Memoir meets craft masterclass in this "daring, honest, psychologically insightful" exploration of how we think and write about intimate experiences—a must read for anybody shoving a pen across paper or staring into a screen or a past" (Mary Karr). In this bold and exhilarating mix of memoir and master class, Melissa Febos tackles the emotional, psychological, and physical work of writing intimately while offering an utterly fresh examination of the storyteller's life and the questions which run through it. How might we go

about capturing on the page the relationships that have formed us? How do we write about our bodies, their desires and traumas? What does it mean for an author's way of writing, or living, to be dismissed as "navel-gazing" or else hailed as "so brave, so raw"? And to whom, in the end, do our most intimate stories belong? Drawing on her own path from aspiring writer to acclaimed author and writing professor—via addiction and recovery, sex work and academia—Melissa Febos has created a captivating guide to the writing life, and a brilliantly unusual exploration of subjectivity, privacy, and the power of divulgence. Candid and inspiring, *Body Work* will empower readers and writers alike, offering ideas—and occasional notes of caution—to anyone who has ever hoped to see themselves in a story.

examines the rich history and promising future of this musical genre. Created in the mid-1970s by poor Bronx residents with few resources, hip-hop has become a billion-dollar industry whose reach now stretches around the world. Hip-hop has influenced the way people make music, the way they dance, and the way they wear their clothes. It has also shaped people's political views and turned many people into entrepreneurs.

their music? This timely and compelling book answers this question by decoding the lyrics of over 700 songs from contemporary rap artists. Using innovative research techniques, Matthew Oware reveals how emcees perpetuate and challenge gendered and racialized constructions of masculinity, femininity, and sexuality. Male and female artists litter their rhymes with misogynistic and violent imagery. However, men also express a full range of emotions, from arrogance to vulnerability, conveying a more complex manhood than previously acknowledged. Women emphatically state their desires while embracing a more feminist approach. Even LGBTQ artists stake their claim and

express their sexuality without fear. Finally, in the age of Black Lives Matter and the presidency of Donald J. Trump, emcees forcefully politicize their music. Although complicated and contradictory in many ways, rap remains a powerful medium for social commentary. Topics are musical signs that rely on associations with

different genres, styles, and types of music making. The concept of topics was introduced by Leonard Ratner in the 1980s to account for cross-references between eighteenth-century styles and genres. While music theorists and critics were busy classifying styles and genres, defining their affects and proper contexts for their usage, composers started crossing the boundaries between them and using stylistic conventions as means of communication with the audience. Such topical mixtures received negative evaluations from North-German critics but became the hallmark of South-German music, which engulfed the Viennese classicism. Topic theory allows music scholars to gain access to meaning and expression of this music. The Oxford Handbook of Topic Theory consolidates this field of research by clarifying its

basic concepts and exploring its historical foundations. The volume grounds the concept of topics in eighteenth-century music theory, aesthetics, and criticism. Documenting historical reality of individual topics on the basis of eighteenth-century sources, it relates topical analysis to other methods of music analysis conducted from the perspectives of composers, performers, and listeners. With a focus on eighteenth-century musical repertoire, *The Oxford Handbook of Topic Theory* lays the foundation under further investigation of topics in music of the nineteenth, twentieth, and twenty-first centuries.

A philosophical exploration of pop music that reveals a rich, self-reflexive art form with unsuspected depths. In the first major philosophical treatise on the subject, Agnès Gayraud explores all the paradoxes of pop—its inauthentic authenticity, its mass production of emotion and personal resonance, its repetitive novelty, its precision engineering of seduction—and calls for pop (in its broadest sense, encompassing all genres of popular recorded music) to be recognized as a modern, technologically mediated art form to rank alongside cinema and photography. Adorno's fierce critique of "standardized light popular music," *Dialectic of Pop* tracks the transformations of the pop form and its audience over the course of the twentieth century, from Hillbilly to Beyoncé, from Lead Belly to Drake. Inseparable from the materiality of its technical media, indifferent and intractable to the perspectives of high culture, pop subverts notions of authenticity and inauthenticity, original and copy, aura and commodity, medium and message. Gayraud demonstrates that, far from being the artless and trivial mass-produced pabulum denigrated by Adorno, pop is a rich, self-reflexive

artform that recognises its own contradictions, incorporates its own productive negativity, and often flourishes by thinking "against itself." Dialectic of Pop sings the praises of pop as a constitutively impure form resulting from the encounter between industrial production and the human predilection for song, and diagnoses the prospects for twenty-first century pop as it continues to adapt to ever-changing technological mediations.

your relationship. Become a hero to the woman in your life. Being the Strong Man A Woman Wants by Elliott Katz is timeless wisdom on being a man. It explains why many relationships today aren't working and what the man can do to make things better. Drawing upon age-old principles that work, this book challenges popular ideas and explains why today's new age guy is frustrated and bewildered. Traditionally, men learned this wisdom from their fathers. Today, many men grow up without the benefit of a strong male role model. This story is about a journey of discovery that Michael takes with his

barely has time to catch her breath, let alone seriously question if all this is too good to be true. Drew is enamored, devoted, and, okay, a little mysterious—but that's part of the thrill. What's the harm in letting his remain private? Maybe he's not the only one...

Fortunately, Drew never seems to wonder why his young wife has so readily agreed to their unusual pact to live only in the here and now and not probe their personal histories. Perhaps he assumes, as others do, that she simply swept up in the intoxication of infatuation and sudden wealth. What's the harm in letting them believe that? How far will they go to keep the past buried?

Isolated in Drew's sprawling mansion, Poppy starts to have time to doubt the man she's married, to wonder what in his past might be so terrible that it can't be spoken of, to imagine what harm he might be capable of. She doesn't want this dream to shatter. But Poppy may soon be forced to confront the dark truth that there are sins far more dangerous than the sin of omission...

This book includes a discussion of the many possible definitions of popular music, information on how popular musicians learn, and specific examples of educational programs that incorporate popular music with suggestions on how to choose high quality repertoire.

--From publisher's description.

It's the inevitable meeting of the sourpusses! Garfield, reigning cynical cat of newspapers and TV crosses pat with Grumpy Cat, the internet sensation whose scowl endeared herself to the world. Who's the most sarcastic? Well, he likes lasagna and not much else...and she does even like lasagna. Can these two inhabit the same comic book mini-series, let alone the same planet? You'll find out in a trio of issues written by Mark Evanier and illustrated by Steve Uy. We'd say it's the cat's meow but neither of these cats meows.
