Sick of Hearing the Same Old Advice ? “ Word Hard , Control your expenses , Credit Card is a “No , NO “ Do not get into Debt !! Debunk all those assumptions that you will be Rich if you study hard and work hard . This Book is actually not one of those . “They don't teach you how to get rich at school, is all about the importance of money. The premise of the book clearly distinguishes the difference between the thinking of the rich and the poor. In essence, the only limitation between you and the rich is in your own mind, and achieving success lies in breaking these walls. At schools, you would have been stuck at algebra, Pythagorean Theorem, and organic chemistry but you never study financial planning, making money, or saving money. The book provides real-life examples to reprogram your thinking

to that of the rich and wealthy. You can't just graduate and leave formal education and expect yourself to be financially well equipped. Many people think that having a good education is sufficient to the roads to acquire new wealth , well they can't be any more wrong! It is having the mindset of the wealthy that will make you rich. That is why many lotto winners who becomes instant millionaires loses most of their money because they don't have the proper mindset to maintain or grow their money. You'll discover why some of your money beliefs might be wrong and that could be holding you back , you need to consider what are the principles and what behaviors the rich have , that you do not have (Yet) Laura Maya takes this idea and breaks it into twelve chapters. You wouldn't find a recipe to turn rich overnight. Rather, the book provides a solid foundation for setting the psychological stage for strong financial habits. Another feature of They don't teach you how to get rich at school is the anecdotal references in the book. Laura likes to use lots of anecdotes to illustrate her points and she is quite good at it. For me, I found these references very apt to my observations in life. What's Inside They Don't Teach You How To Get Rich at School The book is divided into twelve chapters: Chapter 1: How you think about money really matters Chapter 2: They don't teach you how to be rich at school Chapter 3: Myth or Lies , Which is True Chapter 4: Learn How the Rich Think to Become Wealthy Chapter 5: Wealth Empowering Beliefs Chapter 6: Change Your Money Mindset with Neuro Linguistic Programming Chapter 7: Change Your Money Mindset with Hypnotherapy Chapter 8: Break free from Ego Chapter 9: Strategies for Improving Your Chances to get Rich Chapter 10: Let Money begets money Chapter 11: Developing your money making skill, mental, emotional and financial intelligence The premise of this book is straightforward - Rich people are programmed to think differently. Essentially, there are 18 ways in which rich people and poor people think differently. This chapter walks you through these 18 points clearly differentiating how rich and poor people think. Studying hard, getting nice grades, and getting a job is not enough to be rich. That's one lie which we have been fed with since our childhood. There is a difference between scholastic, professional and financial education. The book further analyzes the root cause of why you are not rich. It all boils down to your education. You were never taught about how to be rich at school. Forget that, you never even learned personal finance or how to handle money. It further touches upon how you can get smart with personal finance.

Opening your own business can be such a big endeavor. You want to be your own boss, set your own hours, and have your work really mean something. For those who are tired of working in the corporate world and actually do something that can make a difference in the lives of those around you, starting your own micro-lending business can be the best opportunity for you to be your own boss and really enjoy life. This book is going to take a look at what all it takes to start a micro-lending business so you can get going and start your own business. Chapter 1 starts out with some information on what micro-lending is all about. This process is when a company or an individual gives out small amounts of money to someone, to help them out, and then they earn some interest on the money. You can help out a lot of people in the process and since the loans are small and usually have short terms, it doesn't take long to get it all covered. Chapter 2 brings up an important step that you must take before you can even begin operations as a micro-lending business. This chapter will go over the importance of registering with the SEC and some of the steps that you need to take to get this done. Getting funding for your micro-lending business can be a challenge. You have to come up with quite a bit of money in the beginning to ensure that you are able to meet all the needs of your customers and to actually start making a profit. Most of these loans are small and short term; if you only have a bit of money, you won't make much. Chapter 3 will discuss some of the great ways that you can get funding to get this business off the ground. Chapter 4 will talk about when you need to get collateral and when it isn't necessary. In most of your transactions, the amount will be small enough that this won't be an issue, but in other situations, you may want to consider using collateral to help you get the money back. Chapter 5 talks about how as a new business owner, you should consider just starting out with some loans that are smaller. This helps you to get the money back right away and you can make instant profits, compared to doing bigger loans that take longer for people to pay back. Chapter 6 discusses what you should do when it comes to setting up the terms of your loans. You need to have this spelled out right from the beginning to ensure that the borrower is on the same page as you and to increase the chances that you will be able to see that money back again. Chapter 7 finishes out the guidebook with some tips and tricks that you should follow so that you can see the best success with your new business and actually start turning a profit in no time. There

