Moreover, the IT systems used to automate and encapsulate

Why did Rousseau

notorious cases of

intellectual history,
this champion of the

immediately rid himself of each of his five children, placing them in an orphans' home. He advocated profound devotion to republican civic life, and yet he

habitually dodged opportunities for political engagement. Finally, despite an elevated ethics of social duty, he had a pattern of turning

Matthew D. Mendham is the first to systematically analyze Rousseau's normative philosophy and self-portrayals in view of the yawning gap between

a comprehensive and penetrating analysis of Rousseau's works, including commonly neglected texts like his untranslated letters, Mendham reveals a figure

who urgently sought to reconcile his life to his most elevated principles throughout the period of his main normative writings. But after the revelation of

Born from the ashes of the Second World War as one of the most ambitious and successful parts of the plan for the reconstruction of Western Europe, European integration has been

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

immersed in a deep economic and institutional crisis for more than a decade. This difficult situation is also threatening to erode one of its most original and valuable elements: the establishment of a supranational rule of law among the Member States of the

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

European Union that provides a solid framework for their peaceful, ordered, and fair relations. This book, which is based on the general course given at the Academy of European Law in Florence in July 2015, puts the innovative initial choices made by the

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

drafters of the Treaties and by the Court of Justice of the Union in their proper historical perspective, understanding Union law as a tool of civilisation. Its current decline is explained as a consequence of the waning of the initial impetus behind

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

integration, of the growing complexity and challenges of the Union system, and of the ambivalent attitude of the Member States regarding their common creation. These themes are explored focusing on a number of fundamental structural issues: the

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

principle of primacy, the national limits to it and the theory of constitutional pluralism; the state of health of the preliminary rulings procedure; Union citizenship, equality and human dignity; the scope of the Charter of Fundamental Rights and the

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

standard of protection of those rights; and the rigidity and fragmentation of the Union system in connection with the increasing use of international law as a softer alternative to Union law. In all these areas, the book presents a fascinating story of decay and

Download File PDF Chapter 3 Section 2 Note Taking Study Guide

resistance, a story that is unfolding at present, and whose fate is closely linked to the future political shape of Europe.
