**Exam Essentials is our major
British English exam preparation
series combining exam preparation,
practice, and tips for the revised
Cambridge English exams. This
effective combination of testing and
teaching has proved a popular**

formula with teachers and students. The first two practice tests in each book are 'walk-through' tests. Students are carefully guided through the tests and shown how they work and what they have to do to succeed in each part of the exam. Additional step-by-step support for the Writing paper is offered in all the tests. All of the tests are written by experts in the field, which means that students preparing for the exams experience material that is appropriate for and at a level at least as high as the actual exams. Candidates internationally find the Speaking test very challenging. To help them deal with this, each Practice Test book comes with a DVD-ROM which includes a bespoke video showing a complete Speaking test interview as well as

an examiner talking about this part of the exam and giving students expert guidance on how to approach it. The DVD-ROM also features worksheets to use with the interview and all the Listening test files.

These examination papers for the 2015 revised Cambridge English: Advanced (CAE) exam provide the most authentic exam preparation available, allowing candidates to familiarise themselves with the content and format of the exam and to practise useful exam techniques. The Student's Book with answers is perfect for classroom-based test practice. An Audio CD containing the recordings for the Listening test is available separately, or as part of the Student's Book Pack (containing the Student's Book with

answers and Audio CD), also available separately.

"The tests offer practice in all four papers of the exam : reading and use of English, writing, listening and speaking"-- Back cover.
