

## Chapter 29 Brinkley

*A Chicago Tribune Noteworthy Book A GoodReads Reader's Choice In One Summer*
Bill Bryson, *one of our greatest and most beloved nonfiction writers, transports readers on a journey back to one amazing season in American life. The summer of 1927 began with one of the signature events of the twentieth century: on May 21, 1927, Charles Lindbergh became the first man to cross the Atlantic by plane nonstop, and when he landed in Le Bourget airfield near Paris, he ignited an explosion of worldwide rapture and instantly became the most famous person on the planet. Meanwhile, the titanically talented Babe Ruth was beginning his assault on the home run record, which would culminate on September 30 with his sixtieth blast, one of the most resonant and durable records in sports history. In between those dates a Queens housewife named Ruth Snyder and her corset-salesman lover garroted her husband, leading to a murder trial that became a huge tabloid sensation. Alvin “Shipwreck” Kelly sat atop a flagpole in Newark, New Jersey, for twelve days—a new record. The American South was clobbered by unprecedented rain and by flooding of the Mississippi basin, a great human disaster, the relief efforts for which were guided by the uncannily able and insufferably pompous Herbert Hoover. Calvin Coolidge interrupted an already leisurely presidency for an even more relaxing three-month vacation in the Black Hills of South Dakota. The gangster Al Capone tightened his grip on the illegal booze business through a gaudy and murderous reign of terror and municipal corruption. The first true “talking picture,” Al Jolson’s *The Jazz Singer*, was filmed and forever changed the motion picture industry. The four most powerful central bankers on earth met in secret session on a Long Island estate and made a fateful decision that virtually guaranteed a future crash and depression. All this and much, much more transpired in that epochal summer of 1927, and Bill Bryson captures its outsized personalities, exciting events, and occasional just plain weirdness with his trademark vividness, eye for telling detail, and delicious humor. In that year America stepped out onto the world stage as the main event, and One Summer transforms it all into narrative nonfiction of the highest order.*

*This comprehensive reference volume features essays by some of the most distinguished scholars in the field. Provides a comprehensive "who's who" guide to medieval philosophers. Offers a refreshing mix of essays providing historical context followed by 140 alphabetically arranged entries on individual thinkers. Constitutes an extensively cross-referenced and indexed source. Written by a distinguished cast of philosophers.*

*Spans the history of medieval philosophy from the fourth century AD to the fifteenth century.*

*American History: Connecting with the Past*
*McGraw-Hill Education*

*A generation after the Khmer Rouge, Cambodia shows every sign of having overcome its history—the streets of Phnom Penh are paved; skyscrapers dot the skyline. But under this façade lies a country still haunted by its years of terror. Joel Brinkley won a Pulitzer Prize for his reporting in Cambodia on the fall of the Khmer Rouge regime that killed one quarter of the nation's population during its years in power. In 1992, the world came together to help pull the small nation out of the mire. Cambodia became a United Nations protectorate—the first and only time the UN tried something so ambitious. What did the new, democratically-elected government do with this unprecedented gift? In 2008 and 2009, Brinkley returned to Cambodia to find out. He discovered a population in the grip of a venal government. He learned that one-third to one-half of Cambodians who lived through the Khmer Rouge era have P.T.S.D.—and its afflictions are being passed to the next generation. His extensive close-up reporting in Cambodia’s Curse illuminates the country, its people, and the deep historical roots of its modern-day behavior.*

*For the AP Course*

*The Unfinished Nation: A Concise History of the American People*

*A Companion to Post-1945 America*

*Positively Dangerous*

The opioid crisis in the United States has come about because of excessive use of these drugs for both legal and illicit purposes and unprecedented levels of consequent opioid use disorder (OUD). More than 2 million people in the United States are estimated to have OUD, which is caused by prolonged use of prescription opioids, heroin, or other illicit opioids. OUD is a life-threatening condition associated with a 20-fold greater risk of early death due to overdose, infectious diseases, trauma, and suicide. Mortality related to OUD continues to escalate as this public health crisis gathers momentum across the country, with opioid overdoses killing more than 47,000 people in 2017 in the United States. Efforts to date have made no real headway in stemming this crisis, in large part because tools that already exist â €”like evidence-based medications â €”are not being deployed to maximum impact. To support the dissemination of accurate patient-focused information about treatments for addiction, and to help provide scientific solutions to the current opioid crisis, this report studies the evidence base on medication assisted treatment (MAT) for OUD. It examines available evidence on the range of parameters and circumstances in which MAT can be effectively delivered and identifies additional research needed.

