We create technology enabling us to do things never before possible and it ultimately changes the way we live, work, play, and interact with each other. Throughout human history, the democratization of technology making a technology available to the masses, has brought about sweeping cultural, social, political, and societal changes. In the last half-century, the democratization of computers, information, the Internet, and social media have revolutionized and transformed our lives. We now stand at the beginning of a new era sure to bring about waves of new revolutions, the cognitive systems era. Until now, humans have done all of the thinking. However, our lives are about to be infused with artificial entities capable of performing high-level cognitive processing previously possible only in the human mind. Systems capable of this kind of "synthetic cognition" will achieve and surpass the level of human experts in almost every field of endeavor. Far from replacing humans, these cognitive systems will be our collaborators, teachers, confidants, colleagues, and companions. The future will belong to those who can better partner with these

cognitive systems. Made available to the average person via the Internet, handheld devices, and through ordinary objects all around us, expertise will become democratized. Everything will change when anyone has access to expertise in any field and new things will be possible. The democratization of expertise is the foundation on which our society's revolutions will be built over the next half-century. This book discusses societal and cultural revolutions throughout history brought about by the adoption of new technology and gives brief histories of human cognitive augmentation and artificial intelligence. In the coming cognitive systems era, humans, by collaboratively partnering with cognitive systems, will together achieve expert-level performance—synthetic expertise—with humans performing some of the cognitive processing and cognitive systems performing some. As the capabilities of cognitive systems improve over time, the balance of thinking will shift from being mostly human to mostly artificial. This book introduces the Levels of Cognitive Augmentation to describe this shift. Drawing from previous research in cognitive systems and intelligent agent theory, the knowledge stores required for expertise are identified in a Knowledge Level description of expertise. This book

introduces a new abstract level, called the Expertise Level to describe the skills needed for expertise. Combining the knowledge-level and expertise-level descriptions, this book introduces the Model of Expertise. This book demonstrates use of the Model of Expertise by presenting several synthetic expert architectures: a synthetic teacher (Synthia), a synthetic friend/therapist (Sy), a synthetic elderly companion (Lois), a synthetic research companion (Synclair), and an automated scientific hypothesis explorer (Ashe). This book is intended for anyone interested in the fields of cognitive systems, cognitive computing, cognitive augmentation, or artificial intelligence or the impact of technologies from these fields on society. Anyone doing research and development in the area of cognitive systems or artificial intelligence will find this book particularly useful.

XLH883, XL883R, XLH1100, XL/XLH1200

A seven-hundred-year-old woman and an eight-hundred-year-old man question a ghoul, a rapsallion, a varmint, and a wizard in their search for a missing Halloween pumpkin.

From the exquisitely talented and award-winning author of the Outlander Saga come two additions to the oeuvre, both featuring Lord

John Grey. This dashing character first appeared in Gabaldon's blockbuster, Voyager, and readers cheered him on in the New York Times bestselling Lord John and the Private Matter. Diana Gabaldon takes readers back to eighteenth-century Britain as Lord John Grey pursues a deadly family secret as well as a clandestine love affair, set against the background of the Seven Years War. Seventeen years earlier, Grey's father, the Duke of Pardloe, shot himself, days before he was to be accused of being a Jacobite traitor. By raising a regiment to fight at Culloden, Grey's elder brother has succeeded in redeeming the family name, aided by Grey, now a major in that regiment. But now, on the eve of the regiment's move to Germany, comes a mysterious threat that throws the matter of the Duke's death into stark new question, and brings the Grey brothers into fresh conflict with the past and each other. From barracks and parade grounds to the battlefields of Prussia and the stony fells of the Lake District, Lord John's struggle to find the truth leads him through danger and passion, ever deeper, toward the answer to the question at the centre of his soul-what is it that is most important to a man? Love, loyalty, family name? Self-respect, or honesty? Surviving both the battle of

Krefeld and a searing personal betrayal, he returns to the Lake District to find the man who may hold the key to his quest: a Jacobite prisoner named Jamie Fraser. Here, Grey finds his truth and faces a final choice: between honour and life itself.

