major part in shaping the consciousness of Roman Catholic Christians of the foreseeable future. Not only will it remain the foundational text for teaching Catholic doctrine for years to come, but it successfully consolidates the achievements of the Second Vatican Council, and presents the definitive modern synthesis of the Church's ever-living Tradition. Aidan Nichol's study introduces the reader to the doctrinal teaching of this massive text of almost three thousand clauses. Commenting on the vital first part of the Catechism section by section, he succeeds in highlighting its principal themes while drawing attention to the significance of the way they have been handled. More sympathetic to the intentions of the Catechism's authors than some other recent commentators, Nichols is sensitive to the nuances of

this magisterial text, and its immense theological import.

Cardinal Christoph Schönborn, the editor of the monumental Catechism of the Catholic Church, a worldwide best seller, provides a brief and profound commentary on the second part of the Catechism, the sacraments.

Schönborn gives an incisive, detailed analysis of the sacraments, providing a specific meditation for each week of the year on how to better live the Catholic faith with the aid of the sacraments and the Mass, and explained in the Catechism. Through these 52 meditations, Schönborn's hope is for the reader to not just have a better grasp of the Catholic doctrine and belief, but especially to grow in a greater love of and devotion to the person of Jesus Christ. The volume of selections beings with a chapter on Catholic ecumenical principles, and a chapter on the churches involved in the dialogue. Following these introductory chapters are seven chapters on agreements in faith, sacraments, the Christian life, and spirituality following the four parts of the Catechism. Throughout the seven final chapters are editor's notes to help the reader understand the context of the dialogues, the

"This volume is intended to meet a widely felt need for an up-to-date and concise source book on the principal teachings of the Catholic Church. Since the close of the Second Vatican Council, there has been such an accumulation of ecclesiastical constitutions and decrees and so many changes they introduced in Catholic practice that few people have been able to keep up with all that has happened... A parallel purpose of this volume is to offer those who use it a handy guidebook of the Catholic tradition, whether formally

documented in ecclesiastical sources or implicitly accepted by the faithful under the aegis of the Church's hierarchial leaders.

"The method followed in presenting the Church's doctrine is a combination of history and logic. Doctrines are placed into a historical framework by tracing their origins to the Old and New Testaments and placing their development within the context of persons, places, and times.

The doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries. "The intended reading audience of this Catholic catechism are all those priests, religious and laity, and above all

contains all the passages of Sacred Scripture referred to in the Catechism arranged according to the paragraphs in which the references are made. But that is only a beginning. The Catechism also refers to conciliar texts, papal documents, writings of the Fathers and of the Saints. There are more than 3,600 of these references extending from the earliest credal formulations of the ancient Church to the documents of Vatican II and beyond to the magisterial teaching of Pope John Paul II. The Book of References includes all the texts referred to arranged, along with the Scripture passages,

according to the paragraphs of the Catechism in which they are referred. (From Ignatius Press website: <http://www.ignatius.com/Products/CCCC-P/the-companion-to-the-catechism-of-the-catholic-church.aspx> - accessed 11/03/2011).

The Old Catholic Church of the United States is a Catholic Family of Faith, based within the United States. As inheritors of Apostolic Succession from the Western Latin (Catholic) Church, the Ancient Oriental Churches and the Eastern Byzantine (Orthodox) Churches, we possess a rich theological heritage. We are a sacramental church, embracing the fullness

of Christianity as expressed within Catholic understanding. We stand, holding fast to the teachings of the ancient faith, in a modern society that is often hostile, towards Christians in general and Catholics in particular, and choose to obey the timeless message of Christ rather than yield to the "Spirit of the Age". "I am very happy with the contents, and feel that yet again it is a wonderful work and look forward to having this in print to use here in the UK."-Most Rev. ***Foreword by Cardinal Christoph
Schoenborn The theme of this
book is that the Catechism of the
Catholic Church, perhaps the
most important work on
catechesis since the Apostolic
Age, offers not only a new,
definitive account for our times
of the full teaching of the
Catholic faith, but also that it is a
superbly crafted work from
which to learn and to teach the
faith. This book reveals the
pedagogy embedded in the
Catechism, showing every
teacher, parent, catechist or***

