It provides students with the necessary knowledge for entry-level positions in industrial maintenance and prepares them for NIMS Level 1 credentialing"--

Riley Blakely and the remainder of Grandview High's french class is heading out on a school trip to Paris. The three weeks in Paris are supposed to be an 'educational opportunity' for this lot. But of course, these hormonal teenagers just cannot abide by the rules. The one rule set by their lovely Mr. Walker: You cannot room with somebody of the opposite gender.So what does this french class do? Room with the opposite gender, with a funny way of picking roommates. Chit picking. Because hormonal teenagers can just never get enough.Insert Asher West. Her not so secret annoying hater. It's a hate-hate relationship.He's the guy who picked Riley's name. He's the most popular guy in the freaking school and Riley? Not so much. Put the two together and you'll get a whole lot of arguments and awkward moments.They're roommates and they're stuck in Paris, the city of love and the city of lights

Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

By leveraging the secrets revealed in this book, people are going from struggling entrepreneurs to running successful businesses in just a few months. Throughout the 21 chapters you will find a step-by-step blueprint that teaches you how to grow your Instagram following fast, effortlessly drive massive traffic to your website, collect email leads like crazy, and generate predictable profits.

Recent changes in technology are making book writing faster, easier, and cheaper. Prospective authors will discover how to break the topic down, use Web resources, devise a layout process, improve material, evaluate publishing options, and develop an individualized and workable plan.

This true story of a boy who must overcome prejudice and weakness to treat a group of special needs children with the respect—and love—they deserve “will give your innards a bear hug. . . . You will read this book with a lump in your throat.” (Lincoln Journal) From Ron Jones, a teacher who started the classroom program that inspired the movie The Wave, comes a memoir about a life-changing year at Camp Wiggin would be filled with sunny days spent hiking, swimming, and boating. But when he arrives on day one, his illusions are quickly shattered. He knew that the kids would be “handicapped,” but he didn’t anticipate having to care for children who can barely walk or see or retain the use of their limbs. At first, the severity of the campers’ disabilities seems too much to bear. But every day group—kids who call themselves “the Acorn People” because of the acorn necklaces they wear around their necks. The campers teach him that, inside, they are the same as any average kid, and with encouragement, determination, and friendship, nothing is impossible. “A fantastic and beautiful story.”—Seattle Times “Uncomfortably moving, yet told in surprisingly unsentimental terms. . . . Succinct and gripping, the brief passages have been read.”—Houston Chronicle “Ron Jones’ true story of a group of handicapped children at summer camp is one of the most poignant, beautiful and eloquent tales to come this way in a long time.”—Flint Journal

“Tim McLaurin gives us the raw world of a Southern mill town, and a young man’s passage through its pity and terror to manhood. His is an extraordinary talent.” --James Dickey

This must-read for lovers of Stephen King’s The Shining will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls “A bloody, wonderfully creepy scare ride.” When her mom inherits an old, crumbling mansion, Seda’s almost excited to spend the summer there. The grounds are beautiful and it’s a creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they’re not going back to the city...or Seda’s friends and school. As the days grow shorter, Seda is filled with dread. They’re about to be cut off from the outside world, and she’s not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get a choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

101 Social Studies Activities for Curious Kids is a unique collection of easy and enjoyable writing activities designed to stimulate social awareness, creative thinking and self-expression in children ages six and older. Embracing the author's "if it's fun, kids will do it" educational philosophy, this book lets children explore the fundamental nature of community by getting them to write about what they know best - themselves. Divided into five critical social science strands - Relationships, Rules and Responsibilities; Traditions and Celebrations; Days Gone By; My Community; and The Global Village - this book uses simple directions and descriptive written examples to lead children through 101 timeless activities that will help them to establish important connections between past, present and future; to develop a basic understanding of heritage and citizenship and to begin to decipher their role as social beings in the local community and society at large.

Leadership & Management: Theory & Practice by Kris Cole focuses on comprehensive coverage of the core management units within the Diploma of Leadership and Management BSB51915 and Certificate IV in Leadership and Management BSB42015. This market-leading textbook provides students with rigorous information while balancing the key topics with a practical approach, through real-life case studies, examples and problem-solving techniques. It uses everyday business terms and language, putting management in a context that makes it easy to understand for all types of learners. Leadership & Management: Theory & Practice enables students to strengthen skills in areas such as managing poor performance, being more directive, and solving problems permanently. It is noted for its application across industry sectors and different types of business.

The essential resource for trainers and assessors. TRAINING IN AUSTRALIA continues to examine the impact of important developments in the training industry and the many changes this brings to the workplace. Conventional coronary angiography can lead to infections, injuries to the arteries, and in rare cases, heart attack or death. Using the new, rapidly developing technique of contrast-enhanced angiography (CEA), also known as magnetic resonance angiography (MRA), cardiologists can now quickly and effectively evaluate a broad range of vascular abnormalities, including the kinds of problems often seen with traditional echocardiography.

An Atlas of Contrast-Enhanced Angiography uses images taken directly from the magnetic resonance scanner to illustrate the application of CEA to all the common pathologies and anomalies seen in the cardiovascular system. It contains tables, charts, and line diagrams that delineate the angiograms. Authors Mohiaddin and Bunce supply explanatory text supporting and complementing the figures and providing clinical diagnoses and investigations of a multitude of normal and abnormal findings. A clinical aid to diagnosis and a review text containing bibliographic references and index. An Atlas of Contrast-Enhanced Angiography allows you to learn from the current leaders in the field. In addition, it provides you with a visual aide to the diagnosis and management of vascular disease.

A language syllabus blended with thorough exam practice and technique means that 'Gold' is a choice for mixed classes. Give students all the examination practice they want using the Exam Maximiser which has thorough exam training, tips and strategies, and a practice exam.

Bring the world into your classroom with this one-of-a-kind resource that covers teaching strategies for everything from current events to historical fiction to the seven continents. These strategies have been classroom-tested and are designed to encourage higher-level thinking as students play games, complete puzzles, keep a Geography notebook, have debates and construct life-size historical figures. Assessment forms and student achievement certificates are also included.

The Researcher's Bible provides an overview of the major quantitative and qualitative research methods in the social sciences. An ideal supplement to comprehensive books on research; ideal for professors, students, researchers, and professional managers hiring researchers. Includes the main sampling methods, major statistical concepts and data analysis techniques, observation approaches, etc.

Lack of Agility is the kiss of death. Position your company to succeed in world of change. To edge out the competition in today ' s disruptive environment, you need to ensure that your company is agile—that it can respond to change instantly and effectively. Because fast and furious change is the only thing you can count on in business today. Network expert Michael Arena helped enable GM ' s legendary turnaround. In these pages, he explains how you can transform your own company through the concept of adaptive space. Based on hundreds of interviews and the author ' s own groundbreaking study of dozens of organizations spanning a variety of

industries, Adaptive Space shows how to position your company for today—and for the future—by enabling creativity, innovation, and novel ideas to flow freely among teams, across departments, and throughout the company. Using GM as the main case study—along with the stories of other highly adaptive organizations, like Apple, Amazon, Disney, and Gore—Arena provides a model you can follow to reinvent your company. It ' s about inspiring employees to explore new ideas, empowering the most creative people and teams to spread their ideas across the organization, and operationalizing the entrepreneurial spirit so adaptability is set in stone. Hesitation is a killer in today ' s business landscape. With Adaptive Space, you have everything you need to confront disruption with smart, confident actions and seize the valuable opportunities that come with change.
