Like almost all small towns everywhere, it is full of its fair share of unusual characters and nosy neighbors. While it may not have the bright lights of the city on its side, it nevertheless, is the furthest thing from boring. One family, in particular, has taken it upon themselves to make sure that no one will ever fall victim to the mundane habits of normalcy. This family can be found on the outskirts of town, in a little neighborhood called Sprite Street. They go by the last name of Doodleburgh and for all intents and purposes, their name is the least strange thing about them. The family consists of five kids and two parents. Harold and Madeline rule with less, than an iron fist. As at times, even the combined authority of both of them, is not enough, when it comes to contending with the out of control ways of their children. Caroline, is sixteen and the oldest of the Doodleburgh kids. She is strong willed and brilliant. Not to mention, musically inclined. Her talents are many, yet, she lacks composure and at times, her tenacity gets the better of her. Aiden and Cayden are fifteen and between the two of them ,take part in all things sports. If their older sister is the brains of the*

family, then they would be considered the brawns of the Doodleburgh offspring. What they lack in intelligence, they make up for in God-given, physical talents. Jackson, is a ten year old with a propensity for trouble. His pension for destruction, knows no bounds. While his eight year old sister; Abbey, is known for being Jackson's miniature sidekick. **At just five years old, Maureen Hancock discovered her ability to communicate with the dead. Descended from a long line of legendary Irish mystics, she was no stranger to the spiritual realm, but for fear of being misunderstood by her friends and family she kept the otherworldly messages to herself, eventually suppressing them completely. Maureen wouldn't hear the spirits again until she was in a near-fatal car crash. Soon after, she had hundreds of voices in her head, many of which helped her crack cases and expose fraud**

**in her role as a litigation paralegal at a large Boston law firm. Then, when tragedy struck on 9/11, Maureen was bombarded with messages from the spirit world. Maureen Hancock is literally is the Medium Next Door, and in this book and through her stories of her encounters with the otherworld as well as guided exercises at the conclusion of each chapter, she offers the same comfort and wisdom she shares in her healing encounters and lectures about what is out there waiting for all who are open to its mysteries. . . . At one time or another, many of us have had a 'gut feeling,' 'butterflies in the stomach,' or felt that someone was watching us. That's our intuition. A disquieting and ultimately uplifting novel about a marriage, a family, and human resilience in the face of tragedy, from Wally Lamb, the New York Times bestselling author of *The Hour I First Believed* and *I Know This Much Is True*. After 27 years of marriage and three children, Anna Oh—wife, mother, outsider artist—has fallen in love with Viveca, the wealthy Manhattan art dealer who orchestrated her success. They plan to wed in the Oh family's hometown of Three Rivers in Connecticut. But the wedding provokes some very mixed reactions and opens a Pandora's Box of toxic secrets—dark and painful truths that have festered below

surface of the Ohs' lives. *We Are Water* is a layered portrait of marriage, family, and the inexorable need for understanding and connection, told in the alternating voices of the Ohs—nonconformist Anna; her ex-husband, Orion, a psychologist; Ariane, the do-gooder daughter, and her twin, Andrew, the rebellious only son; and free-spirited Marissa, the youngest. It is also a portrait of modern America, exploring issues of class, changing social mores, the legacy of racial violence, and the nature of creativity and art. With humor and compassion, Wally Lamb brilliantly captures the essence of human experience and the ways in which we search for love and meaning in our lives.

As if she discovered a small army of silenced women captive in a pen, Megan Falley releases them in the spilled ink that is her most brilliant collection of poems, *After the Witch Hunt*. Demanding "if you really love a writer, bury her in all your awful and watch as she scrawls her way out," her book does exactly that. An incessant digging, a journey in building escape routes, armed with both humor and a brazen darkness, each poem in this book of bloodletting is another swing of the pick and axe in this young woman's labor, insistent upon light.