student how to discover the key principles that enable one to learn from, and teach from, the Catechism. The Compendium of the Catechism of the Catholic Church speaks of the "wisdom of the presentation" of the Catechism and of "the depth of its spirituality". These points have rarely been explained in any sustained way and have never before been systematically treated. The unique point about this book is that it focuses on these points, rather than a simple explanation of the content of the Catechism. This book offers a pedagogical approach to the Catechism for handing on the faith of the Catholic Church in

any setting, whether home, school and parish. It offers perennially valid teaching points drawn from a perennial text, and an explanation of the 'pedagogy of God' which underpins all authentic teaching methods in the Church. In this way, the book offers a twelve step 'path to recovery' out of unhealthy catechetical addictions and obsessions which have bedeviled the catechetical world. It is unique in its origin, emerging from a 'catechetical friendship', encouraged by Cardinal Schönborn, between three institutions working in an authentic Catholic catechetical tradition. The three authors

display a deep trust and love for the words of the Catechism of the Catholic Church – words that hold a rich heritage and can be pondered lovingly and searchingly, since they are for our good, for everyone's good. Sometimes when teaching children an aspect of our Catholic Faith, it is helpful to have a special activity to reinforce the lesson. They need exercises that train the mind or move the heart. For this reason, Catholic teachers and parents will appreciate these one hundred thoughtfully crafted activities drawn from the new universal Catechism of the Catholic Church. The

worksheets, memory games, Bible studies, etc. in this book require little preparation or materials and are designed to supplement any catechetical text or program for children in grades 1 through 8. Though simple to use, these exercises uncover some of the depth and richness of Catholic doctrine and practice. Topics of the activities are organized according to the four pillars of the Catechism -- Faith, Sacraments, Morality and Prayer. Each activity is self-contained, perforated to tear out and reproduce for group use. Whether it is memorizing the Creed, understanding the Bible, or learning to pray, these

exercises will enrich the faith of children and those who teach them.

This is a valuable introduction to the Catechism by the general editor of the Catechism (Schonborn) and the head of the Bishops Commission for the implementation of the Catechism (Ratzinger). Providing helpful insights on how to read and study the Catechism, this book includes a prehistory of the Catechism, an overview of its structure and contents, the major themes and methods in it, a special introduction to the four parts of the Catechism, and specific advice on how to use the Catechism. Ratzinger and Schonborn illuminate the Catechism's teaching on faith, morals, prayer and sacraments, and how a Catholic lives those teachings in today's world.

reflections on "Five Things Every Catholic Should Know About the Catechism" to help Americans understand their faith better. Pope Benedict XVI encourages every Catholic to study the Catholic Catechism, affirming that the Catechism helps Catholics to grow in the light of faith, and by this same light, they may be light and witnesses to others and the world in general. Catechism is divided into four parts: prayer, morality, sacraments, worship, and beliefs. This Catechism book is an invitation to encounter Catholic spirituality in light of the theological virtues of love, faith, and hope. This Catechism book also helps you grow in prayer and Catholic education. This titanic and magnanimous book of Catholic faith draws from the teachings and documents of the scripture and church, the lives of the Saints, and the richness of the Catholic tradition. Truly,

learning and living the Catholic Faith is an ongoing process throughout one's Catholic life. This Catechism, like a ladder, will help us ascend the mountain of faith, attain the love of God, and hope for the coming of God's kingdom. The United States Conference of Catholic Bishops (USCCB), in their exhortation, highlights the importance of the Catechism, which are the following: It conveys the essential and fundamental content of Catholic faith and morals in a complete and summary way. It is a point of reference for national and diocesan catechisms. It is a positive, objective and declarative exposition of Catholic doctrine. It is intended to assist those who have the duty to catechize, namely promoters and teachers of catechesis. Church. In the following verses, we find some encouragement in our journey in the way of faith through the Catholic

Catechism: There are difficult doctrines "which the ignorant and unstable twist to their own destruction" (2 Peter 3:16).

There are many deceivers (1 John 2:26).

Leaders must raise up those who can

"give instruction in sound doctrine and also to rebuke those who contradict it."

(Titus 1:9). We are required to "continue in the faith, stable and steadfast"

(Colossians 1:23). We are urged to "attain to the unity of the . . . knowledge of the Son of God . . . so that we may no longer be children, tossed to and fro and carried about by every wind of doctrine"

(Ephesians 4:13-14).

