The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

(High School) Hailed as a stellar educational resource for nearly a century, Magruder's American Government is updated annually to meet the changing needs of today's high school students and teachers. A 1984 Newbery Honor Book Although he faces responsibility bravely, thirteen-year-old Matt is more than a little apprehensive when his parents leave him alone to guard their new cabin in the wilderness. When a renegade white stranger steals his gun, Matt realizes he has no weapon or game or to protect himself. When Matt meets Attean, a boy in the Beaver clan, he begins to better understand their way of life and the problem in adapting to the white man and the changing frontier. Elizabeth George Speare's Newbery Honor-winning survival story is filled with wonderful detail about living in the wilderness and the relationships that formed between settlers and natives in the 1700s. Now with a new introduction by Joseph Bruchac.

Max is used to being called Stupid. And he is used to everyone being scared of him. On account of his size and looking like his dad. Kevin is used to being called Dwarf. On account of his size and being some cripple kid. But greatness comes in all sizes, and together Max and Kevin become The Mighty and walk high above the world. An inspiring, heartbreaking, multi-award winning international bestseller.

Traces the author's experiences as an illegal child immigrant, describing her father's violent alcoholism, her efforts to obtain a higher education, and the inspiration of Latina authors.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

While Active Learning Classrooms, or ALCs, offer rich new environments for learning, they present many new challenges to faculty because, among other things, they eliminate the room's central focal point and disrupt the conventional seating plan to which faculty and students have become accustomed. The importance of learning how to use these classrooms well and to capitalize on their special features is paramount. The potential they represent can be realized only when they facilitate improved learning outcomes and engage students in the learning process in a manner different from traditional classrooms and lecture halls. This book provides an introduction to ALCs, briefly covering their history and then synthesizing the research on these spaces to provide faculty with empirically based, practical guidance on how to use these unfamiliar spaces effectively. Among the questions this book addresses are: • How can instructors mitigate the apparent lack of a central focal point in the space? • What types of learning activities work well in the ALCs and take advantage of the affordances of the room? • How can teachers address familiar classroom-management challenges in these unfamiliar spaces? • If assessment and rapid feedback are critical in active learning, how do they work in a room filled with circular tables and no central focus point? • How do instructors balance group learning with the needs of the larger class? • How can students be held accountable when many will necessarily have their backs facing the instructor? • How can instructors evaluate the effectiveness of their teaching in these spaces? This book is intended for faculty preparing to teach in or already working in this new classroom environment; for administrators planning to create ALCs or experimenting with provisionally designed rooms; and for faculty developers helping teachers transition to using these new spaces.

This book introduces the principles and practice of writing a comprehensive reference grammar. Several thousand distinct languages are currently spoken across the globe, each with its own grammatical system and its own selection of diverse grammatical structures. Comprehensive reference grammars offer a basis for understanding linguistic diversity and can provide a unique perspective into the structure and social and cognitive underpinnings of different languages.

Alexandra Aikhenvald describes the means of collecting, analysing, and organizing data for use in this type of grammar, and discusses the typological parameters that can be used to explore relationships with other languages. She considers how a grammar can be made to reflect and bring to life the society of its speakers through background explanation and the judicious choice of examples, as well as by showing how its language, history, and culture are intertwined. She ends with a full glossary of terms and guidance for those wanting to explore a particular linguistic phenomenon or language family. The Art of Grammar is the ideal resource for students and teachers of linguistics, language studies, and inductively-oriented linguistic, cultural, and social anthropology.

Together here for the first time, three of Anita Hughes' beautiful and exotic novels will take readers on an incredible journey from Monarch Beach in Orange County, across the ocean to beautiful Lake Como in Italy, and end on the glamorous Cote D'Azur with French Coast. With mouth-watering descriptions of food, fashion, and romance, these are three must-reads! In French Coast, Serena is the young editor assigned to the story of a lifetime—to fly to the Cannes film festival and interview the infamous former editor of French Vogue. But when her fiancé chooses politics over their engagement, Serena must turn to the friendships she forms in the intoxicating world of the Cote D'Azur to believe in herself and in love once more. Monarch Beach is Anita Hughes' absorbing debut novel about a San Francisco mother's journey back to happiness after an affair splinters her perfect marriage. Amanda must flee her life in order to rebuild it in this sometimes funny, always moving story that explores what it means to be loved, betrayed, and to love again. Lake Como is a heartwarming story of love, self-discovery, and the quest for truth. When Hallie Elliot finds her fiancé and her boss in a compromising position, she leaves her job in San Francisco and heads to Lake Como, Italy to heal with her half-sister who is dealing with her

own public heartbreak.

A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps us to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Ancient history is fascinating, but it can be difficult to find material that teaches it from a Christian perspective. Even harder is finding a history curriculum that captivates students. But Angela O' Dell's newly revised *The World's Story 1 - The Ancients* does both! Students will learn all about the ancient civilizations of the Middle East, Europe, Africa, Asia, and the Americas from a strong Biblical perspective. Focuses on History and interweaves a Christian perspective throughout. Features an engaging historical narrative. First volume in a three-book world history series for upper elementary and junior high students. The text covers Biblical history, also educating students about civilizations mentioned in the Bible, including ancient Egypt, ancient Israel, ancient Babylon, ancient Persia, ancient Greece, and ancient Rome, up to the development of the early Church. It also discusses other ancient civilizations from around the world.

You've broken the law, been sentenced, and now find yourself in jail. You could be in for a hard life. But all is not lost. In Deen-ul-Sujanaa', author Shaykh Ali Jai Al-Zakar, a prison chaplain, offers a straightforward Islamic guidebook to help you move away from your past life of wrongdoing and instead submit yourself to Allah and change your life for good. Especially focusing on people struggling with incarceration and addictive behaviors, Ali Jai relies on the wisdom of the Qur'an to promote individual recovery and to help free you from your own self-made prisons through nineteen steps. Deen-ul-Sujanaa' gives a crash course for any detainee, inmate, or prisoner who is seeking solace and resolve, peace, and comfort while awaiting trial, or while serving time. It communicates that the steps to true freedom are not dependent upon probation or parole for the serving of time, but they are realized in complete submission and unification with God.