are so many parts that come with a micro-lending business. It is going to take a lot of hard work as well as time and dedication on your part. But if you are ready to start out on your own and want to help others make a difference in their lives, this is the best option to choose to get going with all of this in one. You have doubtlessly found out about no less than one person who has petitioned for bankruptcy once (or twice) in his/her lifetime. It might have been a relative, collaborator, family companion, or even a big name. At the season of finding out about this current individual's bankruptcy, you may have

pondered to yourself how he/she could have overseen cash so ineffectively that bankruptcy insurance turned into his/her exclusive way out of obligation. You likely even let yourself know that you could never be that individual looking for obligation directing, or more awful, petitioning for bankruptcy. At that point IT HAPPENED. There are auto instalments, contracts, understudy advances, MasterCard instalments and doctor's visit expenses to be paid. Obligation authorities are continually calling you at work and at home. You're living from paycheck-to-paycheck, and regular it's getting to be harder to give your family the essential necessities. Thus you start to consider how you can profit by petitioning for bankruptcy, yet you are frightened crazy. You are frightened about the procedure, as well as terrified of what others will think if and when they discover that you have petitioned for bankruptcy. A significant number of persons are embarrassed about the way that as a result of their exceedingly extraordinary obligation, they will must be secured by bankruptcy insurance. To them, it's as though they need to stroll around for the rest of their lives with a sign secured around their necks that understands, "I have petitioned for bankruptcy." For these people, the disgrace that they feel doesn't leave rapidly enough, especially when there are money related crazy people who continually scrutinize persons for going bankrupt. These money related crazy people trust that if people would simply pay their bills and pay them on time, then bankruptcy wouldn't be a choice. Be that as it may, that is the place they are incorrect. Despite regular bankruptcy misguided judgements that exist today, persons are truly and genuinely applying for bankruptcy assurance for reasons that are outside their ability to control. All things considered, there is no compelling reason to feel embarrassed about the authentic business choice that you need to make to recover your life on track. Frankly, these confusions exist principally in light of the fact that individuals are unmindful about all things identified with bankruptcy. At the point when in secondary school or school lessons appeared once in a while about how to find a great job with a specific end goal to procure a ton, or setting aside cash for that blustery day. However, would you say you were ever taught about what bankruptcy is; the thing that you'll need to do with a specific end goal to document; to what extent the procedure takes; the great and the terrible of recording; or what life resemble after bankruptcy? The answer is in all likelihood "NO." You were

never given the chance to select in the course "Bankruptcy 101." That is the reason you'll see this Digital book exceptionally helpful. Not just will you find out about the nuts and bolts of petitioning for bankruptcy, however you'll likewise be given tips on what to do to survive a bankruptcy; including how to evade obligation, modify your credit and deal with your accounts successfully. Class is in session. The course today is entitled "The Bankruptcy Guide ." It would be ideal if you guarantee that you keep a receptive outlook about this theme and will learn. Presently... let us start!

Are You Ready for An Adventure? The Freedom You Always Wanted Is NOW Waiting for You! Aren't you tired of your day job? Are you not fed up with sitting behind a desk waiting for the day to be over? Do you really like doing mundane tasks week after week? If you are bored with your current job, perhaps it is time to have a change of pace. Now may be the right time to ditch your 9-to-5 job for something more fun and exciting. You should consider moneymaking opportunities that can earn you a passive income. Passive income, according to its standard definition, is a type of income that does not require a lot of effort to maintain. Active income, on the other hand, is a type of income that requires your focus, attention, time, and energy. Most people prefer to earn the latter, thinking that it is the only way to receive money on a regular basis. However, you should know that passive income is earned regularly as well. In fact, there are plenty of benefits to earning a passive income.

