

Bull The Biography

Profiles the Native American leader who is best known for his role in the Battle of Little Bighorn, discussing his childhood, family life, participation in the Sioux Nation, and conflicts with the United States government.

It is a conundrum that has vexed societies throughout history: how do you deal with those that break the law? If their aim is to evade you, how do you identify them? If their aim is to lie, how do you interview them? If they don't see their actions are wrong, how do you help them to successfully reform? Criminal psychology is the discipline which tackles these challenges head on. From the signals which give away we're lying to the psychological profiling of violent offenders, this exhaustive guide, written by the UK's top experts, is the perfect introduction. Also covering policing, and the much debated topic of sexual offenders and their treatment, it will demonstrate how understanding the mind will help us to view modern justice from a more informed perspective.

Reprint of 2016 edition published by Alfred A. Knopf (Penguin Random House).

The definitive biography of America's best-known naval officer, who commanded the legendary fast carrier force during WWII. From the tragic aftermath of Pearl Harbor, when he fashioned America's first response to the attack, to the war's final day in Tokyo Bay when he witnessed Japan's surrender, Admiral William F. Halsey stamped a mighty imprint on the Pacific during World War II. He led or participated significantly in the Navy's first offensive strikes against the Marshall Islands and Wake Island, the Guadalcanal campaign, and the offensive toward Japan. As a commander, he never shied from engaging the enemy, but boldly entered into battle, ready for a fight. As a consequence, Halsey became the face of the Navy and its most attractive public relations phenomenon. Due to his bold tactics and quotable wit, Halsey continues to be a beloved and debated figure. In this balanced biography, historian John Wukovits illuminates the life of a man who ultimately deserves recognition as one of the great naval commanders in U.S. history. Europe had Patton; the Pacific had Admiral William "the Bull" Halsey.

A Biography of Sitting Bull

The Life and Wars of the Navy's Most Controversial Commander

"Raging bull is arguably the finest work from the Scorsese and De Niro partnership. De Niro gives an amazing portrayal of a man whose animal side lurks just beneath the surface, ever ready to erupt." [box cover note].

Reproduction of the original: Bull Hunter by Max Brand

In this book, readers learn about Sitting Bull, the well-known Native American chief, how he united the Lakota Sioux in the northern Great Plains and led a mighty resistance of tribes who refused to be placed on reservations.

Ferdinand likes to sit quietly and smell the flowers, but one day he gets stung by a bee and his snorting and stomping convince everyone that

he is the fiercest of bulls.

Maia Wojciechowska's 1965 Newbery Medal winner about a young boy struggling with his father's legacy. Manolo was only three when his father, the great bullfighter Juan Olivar, died. But Juan is never far from Manolo's consciousness--how could he be, with the entire town of Arcangel waiting for the day Manolo will fulfill his father's legacy? But Manolo has a secret he dares to share with no one--he is a coward, without afición, the love of the sport that enables a bullfighter to rise above his fear and face a raging bull. As the day when he must enter the ring approaches, Manolo finds himself questioning which requires more courage: to follow in his father's legendary footsteps or to pursue his own destiny?

Applauded by the public and revered by the men who served under him, Adm. William F. Halsey was one of the leading American personalities of World War II. His reputation as a no-holds-barred fighter and his tough-guy expression earned him the nickname "Bull," yet he was also known for showing genuine compassion toward his men and inspiring them to great feats in the Pacific. Originally disclaiming, the praise heaped on him, Halsey eventually came to believe in the swashbuckling legend that surrounded him, and his conduct became increasingly controversial. Naval historian E. B. Potter, who established his reputation with an award-winning biography of Chester W. Nimitz, gets behind the stereotype of this national hero and describes Halsey at his best and worst, including his controversial actions at Leyte Gulf. To write this book Potter had full access to Halsey's family and to the admiral's private papers and provides detail of Halsey's youth and career before the war. First published in 1985, it remains the definitive study.

A former FDIC chairwoman, who was among the first individuals to acknowledge the full risk of subprime loans, shares expert and insider perspectives on the economic crisis to assess contributing causes and ultimate ramifications.

Documents the life of Sitting Bull, from his youth as a warrior and rise as a tribal elder to his failed efforts to save the Lakota's land and culture through nonviolence and negotiations.