Megillat Esther

The Way Through the Snow. episode 4

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Megillat Esther is commonly referred to as the Book of Esther: but there is nothing common about JT Waldman's interpretation of this Biblical story. In what may be the world's first religious, scholarly comic book, Waldman tells

the epic tale of exile and redemption in graphic form. When Esther, a Jewish woman, is made Queen of Persia she must keep her identity hidden, all the while maneuvering to save her people from annihilation. This is a story familiar to many Jews who have heard it recounted every year on the holiday of Purim. But readers of all backgrounds will be entranced by what artist Waldman depicts in his interpretation of the text. At once traditional and groundbreaking Megillat Esther will challenge secular assumptions about the Bible. Each page of Megillat Esther is a visual tour de force and features the Hebrew text with original English translation, as well as opulent drawings depicting the story of the Persian Queen. Traditional interpretations of the story are woven throughout the panels. Megillat Esther presents the reader with a topsy-turvy world in which fortunes reverse and nothing is what it seems. This vibrant, edgy retelling of a classic Biblical tale is sure to amaze and intrigue scholars and laypeople of all religions and comic book lovers alike.

"what makes "In Another Life" work is the strong emotional core, the sense of place, the historical suspense and the characterization that makes the reader root for Lia"-Seattle Times Steeped in the rich history and romantic landscape of the Languedoc region, In Another Life is a story of love that conquers time and the lost loves that haunt us all. Historian Lia Carrer has finally returned to southern France, determined to rebuild her life after the death of her husband. But instead of finding solace in the region's quiet hills and medieval ruins, she falls in love with Raoul, a man whose very existence challenges everything she knows about life-and about her husband's death. As Raoul reveals the story of his past to Lia, she becomes entangled in the echoes of an ancient murder, resulting in a haunting and suspenseful journey that reminds Lia that the dead may not be as far from us as we think. Steeped in the rich history and romantic landscape of rural France, In Another Life is a story of love that conquers time, and the lost loves that haunt us all.

“Like Outlander with an Italian accent.” —Real Simple “A detailed historical novel, a multifaceted mystery, and a moving tale of improbable love.” —Publishers Weekly, starred review A NEW YORK POST MUST-READ BOOK Readers of Diana Gabaldon’s Outlander and Tracy Chevalier’s Girl with a Pearl Earring...will be swept away by the spell of medieval Siena” (Library Journal, starred review) in this transporting love story and gripping historical mystery. Accomplished neurosurgeon Beatrice Trovato knows that her deep empathy for her patients is starting to impede her work. So when her beloved brother passes away, she welcomes the unexpected trip to the Tuscan city of Siena to resolve his estate, even as she wrestles with grief. But as she delves deeper into her brother’s affairs, she discovers intrigue she never imagined—a 700-year-old conspiracy to decimate the city. As Beatrice explores the evidence further, she uncovers the journal and paintings of the fourteenth-century artist Gabriele Accorsi. But when she finds a startling image of her own face, she is suddenly transported to the year 1347. She awakens in a Siena unfamiliar to her, one that will soon be hit by the Plague. Yet when Beatrice meets Accorsi, something unexpected happens: she falls in love—not only with Gabriele, but also with the beauty and cadence of medieval life. As the Plague and the ruthless hands behind its trajectory threaten not only her survival but also Siena’s very existence, Beatrice must decide in

which century she belongs. The Scribe of Siena is the captivating story of a brilliant woman's passionate affair with a time and a place that captures her in an impossibly romantic and dangerous trap—testing the strength of fate and the bonds of love.

Hike vast glaciers, marvel at steaming volcanic lakes, and explore the land of the midnight sun: with Rick Steves, Iceland is yours to explore! The Digitalization of the 21st Century Supply Chain

Claire Randall is leading a double life. She has a husband in one century, and a lover in another... In 1945, Claire Randall, a former combat nurse, is back from the war and

reunited with her husband on a second honeymoon—when she innocently touches a boulder in one of the ancient stone circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding border clans in the year of our Lord...1743. Hurlled back in time by forces she cannot understand, Claire's destiny is soon inextricably intertwined with Clan MacKenzie and the forbidden Castle Leoch. She is catapulted without warning into the intrigues of lairds and spies that may threaten her life ...and shatter her heart. For here, James Fraser, a gallant young Scots warrior, shows her a passion so fierce and a love so absolute that Claire becomes a woman torn between fidelity and desire...and between two vastly different men in two irreconcilable lives.