If you want to remain poor for the rest of your life or you want to labor for every penny you earn, then ignore this piece. There is no doubt that you are here, because of your previous actions. Even if these actions were wrong, now you have the opportunity to correct them! You see, your present financial situation is not a prove of being lazy, but simply a prove of misinformation. Mind you, the good thing is that you are not alone; as we have all been misinformed at one point or the other when it comes to the subject of money. Personally, I have always heard of people who tried to get rich online, but with inadequate results, because there did not use proved and profitable methods . I have

decided to write my first two books to help people who want start to make money online following a step-by-step approach: "Make Money Blogging" and "Stock Market for beginners." Trust me , these books are not ordinary!From the titles to the outlines, down to the chapters; everything was carefully placed to take you from where you are (defeat) to the place you ought to be (success). There is no chance you will read this book and still remain in the same financial situation.Like I said earlier, these are books filled with proven practical steps; neither do they require the reader to have any previous knowledge of these subjects.I take this opportunity to list some of the most significant chapters of each book: from "make money blogging" the chapter 3-practical steps to make money blogging, which shows you step by step exactly all you need to do to start to do to start making money almost immediately, chapter 7-blog marketing-shows you 10 effective ways to market your blog for profit, while chapter 8 shows you 7 best ways to make money from online advertising.While the chapter 2- learn how to start investing in the stock market, the 7- how do I invest in bonds? and the 8- how to build a business partnership are the most attractive in "Stock Market For Beginners" Another name I love to call this book is "Stock Market Alpha," because it contains all you need to get started with stock market investments.One of the keys to getting rich and creating wealth isto understand the different ways in which income can be generated. It's often said that the lower and middle-class work for money while the rich have money work for them. the key secret to get rich is simply creating Passive Income .I know creating Passive Income can be very difficult; most importantly, when there is no one to guide you. That is why I am introducing you to this awesome and result oriented book-PASSIVE INCOME. It is a singular guide that will transform your finance and change your cash-flow quadrant to be an investor. With this guide, you can be sure of correcting your past financial errors; as it will practically lead you from being a state of a financial slave to financial freedom.

Are you frustrated in your efforts to succeed and create abundance in your life? Are you exasperated even though you may have set goals for yourself, gained knowledge, and worked hard? Are your financial dreams just not working out the way you'd like them to, or as fast as you'd like them to? Are you wondering what is standing in your way, preventing you from accessing the life of freedom you've been dreaming about? Well, The Abundance Code is here to provide the answer you've been searching for... There is a hidden yet crucial element to success and abundance that most people are unaware of—because that essential element is buried in their unconscious minds. The Abundance Code is about how you can (and must!) rewrite your subconscious programming so that you can effortlessly achieve the rich life of abundance you deserve. Julie Ann Cairns takes you through the "7 Money Myths"—an extremely common set of subconscious barriers put up between you and your attainment of abundant wealth and freedom—and helps you banish them, so that your subconscious "code" can come into alignment with your conscious goals for financial freedom. If your underlying programming does not support your goals—and it probably doesn't—then Julie will show you how to get out of your own way and finally access the life you have always wanted. You can be successful, you can be wealthy, and you can make money without expending physical effort or sacrificing too much of your precious time. You can become financially free with the luxury of choice. It's all possible for you, but conscious goals and knowledge are not enough to make this happen—you also need a set of supporting subconscious beliefs in order to ultimately prosper. If you have tried and tried to attain financial freedom but are still struggling, then this book will provide the breakthrough you've been waiting for.

