A practical guide to the ancient magical tradition of Russian sorcery and Eastern Slavic magical rites • Offers step-by-step instructions for over 100 spells, incantations, charms, amulets, and practical rituals for love, career success, protection, healing, divination, communicating with spirits and ancestors, and other challenges and situations • Reveals specific places of magical power in the natural world as well as the profound power of graveyards and churches for casting spells • Explores the folk history of this ancient magical tradition, including how the pagan gods gained new life as Eastern Orthodox saints, and shares folktales of magical beings, including sorceresses shapeshifting into animals and household objects Passed down through generations, the Slavic practice of magic, witchcraft, and sorcery is still alive and well in Russia, the Ukraine, and Belarus, as well as the Balkans and the Baltic states. There are still witches who whisper upon tied knots to curse or heal, sorceresses who shapeshift into animals or household objects, magicians who cast spells for love or good fortune, and common folk who seek their aid for daily problems big and small. Sharing the extensive knowledge she inherited from her mother and grandmother, including spells of the "Old Believers" previously unknown to outsiders, Natasha Helvin explores in detail the folk history and practice of Russian sorcery and Eastern Slavic magical rites, offering a rich compendium of over 100 spells, incantations, charms, and practical rituals for love, relationships, career success, protection, healing, divination, averting the evil eye, communicating with spirits and ancestors, and a host of other life challenges and daily situations, with complete step-by-step instructions to ensure your magical goals are realized. She explains how this tradition has only a thin Christian veneer over its pagan origins and how the Slavic pagan gods and goddesses acquired new lives as the saints of the Eastern Orthodox Church. She details how the magical energy for these spells and rituals is drawn from the forces of nature, revealing specific places of power in the natural world as well as the profound power of graveyards and churches for casting spells. She explores the creation of amulets and talismans, the importance of icons, and the proper recital of magical language and actions during spells, as well as how one becomes a witch or sorceress. Offering a close examination of these two-thousand-year-old occult practices, Helvin also includes Slavic folk advice, adapted for the modern era. Revealing what it means to be a Slavic witch or sorceress, and how this vocation pervades all aspects of life, she shows that each of us has magic within that we can use to take control of our own destiny.

In a split second, Motoharu and Kouta went from lovers to strangers. After a traumatic fall at work, 19-year-old Kouta has reverted back to his 15-year-old self and is only interested in killing time at the arcade. Kouta's behavior scares Motoharu, who longs for his lost lover and worries about their past troubles. With no other options, the two decide to start their relationship over from the beginning. Read on for the emotional climax in this final volume of Punch Up! -- VIZ Media

"If you abide in Me, and My words abide in you, you will ask what you desire, and it shall be done for you." —John 15:7 There is no greater challenge, no greater call, no greater personal instruction than to read God's Word and let it abide in your life—imprinting it on the pages of your heart and mind. Walking daily in the power of His Word will make a permanent impact on your faith, your emotions, and your destiny. Daily Fire Devotional is a collection of dynamic devotionals from the powerful writings of evangelist Reinhard Bonnke. With its simple, convenient, easy-to-read format, you can take this book anywhere and plunge in at any point, choosing to read specific indexed selections focused on a particular topic or to read it chronologically as your personal daily Bible reading program. Much more than a daily devotional, this book will to give you a passion for lost souls and motivate you to be a soulwinner. Features a brief, daily motivational message; a Scripture verse for the day; related Bible passages; a "Daily Fire" encouragement to carry you through the day; and a verse plan to help you read through the entire Bible in one year.

Monetary sovereignty is a crucial legal concept dictating that states have sovereignty over their own monetary, financial, and fiscal affairs. However, it does not feature as part of any key instruments of international law, including the Articles of Agreement of the International Monetary Fund. Rather, it has remained a somewhat separate notion, developed under contemporary international law from an assertion of the former Permanent Court of International Justice in 1929. As a consequence of globalization and increasing financial integration and a worldwide trend towards the creation of economic and monetary unions, the principle of monetary sovereignty has undergone significant change. This book examines this evolution in detail, and provides a conceptual framework to demonstrate what this means for the legal and economic challenges faced by the international community. The book examines the historic origins and evolution of the concept of monetary sovereignty, putting it into the context of broader concepts of sovereignty. It argues that monetary sovereignty remains relevant as a dynamic legal concept with both positive and normative components. It investigates the continuing hybridization of international monetary law resulting from changes to its formal and material sources. It then examines the complex phenomenon of exchange rate misalignment under international monetary and trade law, and the increasing regionalization of monetary sovereignty, notably in light of the European sovereign debt crisis. Finally, it assesses the role the concept of monetary sovereignty can play in the reorganization of international finance following the recent global financial crisis.

A Guide to Marxist Political Economy

From a #1 "New York Times" - and "USA Today"-bestselling author comes two reader-favorite stories about chances encounters and a second shot a love. This special collection contains "The Law Is a Lady" and "Opposites Attract," Reissue.

Karl Marx was the greatest critic of capitalism, yet his ideas are widely dismissed or misunderstood. But understanding Marx is indispensable for anyone who wants to grasp why capitalism is a system of exploitation, instability and repeated crises. Joseph Choonara here introduces readers to some crucial Marxist approaches - as developed above all in the three volumes of Capital. He also outlines how this can be applied to capitalism as it has developed since the 19th century.

Two New Zealand teenagers receive a desperate SOS from their future selves and set out on a quest to stop an impending ecological disaster that could mean the end of humanity.

Power Electronics Design Handbook covers the basics of power electronics theory and components while emphasizing modern low-power components and applications. Coverage includes power semiconductors, converters, power supplies, batteries, protection systems, and power ICs. One of the unique features of the Power Electronics Design Handbook is the integration of component and system theory with practical applications, particularly energy-saving low-power applications. Many chapters also include a section that looks forward to future developments in that area. References for further information or more in-depth technical reading are also included. Nihal Kularatna is a principal research engineer with the Arthur C. Clarke Foundation in Sri Lanka. He is also the author of Modern Electronic Test and Measuring Instruments, published by the Institute of Electrical Engineers. Emphasizes low- and medium-power components Offers a unique mix of theory and practical application Provides a useful guide to further reading

Matching folio contains 10 terrific songs, including: Memory * Evergreen * The Way We Were * My Heart Belongs To Me.

Public Relations: The Basics is a highly readable introduction to one of the most exciting and fast-paced media industries. Both the practice and profession of public relations are explored and the focus is on those issues which will be most relevant to those new to the field: The four key phases of public relations campaigns: research, strategy, tactics and evaluation. History and evolution of public relations. Basic concepts of the profession: ethics, professionalism and theoretical underpinnings. Contemporary international case studies are woven throughout the text ensuring that the book is relevant to a global audience. It also features a glossary and an appendix on first steps towards a career in public relations making this the book the ideal starting point for anyone new to the study of public relations.
