a rogue pilot and a sleazy corporate fat cat offer him a lucrative role in a treacherous treasure hunt, he’s only too happy to go AWOL with a band of resurrected soldiers of fortune. All that stands between them and the ancient alien spacecraft they mean to salvage are a massacred city bathed in deadly radiation, unleashed nanotechnolgy with a million ways to kill, and whatever surprises the highly advanced Martian race may have in store. But armed with his genetically engineered instincts, and his trusty twin Kalashnikovs, Takeshi is ready to take on anything—and let the devil take whoever’s left behind.

Jesse Warrick used to consider himself a kickass medic, but a teammate's brush with death has him questioning everything. Now he's been promoted to field commander of HORNET. How can he lead when he can't get his shit together? And how can he focus when the sexy new recruit makes him want to break the rules? Lanie Delcambre can't seem to find solid footing within the elite hostage rescue team. Worse, the man she's loved for most of her life is now her boss. She'd kill to act on the chemistry between her and Jesse, but she can't risk ruining her career. It was only supposed to be a training mission. No live ammo, no hostages, and no real bad guys—only someone didn't give the bad guys that memo. When their hotel is taken hostage with half of HORNET inside, Jesse and Lanie are the team's only hope of escaping alive... Each book in the HORNET series is a standalone story that can be enjoyed out of order. The Amazing Untold Story of World War II Spy Thomas Sneum

Fleeing home from his military service in Afghanistan when his wife dies in an apparent freak household accident, Dr. Mike Scanlon struggles with the tragedy, his inability to bond with his new baby daughter and a downsizing in his medical practice only to discover a shocking secret that changes his understanding of everything. By the Edgar Award-winning author of Come Home. 300,000 first printing.

In this #1 New York Times bestseller, Nora Roberts takes readers deep into the rugged hills of South Dakota, where the shadows keep secrets, hunters stalk the land, and a friendship matures into something more... Cooper Sullivan spent the summers of his youth on his grandparents’ South Dakota ranch, sharing innocent games and stolen kisses with the neighbor girl, Lil Chance. Now, twelve years after they last walked together hand in hand, fate has brought them back to the Black Hills. Though the memory of Coop’s touch still haunts her, Lil has let nothing stop her dream of opening the Chance Wildlife Refuge, but something—or someone—has been keeping a close watch. When small pranks and acts of destruction escalate into a heartless attack on Lil’s beloved cougar, memories of an unsolved murder have Coop springing to action to keep Lil safe. Both of them know the natural dangers that lurk in the wild landscape of the Black Hills. But a killer of twisted and unnatural instincts has singled them out as prey...

2nd Edition: A manual for those going through spiritual journeys and kundalini awakenings. Listing symptoms, practices and health suggestions to reassure the reader that transmutation and the evolutionary process of metamorphosis is both normal and essential to the "deeper" experience of being human. Evolutionary biologists and neurologists may find some clues in this book to aid their research.

On 8 November 2004, the largest battle of the War on Terror began, with the US Army's assault on Fallujah and its network of tens of thousands of insurgents hiding in fortified bunkers, on rooftops, and inside booby-trapped houses. For Sgt. David Bellavia of 3rd Platoon, Alpha Company, it quickly turned into a battle on foot, from street to street and house to house. On the second day, he and his men laid siege to a mosque, only to be driven to a rooftop and surrounded, before heavy artillery could smash through to rescue them. By the third day, Bellavia charges an insurgent-filled house and finds himself trapped with six enemy fighters. One by one, he shoots, wrestles, stabs, and kills five of them, until his men arrive to take care of the final target. It is one of the most hair-raising battle stories of any age -- yet it does not spell the end of Bellavia's service. It would take several more weeks before the Battle of Fallujah finally came to a close, with Bellavia, miraculously, alive. In the words of the author: "HOUSE TO HOUSE holds nothing back. It is a raw, gritty look at killing and combat and how men react to it. It is gut-wrenching, shocking and brutal. It is honest. It is not a glorification of war. Yet it will not shy from acknowledging this: sometimes it takes something as terrible as war for the full beauty of the human spirit to emerge."