A Biography

A Bicentennial History of Massachusetts General Hospital, 1811-2011

"A reverent tribute to the great Hunkpapa chief and holy man, cast as a memoir with a rich array of new and contemporary illustrations." —Kirkus Reviews Sitting Bull (c. 1831–1890) was one of the greatest Lakota/Sioux warriors and chiefs who ever lived. He was eventually named war chief, leader of the entire Sioux nation—a title never before bestowed on anyone. As a leader, Sitting Bull resisted the United States government's attempt to move the Lakota/Sioux to reservations for more than twenty-five years. From Sitting Bull's childhood—killing his first buffalo at age ten—to being named war chief, to leading his people against the U.S. Army, and to his surrender, *Sitting Bull: Lakota Warrior and Defender of His People* brings the story of the great chief to light. Sitting Bull was instrumental in the war against the invasive wasichus (White Man) and was at the forefront of the combat, including the Battles of Killdeer Mountain and the Little Bighorn. He and Crazy Horse were the last Lakota/Sioux to surrender their people to the U.S. government and resort to living on a reservation. Award-winning author and member of the Standing Rock Sioux tribe S. D. Nelson intersperses archival images with his own artwork, inspired by the ledger-art drawings of the nineteenth-century Lakota. Through the art and riveting story, Nelson conveys how Sitting Bull clung to his belief that the Lakota were a free people meant to live, hunt, and die on the Great Plains. "A tragic true story told in powerfully subdued tones." —Booklist (starred review) "Both powerful and poignant." —Publishers Weekly (starred review)

Illustrated biographies featuring a range of fascinating figures from history (and current figures, too!) provide great information and entertainment through short chapters and illustrations that will appeal to reluctant readers as well as middle readers in general. Simultaneous eBook.

A biography of the Sioux leader who became a symbol of American Indian resistance to European-American culture. Who is Dennis Rodman? Readers flocked to find out with *Bad As I Wanna Be*, a confessional by Rodman himself that sold roughly 600,000 copies. But an autobiography rarely attains objectivity, nor tells the whole story. *No Bull* chronicles the life of America's Bad Boy - from the time his mother fled a broken marriage to Dallas with Dennis and his two sisters, to his early arrest for theft, to his emergence as a star at Southeastern Oklahoma State. Bickley follows Dennis during his rookie year and beyond with the Detroit Pistons, where he began to make headlines for more than his basketball talent, to suspensions while playing for the San Antonio Spurs, to his time with Michael Jordan and Chicago Bulls. We see Dennis Rodman on and off the court, and the reader can be sure no punches are pulled.

Ever wonder what makes household names like Oprah, Ellen, or Beyoncé so powerful? It's all about influencer branding, and Laura Bull will tell you everything you need to know. Bull spent ten years with Sony Music Entertainment, becoming one of the company's youngest executives and spearheading artist development and marketing for globally recognized brands. She is an expert who specializes in transforming entrepreneurs into viable brands and teaching what it takes to become a powerful "influencer." Whether you are an artist, blogger, performer, politician, author, or thought leader, this book will change the way you think about your "brand" and your future. Bull marries positive psychological principles with traditional branding strategies and reveals her revolutionary Brand Matrix that will have you soaring past personal branding into the very different world of influencer branding. This intelligent, breezy read provides additional tools, exercises, and resources that offer real-world support to tackle your own engaging, competitive, and authentic brand identity. Entertaining examples from pop culture and politics round out this book that can truly take you from individual to empire. A consultant and speaker, Bull has been an adjunct professor since 2013 teaching disciplines in marketing and music business at multiple colleges and universities, including SMU's Temerlin Advertising Institute.

Much has been written about the paintings and sculptures of Michelangelo, arguably the greatest artist of the Renaissance. But what about the man? In this revealing look at the Florentine genius, acclaimed author George Bull traces the life and spiritual quest of Michelangelo, drawing a fuller portrait of the man himself. In all his work, Michelangelo impressed his contemporaries as a forceful personality, a divine genius endowed with terrabilità, or intense emotional power. Often portrayed as a solitary and austere figure, he in fact enjoyed a wide range of friendships. And it is those whom he loved and hated, served or resisted, who are presented here-- from his family and fellow artists to the popes, nobles, and rulers of Europe. George Bull presents the life of Michelangelo in the round, bringing before the reader a towering genius whose versatility and originality are constantly being rediscovered.

The only book on Sitting Bull written by a lineal descendant.