“ POSITIVELY DANGEROUS ” describes insight into God with which the author was left as a result of three transcendental experiences. Her conclusions indicate that theologians innocently profess much false information. Interpretation of the transcendental events and aftermaths of fourteenth century “ contemplatives ” or “ mystics ” authenticates their experiences relative to the author ’ s. The memoirs introduce the book, that the reader may become versed in the source of his information. Included are unique encounters involving celebrities, travel, professional brainwashing techniques, religious verve, and light-hearted humor.

"A Star is Bored is an absolute knockout. Riotously funny and wickedly tender." — Taylor Jenkins Reid, New York Times bestselling author of Daisy Jones and the Six "Wildly funny and irreverent... Lane ’ s writing lifts the novel far above its gossamer Hollywood setting, suffusing [the novel] with a complex sensitivity." - The New York Times Book Review A hilariously heartfelt novel influenced in part by the author ’ s time assisting Carrie Fisher. People Magazine Best Book of Summer 2020 - Named a Must-Read Summer book by Town & Country - Named One of the 14 Best Books of Summer 2020 by Harper’s Bazaar - One of Library Journal’s 2020 "Titles to Watch" - One of the 30 Best Beach Reads According to Parade Magazine She needs an assistant. He needs a hero. Charlie Besson is tense and sweating as he prepares for a wild job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine ’ s Worst Dressed list. She’s an actress in need of assistance, and he’s adrift and in need of a lifeline. Kathi is an icon, bestselling author, and award-winning movie star, most known for her role as Priestess Talara in a blockbuster sci-fi film. She ’ s also known in another role: Outrageous Hollywood royalty. Admittedly so. Famously so. Chaotically so, as Charlie quickly discovers. Charlie gets the job, and his three-year odyssey is filled with late-night shopping sprees, last-minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own life’s leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane’s A Star is Bored is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful.

NEW YORK TIMES BESTSELLER • “ Comprehensive, enlightening, and terrifyingly timely. ” —The New York Times Book Review (Editors' Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump ’ s presidency has raised a question that many of us never thought we ’ d be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for How Democracies Die “ What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that. ” —The Washington Post “ Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics. ” —Ezra Klein, Vox “ If you only read one book for the rest of the year, read How Democracies Die. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest. ” —Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “ A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal. ” —Fareed Zakaria, CNN

The Never-Hheard Speeches That Would Have Rewritten History

#1 New York Times Bestseller “Reading these diaries, Americans will find it easier to understand how Reagan did what he did for so long . . . They paint a portrait of a president who was engaged by his job and had a healthy perspective on power.” –Jon Meacham, Newsweek

During his two terms as the 40th president of the United States, Ronald Reagan kept a daily diary in which he recorded his innermost thoughts and observations on the extraordinary, the historic, and the routine occurrences of his presidency. To read these diaries—now compiled into one volume by noted historian Douglas Brinkley and filled with Reagan’s trademark wit, sharp intelligence, and humor—is to gain a unique understanding of one of our nation’s most fascinating leaders.

