Tricks of the Trade® for Project Managers : a Course in a Book [trademark Symbol]

Agile Practice Guide (Hindi)

This is the only comprehensive guide to getting ready to pass the Project Management Professional (PMP(R)) Certification Exam. This third edition is current and complete with 60 more pages and over 600 changes from the last edition. Tells you what to study and how to study and helps increase your confidence. This book has been selected by Project Management Institute (PMI(R)) for their only PMP review class in 1999 and by many PMI chapters for the chapter PMP review classes.

This all-inclusive, self-study guide for the PMI's Project Management Professional (PMP) certification exam provides all the information project managers need to thoroughly prepare for the test. It contains the book The PMP Exam: How to Pass on Your First Try; flash card App to help with memorization of key points; a laminated quick reference guide; a trial version subscription to the PMP course in InSite (the top PMP e-learning site); and downloadable audio CDs featuring experts Andy Crowe, Bill Yates, and Louis Alderman discussing the main points and concepts for the exam. The included learning materials cover all the processes, inputs, tools, and outputs that will be tested, along with insider secrets, test tricks and tips, hundreds of sample questions, and exercises designed to strengthen mastery of key concepts to help you pass the exam with confidence.

Rita's Pocket PMP Exam!

Prepare for the PMP certification exam in a unique and inspiring way with Head First PMP. The second edition of this book provides 100% coverage of the latest principles and certification objectives offered in The PMBOK Guide, 4th edition, with a visually rich format is designed for the way your brain works. You'll find a full-length sample exam included inside the book. Using the latest research in neurobiology, cognitive science, and learning theory, Head First PMP offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. You get a thorough and effective preparation guide with hundreds of practice questions and exam strategies, along with puzzles, games, problems, and exercises that make learning easy and entertaining. More than just passing a test, a PMP certification means that you have the knowledge to solve most common project problems, but studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. The book teaches underlying concepts so that you can understand the PMBOK principles and pass the certification exam with flying colors. Head First PMP puts project management principles into context to help you understand, remember, and apply them -- not just on the exam, but also on the job.

Created with the assistance of a psychometrician 'PM FASTTrack' is designed to simulate the actual exam in every detail. The program's database of 1,500+ questions allows you to take exams by knowledge area, process group, keyword/concept, PMP and Super PMP simulation. Features for version 6 include automatic question bank updates (for people with Internet connections), upgraded exam reporting and archiving, and more 'wordy' questions that more closely match the actual exam.

Use this study guide to prepare for the Certified Associate in Project Management (CAPM) exam, based on PMBOK's sixth edition, administered by the Project Management Institute (PMI). The revised and updated second edition of the best-selling CAPM in Depth has a laser-sharp focus on the exam objectives for project managers and others who want to pass the CAPM exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the CAPM exam, even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most CAPM exam books, this book is not just an exam-cram book. It is an easy-to-understand guide that is a valuable reference both before and after the exam. What You'll Learn Understand the body of knowledge required to earn the Certified Associate in Project Management (CAPM) certification Acquire the knowledge needed to successfully manage projects in any field Who This Book Is For Project management practitioners preparing for the CAPM exam, entry-level project managers and project team members preparing for the CAPM exam, beginners who want to join the field of project management and get up to speed quickly, project managers who need a quick and easy reference to the discipline of project management, instructors and trainers who need a textbook for a course on project management

Risk Management

All the Help You Need, from Start to Finish

Rita Mulcahy's CAPM Exam Prep

Version 6

Accelerated Learning to Pass PMI's PMP Exam--on Your First Try!

Rita's course in a book for passing the PMP exam fifth edition for the PMPBOK guide - third edition.

A review for the book from another world renown author.Rita Mulcahy, PMP, is an author, consultant and member of the Project Management Institute's Risk Management Special Interest Group. Either through frustration at the lack of good, practical risk management reference materials, or because she is bubbling over with ideas on the subject, Rita has written a comprehensive book: "Risk Management - Tricks of the Trade? for Project Managers." The book is structured according to the Institute's view of project risk management and is therefore supportive of the Project Management Professional certification exam. It even has a 50-question Final Exam in the certification examination mode.However, Rita's book is much more than that. It provides a very clear and down-to-earth explanation of what project risk management is all about. I was particularly pleased to see an emphasis on things going right (opportunities enhancement) as well as going wrong (risks). The book is lavishly endowed with bulleted lists of explanation for rapid absorption of content by busy project people. It also has very practical quick-read "Tricks of the Trade" sidebars (e.g. How to interview an expert), check lists, charts, forms and how to use them with worked examples. It is even topped off with quiz games to make it a fun encounter.For University instructors and training workshop leaders there are plenty of "Questions for discussion". In an appendix there is a long list of potential risks, their cause and effect in various industries. No doubt that list has been culled from the brainstorming efforts of many of Rita's workshop attendees over the years. Still, I could not help but empathize with chagrin the construction risk-cause entry "Local politics, unruly elements, etc." Well said!Armed with this book, there should be no excuse any longer for anyone to declare that they don't know how to apply risk management to their projects, however large or small their projects may be. Nor should there be any question of how to get started or even why they should get started and when. The real benefit of the book is that it demonstrates very clearly that project risk management does not have to be difficult, nor academically challenging. I have always held that project risk management is really very simple.When you are gearing up for your next project, the best advice I can give is "Don't leave home without it!"R. Max Wideman, P.Eng.FCSCE, FEIC, FICE, FPMI

Agile Practice Guide – First Edition has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

100 Things Project Managers Should Do Before They Die

PM Fastrack Exam Simulation Software for the PMP Exam

A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Seventh Edition and The Standard for Project Management (BRAZILIAN PORTUGUESE)

Accelerated Learning to Pass PMI's PMP Exam

An all-inclusive, self-study guide for the PMI's Project Management Professional (PMP) certification exam, this kit provides all the information project managers need to thoroughly prepare for the test. It contains the book The PMP Exam: How to Pass on Your First Try; hundreds of flash cards to help with memorization of key points; a laminated quick reference guide; a six-month online subscription to the PMP course in InSite (the top PMP e-learning site); and five audio CDs featuring Alderman discussing the main points and concepts for the exam. The included learning materials cover all the processes, inputs, tools, and outputs that will be tested, along with insider secrets, test tricks and tips, hundreds of sample questions, and exercises designed to strengthen mastery of key concepts to help you pass the exam with confidence.

With the recent content update of 2021, it is more important that the PMP aspirant's mindset needs to be more agile and focused on the project life cycle with an understanding of broader concepts. The book is updated to ensure that it is aligned with the latest update of the PMP exam content outline for 2021. The new exam is 180 questions with two breaks of 10 mins each. That would mean that the exam is divided into three sections having 60 questions each. Each section Once a section is closed, you can not come back to it to review. The result of the exam is displayed only after the third section, i.e., section C. The questions are changed to multi-answer, drag, and drop, and TRUE/FALSE. All those changes are reflected in the new book. You have the best resource for the PMP examination preparation. Go ahead and start the 21 Days plan. The 21 days plan is given for the preparation - kindly follow to get the best outcome. This book is written with the 35 PDU course. The book is primarily written to revise the topics and evaluate your knowledge and build the missing pieces if any. The book does not have 3 full-length questions, and you can check lms.kavitasharma.net to get the full-length questions (buy them) or use any other question bank. The idea is to practice as many questions as possible to simulate the PMP exam before the final exam. With this, I wish you success. You have an excellent resource with you, follow to the best.Kavita Sharma - Significant Contributor PMBOK