An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests

In this book you will discover "how good teachers across America have been forced to use controversial, non-academic methodology in their classrooms; how "school choice" is being used to further dangerous reform goals, and how home schooling and private education are especially vulnerable; how workforce training (school-to-work) is an essential part of an overall plan for a global economy, and how this plan will shortcircuit your child's future career plans and opportunities; [and] how the international, national, regional, state and local agendas for education reform are all interconnected and have been for decades. The deliberate dumbing down of America is a chronological history of the past 100+ years of education reform. Each chapter takes a period of history and recounts the significant events, including important geopolitical and societal contextual information. Citations from government plans, policy documents, and key writings by leading reformers record the rise of the modern education reform movement"--Website: http://www.deliberatedumbingdown.com/book.htm.

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America ’s best-loved novels by PBS ’s The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother ’s infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

While going through the possessions of a deceased guest who owed them money, the mistress of the inn and her son find a treasure map that leads them to a pirate's fortune.

#1 New York Times bestselling author Christine Feehan returns to the mysterious coastal town of Sea Haven where a woman is stalked by her inescapable past in the fourth novel in the Sisters of the Heart series. On the shores of Sea Haven, six women touched by great loss have come together in a sisterhood strengthened by the elements—a bond each will need as new love and danger enter their lives... After escaping from a cult, Lexi found refuge with her sisters on the farm that more than sustained her body—it nurtured her soul as well. But she never forgot the terror she left behind or the always present fear that the cult would find her again, and claim her. Then her nightmare came true. Lexi was discovered and threatened—only to be suddenly saved by a stranger. He is Gavriil Prakenskii, and he ’s awestruck by the woman he ’s rescued. She is destined for him. He can feel it in his soul. But how can Lexi find happiness with a man steeped in secrets and shadows, one intimately acquainted with violence, and whose very love could be the death of them?

Biology of Kundalini

Woken Furies

Naval Actions of the War of 1812

Based on hundreds of hours of interviews with Sneum, Mark Ryan describes how Tommy made an incredible escape from Denmark in a battered old Hornet Moth aircraft - which he had to refuel in mid-air by climbing out on the wing. Later, he escaped from Denmark again - by walking across a treacherous frozen sea on which two of his companions died. Tommy brought over precious intelligence about the Nazi radar installations in Denmark and their atom bomb - his reward was to be imprisoned in Brixton as a suspected double agent and threatened with execution. He cheated the hangman - but it is only with the publication of this enthralling book that Sneum can be celebrated as, in the words of Professor R.V. Jones, Churchill’s chief of scientific intelligence, ‘one of the true heroes of World War II’.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy.As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy.Pinocchio, The Tale of a Puppet is a novel

for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

First published in 2003. The NATO-led Operation Allied Force was fought in 1999 to stop Serb atrocities against ethnic Albanians in Kosovo. This war, as noted by the distinguished military historian John Keegan, "marked a real turning point . . . and proved that a war can be won by airpower alone." Colonels Haave and Haun have organized firsthand accounts of some of the people who provided that airpower-the members of the 40th Expeditionary Operations Group. Their descriptions-a new wingman's first combat sortie, a support officer's view of a fighter squadron relocation during combat, and a Sandy's leadership in finding and rescuing a downed F-117 pilot-provide the reader with a legitimate insight into an air war at the tactical level and the airpower that helped convince the Serbian president, Slobodan Milosevic, to capitulate.

Read One Man's Success Story and Let It Inspire You to Create Your Own! Mark LaVerdiere always had a goal. From his first trip into the air with his father as a young boy, he followed his dream of becoming a Fighter Pilot. Some dream of being a Fighter Pilot; a select few strive to become one. Battling with self-confidence and coming up against unforeseen physical obstacles, Mark continued on, focused on his dream. Along the way he was inspired by a team of amazing people who helped him reach his ultimate goal - and helped him become the great success he is today - of being a successful Fighter Pilot. A Fighter Pilot's Story: An Inspirational Journey from Failure to Success shares one man's story about hopes, dreams, and challenges and overcoming those challenges in pursuit of fulfilling a dream. Whether health issues, finances, family or even employment, what is important at the end of the day is how you handle the situation. A Fighter Pilot's Story from page one takes you on a truly inspirational journey from one page to the next. This book will strengthen you to move in the midst of challenges and encourage you to kick your fears to the rear and reach for the stars. The Hornet's Sting