A Companion to Post–1945 America is an original collection of 34 essays by key scholars on the history and historiography of Post–1945 America. Covers society and culture, people and movements, politics and foreign policy Surveys and evaluates the best scholarship on every important era and topic Includes book review section on essential readings

Hailed as “an extraordinary novel of men at war” (The Washington Post) this is the book that inspired the TNT television series starring Eric Dane, Rhona Mitra, Adam Baldwin and Michael Bay as Executive Producer. The unimaginable has happened. The world has been plunged into all-out nuclear war. Sailing near the Arctic Circle, the U.S.S. Nathan James is relatively unscathed, but the future is grim and Captain Thomas is facing mutiny from the tattered remnants of his crew. With civilization in ruins, he urges those that remain—one hundred and fifty-two men and twenty-six women—to pull together in search of land. Once they reach safety, however, the men and women on board realize that they are earth’s last remaining survivors—and they’ve all been exposed to radiation. When none of the women seems able to conceive, fear sets in. Will this be the end of humankind?

A history of the four decades leading up to the Vietnam War offers insights into how the U.S. became involved, identifying commonalities between the campaigns of French and American forces while discussing relevant political factors.

Making Them Believe

*Douglas Brinkley’s The Wilderness Warrior celebrated Theodore Roosevelt’s spirit of outdoor exploration and bold vision to protect 234 million acres of wild America. Now, in Rightful Heritage, Brinkley turns his attention to another indefatigable environmental leader—Theodore’s distant cousin Franklin Delano Roosevelt—chronicling his essential yet undersung legacy as the founder of the Civilian Conservation Corps (CCC) and the premier protector of America’s public lands. FDR built state park systems and scenic roadways from scratch. Through his leadership, pristine landscapes such as the Great Smokies, the Everglades, Joshua Tree, the Olympics, Big Bend, and the Channel Islands were forever saved. Rightful Heritage is essential reading for everyone interested in our treasured landscapes and historic sites as American birthrights.*

*In the span of five violent hours on August 29, 2005, Hurricane Katrina destroyed major Gulf Coast cities and flattened 150 miles of coastline. But it was only the first stage of a shocking triple tragedy. On the heels of one of the three strongest hurricanes ever to make landfall in the United States came the storm-surge flooding, which submerged a half-million homes—followed by the human tragedy of government mismanagement, which proved as cruel as the natural disaster itself. In The Great Deluge, bestselling author Douglas Brinkley finds the true heroes of this unparalleled catastrophe, and lets the survivors tell their own stories, masterly allowing them to record the nightmare that was Katrina.*

*Provides the final report of the 9/11 Commission detailing their findings on the September 11 terrorist attacks.*

*DR. JOHN BRINKLEY was, at one time, the wealthiest doctor of his time, undeniably the most Barnum-esque promoter in medicine in his time, vilified and prosecuted as a quack, praised as saint by the amazing number of men who flocked to him for his 'ountain of youth'—and by their wives. This book delves deeply into his TWENTY-ONE MARKETING PRINCIPLES, to provide a blueprint for adventurous advertising, marketing, promotion and personal promotion that can install a 'ountain of profits' in just about any business!É IF YOUÓD LIKE TO---AND WOULD PROFIT FROM---making yourself or your business famous and magnetically attractive, locally or globally, this in-depth analysis of The Lost Secrets behind this amazing success story are for you! Love doesn't have to be complicated, but sometimes life can get in the way. In his own words, speaking directly to the woman he's falling for, Zach recounts a story of love and loss, uncertain whether his tale is one that ends in forever, or is ultimately about the woman who got away. 'My Story of Us: Zach' is the first narrative in the Story of Us collection, modern love stories written as intimate correspondence from a man to the woman he's falling for. Written and performed by Chris Brinkley, these stories are best experienced via audio.

The study of two great demagogues in American history—Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of nothern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkely describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. “Winner of the American Book Award for History”

When a horrifying attack leaves one of the Women’s Murder Club struggling for her life, the others fight to keep a madman behind bars before anyone else is hurt. Lindsay Boxer and her new partner in the San Francisco police department are racing to stop a series of kidnappings that has electrified the city: children are being plucked off the streets together with their nannies, but the kidnappers aren’t demanding ransom. Amid uncertainty and rising panic, Lindsay juggles the possibility of a new love with an unsolvable investigation, and the knowledge that one member of the club could be on the brink of death. And just when everything appears momentarily under control, the case takes a terrifying turn, putting an entire city in lethal danger. Lindsay must make a choice she never dreamed she'd face-with no certainty that either outcome has more than a prayer of success.

