"Mole often stumbles into precarious situations, from delicately handling the first daffodil of spring to trimming his uneven whisker lengths. Luckily, he has his best friend Mouse to guide him through each scenario—even when he least expects it!"--

'A delight for its warmth and humour, but principally because the writing is alive and stunning.' The Sunday Times Children's Book of the Week. For readers aged 9+ comes a sparkling new series about family, friends and finding the joy in life! From award-winning author Jenny Valentine, this is the perfect series for fans of Jacqueline Wilson, Cath Howe and Lara Williamson! Meet ten-year-old Joy Applebloom, a girl with a knack for finding the silver lining in even the darkest of rainclouds. After years of travelling the world with her parents and older sister, Claude (Claude rhymes with bored, which is just about right), Joy and her family move to suburbia – back to school, back to her grumpy, rule-obsessed grandad and back to normality. Joy soon finds her usual irrepressible positivity and zest for life waning, but when the powers that be threaten to pull down a mighty oak tree, Joy decides to fight back, and realizes that not all magic requires wands and spells, and perhaps the most important sort of magic is the power, resilience and courage that was there all along . . . Includes beautiful illustrations from Claire Lefevre

NEW YORK TIMES BESTSELLER □ The long-awaited new novel from the bestselling, prize-winning author of *Cloud Atlas* and *The Bone Clocks*. New York Times Book Review Editors' Choice □ "Mitchell's rich imaginative stews bubble with history and drama, and this time the flavor is a blend of Carnaby Street and Chateau Marmont."—The Washington Post "A sheer pleasure to read . . . Mitchell's prose is suppler and richer than ever . . . Making your way through this novel feels like riding a high-end convertible down Hollywood Boulevard."—Slate NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post □ NPR □ USA Today □ The Guardian □ The Independent □ Kirkus Reviews □ Men's Health □ PopMatters Utopia Avenue is the strangest British band you've never heard of. Emerging from London's psychedelic scene in 1967, and fronted by folk singer Elf Holloway, blues bassist Dean Moss and guitar virtuoso Jasper de Zoet, Utopia Avenue embarked on a meteoric journey from the seedy clubs of Soho, a TV debut on *Top of the Pops*, the cusp of chart success, glory in Amsterdam, prison in Rome, and a fateful American sojourn in the Chelsea Hotel, Laurel Canyon, and San Francisco during the autumn of '68. David Mitchell's kaleidoscopic novel tells the unexpurgated story of Utopia Avenue's turbulent life and times; of fame's Faustian pact and stardom's wobbly ladder; of the families we choose and the ones we don't; of voices in the head, and the truths and lies they whisper; of music, madness, and idealism. Can we really change the world, or does the world change us?

Word mastery

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to lifestyle.

Word mastery, a course in phonics for the first three grades. By Florence Akin, teacher in Primary Grades, Pasadena, California.

The capital has fallen. The Darkling rules Ravka from his shadow throne. Now the nation's fate rests with a broken Sun Summoner, a disgraced tracker, and the shattered remnants of a once-great magical army. Deep in an ancient network of tunnels and caverns, a weakened Alina is under the dubious protection of the Apparatus and the zealots who worship her as a Saint. Yet her plans lie elsewhere, with the hunt for the traitor and the hope that an outlaw prince still survives. Alina will have to forge new alliances and put aside old rivalries as she and Mal race to stop Morozova's amplifiers. But as she begins to unravel the Darkling's secrets, she reveals a past that will forever alter her understanding of herself, the share and the power she wields. The firebird is the one thing that stands between Ravka and destruction--and claiming it could cost Alina her future she's fighting for. *Ruin and Rising* is the thrilling final installment in Leigh Bardugo's Grisha Trilogy.