"This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for

therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as *Auto Repair For Dummies, 2nd Edition* (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional

mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs. The goal of this book is to gain a clear picture of the current status and future challenges with regard to the digitalization of the supply chain – from the perspective of the suppliers, the manufacturers, and the customers. They were the target groups of the book. Digitization has touched upon all aspects of businesses, including supply chains. Technologies such as RFID, GPS, and sensors have enabled organizations to transform their existing hybrid (combination of paper-based and IT-supported processes) supply chain structures into more flexible, open, agile, and collaborative digital models. Unlike hybrid supply chain models, which have resulted in rigid organizational structures, unobtainable data, and disjointed relationships with partners, digital supply chains enable business process automation, organizational flexibility, and digital management of corporate assets. In order to reap maximum benefits from digital supply chain models, it is important that companies internalize it as an integral part of the overall business model and organizational structure. Localized disconnected projects and silo-based operations pose a serious threat to competitiveness in an increasingly digital world. The technologies discussed in this text – artificial intelligence, 3D printing, Internet of things, etc. – are beginning to come together to help digitize, automate, integrate, and improve the global

supply chains. It's certainly an exciting and challenging time for both new supply chain professionals and long-time supply chain professionals.

A Court of Thorns and Roses

Relates a tale of the bestial Trollocs, the witch Moiraine, and three boys, one of whom is fated to become the Dragon--the World's only hope and the sure means of its destruction

Both Takeo and Kaede have visions of their future. Takeo works to escape the Tribe and fulfill the last wishes of his adoptive father. And Kaede, heir to two seats of power, moves forward step-by-step, aided by her own wits and a precarious alliance with Lord Fujiwara. In their separate worlds, the two long for each other.

Making Sense of World History is a comprehensive and accessible textbook that helps students understand the key themes of world history within a chronological framework stretching from ancient times to the present day. To lend coherence to its narrative, the book employs a set of organizing devices that connect times, places, and/or themes. This narrative is supported by: Flowcharts that show how phenomena within diverse broad themes interact in generating key processes and events in world history. A discussion of the common challenges faced by different types of agent, including rulers, merchants, farmers, and parents, and a comparison of how these challenges were addressed in different times and

places. An exhaustive and balanced treatment of themes such as culture, politics, and economy, with an emphasis on interaction. Explicit attention to skill acquisition in organizing information, cultural sensitivity, comparison, visual literacy, integration, interrogating primary sources, and critical thinking. A focus on historical “ episodes ” that are carefully related to each other. Through the use of such devices, the book shows the cumulative effect of thematic interactions through time, communicates the many ways in which societies have influenced each other through history, and allows us to compare and contrast how they have reacted to similar challenges. They also allow the reader to transcend historical controversies and can be used to stimulate class discussions and guide student assignments. With a unified authorial voice and offering a narrative from the ancient to the present, this is the go-to textbook for World History courses and students. The Open Access version of this book, available at <https://www.taylorfrancis.com/books/9781003013518>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

When *Feminist Theory: From Margin to Center* was first published in 1984, it was welcomed and praised by feminist thinkers who wanted a new vision. Even so, individual readers frequently found the theory "unsettling" or "provocative." Today, the blueprint for feminist movement presented in the book remains as provocative and relevant as ever. Written in hooks's characteristic direct style, *Feminist Theory* embodies the hope that feminists can find a common language to spread the word and create a mass, global feminist movement.

