Drawing on centuries of wisdom from the Christian ethical tradition, this book takes readers on a journey of self-examination, exploring why our hearts are captivated by glittery but false substitutes for true human goodness and happiness. The first edition sold 35,000 copies and was a C. S. Lewis Book Prize award winner. Now updated and revised throughout, the second edition includes a new chapter on grace and growth through the spiritual disciplines. Readers of *Wake Up, Woods* will see that Gillian Harris, Michael Homoya and Shane Gibson, through illustrations and text, present a captivating look into our forests' biodiversity, showing how species depend on plants for food and help assure plant reproduction. This book celebrates some of nature's most fascinating moments that happen in forests where we live and play.