The Gathering Dark

The hotly-anticipated sequel to SIX OF CROWS, this is GAME OF THRONES meets OCEAN'S ELEVEN in a fantasy epic from the number 1 NEW YORK TIMES bestselling author Leigh Bardugo. Welcome to the world of the Grisha. Kaz Brekker and his crew of deadly outcasts have just pulled off a heist so daring even they didn't think they'd survive. But instead of divvying up a fat reward, they're right back to fighting for their lives. Double-crossed and badly weakened, the crew is low on resources, allies, and hope. As powerful forces from around the world descend on Ketterdam to root out the secrets of the dangerous drug known as jurda parem, old rivals and new enemies emerge to challenge Kaz's cunning and test the team's fragile loyalties. A war will be waged on the city's dark and twisting streets - a battle for revenge and redemption that will decide the fate of the Grisha world.

As gripping, sweeping and memorable as the Grisha trilogy - SHADOW AND BONE, SIEGE AND STORM and RUIN AND RISING - this novel is perfect for fans of Sarah J. Maas, Laini Taylor, Kristin Cashore and GAME OF THRONES. Winner of the Teen Choice Book Award for Book of the Year.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

Health Psychology is essential reading for all students and researchers of health psychology. Organized into four sections, the 6th edition is structured with a clear emphasis on theory and evidence throughout. This textbook maintains its popular and balanced approach between the biomedical and psychosocial model, while strengthening its focus on critical thinking and behaviour change. Key updates include:

- Learning objectives: Each chapter opens with a set of learning objectives, which clearly outlines the knowledge, understanding and skills you will acquire from each chapter.**
- Case studies: Each chapter includes a case study to illustrate how the key theories and ideas are relevant to everyday life.**
- Through the Eyes of Health Psychology: A brand new feature to show how a health psychologist might analyse each case study using the theories and concepts presented throughout the book.**
- Health promotion: A whole chapter devoted to the theories and evidence relevant to behaviour change and includes a new section on integrated approaches and the drive to develop a new science of behaviour change.**
- Thinking critically about: The process of thinking critically is introduced in the first chapter which describes how to think critically about theory, methods, measurement and research design. Each chapter has its own 'Thinking critically about ...' section at the end to highlight problems with specific theories and research areas. This section includes critical thinking questions and a 'Some problems with...' section to form the basis of class discussions and enable students to be more critical in their thinking and writing.**

Buckland's Complete Book of Witchcraft has influenced and guided countless students, coven initiates, and solitaries around the world. One of modern Wicca's most recommended books, this comprehensive text features a step-by-step course in Witchcraft, with photographs and illustrations, rituals, beliefs, history, and lore, as well as instruction in spellwork, divination, herbalism, healing, channeling, dreamwork, sabbats, esbats, covens, and solitary practice. The workbook format includes exam questions at the end of each lesson, so you can build a permanent record of your spiritual and magical training. This complete self-study course in modern Wicca is a treasured classic—an essential and trusted guide that belongs in every Witch's library. Praise: "A masterwork by one of the great Elders of the Craft. Raymond Buckland has presented a treasure trove of Wiccan lore. It is a legacy that will provide magic, beauty, and wisdom to future generations of those who seek the ancient paths of the Old Religion."—Ed Fitch, author of *Magical Rites from the Crystal Well* "I read Buckland's Complete Book of Witchcraft with much pleasure. This book contains enough information and know-how for all approaches: the historical, the philosophical, and the pragmatic . . . quite entertaining, as much for the armchair enthusiast as for the practicing occultist."—Marion Zimmer Bradley, author of *The Mists of Avalon* "Never in the history of the Craft has a single book educated as many people, spurred as many spiritual paths, or conjured as much personal possibility as Buckland's Complete Book of Witchcraft."—Dorothy Morrison, author of *The Craft*

Unlock the lost and hidden meanings of the world's ancient and modern signs and symbols with the latest in the hugely popular series of 'Element Encyclopedias'. This is the biggest A-Z reference book on symbolic objects you'll ever find.