Regardless of your income level, poor money habits can deeply affect your life, destroy your hope of security and happiness or ultimately, the ability to retire. If you have money issues, are living paycheck to paycheck, hopelessly mired in debt, it may be time to re-think and transform your money habits. Sometimes we have bad habits that if we knew better, we could do better. Sometimes we just need better tools. And for some of us, all that we need are new money tips. This book is an effort to educate; to give you the knowledge you need to change your money habits to better match your priorities and along the way, live links to effective tools to help. The author provides tips on money management with each chapter dedicated to one of 7 phases of money management, habits she used to turn around over \$100,000 of debt into over \$100,000 of savings and investments in less than 5 years. Chapter 1 you'll learn some budget planning habits, and some popular budgeting tools that will help. Chapter 2 focuses on how to set money goals, both short-term and long-term according to your priorities. In Chapter 3, you'll learn about some bad habits to avoid with common spending triggers and how to control your emotions about money. Chapter 4 provides tips on how to save money in every category of your budget, suggesting new habits and tools to significantly lower bills. Habits to raise income are presented in Chapter 5 with ideas on how to make more money at work and outside of work. In Chapter 6, tips to reduce debt are explained, with the ultimate goal of habits that promote debt-free living. Finally, Chapter 7 is all about developing habits to grow your money in savings and investing. You CAN live on less, pay off debt, and retire with more with Smarter Money Habits! My wife and I are self-made millionaires, having grown our net worth from humble beginnings to nearly \$7 million in 2020. The purpose of this book is to empower and educate ordinary people, stop popular myths and conventional "wisdom" from robbing people of millions of dollars, and show novel "Money Tree" methods for people to achieve financial freedom. This book is for high school and college students, young professionals, renters, homeowners, middle-aged employees, real estate investors, mutual fund investors, 401(k) investors, IRA and Roth IRA investors, and retirees. This book focuses on lucrative, innovative, think-outside-of-the-box strategies to make millions that are executable and reproducible by ordinary people. I am sad to see financial myths and harmful conventional "wisdom" killing the financial freedom of ordinary people. For high school and college students selecting a career, they often hear this advice: "Pursue your passion." This book presents a unique "combination is creation" approach that can enable you to: (1) earn millions more in your career, (2) pursue your passion, and (3) make a greater contribution to the society. In addition, people believe: "I'm young. If I delay investing by a few years, will I miss the big deal?" Well, as shown in Chapter 3, such a delay can cost you \$4 million.

Furthermore, this conventional wisdom is popular: "Prepay your mortgage and pay it off early. It saves you interest money." As shown in Chapter 7, this can cost an ordinary person more than \$6 million. This book demonstrates the intelligent use of loans to maintain and plant money trees. As shown in Chapter 7, the money tree methods can produce \$1 million to \$80 million for an ordinary family. Moreover, this conventional wisdom is also popular: "Live a debt-free life! Debt-free is the new rich!" Actually, this can cost millions of dollars and destroy opportunities for people. This book shows the intelligent use of good investments to grow millions for you. Here is another myth: "Mutual funds are all similar. Just pick one to put your money in." As shown in Chapter 15, this can cost an ordinary person \$3.8 million over a working career. This book provides simple money-tree methods that can help the ordinary employee accumulate \$4.5 million, in an example in Chapter 15. Here is another myth: "A 1% fee charged by mutual funds is not a big deal." Using average mutual funds with average fees can make you lose \$3.49 million in profits, as illustrated in Chapter 15. People believe: "Ordinary people cannot beat the gurus." Chapter 18 lays out an easy money tree method for the ordinary person to far outperform the professionals and achieve financial freedom. This book debunks popular myths and harmful conventional wisdom. The money tree methods are unorthodox, anti-conventional-wisdom, lucrative, and simple. By thinking independently and outside of the box, you will be rewarded with millions of dollars to provide for yourself and your loved ones with financial freedom. This book shows how to grow money trees so that your money will grow day and night, year after year. You will be making money while vacationing in Europe, on a cruise ship, and in your sleep.

Real Estate Investing For Beginners

Two young Harvard MBAs on the fast track to wealth and success tell their story of God's transforming power and how Scripture brought them to the startling conclusion that they should give the majority of their money away to those in need. Packed with compelling case studies, research, and practical strategies, God and Money offers an honest look at what the Bible says about generous giving. No matter what your salary may be, God and Money shows you how you can reap the rewards of radical generosity in your own life. *100% of the author royalties goes toward Christian ministries focused on spreading the Gospel and providing for those in need* "John and Greg realize what everyone should know—that middle-class Americans are among the richest people in world history. It's time for Christ-followers to understand that God has bigger purposes than increasing our standard of living—He wants us to increase our standard of giving." —Randy Alcorn, from the Foreword of God and Money John Cortines and Gregory Baumer met as Harvard MBA candidates in a men's Bible study and stopped asking "How much should I give?" and started asking "How much do I need to keep?" With their top-notch education and rising careers, Cortines and Baumer were guaranteed comfort and security for the rest of their lives. However, when their plans for saving and spending collided with God's purposes for extravagant generosity, they were each

compelled to make a life-changing decision that challenges the values held by mainstream America and many Christian commentators. Cortines and Baumer show not only how to radically give, but explain how to do so responsibly. Dive into the story and get equipped with the practical tools to—