A Guide to Building an Authentic and Powerful Brand

Chronicling the life of this infamous basketball star, a writer for the Chicago Sun-Times explores Rodman's childhood, rookie year playing with the Detroit Pistons, and his on- and off-court antics as one of the Chicago Bulls, the sport's reigning champs. 35,000 first printing.

Nephew to Sitting Bull, chief of the Sioux, Pte San Hunka (White Bull) was a famous warrior in his own right. He had been on the warpath against whites and other Indians for more than a decade when he fought the greatest battle of his life. On the afternoon of June 25, 1876, five troops of the U. S. Seventh Cavalry under the command of George Armstrong Custer rode into the valley of the Little Big Horn River, confidently expecting to rout the Indian encampments there. Instead, the cavalry met the gathered strength of Sioux and Cheyenne warriors, who did not run as expected but turned the battle toward the soldiers. White Bull charged again and again, fighting until the last soldier was dead. The battle was Custer's Last Stand, and white Bull was later referred to as the warrior who killed Custer In 1932 White Bull related his life story to Stanley Vestal, who corroborated the details, from other sources and prepared this biography. "All that I told him is straight and true," said White Bull. His story is a matchless account of the life of an Indian warrior. "It is, indeed a fascinating chronicle which Stanley Vestal tells."--New York Times.

This sweeping narrative history, drawn from archival resources and over 100 personal interviews, traces the development of Massachusetts General Hospital from a hospital with only two doctors and a handful of patients to its present position as the largest civilian employer in Boston, one of the most prestigious hospitals in the world, and the largest hospital-based biomedical research institution in the United States. Today, Mass General is not merely a "quaternary care" mecca, for the treatment of patients with the rarest conditions; it is also a research powerhouse, where physician scientists search for everything from a cure for AIDS to the origins of life in the universe. In addition, it is one of the most sought-after places of training for young doctors, attracting some of the brightest men and women from all over the globe.

Whether novice or art connoisseur, Artist: Drawn from Life will appeal to your visual and literary senses, as well as your love of adventure. The author takes us behind the very eyes of an artist, through which we are shown the world anew. Full of lyrical descriptive writing and reflective moments, this is a story that will stay with you long after the final page

How to Castrate a Bull

Sitting Bull, Champion of the Sioux

A Beginner's Guide

After his surrender at Fort Buford in what is now North Dakota, the United States Army transported Sitting Bull and his followers down the Missouri River to Fort Randall, roughly seventy miles west of Yankton. There the famed Hunkpapa leader remained for twenty-two months, until September 1883. During that year and a half, Sitting Bull conducted tribal business, met with dignitaries and visitors, and interacted with those who imprisoned him. Dennis Pope has written a dramatic account of that time and those relationships, taking the reader inside Sitting Bull's camp to see the day-to-day reality of captive life for this powerful man and his people.

Nephew to Sitting Bull, chief of the Sioux, Pte San Hunka (White Bull) was a famous warrior in his own right. He had been on the warpath against whites and other Indians for more than a decade when he fought the greatest battle of his life. On the afternoon of June 25, 1876, five troops of the U. S. Seventh Cavalry under the command of George Armstrong Custer rode into the valley of the Little Big Horn River, confidently expecting to rout the Indian encampments there. Instead, the cavalry met the gathered strength of Sioux and Cheyenne warriors, who did not run as expected but turned the battle toward the soldiers. White Bull charged again and again, fighting until the last soldier was dead. The battle was Custer's Last Stand, and White Bull was later referred to as the warrior who killed Custer. In 1932 White Bull related his life story to Stanley Vestal, who corroborated the details, from other sources and prepared this biography. "All that I told him is straight and true," said White Bull. His story is a matchless account of the life of an Indian warrior.

Unexpected Lessons on Risk, Growth, and Success in Business

Elephant Bucks

This comprehensive guide is for those who want to launch a career as a television sitcom writer and features detailed inside information on how to write scripts that will get noticed.