A-10s Over Kosovo

Mixing classic noir sensibilities with a searing futuristic vision of an age when death is nearly meaningless, Richard K. Morgan returns to his saga of betrayal, mystery, and revenge, as Takeshi Kovacs, in one fatal moment, joins forces with a mysterious woman who may have the power to shatter Harlan's World forever. Once a gang member, then a marine, then a galaxy-hopping Envoy trained to wreak slaughter and suppression across the stars, a bleeding, wounded Kovacs was chilling out in a New Hokkaido bar when some so-called holy men descended on a slim beauty with tangled, hyperwired hair. An act of quixotic chivalry later and Kovacs was in deep: mixed up with a woman with two names, many powers, and one explosive history. In a world where the real and virtual are one and the same and the dead can come back to life, the damsel in distress may be none other than the infamous Quellcrist Falconer, the vaporized symbol of a freedom now gone from Harlan's World. Kovacs can deal with the madness of AI. He can do his part in a battle against biomachines gone wild, search for a three-centuries-old missing weapons system, and live with a blood feud with the yakuza, and even with the betrayal of people he once trusted. But when his relationship with "the" Falconer brings him an enemy specially designed to destroy him, he knows it's time to be afraid. After all, the guy sent to kill him is himself: but younger, stronger, and straight out of hell. Wild, provocative, and riveting, Woken Furies is a full-bore science fiction spectacular of the highest order—from one of the most original and spellbinding storytellers at work today.

Ice-cold and unbreakable, Travis Quinn is the HORNET team's hard-ass. No weaknesses. Except, of course, for the accident that not only destroyed his career as a Navy SEAL, but left terrifying blanks in his memory. But Travis remembers everything about Mara Escareno—the curve of her lips, the feel of her body...and how he walked out on her suddenly six weeks ago. Mara could never resist the dangerously sexy Travis, which is probably how she ended up pregnant and disowned by her family. But before Travis can fully process the news, Mara is kidnapped by his enemies and plunged into the violent, merciless world of human trafficking. They want Travis—and the information locked within his damaged memory—no matter the cost. And now Travis's enemies have discovered his only weakness...Mara. Each book in the HORNET series is a standalone story that can be enjoyed out of order. Former Marine sniper Seth Harlan is new to HORNET and anxious to prove he can still do his job despite an ongoing battle with PTSD. He remembers all too well what it's like to sit inside an enemy camp, praying for rescue and waiting for death, so when a wounded veteran contacts HORNET to rescue a buddy that got left behind, all sorts of nasty memories strain his newfound stability. An interview with a runaway Afghani child bride leads photojournalist Phoebe Leighton to an arms deal involving a suitcase bomb powerful enough to wipe out a mid-sized town, and she realizes this is one battle she can't win on her own. Forming an unlikely alliance with a ragtag team of military and government delinquents, she meets Seth, a sniper carrying as many emotional scars as physical, who impresses her with his steely will and ignites passions within her she thought long dead. Suddenly this mission is about a lot more than an abandoned soldier. Racing against the clock, Seth, Phoebe, and the rest of HORNET struggle to stop that bomb before it reaches its final destination: The United States. Each book in the HORNET series is a standalone story that can be enjoyed out of order. Series Order: Book #1 SEAL of Honor Book #2 Honor Reclaimed Book #3 Broken Honor Book #4 Code of Honor Book #5 Reckless Honor

Jean-Luc Cavalier has only ever cared about three things: sex, booze, and the dangerous missions he undertakes with HORNET. Laissez les bons temps rouler is more than a Mardi Gras motto—it's the way he lives his life. But all that changes the night he rescues Dr. Claire Oliver from deadly mercenaries. Now he can't get the gorgeous blond virologist out of his head. Claire is running for her life.

Someone wants her antiviral research and they're willing to kill anyone and everyone to get it. She has no one to turn to except a womanizing Cajun with a silver tongue and devastating smile. But when an ultra-deadly virus decimates the Niger Delta, saving Claire and her research becomes the least of HORNET's concerns. The virus has all the markings of a bioweapon and Nigeria is only the testing grounds... Each book in the HORNET series is a standalone story that can be enjoyed out of order. Are morals always relative? Are private actions--among consenting adults--always beyond the law? Or are there some behaviors which so weaken a society that common beliefs about right and wrong must be enforced to protect the common good? In opposing the decriminalization of private acts of homosexuality in Britain, Patrick Devlin maintained that not only is it reasonable to allow popular morality to influence lawmaking, it is imperative: ". . . For a society is not something that is kept together physically; it is held by the invisible bonds of common thought." Some sidestep this controversial issue by asserting that the law should not be used to enforce any morality. Others invoke John Stuart Mill's doctrine that the only purpose for laws governing any member of society is to prevent harm to others, chiefly physical harm. But, Devlin argued, while breaches of shared morality do not cause harm to other individuals in the way that murder and assault do, they do harm society by undermining its moral structure. Patrick Devlin (1905-1992) studied history and law at Cambridge University and became a successful lawyer.