The 21 Indispensable Qualities of a Leader

The United States from Watergate to Bush v. Gore

USAs historie indtil 1996

Alan Brinkley’s American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

The young president who brought vigor and glamour to the White House while he confronted cold war crises abroad and calls for social change at home John Fitzgerald Kennedy was a new kind of president. He redefined how Americans came to see the nation's chief executive. He was forty-three when he was inaugurated in 1961—the youngest man ever elected to the office—and he personified what he called the "New Frontier" as the United States entered the 1960s. But as Alan Brinkley shows in this incisive and lively assessment, the reality of Kennedy's achievements was much more complex than the legend. His brief presidency encountered significant failures—among them the Bay of Pigs fiasco, which cast its shadow on nearly every

national-security decision that followed. But Kennedy also had successes, among them the Cuban Missile Crisis and his belated but powerful stand against segregation. Kennedy seemed to live on a knife's edge, moving from one crisis to another—Cuba, Laos, Berlin, Vietnam, Mississippi, Georgia, and Alabama. His controversial public life mirrored his hidden private life. He took risks that would seem reckless and even foolhardy when they emerged from secrecy years later. Kennedy's life, and his violent and sudden death, reshaped our view of the presidency. Brinkley gives us a full picture of the man, his times, and his enduring legacy.

Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

The Daily Show (The Book)  
 One Summer  
 The Campaign against Established Knowledge and Why it Matters  
 The Great Deluge  
 The Death of Expertise  
 John F. Kennedy  
 Undelivered

The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson's election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson's presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama—the family, the women, and the inner circle of advisers— that shaped Jackson's private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will— or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House—from Lincoln to Theodore Roosevelt to FDR to Truman—have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe—no matter what it took.

Technology and increasing levels of education have exposed people to more information than ever before. These societal gains, however, have also helped fuel a surge in narcissistic and misguided intellectual egalitarianism that has crippled informed debates on any number of issues. Today, everyone knows everything: with only a quick trip through WebMD or Wikipedia, average citizens believe themselves to be on an equal intellectual footing with doctors and diplomats. All voices, even the most ridiculous, demand to be taken with equal seriousness, and any claim to the contrary is dismissed as undemocratic elitism. Tom Nichols' The Death of Expertise shows how this rejection of experts has occurred: the openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An update to the 2017breakout hit, the paperback edition of The Death of Expertise provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, The Death of Expertise issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows. When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

" The 21 Indispensable Qualities of a Leader gets straight to the heart of leadership issues. Maxwell once again touches on the process of developing the art of leadership by giving the reader practical tools and insights into developing the qualities found in great leaders. " - Kenneth Blanchard, Coauthor of The One Minute Manager® " Dr. John Maxwell is the authority on leadership today. His innovative yet timeless principles on how to effectively lead others have personally impacted my life and my business. This is a must-read for any organization that wants to succeed in the new millennium. " -Peter Lowe, President of Peter Lowe International and Peter Lowe ' s SUCCESS Seminars " My dear friend John Maxwell has proven his ability to lead leaders. I anticipate learning even more from his new book. " -Max Lucado, Author of Just Like Jesus Winner of the Pulitzer Prize in Non-Fiction. This book is a landmark in American political thought. Preeminent Richard Hofstadter examines the passion for progress and reform that colored the entire period from 1890 to 1940 with startling and stimulating results. The Age of Reform searches out the moral and emotional motives of the reformers the myths and dreams in which they believed, and the realities with which they had to compromise.