With over 50,000 distinct species in sub-Saharan Africa alone, the African continent is endowed with an enormous wealth of plant resources. While more than 25 percent of known species have been used for several centuries in traditional African medicine for the prevention and treatment of diseases, Africa remains a minor player in the global natural products market largely due to lack of practical information. This updated and expanded second edition of the Handbook of African Medicinal Plants provides a comprehensive review of more than 2,000 species of plants employed in indigenous African medicine, with full-color photographs and references from over 1,100 publications. The first part of the book contains a catalog of the plants used as ingredients for the preparation of traditional remedies, including their medicinal uses and the parts of the plant used. This is followed by a pharmacognostical profile of 170 of the major herbs, with a brief description of the diagnostic features of the leaves, flowers, and fruits

and monographs with botanical names, common names, synonyms, African names, habitat and distribution, ethnomedicinal uses, chemical constituents, and reported pharmacological activity. The second part of the book provides an introduction to African traditional medicine, outlining African cosmology and beliefs as they relate to healing and the use of herbs, health foods, and medicinal plants. This book presents scientific documentation of the correlation between the observed folk use and demonstrable biological activity, as well as the characterized constituents of the plants.

The Shadow Fold, a swathe of impenetrable darkness, crawling with monsters that feast on human flesh, is slowly destroying the once-great nation of Ravka. Alina, a pale, lonely orphan, discovers a unique power that thrusts her into the lavish world of the kingdom's magical elite - the Grisha. Could she be the key to unravelling the dark fabric of the Shadow Fold and setting Ravka free? The Darkling, a creature of seductive charm and terrifying power, leader of the Grisha. If Alina is to fulfil her destiny, she must discover how to unlock her gift and face up to her dangerous attraction to him. But what of Mal, Alina's childhood best friend? As Alina contemplates her dazzling new future, why can't she ever quite forget him? Glorious. Epic. Irresistible. Romance.

An absorbing account of the record industry's worst nightmare. In the summer of 1969, Great White Wonder, a collection of unreleased Bob Dylan recordings appeared in Los Angeles. It was the first rock bootleg and it spawned an entire industry dedicated to making unofficial recordings available to true fans. Bootleg! tells the whole fascinating saga, from its underground infancy through the CD 'protection gap' era, when its legal status threatened the major labels' monopoly, to the explosion of trading via Napster and Gnutella on MP-3 files. Clinton Heylin provides a highly readable account of the busts, the defeats and victories in court; the personalities - many interviewed for the first time for this book. This classic history has now been updated and revised to include today's digital era and the emergence of a whole new bootleg culture. From a world-famous tarot expert, this book reveals everything one needs to know for reading the most maligned and misunderstood part of a tarot spread - the reversed cards.

Elves and dwarves, gnomes and frost giants. . . Norse mythology is filled with tales of such supernatural beings, nature spirits, and powerful deities. Many people know that the Norse people were fierce warriors, but did you know that they were powerful magicians as well? Norse Magic has everything you need to learn in order to begin practicing Norse spirituality. Discover the history and religion of the Vikings, including Norse mythology, seasonal festivals, and magical techniques. If you are interested in practicing Norse Wicca, you'll learn about the three-fold goddess and the god, as well as how to celebrate the holidays, all from the perspective of Norse Paganism. Discover the secrets of herb magic, cauldron magic, cord magic, elf magic, dwarf magic, and more. These magical techniques are presented in a clear, step-by-step format. The practice of Norse magic enlists the help of the Asa-Gods, Light Elves and good Dwarves. It elicits aid from dead ancestors and the rulers of the Elements. It is an active magic, reserved for participants, not bystanders. In order to work the magic of this system you must attune yourself to the powers of the Elements, calling upon the Asa-Gods and other supernatural beings. Norse Magic includes complete instructions, exercises, and rituals for this technique. The Norse Pagans were one of the last European societies to convert to Christianity, but their Pagan mythology and magic survived and continues to thrive. Norse Magic is your key to the study and practice of this powerful and ancient spiritual system.

Mouse and Mole's charming, gentle and humourous adventures continue in this new addition to the muchloved series, perfect for shared reading with younger children and for older children to read independently. Contains three stories: The Secret of Happiness, This Way and That and A Good Read.