The purpose of this catechism is to present an organic and synthetic exposition of the essential and fundamental contents of Catholic doctrine both on faith and on

morals, in the light of the Second Vatican Council and the entire Tradition of the Church. Its main sources are Sacred Scripture, the Holy Fathers, the Liturgy and the Magisterium of the Church. It is intended to serve "as a point of reference for catechisms or compendia that are drawn up in different countries" (Synod of Bishops 1985. Final Report II BA 4). Catechesis is the name given to all the efforts made in the Church to make disciples, to help men to believe that Jesus is the Son of God so that, by faith, they may have life in his name, and to educate and instruct them. in this life and thus build the Body of Christ (Cf. John Paul II, CT 1,2). The purpose of First Communion is the education in the faith of children, youth and adults, which especially includes a teaching of Christian doctrine. The idea of an official, Catholic book that explains the faith for young readers was conceived in the early 19th century. Bishops of the church determined that a single, complete text be distributed to church educators for use in Sunday schools and to parochial institutions. Divergences in the text throughout the 20th century made the catechism less popular, as schools established their own

Centuries before the Catechism of the Catholic Church was published in 1992, encouraged by the Council of Trent, a catechism was prepared called the Roman Catechism or the Catechism of the Council of Trent. It was prepared for use by Pastors to instruct their flocks in the Catholic Faith. Educated lay people should know their faith at this level, therefore this catechism is

The Catechism of the Catholic Church is the sure norm for teaching the faith (Apostolic Constitution Fidei Depositum). Still the language and wording of both the Catechism and the Second Vatican Council is one full of poetic beauty and soft diplomacy. This style of poetry

and diplomacy is not the most appropriate for clarity. In many places the language results hard to understand and multiple contradictory interpretations are possible due precisely to the language full of charity but not of clarity. The purpose of the Compendium of the Traditional Catechism of the Catholic Church is to provide absolute clarity about the Faith of All times and less room for open interpretations and ambiguity. The world today in order to keep the Faith of All times needs more than poetic words. It needs clear teachings with full power, strength, and

clarity above: no room for misinterpretations, no wiggle room for heretical interpretations at all. That is the purpose of this work: high clarity above all. With total clarity several subjects are covered: the definition of schismatic, the Limbo, Freemasons, heretic, the so called marriage among homosexuals, the doctrine of the Church regarding the liberal freemasonic Democracy, the responsibility that Catholics must have when voting or taking action on the political field, the so called New Atheists movement, the Consecration of

Russia according to Our Lady of Fatima, the future of the world according to the City of God of St. Agustin, etc. All of these subjects of today and many others are addressed in this work with extreme and total clarity. Here there is no room for error and no room for misunderstanding. This is the Traditional Catechism that is really needed in the Year of the Faith and in any year!

The presence of the Catholic Church in the United States reaches back to the founding days of our country through the leadership of Archbishop John Carroll, the first Catholic

The Splendour of Doctrine

Introduces young readers to Catholic beliefs as expressed in the Catechism of the Catholic Church.

For the first time in 400 years the Catholic Church has authorized an official universal catechism which instantly became an international best-seller,

The Catechism of the Catholic Church. Using this official Catechism, the highly-regarded author and professor Peter Kreeft presents a complete compendium of all the major

beliefs of Catholicism written in his readable and concise style. Since The Catechism of the Catholic Church was written for the express purpose of grounding and fostering catechisms based on it for local needs and ordinary readers, Kreeft does just that, offering a thorough summary of Catholic doctrine, morality, and worship in a popular format with less technical language. He presents a systematic, organic synthesis of the essential and fundamental Catholic

teachings in the light of the Second Vatican Council and the whole of the Church's Tradition. This book is the most thorough, complete and popular catechetical summary of Catholic belief in print that is based on the universal Catechism.

Ratzinger, one of the key persons responsible for the compilation of the Catechism of the Catholic Church, offers new insights on the catechetical character and Biblical foundation of the worldwide bestselling Catechism that has had such a positive

response from ordinary Catholics across the globe. But he acknowledges that the response of many theologians and "professional religionists" has been negative toward the Catechism. He says that if theologians don't want to be "shut out" of this worldwide development of sensus fidei and lose touch with the common Catholic, they will have to engage the Catechism positively. The main purpose of this book is to offer an invitation to this changed approach to the Catechism. He wants people

to see, as he shows here, how the Catechism is an excellent teaching tool that responds to man's deepest questions about the meaning of life, how to live a good life, and how to attain happiness in this life and in eternal life. He shows how the Catechism affirms that man's happiness is love, and that the essence of true love has been manifested in the Person of Jesus Christ.