- Easily set budgets for spending***
- Wisely steward your money***
- Prepare and save for your future—home ownership, retirement, higher education, etc...***
- Know what the Bible says about money, tithing, and faith***

Discern when to give and when not to give Featuring lessons from the Bible, modern day case studies, and practical ways to apply biblical principles no matter what situation you're in, God and Money provides an incredible look into what the Bible says about—

- Tithing and Christian giving***
- Wealth and stewardship***
- Faith and generosity***
- Love of money***
- And so much more!***

From the parables of the Rich Young Ruler to the Widow's Mite, the Bible shows us that how we manage our money is critical to our relationship with God. God and Money uses these parables and more to teach you to save, spend, and steward your money in a biblical way by planting God's purposes at the heart of your practices. Discover the 7 Core Principles of Wealth and Giving Authors Cortines and Baumer pack 2,350 verses on money into 7 practical principles that can be applied to your life and finances on a daily basis. From shopping for groceries to your first down payment on a home, apply these reliable guidelines with ease and clarity—

- Everything we "own" actually belongs to God***
- Giving should be voluntary, generous, cheerful, and needs-based***
- Giving generously breaks down the power of money over us***
- And more!***

Gain Tools to Manage Your Money Wisely Packed with tables, charts, graphs, and a quiz, the applications in God and Money are backed with scripture, data, research, and clear illustrations to help you discover what it means to honor God with your wealth. God and Money will teach you—

- How to set budgets for spending***
- How to wisely steward your money***
- How to save for your future—home ownership, retirement, higher education, etc...***
- What the Bible says about tithing***
- When to give and when not to give***

What Others are Saying About God and Money "This is one of the most thoughtful and well researched books on giving that I have had the pleasure of reading. The frameworks presented in the book can be used by people at all stages of experiencing the joy of generosity." —Waters Davis, President of National Christian Foundation Houston. "With uncommon transparency, John and Greg provide a Gospel-centered and practical perspective on wealth. Through a leveling critique of comfortable Christianity, they challenge us to wholeheartedly pursue the joy of generosity. Read this book and you will be inspired, convicted and thinking differently about using what God has given you for Kingdom impact." —Peter Greer, President & CEO of HOPE International and coauthor of Mission Drift "In God and Money, Baumer and Cortines challenge Christian readers to consider afresh what generosity looks like in light of the Scripture's radical teaching and the day of affluence in which we live. Whether or not you agree with all their conclusions or personal practices, you will be challenged and inspired." —Robert L. Plummer, Ph.D., Professor of New Testament Interpretation, The Southern Baptist Theological Seminary "I greatly

enjoyed reading God and Money! God used the framework Greg and John described to challenge my perspective and practice of generosity. I realized in reading their book that my personal bias is more saver and spender than servant. What I truly desire to be is a fully surrendered servant of Jesus. This book gave me practical frameworks to move in that direction." —Todd Harper, President, Generous Giving "The mission of Harvard Business School is "to educate leaders who make a difference in the world," and in John and Greg that mission has been fulfilled abundantly. It has been my privilege to be their teacher, their colleague and now their friend; and I wish them Godspeed as they take the transformative message found in God and Money out to their community and to the world beyond. I have learned to expect great things from them, and they have yet to disappoint." —Derek van Bever, Senior Lecturer in Business Administration; Director, Forum for Growth and Innovation, Harvard Business School

If you have more debt than you can possibly pay off, the bankruptcy system is there to help -- and with How to File for Chapter 7 Bankruptcy, you'll find the clear and user-friendly information, advice, and step-by-step instructions you'll need to get through the entire process. First, the book will help you determine whether you qualify for Chapter 7 -- and whether it is the best way to deal with your debts. Then you'll find out how to: stop wage garnishments and attachments cancel as much debt as possible deal with secured debts keep the maximum amount of property keep your home, if possible rebuild credit after bankruptcy

The 19th edition is revised to include instructions on filling out the new means test forms, changes to state exemption laws (that determine what property bankruptcy filers may keep), and the latest court decisions. Plus, state and federal charts let you quickly find your state's exemption laws. Please note: This book does not cover business bankruptcies, farm reorganizations, or individual repayment plans (Chapter 13). For Chapter 13 bankruptcy, see Nolo's Chapter 13 Bankruptcy.