Designing History

The Scribe of Siena

Harley-Davidson XL/XLH Sportster 1986-2003

The Brides of Maracoor

The Scottish Prisoner

From the author of the “engrossing historical epic” (Booklist) *The Scribe of Siena* comes a thrilling tale set in the crumbling city of Mystras, Greece, in which a scientist’s vacation with her young son quickly turns into a fight for their lives after they cross paths with a man out of time. After the death of her beloved husband and becoming a single parent to her nine-year-old son Alexander, overworked scientist Helen desperately needs an escape. So when Alexander proposes a trip to Greece—somewhere he’s always dreamed of visiting—Helen quickly agrees. After spending several days exploring the tourist-filled streets, they stumble upon the ancient city of Mystras and are instantly drawn to it. Its only resident is Elias, a mysterious tour guide living on the city’s edges...both physically and temporally. In 1237, Elias’s mother promised his eternal service to the Profitis Ilias in Mystras in exchange for surviving a terrible illness. But during his 800 years of labor, he’s had one common enemy: the noble Lusignan family. The Lusignan line is cursed by a deadly disease that worsens with each generation, and a prophecy hints that Elias’s blood is their only hope for a cure. He has managed to survive throughout the centuries, but the line has dwindled down to the last Lusignan and he is desperate to avert his family’s destiny. When Elias runs into Helen, he meets his match for the first time—but he unwittingly puts both her and her young son in danger as a result. With time running out and an enemy after them, Elias and Helen are forced to choose between the city they love, and each other. Blending the historical romance of Diana Gabaldon, the rich detail of Philippa Gregory’s novels, and Dan Brown’s fast-paced suspense, *Anticipation* is a thrilling and satisfying read like no other.

Bidding on Love by Joanne Dannon When love complicates a fling Lily Taylor is launching her career as a jazz singer through a celebrity auction at a gala event. The problem is, no one is bidding except Diego Sanchez, the sexy Argentinian she had a one-night stand with one month ago. She's been raising her twin brothers for the past nine years after their parents were tragically killed. Now that they're adults, Lily's determined to be independent and carve out a new life for herself. The last thing she wants is to settle down. Diego Sanchez has successfully launched a brand of hip wine bars across Melbourne. With his career goals met, he's looking for a woman who shares his values on family, home, and culture. Not only is Lily not interested, but she doesn't meet his preconceived notions of a "perfect wife." A burning attraction between them, Lily and Diego agree on an affair but the clincher is, it has an end-date. But when love complicates their fling, are they willing to make changes or will they each hold steadfast to their entrenched beliefs and goals? "From a hot, hot one-night stand to always-and-forever, Joanne delivers on her promise of a sigh-worthy ending. An engaging, fun, and sexy read." Lexi Greene, romance writer.

"In forty years, Earth's population will reach ten billion. Can our world support that? What kind of world will it be? Those answering these questions generally fall into two deeply divided groups-Wizards and Prophets, as Charles Mann calls them in this balanced, authoritative, nonpolemical new book. The Prophets, he explains, follow William Vogt, a founding environmentalist who believed that in using more than our planet has to give, our prosperity lead us to ruin. Cut back! was his mantra. Otherwise everyone will lose! The Wizards are the heirs of Norman Borlaug, whose research, in effect, wrangled the world in service to our species to produce modern high-yield crops that then saved millions from starvation. Innovate

was Borlaug's cry. Only in that way can everyone win! Mann delves into these diverging viewpoints to assess the four great challenges humanity faces—food, water, energy, climate change—grounding each in historical context and weighing the options for the future. "-- WINNER OF THE WORLD FANTASY AWARD "Juju assassins, alternate history, a gritty New York crime story...in a word: awesome." —N.K. Jemisin, New York Times bestselling author of The Fifth Season The dangerous magic of The Night Circus meets the powerful historical exploration of The Underground Railroad in Alaya Dawn Johnson's timely and unsettling novel, set against the darkly glamorous backdrop of New York City, where an assassin falls in love and tries to change her fate at the dawn of World War II. Amid the whirl of city life, a young woman from Harlem is drawn into the glittering underworld of Manhattan, where she's hired to use her knives to strike fear among its most dangerous denizens. Ten years later, Phyllis LeBlanc has given up everything—not just her own past, and Dev, the man she loved, but even her own dreams. Still, the ghosts from her past are always by her side—and history has appeared on her doorstep to threaten the people she keeps in her heart. And so Phyllis will have to make a harrowing choice, before it's too late—is there ever enough blood in the world to wash clean generations of injustice? Trouble the Saints is a dazzling, daring novel—a magical love story, a compelling exposure of racial fault lines—and an altogether brilliant and deeply American saga. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

