Tracing the lives of his Russian forebears, Serge Schmemmann, Pulitzer Prize-winning foreign correspondent for the New York Times, tells a remarkable story that spans the past two hundred years of Russian history. First, he draws on a family archive rich in pictorial as well as documentary treasure to bring us into the prerevolutionary life of the village of Sergiyevskoye (now called Kotkov), where the spacious estate of his mother's family was the seat of a manor house as vast and imposing as a grand hotel. In this village, on this estate–ringed with orchards, traversed by endless paths through linden groves, overseen by a towering brick church, and bordered by a sparkling-clear river–we live through the cycle of a year: the springtime mud, summertime card parties, winter nights of music and good talk in a haven safe from the bitter cold and ever-present snow. Family recollections of life a century ago summon up an aura of devotion to tsar and church. The unjst, benevolent, complicated, and ultimately doomed relationship between master and peasants–leading to growing unrest, then to civil war–is subtly captured. Diary entries record the social breakdown step by step: grievances going unresolved, the government foundering, the status quo of rural life overcome by revolutionary fervor. Soon we see the estate brutally collectivized, the church torn apart brick by brick, the manor house burned to the ground. Some of the family are killed in the fighting; others escape into exile; one writes to his kin for the last time from the Gulag. The Soviet era is experienced as a time of privation, suffering, and lost illusions. The Nazi occupation inspires valorous resistance, but at great cost. Eventually all that remains of Sergiyevskoye is an impoverished collective. Without idealizing the tsarist past or wholly damning the regime that followed, Schmemmann searches for a lost heritage as he shows how Communism thwarted aspiration and initiative. Above all, however, his book provides for us a deeply felt evocation of the long-ago life of a corner of Russia that is even now truly beautiful despite the ravages of history and time.

First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

Pastoralism has shaped livelihoods and landscapes on the African continent for millennia. Mobile livestock husbandry has generally been portrayed as an economic strategy that successfully met the challenges of low biomass productivity and environmental variability in arid and semi-arid environments. This volume focuses on the emergence, diversity, and inherent dynamics of pastoralism in Africa based on research during a twelve-year period on the southwest and northeast regions. Unraveling the complex prehistory, history, and contemporary political ecology of African pastoralism, results in insight into the ingenuity and flexibility of historical and contemporary herders.

Benefit from Effective Practice & Easy Revision for Class 10 CBSE Board Examinations (2022) with our All in 1 Guide Book Consisting of 6 subjects including, English Language & Literature, Hindi A, Hindi B, Mathematics, Science, and Social Science.
