In the land of the rising sun, you have to look hard to find a person who is not kind and peaceful; even the most peaceful nations, there are dark alleys where the sun does not rise—where shadowy figures emerge full of rage and hatred...most with a thirst for revenge. In this book, you will read about 15 of Japan's most horrifying killers. Many of the people profiled in

attorneys, guardians ad litem, and family court judges—and as a text for students of child welfare practice and policy. Features include:

- * Organized around ASFA's guiding principles of well-being, safety, and permanency
- * Focus on evidence-based "best practices"
- * Case examples integrated throughout
- * First book to include data from the first round of National Child and Family Service Reviews

Topics discussed include the latest on prevention of child abuse and neglect and child protective services;

Published in Indonesia in 2005, *The Rainbow Troops*, Andrea Hirata's closely autobiographical debut novel, sold more than five million copies, shattering records. Now it promises to captivate audiences around the globe. Ikal is a student at the poorest village school on the Indonesian island of Belitung, where graduating from sixth grade is considered a remarkable achievement. His school is under constant threat of closure; in fact, Ikal and his friends—a group nicknamed the Rainbow Troops—face threats from every angle: skeptical government officials, greedy corporations hardly distinguishable from the

colonialism they've replaced, deepening poverty and crumbling infrastructure, and their own low self-confidence. But the students also have hope, which comes in the form of two extraordinary teachers, and Ikal's education in and out of the classroom is an uplifting one. We root for him and his friends as they defy the island's powerful tin mine officials. Ikal meets his first love, the unseen girl who sells chalk from behind a shop screen, whose pretty hands capture Ikal's heart. We cheer for Lintang, the class's barefoot math genius, as he beats the students of the mining corporation's school in an academic challenge. Above all, we gain an intimate acquaintance with the customs and people of the world's largest Muslim society. This is classic storytelling in the spirit of Khaled Hosseini's

When Men in Groups was first published in 1969, the New York Times daily critic titled his review "The Disturbing Rediscovery of the Obvious." What was so obvious was male bonding, a phrase that entered the language. The links between males in groups Tiger describes extend through m

other primate species, through our evolution as hunters/gatherers, and cross-culturally. Male bonding characterizes human groups as varied as the Vatican Council, the New York Yankees, the Elks and Masons the secret societies of Sierra Leone and Kenya. The power of Tiger's book is its identification of the powerful links between men and the impact of females and families on essentially male groups. While the world has changed much, the argument of the book and its new introduction by the author suggest that a specific pattern of female bonding continues to be part of the human default system. Perhaps one day concrete evidence of its location will emerge from the startling work on the human genome, just as the elaborate and consequential sex

differences to which Men in Groups drew such pioneering attention have already become part of the common wisdom. Meanwhile, Men in Groups remains a measured and responsible but intrepid inspection of a major aspect of human social organization and personal behavior. But it has remained a fundamental contribution to the emerging synthesis between the social and natural sciences.

The True Story of a Woman Possessed by Sixteen Separate Personalities

This clear and concise introductory textbook guides students through their first engagement with geopolitics. It offers a clear framework for understanding contemporary conflicts by showing how geography provides opportunities and limits upon the actions of countries, national groups, and terrorist organizations. This second edition is fundamentally restructured to emphasize geopolitical agency, and non-state actors. The text is fully

The text contains updated case studies, such as the Korean conflict, Israel-Palestine and Chechnya and Kashmir, to emphasize the multi-faceted nature of conflict. These, along with guided exercises, help explain contemporary global power struggles, environmental geopolitics, the global military actions of the United States, the persistence of nationalist conflicts, the changing role of borders, and the new geopolitics of terrorism, and peace movements. Throughout, the

So many years after the event we cannot help wondering why the story was not earlier put in book form; for in its delineation of the character of an adventurer it is as great as VANITY FAIR, while for the local colour of history, if I may put it so, it is no undistinguished precursor of ESMOND.

Billy Milligan was a man tormented by twenty-four distinct personalities battling for supremacy over his body - a battle that culminated when he awoke in jail, arrested for the kidnap and rape of three women. In a landmark trial, Billy was acquitted of his crimes by reason of insanity caused by multiple personality disorder - the first such court decision in history. Among the twenty-four are: Philip, a petty criminal; Kevin, who dealt drugs; April, whose only ambition was to kill Billy's stepfather; Adalana, the shy, affection-starved lesbian who 'used' Billy's body in the rapes that led to his arrest; David, the eight-year-old 'keeper of the pain'; and the Teacher, the sum of all Billy's alter egos fused into one.