“This could be the worthy Lord John Grey’s breakout novel, as readers

are treated to large dollops of Outlander hero Jamie Fraser.”—Booklist A captivating return to the world Diana Gabaldon created in her Outlander and Lord John series, *The Scottish Prisoner* is a masterpiece of epic history, wicked deceit, and scores that can only be settled in blood. London, 1760. For Jamie Fraser, paroled prisoner-of-war, life is coming apart at the seams. In the remote Lake District, where he’s close enough to the son he cannot claim as his own, Jamie’s quiet existence is interrupted first by dreams of his lost wife, then by the appearance of an erstwhile comrade still fighting to rally the Irish. But Jamie has sworn off politics, fighting, and war. Until Lord John Grey shows up with a summons that will take him away from everything he loves—again. Lord John is in possession of explosive documents that expose a damning case of corruption against a British officer. But they also hint at a more insidious danger. Soon Lord John and Jamie are unwilling companions on the road to Ireland, a country whose dark castles hold dreadful secrets, and whose bogs hide the bones of the dead. Praise for *The Scottish Prisoner* “Call it what you will—historical adventure, conspiracy thriller—it’s an engrossing story, masterfully paced, with exciting plot twists, swift

reversals, and robust characterizations.”—The Globe and Mail “As always, Gabaldon goes above and beyond. . . . If you love historical fiction, this book could be a good entrance point into the Outlander world.”—Bookreporter

The long-awaited insider's look at one of the design milestones of the twenty-first century: Michael S Smith's celebrated decoration of the Obama White House, featuring a foreword by Michelle Obama. 2020 HONORABLE MENTION FOR THE FOREWORD INDIES AWARD IN HOBBIES/HOME Created for design enthusiasts, political aficionados, and students of Americana, Designing History documents Michael Smith's extraordinary collaboration with President Barack Obama and First Lady Michelle Obama. Not since Jacqueline Kennedy's iconic work on the White House has a designer of Michael Smith's stature been commissioned to bring a new design spirit to the mansion. Through extensive photography, behind-the-scenes stories, and rich archival material, the book places the Obama White House within the context of the building's storied past and its evolution over the past two centuries. The book beautifully documents the process of updating the country's most symbolic residence, revealing how

Smith's collaboration on the decoration, showcasing of artworks, and style of entertaining reflected the youthful spirit of the First Family and their vision of a more progressive, inclusive American society. Ultimately, this book will serve as both a historical document and a voyeur's delight, capturing a specific moment in time for the White House, the Obamas, and the American experience.

It's Skynet vs. Cybertron in a crossover for the ages! 1984: When a deadly race of machines emerge from another time, will a robotic guardian be able to protect the Earth from a dire future... or will the T-800 fail in his mission to prevent the world from becoming a plaything to the Decepticons? It's up to one Terminator to save the future, and nothing's gonna stand in his way!

From Margin to Center

Photographer and avid basketball fan Don Baker provides an inside look at New Mexico's

twelve seasons of professional minor league basketball. The inner workings of the various team franchises are revealed through his interviews with owners, coaches, players, and sportscasters, all interspersed with Baker's many outstanding photographs of action on the court, on the sidelines, and in the locker rooms. Ex-UNM Lobo players who went professional are featured along with minor league players who went on to fame and fortune in the NBA (see Chris "Birdman" Andersen without tattoos!). Few fans have "gone renegade" to explore the inside stories of the teams and the personal stories of the players to the extent that Don Baker has done in this unique book.

The first in a three-book series spun off the iconic *Wicked Years* from multimillion-copy bestselling author Gregory Maguire, featuring Elphaba's granddaughter, the green-skinned Rain. Ten years ago this season, Gregory Maguire wrapped up the series he began with *Wicked* by giving us the fourth and final volume of the *Wicked Years*, his elegiac *Out of Oz*. But "out of Oz" isn't "gone for good." Maguire's new series, *Another Day*, is here, twenty-five years after *Wicked* first flew into our lives. Volume one, *The Brides of Maracoor*, finds Elphaba's granddaughter, Rain, washing ashore on a foreign island. Comatose from crashing into the sea, Rain is taken in by a community of single women committed to obscure devotional practices. As the mainland of Maracoor sustains an assault by a foreign navy, the island's civil-servant overseer struggles to understand how an alien arriving on the shores of Maracoor could threaten the stability and wellbeing of an entire nation. Is it myth or magic at work, for good or for ill? The trilogy *Another Day* will follow this green-skinned girl from the island outpost into the unmapped badlands of Maracoor before she learns how, and becomes ready, to turn her broom homeward, back to her family and her