Rita, Dan, Max and Ted are on the move in Trucktown! Kids will have hands-on fun with a movable part on each spread! Swing Wrecker Rosie's wrecking ball, spin Monster Truck Max's wheel, dump gravel from Dump Truck Dan's bed, and move Tow Truck Ted's hook up and down as he saves a good friend!

Leah Giancarelli makes balancing her new role as a single mom look easy, but she'd have crumbled if not for her late husband's best friend, Marcus. She has her issues with HORNET, an elite hostage rescue team—after all, Danny would still be alive if he'd never accompanied them on their last mission—but Marcus has always been by her side, a strong shoulder to lean on... Until, after one impulsive kiss, he's so much more. Eaten alive by guilt, Marcus takes off, leaving both HORNET and Leah behind. Alone is easier. Safer. Because his feelings for Leah are all kinds of wrong, the worst kind of betrayal, and he can't trust himself not to act on them. But Danny's death was only the beginning. Whoever hired the hitman is looking for something, and they think Leah knows where it is... THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

It's a good thing Gabe Bristow lives and breathes the Navy SEAL credo, "the only easy day was yesterday," because today, his life is unrecognizable. When his prestigious career comes to a crashing halt, he's left with a bum leg and few prospects for employment that don't include a desk. That is, until he's offered the chance to command a private hostage rescue team and free a wealthy American businessman from Colombian paramilitary rebels. It seems like a good deal—until he meets his new team: a drunk Cajun linguist, a boy-genius CIA threat analyst, an FBI negotiator with mob ties, a cowboy medic, and an EOD expert as volatile as the bombs he defuses. Oh, and who could forget the sexy, frustratingly impulsive Audrey Van Amee? She's determined to help rescue her brother—or drive Gabe crazy. Whichever comes first. As the death toll rises, Gabe's team of delinquents must figure out how to work together long enough to save the day. Or, at least, not get themselves killed. Because Gabe's finally found something worth living for, and God help him if he can't bring her brother back alive. Each book in the HORNET series is a standalone story that can be enjoyed out of order. Series Order: Book #1 SEAL of Honor Book #2 Honor Reclaimed Book #3 Broken Honor Book #4 Code of Honor Book #5 Reckless Honor

Lt. Michael Patrick Murphy, commander of Navy SEAL Team 10, posthumously received the Congressional Medal of Honor for his heroic actions on 28 June 2005 during a fierce battle with Taliban fighters in the remote mountains of eastern Afghanistan. Michael was the first recipient of the nation's highest military honor as a result of U.S. involvement in Afghanistan. He was also the first naval officer to earn the medal since the Vietnam War, and the first SEAL to be honored posthumously. A young man of great character, he is the subject of Naval Special Warfare courses on leadership, and an Arleigh Burke–class guided missile destroyer, naval base, school, post office, ball park, and hospital emergency room have all been named in his honor. In his bestselling book, Marcus Luttrell, the only survivor of Operation Red Wings, called Michael "the best officer I ever knew, an iron-souled warrior of colossal, almost unbelievable courage in the face of the enemy." SEAL of Honor tells the story of Michael's life and how he came to be that man of selfless courage and honor. This biography argues that his heroic action during the deadly firefight with the Taliban revealed his true character and attempts to answer why Michael readily sacrificed his life for his comrades. SEAL of Honor is the story of a valiant young man who was recognized by his peers for his compassion and leadership, because he was guided by an extraordinary sense of duty and responsibility. Tracing Michael's journey from a seemingly ordinary life on New York's Long Island to that remote mountainside in Afghanistan, SEAL of Honor portrays how he came to the moment of extraordinary heroism that made him the most celebrated Medal of Honor recipient since WWII. Moreover, the book brings the Afghan war back to the home front, focusing on the tight-knit Murphy family and the devastating effect his death had on them as they watched the story of Operation Red Wings unfold in the news. The book attempts to answer why Michael's service to his country and his comrades was a calling faithfully answered, a duty justly upheld, and a life, while all too short, well lived.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Pinocchio, the Tale of a Puppet

Code of Honor

On the Move!

And, The Lesson

The Enforcement of Morals

Suicide attacks on Israelis, bombings, assassinations, and bloodshed in Jerusalem, Gaza, and the West Bank dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of Saturday the 10th, the Six-Day War was a riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinckmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the region still faces today.