Every year, more than a million people file for bankruptcy. This book gives them a clear and complete overview of the bankruptcy process, explains the repercussions of filing for Chapter 7 bankruptcy and provides step-by-step instructions and all the forms necessary to file. It clearly outlines what debts can and cannot be eliminated in bankruptcy, what property debtors risk losing, how to protect assets and rebuild credit and how to deal with aggressive credit card companies seeking speedy credit repayment. State-by-state exemption tables included.

The pandemic has caused most households to have dramatically increased levels of stress and anxiety about money matters. A major reason contributing to this situation is that most Americans have had no formal personal finance or money management training or education to deal with their affairs. In fact, they have been mandated to take more training to get their driver's license than to manage their money. In short, most Americans suffer from financial illiteracy. They have learned what they know about money through trial and error. The root cause of their money failures is that they don't have the basic financial knowledge they need. They lack good money habits. Research has also shown that most households only spend one hour per month or about two minutes per day on their financial affairs. At the same time most adults under age 65

spend over two hours per day on social media. It is time to correct this imbalance and devote more attention to money matters. Good Money Habits in 17 Minutes Per Day has been written to fill in the basic money knowledge gap most people have and put them on journey of lifelong financial improvement by allocating 17 minutes per day or two hours per week to learning about and understanding money matters. The book has been designed to be read in about two hours and to serve as a continuing reference for the reader to improve their financial situations. It addresses the expected financial challenges and opportunities individuals face in life and what to expect along the way. The book covers the following subjects. Chapter 1 - The Pandemic Reset * Overview * Changes in Our Financial Lives * The New Money Principles * Why Personal Finance is More Important Than Ever Before Chapter 2 - The Three Stages of Your Financial Life * Adulthood * Striving * Fulfilling Chapter 3 - The Must-Do Actions of Each Life Stage * Adulthood * Striving * Fulfilling Chapter 4 - The Six Building Blocks to Financial Security * Determine Where You Stand * Rethink Your Financial Values * Improve Your Financial Knowledge * Focus Your Money Mindset * Develop Your Cash Plan * Improve Your Money Habits Chapter 5 - Determine Where You Stand * Why Create a Financial Inventory? * How to Create a Financial Inventory Chapter 6 - Rethink Your Financial Values * What Are Your Financial Values? * Sample Questions You Might Ask Yourself About Money Chapter 7 - Improve Your Financial Knowledge * Today's Realities * Your Imperfect Financial Education * The Annual Cost of Financial Illiteracy * What is Financial Literacy * Moneytime - You Need More * Spend2 - Two Hours Per Week * Resources That Can Help Chapter 8 - Focus Your Money Mindset * What is Your Money Mindset? * What Has Gone Into Creating Your Money Mindset of Today? * Your Money Beliefs * How to Break The Cycle of Money Mindset Negativity * Positive Thoughts Drive Action Chapter 9 - Develop Your Cash Plan * Planning * Tracking * Taking Action Chapter 10 - Improve Your Money Habits * What is a Money Habit? * 10 Good Money Habits for A Well-Lived Financial Life * Summary If there is one personal finance book to read, this is it. DESCRIPTION: Are you looking to make a lot of money, from options trading and investing your money? If the answer is yes to both, and then you need to read this book as soon as possible and start making money. We are going to be talking about options trading and helping you understand how to make money from trading with options. Options trading is one of the most lucrative methods to make a lot of money, as it is straightforward to get into once you understand the basics. The basics have been altered with a lot in the past years, which is why we created this book; that way, everybody knows the right answers to options trading so that they can start making money. In this book, you will learn: Introduction: Talk about the book. Chapter 1: Options Trading 101: Talk about what options are and how they were created. Chapter 2: How to start options trading: Talk about the ways to get started with trading. Chapter 3: Short term strategy: Explain to the readers how you can make money in the short term with options trading. Chapter 4: Long term strategy: Talk about long term strategies with options trading. Chapter 5: Put them together: Explain to the readers what people who are well versed in trading do for both long term and short term Chapter 6: How to avoid risk: Talk about the potential risk with options trading and how you can prevent it Chapter 7: Advanced options trading: Talk about options trading, and how it can help you to make even more money.

