Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times—for all the right reasons—but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

This book is about how we started with nothing and retired financially free in less than ten years. Find out how you can do the same. If you do not plan on working hard all of your life...this book is for you. Why not Retire Young and Retire Rich?

We are called to be architects of the future, not its victims." – R. BUCKMINSTER FULLER In Infinite Returns, Robert—with Kim and their top-notch team of Advisors—delves into how the economic and social climate of 2020 has set the stage for a decade of unprecedented challenges as well as opportunities. He draws on his study of Bucky Fuller for vision and guidance as well as noted economists in comparing and contrasting economic theories, and looks to the future, the decade ahead, through the lens of 'cosmic accounting.' Kiyosaki uses lessons from the past to envision the future and peppers that vision with doses of today's reality... while never losing sight of the power of optimism and the individual's power to affect change—in themselves and in our world. The book includes chapters from Kim, the Rich Dad Advisors, and the Rich Dad Business team who offer insights on how to achieve infinite returns: Ken McElroy, Blair Singer, Garrett Sutton, Andy Tanner, Tom Wheelwright, Josh and Lisa Lannon, John MacGregor, Mona Gambetta, and Doctors Radha Gopalan and Nicole Srednicki.

From the author of The Harmony Silk Factory and Five Star Billionaire, a compelling depiction of a man's act of violence, set against the backdrop of Asia in flux Ah Hock is an ordinary man of simple means. Born and raised in a Malaysian fishing village, he favors stability above all, a preference at odds with his rapidly modernizing surroundings. So what brings him to kill a man? This question leads a young, privileged journalist to Ah Hock's door. While the victim has been mourned and the killer has served time for the crime, Ah Hock's motive remains unclear, even to himself. His vivid confession unfolds over extensive interviews with the journalist, herself a local whose life has taken a very different course. The process forces both the speaker and his listener to reckon with systems of power, race, and class in a place where success is promised to all yet delivered only to its lucky heirs.
