

Can You Believe It 1

*What if you could encounter the words of Jesus on their own, lifted up from the surrounding narratives and presented in their full power and mystery? That's the question Phyllis Tickle--one of America's most beloved writers on Christian spirituality--asked when she set out to write what she calls a "sayings gospel." In *The Words of Jesus*, Tickle has compiled and arranged all the sayings of Jesus from the first four books of the New Testament and the first chapter of Acts in a way that creates an entirely new kind of encounter with the texts. And she accompanies those sayings with her own personal reflections and commentaries not just on the words themselves but on the One who spoke them. In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we*

should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

Esquire editor and Entrepreneur etiquette columnist Ross McCammon delivers a funny and authoritative guide that provides the advice you really need to be confident and authentic at work, even when you have no idea what's going on. Ten years ago, before he got a job at Esquire magazine and way before he became the etiquette columnist at Entrepreneur magazine, Ross McCammon, editor at an in-flight magazine, was staring out a second-floor window at a parking lot in suburban Dallas wondering if it was five o'clock yet. Everything changed with one phone call from Esquire. Three weeks later, he was working in New York and wondering what the hell had just happened. This is McCammon's honest, funny, and entertaining journey from impostor to authority, a story that begins with periods of debilitating workplace anxiety but leads to rich insights and practical advice from a guy who "made it" but who still remembers what it's like to feel entirely ill-equipped for professional success. And for life in general, if we're being completely honest. McCammon points out the workplace for what it is: an often absurd landscape of ego and fear guided by social rules that no one ever talks about. He offers a mix of enlightening and often self-deprecating

personal stories about his experience and clear, practical advice on getting the small things right—crucial skills that often go unacknowledged—from shaking a hand to conducting a business meeting in a bar to navigating a work party. Here is an inspirational new way of looking at your job, your career, and success itself; an accessible guide for those of us who are smart, talented, and ambitious but who aren't well-“leveraged” and don't quite feel prepared for success . . . or know what to do once we've made it.

to pieces when her lover breaks up with her via Social Media with devastating consequences. Meanwhile, her entire life is thrown further into turmoil when forces from another world threaten to destroy her entire family and breaks her family apart. Tazara must fight invisible forces in order to restore her life. This is a book about courage and strength based on true life events of a young woman who migrates to England fleeing her native African country only to discover that she cannot get away from her troubled life. It will challenge everything you believe in and make you wonder whether there is such a thing as luck or are there invisible forces that determine our lives?

When we're going through challenging times, we tend to think we're alone. In the middle of the bad times, it's difficult to see how life could ever be even just okay again, never-mind good. The purpose of this book is to provide encouragement and inspiration for those who are going through challenges from which they can currently see no relief. Reading stories of ordinary people overcoming extraordinary challenges using a technique you can use to achieve the same results is one of the most empowering gifts you can give to yourself. "It's 2 a.m. I am in Hawaii. And I'm dying. The pain comes in my body and the voice in my mind confirms it. This is real. Cancer is real. As I look down the barrel of my own emotional gun, my mind flashes back to conversations with another practitioner when I recall saying to her of her Fibromyalgia recovery account - "It's alright for you - You've got a story! I don't have one! " Well, be careful what you ask for - because you just might get it. I'll rephrase that. Be careful what you ask for -you

Some of the most well-known and well-respected cultural figures of our time enter into intimate and illuminating conversation about their personal beliefs, about belief itself, about religion, and about God. Antonio Monda is a disarming, rigorous interviewer, asking the most difficult questions (he often begins an interview point blank: “ Do you believe in God? ”) that lead to the most wide-ranging conversations. An ardent believer himself, Monda talks both with atheists (asked what she feels when she meets a believer, Grace Paley replies: “ I respect his thinking and his beliefs, but at the same time I think he ’ s deluded ”) and other believers, their discussion ranging from personal images of God (Michael Cunningham sees God as a black woman, Derek Walcott as a wise old white man with a beard) to religion ’ s place in American culture, from the afterlife to the concepts of good and evil, from fundamentalism to the Bible. And almost without fail, the conversations turn to questions of art and literature. Toni Morrison discusses Virginia

From the creators of the blockbuster film God's Not Dead comes a novel based on their follow-up film Do You Believe?—an inspiring, heart-stirring, and faith-affirming story about how God works in the lives of those who believe. When Pastor Matthew Wesley encounters a homeless man on a city street in the middle of the night, he can't imagine the series of life-changing events that will result from that brief moment. But as the stories and desperate circumstances of several people—including a couple struggling to make ends meet, a soldier trying to rejoin society, a pregnant and homeless teenager, and an elderly couple still grieving the loss of their only child—intertwine and come together during one climactic night, they all must work together to overcome their struggles before all is lost. Evocative and moving, this sweeping narrative challenges you to confront the question: Do you really believe in the power of the cross, and if so, what are you going to do about it? The biblical account of the creation of the earth and man and the fall seems unbelievable like an ancient myth. If Genesis 13 can't be believed, can any books of the Bible be believed? Stop! the Bible shouts. You must study me my way, not your way. Then you can believe. Then you will find that history, archeology, geology, and science support my claims. What is the Bible's way? Read and you will know.

May you feel the love, presence, and tranquility of God³, and may your love relationship with Him³ continue to grow throughout your life and beyond! A key question: What has God³ designed and placed us on this earthly journey to learn and/or do? Are your/my heart and action true to that calling? If so, are we being

faithful to becoming what God³ created each of us individually to be? All is well Remember God³ ' s words to His³ disciples, “ This kind goes out but through prayer and fasting. ” Always say, “ All is well. ” Long though the way may seem, there is no too much by half. God³ is not only with you on the journey, He³ planned it and is planning it. There are and will be unspeakable joys on that journey; look for them! Courage! Courage! Courage! Why are we so blind as to think earthly life is all there is? Why do we ignore the immense treasure of love? What does it take to understand and make it so?

This time the soul of America really is at stake. Sure, for many years we ' ve heard this language dramatically and cynically utilized during political campaigns, but this time it ' s actually true. American Exceptionalism faces more systemic threats and existential peril than ever before. A culture that can ' t agree on what a border, citizen, criminal, law, constitution, life, or even the truth is probably doesn ' t have long to last. But as Jesus warned in Matthew 9:37, “ The harvest is plenty but the workers are few. ” Either we will stand boldly now for what we believe, or our way of life will be lost to the ash heap of history. Pilgrims “ having undertaken the glory of God ” and Great Awakenings are what gave birth to liberty on this continent in the first place. And without a revival of those first things in our time, that liberty will be lost for good. This will be the generation that determines the fate of the West. This is a blueprint and battleplan for such a time as this.