Chapter 8: Tips for success: Touch up on how to be successful with options trading Chapter 9: Put it all together: Give readers a full-proof way to make long term money with options trading. Conclusion: As you can see, we will be going through everything in this book to make sure that you are ready to start trading in the options market. Keep in mind, and this book has everything from beginners advice to advance advice, which makes this book one of the most excellent books to read on options trading. If you are looking to slowly build-up to the advanced level of options trading, then this book will help you to get there. Just make sure that you read the basics before you get into all the Advanced Techniques. And as always, don't wait for this book to go off the air. The truth is we don't know how long this book will be on the market, which is why we want you to make sure that you start utilizing that information provided to you in this book so you can be successful with options trading. If you wait another month to get this book, the chances are the prices will go up and you will be a month away from making money. Instead, if you spend the money right now, and get this book, then you will be in a much better position to making money and to do it quickly.

Many people have found avenues through which they create revenue by affiliate marketing, blogging and guest blogging, writing content for SEO and selling content. Most of them do not necessarily have the required expertise in these areas. That is why you will find someone who trained in accounting earning his daily living through writing for a technical blog. When you decide to quit your nine to five job for internet writing gigs, you should have the will and drive. The most important thing is to get motivated towards success. The beginning might be a bit challenging, but that is normal for any new job. With time, as you get more involved, you will be the most prolific writer that clients will be looking out for to execute their projects. The dollars will then stream in to compensate you for your hard work. There is nothing miraculous about earning even up to \$2000 per month writing short articles. For the sake of helping you chart a successful writing career, here is a step-by-step guide on how to make \$500 per month writing articles for iWriter.com. Have you ever dreamed, or had a fantasy about owning a sports franchise? This is a compelling story about the author's journey through his American dream. His story covers the years 1979 to 1983, during which he successfully acquired a professional indoor soccer team franchise in the Major Indoor Soccer League (MISL), with no money down, and how he subsequently lost it. The author has a practical leveraging method, which when used, can be applied to buying or acquiring any business. He clearly and simply lays out those guidelines. This is a story of a working man's desire and how

he figured out how to initially get a franchise funded with other people's money (OPM). And, after funding, to market it successfully against other established and popular sport leagues, then only to see how quickly it vanished. Guidelines to the steps to acquiring a sports franchise are laid out. The birth of the author's dream begins in 1979, while vacationing on the beautiful island of Virgin Gorda. In Chapter 1 we are exposed to his vision, which at this time is nothing more than a pipe dream. Guidelines to acquiring a franchise are laid out in Chapter 2. The game plan is developed and strategies unfurled. Once awarded the franchise, he must raise the funds to sustain the franchise and operational costs. In Chapter 3 he develops step by step instructions on how to legally structure the deal, to entice investors and to learn about funding. Chapters 4, 5, and 6 give us detailed insights about the inner workings of a sports franchise How to organize! How to staff! How to market the dream! And, how to acquire players! These chapters are a must for all sports marketers, sports educators and entrepreneurs. Chapter 7 sweeps us into the cacophony of a major indoor sporting event. The media coverage is outlined in Chapter 8. We commiserate with the author as he describes the demise of his dream in Chapter 9 and how he rises from the ashes in the final chapter. From Chapter 7: "Imagine if you can, sitting in a luxurious and darkened indoor arena at game time waiting for your team to be introduced for the first time. The playing field is a plush, emerald green, fast-track surface. Suddenly, flashing strobe lights appear, swirling their multicolored beams around the arena. Then, deafening music starts playing! You feel your adrenalin rising and you are getting into the magic. Unexpectedly, a spotlight appears at one end of the arena. The light is focused on one of the goals, and it and the surrounding area is engulfed in artificial fog...". It's game time!