Beloved medium Theresa Caputo, star of hit television show Long Island Medium, opens the door to her world and invites you to experience her exceptional gift of communicating with those who've crossed over to the Other Side. The always funny, frank, and down-to-earth medium—whether she's talking to her family, the local butcher, or the souls of those who've passed on—began communicating with Spirit at the age of four. She didn't fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she's used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it's her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they're now with you in a different way—watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are

From Tyler Henry, clairvoyant and star of E!'s hit reality series Hollywood Medium with Tyler Henry, comes *Between Two Worlds*, a captivating memoir about his journey as a medium thus far. "Dying doesn't mean having to say goodbye." Tyler Henry discovered his gift for communicating with the departed when he was just ten years old. After experiencing a sudden, accurate premonition of his grandmother's death—what Tyler would later

describe as his first experience of “knowingness”—life would never be the same. Now in his twenties, Tyler is a renowned, practicing medium, star of the smash hit E! reality show, *Hollywood Medium with Tyler Henry*, and go-to clairvoyant of celebrities, VIP’s, and those simply looking for closure and healing. He has worked with some of Hollywood’s biggest names including Khloe Kardashian, Amber Rose, Margaret Cho, Jaime Pressly, and Monica Potter. Despite struggling to accept his rare talent, Tyler grew to embrace it, and finally found the courage to share it with—and ultimately change—the world. For the first time, Tyler pulls back the curtain on living life as a medium in his first memoir, in which he fearlessly opens up about discovering his gift as an adolescent, what it’s truly like to communicate with those who have passed, the power of symbolism in his readings, and the lessons we can learn from our departed loved ones. With unparalleled honesty, Tyler discusses how his complex and fascinating gift has changed his perception of the afterlife, and more importantly, how readings can impact our relationships with our closest friends and family once they’re gone.

"The Real Housewives of New York City alumna Dorinda Medley takes fans inside her roller coaster life and iconic Blue Stone Manor to share how they, too, can Make It Nice"--

"Mark Edward is an equivocator, fibber, and mountebank. Which begs the question: if a liar admits to lying, can he be telling the truth? He is a literate, informative, intellectual, a student of the psychology of humans, a foe of those who would defraud the public for personal gain, and as an author and practicing psychic, he is first and foremost an entertainer."—Joel Moskowitz, International Brotherhood of Magicians

Mark Edward admits that for years he exploited believers who wished to connect with supernatural ideas and sad family members who missed dead loved ones. Now Edward is a magician who works the Haunted Castle in Hollywood and is also on the editorial board of Skeptic magazine, where he reveals the means of psychic scamsters. This entertaining book is at once a confessional and instructional regarding human belief and those who exploit it. Though Edward believes that most practitioners of the psychic business are out-and-out scam artists, he also counters the skeptic belief that the supernatural is a lie. Both skeptic and skeptical of skepticism, Mark Edward has worked as a 900-number psychic, ghost hunter, and Hollywood Magic Castle medium. He has also worked vigorously to debunk psychic frauds and currently works on the editorial board of Skeptic magazine. Unlike other books on divorce, *Living Unbroken* takes a deep dive into understanding and

overcoming the emotional toll divorce, separation, and the loss of a serious long-term relationship has on a woman's well-being. As someone who has walked this path, Tracie Miles leads women on a powerful, life-changing journey that provides much-needed hope, encouragement, and practical guidance for living their best life even if it's not the life they once imagined. Her biblically sound approach teaches readers how to trust in God's promises and restore their self-confidence and hope for the future.