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

There is No Such Thing as a Natural Disaster is the first comprehensive critical book on the catastrophic impact of Hurricane Katrina on New Orleans. The disaster will go down on record as one of the worst in American history, not least because of the government ' s inept and cavalier response. But it is also a huge story for other reasons: the impact of the hurricane was uneven, and race and class were deeply implicated in the unevenness. Hartman and Squires assemble two dozen critical scholars and activists who present a multifaceted portrait of the social implications of the disaster. The book covers the response to the disaster and the roles that race and class played, its impact on housing and redevelopment, the historical context of urban disasters in America and the future of economic development in the region. It offers strategic guidance for key actors - government agencies, financial institutions, neighbourhood organizations - in efforts to rebuild shattered communities.

US Army Order of Battle, 1919-1941

Billy Joel

The Life and Long Shadow of Senator Joe McCarthy

**Discusses the changes of the Progressive era, focusing on the Industrial Revolution and its effects on American society**

**The definitive biography of the most dangerous demagogue in American history, based on exclusive access to his papers and recently unsealed transcripts of his closed-door Congressional hearings In the long history of American demagogues, from Huey Long to Donald Trump, never has one man caused so much damage in such a short time as Senator Joseph McCarthy. We still use “McCarthyism” to stand for outrageous charges of guilt by association, a weapon of polarizing slander. From 1950 to 1954, McCarthy destroyed many careers and even entire lives, whipping the nation into a frenzy of paranoia, accusation, loyalty oaths, and terror. His chaotic, meteoric rise is a gripping and terrifying object lesson for us all. Yet his equally sudden fall from fame offers hope that, given the rope, most American demagogues eventually hang themselves. Only now, through best-selling author Larry Tye’s look at the senator’s records, can the full story be told.**

**A fascinating insight into notable speeches that were never delivered, showing what could have been if history had gone down a different path For almost every delivered speech, there exists an undelivered opposite. These "second speeches" provide alternative histories of what could have been if not for schedule changes, changes of heart, or momentous turns of events. In Undelivered, political speechwriter Jeff Nussbaum presents the most notable speeches the public never heard, from Dwight Eisenhower’s apology for a D-Day failure to Richard Nixon’s refusal to resign the presidency, and even Hillary Clinton’s acceptance for a 2016 victory—the latter never seen until now.**

**Examining the content of these speeches and the context of the historic moments that almost came to be, Nussbaum considers not only what they tell us about the past but also what they can inform us about our present.**

**Draws on exclusive interviews to profile the acclaimed music artist's life and career, discussing such topics as his Long Island suburb upbringing, entry into the 1970s music scene and relationships with his closest associates. 100,000 first printing.**

**A Very Different Age**

**The American Pageant**

**Embers of War**

**The Modern History of a Troubled Land**

**A Concise History of the American People**

**American Lion**

**Race, Class, and Hurricane Katrina**

**In Restless Giant, acclaimed historical author James Patterson provides a crisp, concise assessment of the twenty-seven years between the resignation of Richard Nixon and the election of George W. Bush in a sweeping narrative that seamlessly weaves together social, cultural, political, economic, and international developments. We meet the era's many memorable figures and explore the "culture wars" between liberals and conservatives that appeared to split the country in two. Patterson describes how America began facing bewildering developments in places such as Panama, Somalia, Bosnia, and Iraq, and discovered that it was far from easy to direct the outcome of global events, and at times even harder for political parties to reach a consensus over what attempts should be made. At the same time, domestic issues such as the persistence of racial tensions, high divorce rates, alarm over crime, and urban decay led many in the media to portray the era as one of decline. Patterson offers a more positive perspective, arguing that, despite our often unmet expectations, we were in many ways better off than we thought. By 2000, most Americans lived more comfortably than they had in the 1970s, and though bigotry and discrimination were far from extinct, a powerful rights consciousness insured that these were less pervasive in American life than at any time in the past. With insightful analyses and engaging prose, Restless Giant captures this period of American history in a way that no other book has, illuminating the road that the United States traveled from the dismal days of the mid-1970s through the hotly contested election of 2000. The Oxford History of the United States The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The Atlantic Monthly has praised it as "the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book." Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.**

**There is No Such Thing as a Natural Disaster**
