A comprehensive and in-depth discussion of the human energy centers known as chakras. The book offers a unique understanding of how these centers, also referred to as "subtle bodies" can be identified and experienced, along with how they are related to personal transformation and health. In this volume, Osho gives an overview of the Eastern science of the subtle energy centers in the human body that are sometimes known as "chakras." It is a science that underlies traditional Chinese medicine, Indian Ayurveda, and the practice of kundalini yoga, among other disciplines that recognize the deep connection between mind and body. Osho also shows how these same principles apply to human psychological growth and maturation, and the evolution of consciousness. Self-help, Spirituality, Psychology, Meditation, Esoteric, New Age, Health, Yoga. The title will especially of interest to the large group of people involved with Yoga, as the book describes in simple terms, using everyday experiences as examples, what underlies the Kundalini Yoga approach to the human energy system. Discover the transformative power of balancing your chakras in the original, complete guide to creating harmony between your physical body, mind, and spirit. The classic beginner's guide to understanding chakras, this brand-new edition of The 7 Healing Chakras by Dr. Brenda Davies is a practical and inspirational journey that shows people how to achieve their full physical and spiritual potential. Introducing the chakras, vortices of energy that connect the physical body with the spiritual, the book offers a clear path through the seven power centers, from the red-colored root chakra near the base of the spine to the white crown chakra at the top of the head. Readers are led through a series of meditations to unblock each energy channel and clear the psychological, emotional, and spiritual debris of the past. Including exercises combining crystals, essential oils, and other spiritual tools, the book offers many paths to total wellness and relief. Dr. Davies combines her training as a psychiatrist with ancient methods of healing to provide the strategies needed to take charge of mental and physical well-being.

Understanding chakras is an effective first step in harnessing every human being's hidden life-changing energies and employing inner powers for spiritual and physical healing. The word chakra originated with the Vedic teachings of ancient India. It comes from the Sanskrit word for "wheel of light," and denotes the energy centers that exist in every man and woman. The Book of Chakras explores the nature of these energy sources, explains where they dwell in each of us, and instructs on how to use them. The author identifies seven energy centers in the human body. The Root Chakra, located in the lower torso, anchors us in life. From that point on the rising ladder of love and healing, we become aware of the Sacral Chakra, the Solar Plexus Chakra, the Heart Chakra, the Throat Chakra, the Brow or Third Eye Chakra, and the Crown Chakra. The last, the Crown Chakra, located in the head, is the most refined and spiritual center in the human energy system. Chakra teachings describe seven bodies that make up every person's aura. They are the Physical, Etheric, Astral, Mental, Divine, Spiritual, and Soul bodies. Chakra teachings say that each of these bodies vibrates in ways that are allied to the colors of the universe. However, only one of these bodies, the Physical, is visible. When we understand these bodies in detail, we become able to correct chakra imbalances and harness our powers for peaceful and productive living. The author advises on ways of restoring balances, healing through the power of thought, and employing colors, sounds, crystals, acupuncture, and other means. More than 300 color illustrations.

How to work with the chakra centers to heal unresolved psychic wounds • Reveals how psychic injuries become lodged within the energy body • Links one major developmental stage with each major chakra • Provides a detailed guide to healing and clearing the tensions each chakra holds The chakra system identifies eight centers in the psycho-anatomy of humans, each one associated with the physical or energy body. Susan J. Wright, a practicing shaman and Gestalt psychotherapist, uses her own life journey to show that each chakra also is linked to a different stage of emotional and spiritual development. In The Chakras in Shamanic Practice, she identifies eight key developmental stages of life, from birth to old age/death. Each of these life stages has various developmental challenges and potential traumatic events that will likely occur and affect the health and well-being of the individual. Wright explains that life traumas experienced in particular developmental stages become lodged within the energy body as they cling to their corresponding chakra. By identifying and working with the chakra involved, a doorway can be opened to a world of transformative images, allowing powerful shamanic techniques to heal these psychic wounds. Providing both physical exercises and guided meditations that utilize the techniques of soul retrieval, working with power animals, and transcending trauma, Wright offers practitioners a way to gather and nurture the fragmented parts of their energy body and lead themselves to physical, emotional, and spiritual well-being.