2-IN-1 BOOK AND WORKBOOK "I got messages from my angels! When I let go of pressuring myself to 'know' I found it, right there. I wasn't seeing the forest for the trees! Julie, I can't thank you enough! I am excited, grateful, energized and I have a skip in my step!" -Jo Cassidy "My dad passed away unexpectedly at the age of 58. This book allowed me to find peace and understanding with his passing and allowed me to see the amazing signs he sends me from the Other Side. Highly recommend!" -Nicole Bedinghaus "The way Julie words things has changed my life in a way that no other spiritual work or religious upbringing has done for me in the past. I went on to take Julie's Angel Reiki School and was able to begin transitioning out of working as an RN to working as an Angel Reiki Master Teacher full time!" -Jennifer Odom "If you've been searching for answers about angels, then this book is the treasure you have been seeking. and am now reading it again! "I first connected with Julie through her podcast and a personal angel reading. I learned so much about angels and life in general through Julie's guidance. She brings in such love through her words. After reading this book, I reached a much deeper level of understanding of angels and how to connect with them. I feel empowered knowing I have all the tools I need to connect with my angels. I can't recommend this book enough!" -Michelle Willis

May you find Faith within the pages of this book that you didn't even know that you needed within your soul. My first book, "Looking Into The Windows Of Heaven", has brought amazing healing and knowledge into the lives of those who have read it. This, my second book, Heaven Is Within Us, is intended to answer some of the questions you may have about Heaven. What do I do if there are Ghosts or Spirits in my home? Are my loved ones happy in Heaven? A family member or friend is Gay and I am having a hard time with that, can you help? There is an amazing chapter filled with the stories of some of the readings that I have done over the last few years for people all over the world. In these readings, there has been faith and healing restored in the lives of the families on the receiving end of the validations that came through for them from Heaven. I included a picture of each loved one in Heaven so that you have an opportunity to meet them with your eyes and soul as you make your way through their journey. May you find Love and Faith within their stories and the knowledge that your family and friends in Heaven are with you and watching over you always from a place of pure peace and love in

Heaven. There is also a chapter of poetry that is written by me and inspired by Heaven. May you find the words of your loved ones in Heaven within those poems. The letter from Heaven that ends this book was written with the love and inspiration of Heaven. It isn't by chance that you feel your loved one's words within your soul as you read that letter.

**Blending together personal stories, compelling anecdotes, and client readings, the star of TLC's "Long Island Medium" shares her world and her gift of communicating with those who have crossed over to the other side.**

**Theresa Caputo, TLC's Long Island Medium and the three-time New York Times bestselling author, teaches us how to ritualize and recover from the daily losses in our lives. Life on earth comes with losses that often go unrecognized, unacknowledged, and un-mourned. This invisible pain causes deeper emotional damage— devastation that Theresa Caputo has witnessed in many of her clients. Though they are suffering, they rarely understand where the anguish is coming from—or how to deal with it. Theresa's clients often confuse their emotional distress with depression or anxiety. But it's more than that. It's grief, deep and profound, and it consumes the soul. The only relief, according to Theresa's special gift she calls Spirit, is to pay more attention to how we experience, ritualize, and recover from the hurt in our lives. Once we name these feelings of grief, recognize the losses for what they are,**

**and create mourning rituals around them, we can move through the pain and begin to heal. It isn't just a good idea to mourn these types of upsets; it's essential, so that we can then enjoy a fresh beginning.**

**America's top psychic medium reflects on his life of speaking to Spirit and the lessons he's learned along the way—from both the living and the dead. Matt Fraser is just an ordinary guy...who happens to talk to dead people. Born into a psychic family, Matt carries on the legacy passed down from his late Grandmother Mary by connecting people to their dearly departed loved ones and delivering messages from the other side. His sold-out live group readings, television appearances, and private readings have allowed him to bring hope and healing to fans from around the world. But people who are not in the habit of talking with the dead have a hard time imagining what his day-to-day life is like. Based on the questions he gets, they seem to think he spends most of his time sitting cross-legged in a trance, maybe hovering a few inches off the ground, leaving his physical body behind as he journeys across the veil to the spirit realm. But it's not like that at all. Now, in *When Heaven Calls*, Matt opens up about it's really like to be a psychic medium—including how he discovered his spiritual gift, what it's like to connect with souls on the other side, what communicating with the dead has taught him about embracing life, and how you can tap into your own intuitive awareness to manifest your dreams, goals, and desires.**
