Study: Having a good vocabulary is essential for students to be effective communicators, thinkers, and readers. It is a skill that is applicable to any academic discipline, including history. Students should be encouraged to look up words that

reading. Upon encountering an unknown word, the student should consult the glossary provided at the back of the teacher guide and/or a dictionary. Students should also be aware that many of these words have multiple meanings. It is

Download Free Chapter 4 Student Activity Sheet Making The Minimum Answers

important that students learn to use the context of these words in the text to help understand their meanings. Students are encouraged to maintain a list of these words and review them periodically throughout the course. Review could include

Download Free Chapter 4 Student Activity Sheet Making The Minimum Answers

with information but also insight into the attitudes and perceptions of people from that time. It is important to remember that vintage books can express attitudes and use terminology that is no longer considered appropriate. When

Download Free Chapter 4 Student Activity Sheet Making The Minimum Answers