lover, back to Oz, which—in its beauty, suffering, mystery, injustice, and possibility—reminds us all too clearly of the troubled yet sacred terrain of our own lives. A new Outlander novel — the seventh — from #1 National Bestselling author Diana Gabaldon. Readers have been waiting with bated breath for the seventh volume in bestselling author Diana Gabaldon's epic Outlander saga — a masterpiece of historical fiction featuring Jamie and Claire, from one of the genre's most popular and beloved authors. Jamie Fraser, erstwhile Jacobite and reluctant rebel, knows three things about the American rebellion: the Americans will win, unlikely as that seems in 1778; being on the winning side is no guarantee of survival; and he'd rather die than face his illegitimate son — a young lieutenant in the British Army — across the barrel of a gun. Fraser's time-travelling wife, Claire, also knows a couple of things: that the Americans will win, but that the ultimate price of victory is a mystery. What she does believe is that the price won't include Jamie's life or happiness — not if she has anything to say. Claire's grown daughter Brianna, and her husband, Roger, watch the unfolding of Brianna's parents' history — a past that may be sneaking up behind their own family.

THE USA TODAY BESTSELLER! "An exquisitely detailed journey through the harrowing field of medicine in mid-19th century London."—Tracey Enerson Wood, USA Today bestselling author of *The Engineer's Wife* and *The War Nurse* An unforgettable historical fiction novel about one woman who believed in scientific medicine before the world believed in her. London, 1845: Raised by the eccentric surgeon Dr. Horace Croft after losing her parents to a deadly pandemic, the orphan Nora Beady knows little about conventional life. While other young ladies were raised to busy themselves with

needlework and watercolors, Nora was trained to perfect her suturing and anatomical illustrations of dissections. Women face dire consequences if caught practicing medicine, but in Croft's private clinic Nora is his most trusted—and secret—assistant. That is until the new surgical resident Dr. Daniel Gibson arrives. Dr. Gibson has no idea that Horace's bright and quiet young ward is a surgeon more qualified and ingenuitive than even himself. In order to protect Dr. Croft and his practice from scandal and collapse Nora must learn to play a new and uncomfortable role—that of a proper young lady. But pretense has its limits. Nora cannot turn away and ignore the suffering of patients, even if it means giving Gibson the power to ruin everything she's worked for. And when she makes a discovery that could change the field forever, Nora faces an impossible choice. Remain invisible and let the men around her take credit for her work, or step into the light—even if it means being destroyed by her own legacy. Fans of *The Other Einstein* and *The Paris Library* will relish this riveting and empowering story about one woman's fight to follow her dreams and build a life—and legacy—beyond what is expected of her. Praise for *The Girl in His Shadow*: "A suspenseful story of a courageous young woman determined to become a surgeon in repressive Victorian England. Fluidly written, impeccably researched, *The Girl in His Shadow* is a memorable literary gift to be read, reread, and treasured."—Gloria Goldreich, author of *The Paris Children* Other Bestselling Historical Fiction from Sourcebooks Landmark: *The Mystery of Mrs. Christie* by Marie Benedict *The Book Woman of Troublesome Creek* by Kim Michele Richardson Sold on a Monday by Kristina McMorris *Addressing Challenging Moments in Psychotherapy* *Bidding on Love*

Grass for His Pillow

Winner of the William G. Bowen Prize Named a "Triumph" of 2018 by New York Times Book Critics Shortlisted for the 800-CEO-READ Business Book Award The untold history of the surprising origins of the "gig economy"--how deliberate decisions made by consultants and CEOs in the 50s and 60s upended the stability of the workplace and the lives of millions of working men and women in postwar America. Over the last fifty years, job security has cratered as the institutions that insulated us from volatility have been swept aside by a fervent belief in the market. Now every working person in America today asks the same question: how secure is my job? In Temp, Louis Hyman explains how we got to this precarious position and traces the real origins of the gig economy: it was created not by accident, but by choice through a series of deliberate decisions by consultants and CEOs--long before the digital revolution. Uber is not the cause of insecurity and inequality in our country, and neither is the rest of the gig economy. The answer to our growing problems goes deeper than apps, further back than outsourcing and downsizing, and contests the most essential assumptions we have about how our businesses should work. As we make choices about the future, we need to understand our past.