Color Your Chakras is a fun activity book for adults and children alike. The chakras are powerful energy centers located in your subtle body. Unknown to many people, these vortexes of life energy govern and regulate your physical body. According to the ancient Tantric and Vedic scriptures of India, there are 14 chakras - seven major ones along your spinal column, and seven others, most of which are located in your brain. Each chakra performs a specific function and is associated with discrete body parts and aspects of mind. Each chakra (or "wheel") has a hub, where subtle energy conduits intersect; and spokes, which are radiations of subtle energy. Chakras are often likened to lotuses, and the radiations of energy are equated with lotus petals. The lotus petals on six of the seven major chakras comprise the entire Sanskrit alphabet, and the seventh major chakra vibrates all 50 letters of the Sanskrit alphabet. Each left-hand page in Color Your Chakras includes a description and explanation of each chakra or chakra deity. Each right-hand page is an appropriate drawing. The explanations include information about the drawings and the specific colors that are mentioned in the scriptures of ancient India.

Every spiritual seeker knows that there are seven main chakras—also described as energy centers or wheels of light. Blocked energy in the chakras can often lead to physical illness as well as spiritual malaise. The trick is how to balance these systems in our lives, and in The Seven Chakra Sisters, spiritual psychotherapist and healer Linda Rosenthal shows us exactly that. Rosenthal takes readers on a metaphysical, metaphorical romp into the world of the 7 chakras. She offers a delightful teaching fable about the unique personalities of the 7 Chakras to help us understand the important role they play in our health and well being. Rosenthal paints a wonderfully vivid portrait of these 7 chakra "sisters" that live in all of us to teach the principles of energy healing and show readers how to bring the chakras into optimal alignment: Aneeda, the Needy One, the root chakra (red) Ivanna, the Wanting One, the sacral chakra (orange) Ahafta, the One Who Has to, the solar plexus chakra (yellow) Ahluyva, the Loving One, the heart chakra (green) Singya, the Expressive One, the throat chakra (blue) Useeme, the All-Seeing One, the third eye chakra (indigo) Iamone, the One of Oneness, the crown chakra (violet)

Through her light-hearted and funny exploration of the personalities and relationships of these chakra siblings, Rosenthal seriously shows readers how to achieve optimal physical and emotional health. "This book is for seekers. With writing that is both friendly to the layperson yet true to a deeper mystery, this is the book to which I refer my students who are interested in the esoteric wisdom and practices of the ancients." —Anodea Judith, author of Eastern Body, Western Mind Although they are often misunderstood, the chakras are important facets of health and spirituality and when properly attuned can lead to happier and healthier lives. I strongly recommend this fascinating guidebook!” —Dorothea Hover-Kramer, EdD, RN, DCEP Excerpt Intuitive Healing isn’t new. It’s been around for centuries, but we have forgotten what it means to listen to our own body’s messages. Instead, we have given our healing power away by not paying attention to our feelings and centered thoughts when we feel ill or are diagnosed with a disease. Intuition by definition is about knowing. Intuitive healing begins with discovering the vital energy within. There is nothing unusual about it. We all possess it. Each of us is our own best healer. Coming to know this intelligence within manifests itself in many different ways. Some people view images in their mind, hear words, or feel sensations. Others pick up insights during their daily life which seem to come from others—from radio, television, or billboard advertisements. Wherever our insights arise from, we all possess the aptitude to recognize them and discover what is in our best interest. Even if you have tried many times to perceive your internal messages, but feel that you possess no skill to do so—trust me you do. After working with thousands of clients, I’ve learned that everyone has the capacity to receive, interpret, and successfully use their senses. You have this ability because we are genuinely powerful. • Revised and expanded edition of the classic work on chakras by the renowned Indian scholar and tantra practitioner. • Includes full-color illustrations of the chakras to be used with the meditation exercises in the book and provides the tools necessary to activate these centers of transformative energy. In the ancient science of tantra, the human body is viewed as the most perfect instrument for the expression of consciousness, a perfection realized through the development of psychic centers known as chakras. Located within the cerebrospinal system, the chakras are the stage upon which the interaction between higher consciousness and desire is played out. Consequently, it is through understanding and utilizing the energies of the chakras that we ultimately reach an enlightened state of being. In Chakras, Indian scholar and tantra practitioner Harish Johari introduces the classical principles of the chakras as well as their practical application for today. In this expanded edition, complete with new art and text, he unfolds the mysteries of these subtle centers of transformation with visualization techniques essential to a fully realized tantric practice. Unlike other books in its field, Chakras provides the tools to activate these centers of transformative energy and elevate one's intellectual knowledge to an experience of spiritual growth. Meditating on the beautiful, full-color illustrations of each chakra vitalizes the cerebrospinal centers and harmonizes the entire system both physically and psychically. Explanations of each chakra elaborate on the chakra's connection to elements, colors, sounds, sense and work organs, desires, planets and deities, as well as on behavioral characteristics and particular effects of meditation. For scholars and spiritual aspirants of every level, Chakras is an invaluable, practical source of information and techniques.

