When there's a disabled child in the family, how are normally developing siblings affected? According to Kate Strohm, a counselor and health educator, siblings of the disabled face particular emotional challenges that are often overlooked. Able siblings commonly struggle with feelings of isolation, grief, anger, and anxiety—and these and other emotional issues can have lifelong effects. Being the Other One is

based on the author's own experience (as a sibling of a sister with cerebral palsy) and on extensive interviews she conducted with siblings of all ages. In clear and compassionate terms, Strohm explores the often secret feelings of siblings and offers valuable strategies for coping with the challenges they face. *Being the Other One* reveals the difficulties faced by siblings at all stages of life, from early childhood through adulthood, when siblings must often assume responsibility for the care of their disabled brothers and sisters. Though the book looks honestly at the many challenges that

siblings face, it is full of encouragement and practical strategies. Strohm emphasizes that when siblings are able to clearly identify and openly express their feelings and concerns—and when parents and health professionals offer the needed support—siblings can thrive. This book includes writing exercises for personal exploration and a substantial resources section listing helpful books, organizations, and websites. In *Brother Sun, Sister Moon*, award-winning author Katherine Paterson re-imagines a hymn of praise originally written by Saint Francis of Assisi in 1224.

as backward, fanatical, and premodern by showing how Islamic nationalism and fundamentalism are by-products of modernity. Writing with a deep personal and scholarly concern for recent Iranian history, Moallem refers to the gendered notions of brother and sister as keys to understanding the invention of the Islamic ummat as a modern fraternal community. Using magazines, novels, and films, she offers a feminist transnational analysis of contemporary Iranian culture that questions dominant binaries of modern and traditional, West and East, secular and religious, and civilized and barbaric. There is much excitement for a big brother or big sister when a new baby comes home! Of course, a new baby can also perplex a big brother or sister. The combination of wise, comforting words written by author and expert maternity nurse Darlene

Stango and the fresh, sweet, and wry illustrations by artist Rose Holtermann will appeal to young, modern families. Nurse Stango lovingly and liltily teaches young siblings about what a new baby looks and acts like, and with kind and simple language, she comprehensively explains how babies need special care. She also explains to them that they will have many different feelings, some good, and some not so good, but the not-so-good feelings will pass with time. She reassures them that they are unique and very

loved while encouraging them to embrace their role as a big brother or sister. Becoming a Big Brother or Sister is the perfect gift for siblings about to experience a new baby in their home.