Dave Hitz likes to solve fun problems. He didn't set out to be a Silicon Valley icon, a business visionary, or even a billionaire. But he became all three. It turns out that business is a mosaic of interesting puzzles like managing risk, developing and reversing strategies, and looking into the future by deconstructing the past. As a founder of NetApp, a data storage firm that began as an idea scribbled on a placemat and now takes in \$4 billion a year, Hitz

has seen his company go through every major cycle in business—from the Jack-of-All-Trades mentality of a start-up, through the tumultuous period of the IPO and the dot-com bust, and finally to a mature enterprise company. NetApp is one of the fastest-growing computer companies ever, and for six years in a row it has been on Fortune magazine's list of Best Companies to Work For. Not bad for a high school dropout who began his business career selling his blood for money and typing the names of diseases onto index cards. With colorful examples and anecdotes, How to Castrate a Bull is a story for everyone interested in understanding business, the reasons why companies succeed and fail, and how powerful lessons often come from strange and unexpected places. Dave Hitz co-founded NetApp in 1992 with James Lau and Michael Malcolm. He served as a programmer, marketing evangelist, technical architect, and vice president of engineering. Presently, he is responsible for future strategy and direction for the company. Before his career in Silicon Valley, Dave worked as a cowboy, where he got valuable management experience by herding, branding, and castrating cattle.

A biographical look at the childhood of Sitting Bull, one of the greatest Sioux warriors to fight against the white man.

Presents the life of the famous Sioux chief Sitting Bull, from his youth and participation in the Battle of the Little Bighorn to his involvement in many of the Native American conflicts of his time.

An Insider's Guide to Writing for TV Sitcoms

Winner of the ITW Thriller Award for Best First Novel From a remarkable voice in Southern fiction comes a multigenerational saga of crime, family, and vengeance. Clayton Burroughs comes from a long line of outlaws. For generations, the Burroughs clan has made its home on Bull Mountain in North Georgia, running shine, pot, and meth over six state lines, virtually untouched by the rule of law. To distance himself from his family's criminal empire, Clayton took the job of sheriff in a neighboring community to keep what peace he can. But when a federal agent with the Bureau of Alcohol, Tobacco, and Firearms shows up at Clayton's office with a plan to shut down the mountain, his hidden agenda will pit brother against brother, test loyalties, and could lead Clayton down a path to self-destruction. In a sweeping narrative spanning decades and told from alternating points of view, the novel brilliantly evokes the atmosphere of the mountain and its inhabitants: forbidding, loyal, gritty, and ruthless. A story of family—the lengths men will go to protect it, honor it, or in some cases destroy it—Bull Mountain is an incredibly assured debut that heralds a major new talent in fiction.

“Panowich stamps words on the page as if they’ve been blasted from the barrel of a shotgun, and as with a shotgun blast, no one is safe from the scattered fragments of history that impale the people of Bull Mountain.”—Wiley Cash, New York Times-bestselling author of *This Dark Road to Mercy*

In the summer of 1839, Henry Layard—just twenty-two years old—left England for eastern Europe and distant lands of the Ottoman Empire. He had never set foot in these regions before and wasn’t fluent in their languages. But he would experience one dramatic adventure after another, narrowly escaping death, combatting murderous thieves, riding with Bakhtiari warriors in Persia, and going on secret missions for the British embassy in Turkey. Layard made some of the most important archaeology discoveries ever, uncovering the ruins of Nineveh in 1845, as well as the lost Assyrian capital of Ashur. It’s thanks to his secret efforts that scores of Yezidi refugees were saved from persecution. When he returned to England, his personal account of his finds at Nineveh became a bestseller. He went on to witness the famous Charge of the Light Brigade, investigated the Indian Mutiny, and as Britain’s diplomat, he played a key role in saving Istanbul from destruction and looting during a war. Real-life Indiana Jones meets Lawrence of Arabia in *Winged Bull*, the first biography in half a century to tell the story of Henry Layard and his daring adventures. While you may not know his name, you likely have seen his work. The winged bulls, lions and priceless treasures of art and jewelry that he found make up permanent collections in institutions such as the British Museum, Britain’s National Gallery and New York’s Metropolitan Museum of Art. Layard may have also been the first “archaeologist with a conscience.” While better known figures either stole their discoveries or bribed their way into ruins, Layard sought formal permission from local authorities. His books and letters draw a picture of a man who deeply respected the lands and cultures he explored. Using Layard’s own letters as well as archival materials and never-before-published documents, author Jeff Pearce captures the life of a man who was never at rest, whether galloping off with tribal rulers or standing up for the poor and downtrodden as a British MP. Discover the life of Henry Layard in this gripping tale of astonishing discoveries, swashbuckling exploits, and political intrigue.