Coauthor Pieter Weltevrede provides visual portrayals of traditional images of the chakras and their deities, explaining the spiritual secrets embedded in each. Sharing profound insights from their studies with Harish Johari, the authors also include chakra wisdom from other gurus they have studied with such as Guruji Pilot Baba and Mataji Narmada Puri. Offering practical wisdom for help in daily life and freedom from the tethers of your past, chakra work provides a powerful way to hear your inner self more deeply and a systematic path for activating higher levels of consciousness.

Tap into your body's vital source of energy and wellness Positioned along the spinal axis, from the tailbone to the crown of the head, the seven main energy centers of the body are called chakras. Author Michelle Fondin explores and explains each one in the seven chapters of this book, demystifying their role in facilitating healing, balance, personal power, and everyday well-being. She offers meditations and visualizations, yoga postures, breathing exercises, and Ayurvedic dietary practices to learn about and work with the chakras. You may choose to follow the healing practices for seven days, devoting one day to each chakra; for seven weeks, focusing on each chakra for a week at a time; or at your own pace, spending as long as you need on each chakra. Whether you are experiencing an illness brought on by imbalance, feeling sluggish because of seasonal changes, or simply wishing to deepen your study of the subtle body, you will find healing and rejuvenation while discovering the power of these vibrant energy vortices, your chakras.

You may have seen the movies and read the books about manifestation, but your power to create your dreams still seems to be missing the mark. Don't throw in the towel yet—there's a radically new approach that may reveal the missing piece of the puzzle. With Creating on Purpose, innovative teachers Anodea Judith and Lion Goodman present a comprehensive, systematic method for realizing your highest aspirations. Shared with thousands in their popular nationwide workshops, this unique, step-by-step approach guides us through a rich study of the inner self, the outer world, and how to connect the two to make your dreams come true. Manifestation is the process of bringing the spiritual and material together to create a better life for yourself, your family, and your community, explain Anodea and Lion. At the heart of this work are the energy centers known as the chakras, which offer us a profound formula for wholeness, a template for transformation, and a sacred map for manifestation. Learn how to make use of the top-down flow of energy between chakras—an ancient key to effective change, and a way of aligning our desires with our highest good, as you explore: Chakra Seven: Consciousness Creates—Receive guidance and grace, clarify ideas into intention, and clear limiting beliefs Chakra Six: Vision Vitalizes—Imagine possibilities, discover your purpose, and visualize your path to fulfillment Chakra Five: Conversation Catalyzes—Tell your story, refine your mission, and set goals to chart your course Chakra Four: Love Enlivens—Find the right relationships, establish your network, and co-create with beauty and love Chakra Three: Power Produces—Become proactive, strengthen your will, and handle distractions and obstacles Chakra Two: Pleasure Pleases—Ride the river of passion, balance masculine and feminine energies, and attract what you want and need Chakra One: Matter Matters—Honor your commitments, inhabit your body, and complete every cycle “When you align your heavenly wisdom with the love in your heart and combine your future vision with your unique skills and abilities,” write Anodea and Lion, “you can begin to drive your vehicle toward your destiny, giving your gifts for the benefit of all beings.” Here is your opportunity to participate in this important work through Creating on Purpose.

It is an outstanding book from both the scientific and spiritual points of view. It is the unique record of the pioneering experiments which presents clear, electrophysiological evidence of the existence of the network of chakras and nadis which form the infrastructure of the subtle energies existing in the pranic and psychic dimensions, which underlie and activate the physical, material body of man. The experiments in the book successfully integrate the subjective and objective dimensions of knowledge and will serve as guideposts and blueprints for experiments in the years ahead. The chakras and other components of the human energy field were largely brought to the attention of the Western world by clairvoyant Charles W. Leadbeater. His pioneering work is discussed in detail in this fascinating exploration of the subtle body, along with that of other respected seers and yogis. “This book represents a monumental effort to review and correlate much of the accumulated knowledge of the subtle energy systems...Such a book could only be written by a person who has had the life-long personal experiences which Dr Motoyama so generously shares with the reader. These experiences provide a step-by-step illustration of unfolding and expanding consciousness. The book is necessary reading for all serious students of the subject of consciousness.” - George W. Meek