Are You Ready for An Adventure? The Freedom You Always Wanted Is NOW Waiting for You! Welcome into the Passive Income World! Aren't you tired of your day job? Are you not fed up with sitting behind a desk waiting for the day to be over? Do you really like doing mundane tasks week after week? If you are bored with your current job, perhaps it is time to have a change of pace. Now may be the right time to ditch your 9-to-5 job for something more fun and exciting. You should consider moneymaking opportunities that can earn you a passive income. Passive income, according to its standard definition, is a type of income that does not require a lot of effort to maintain. Active income, on the other hand, is a type of income that requires your focus, attention, time, and energy. Most people prefer to earn the latter, thinking that it is the only way to receive money on a regular basis. However, you should know that passive income is earned regularly as well. In fact, there are plenty of benefits to earning a passive income. Here are some of them: You can be your own boss. You do not have to work in an office. You do not have to get up very early to beat traffic. You can have more time for your family and yourself. You can continue or further your education. You can have an unlimited earning potential. This is a complete business plan for a Hard Money Lender. Each of our plans follows a 7 chapter format: Chapter 1 - Executive Summary - This part of the business plan provides an introduction for the business, showcases how much money is sought for the company, and acts as a guideline for reading the rest of the business plan. Chapter 2 - Financing Summary - The second section of the business plan showcases how you intend to use the financing for your business, how much of the business is owned by the Owners, who sits on the board of directors, and how the business could be sold in the future. Chapter 3 - Products and Services - This section of the business plan showcases the products/services that you are selling coupled with other aspects of your business operations. Chapter 4 - Market Analysis - This is one of the most important sections of your business plan. Each of our plans includes complete industry research specific to the business, an economic analysis regarding the general economy, a customer profile, and a competitive analysis. Chapter 5 - Marketing Plan - Your marketing plan will showcase to potential investors or banks how you intend to properly attract customers to your business. We provide an in depth analysis of how you can use your marketing plan in order to drive sales. Chapter 6 - Personnel Summary - Here, we showcase the organizational structure of your business coupled with the headcount and salaries of your employees. Chapter 7 - Financial

Plan - This is the most important part of your business plan. Here, we provide a three year profit and loss statement, cash flow analysis, balance sheet, sensitivity analysis, breakeven analysis, and business ratios.

Silicon Valley tries to disrupt the world — and the world says “no.” Facebook: the biggest social network in history. A stupendous, world-shaping success. But governments were giving Facebook trouble over personal data abuses, election rigging and fake news. Mark Zuckerberg wondered: what if Facebook could pivot to finance? Or, better: what if Facebook started its own private world currency? Facebook could have so much power that governments couldn’t stop them. It would be the Silicon Valley dream. Facebook launched Libra in June 2019. Libra would be an international currency and payment system. It would flow instantly around the world by phone. It could even “bank the unbanked.” Libra could apparently do all this just by using a “blockchain.” But Libra would also make Facebook too big to control— and to lead the way for Facebook’s Silicon Valley fellows to swing the power of their money as they pleased. Facebook and their friends could work around any single country’s rules. Libra could shake whole economies. And Facebook would become the “digital identity” provider to the world. If you wanted to use money at all, you’d have to go through Facebook. Governments looked at Libra — and they saw another 2008 financial crisis in the making. Facebook’s plan would have made the company even more entrenched — at the cost of broken economies worldwide. Starting with toppling the US dollar. Libra was as incompetent as it was arrogant — and the world stopped it in its tracks. But how did Facebook put forward such a bizarre and ill-considered plan, that left every regulator who saw it reeling in horror? And what happens when another company tries the same trick? Or when Facebook won’t take “no” for an answer, and releases the cut-down version that they’re already calling “Libra 2.0”? “Libra Shrugged” is the story of a bad idea. Also covered: * Bitcoin and cryptocurrency: the source of all the bad ideas in Libra. * Central Bank Digital Currencies: digital versions of official legal tender, suddenly fashionable again because of Libra. * Facebook’s early forays into payments, with Facebook Credits and Messenger Payments. Table of Contents Introduction: Taking over the money 7 Chapter 1: A user’s guide to Libra 9 Chapter 2: The genesis of Libra: Beller’s blockchain 15 Chapter 3: To launch a Libra: Let’s start a crypto 19 Chapter 4: Bitcoin: why Libra is like this 25 Chapter 5: The Libra White Papers 33 Chapter 6: Banking the unbanked 43 Chapter 7: The Libra Reserve plan and economic stability 49 Chapter 8: Libra, privacy and your digital identity 61 Chapter 9: The regulators recoil in horror 67 Chapter 10: David Marcus before the US House and Senate 77 Chapter 11: July to September 2019: Libra runs the gauntlet 95

Frugal Living (FREE Bonus Included) Amazing Practical Tips For Saving Money and Learning How to Make Your Life Simple The whole concept of living frugally and simply is that you get more out of life but that you spend considerably less while doing it. Obviously, frugal living defined specifically will vary by each individual. But in general, most people view frugal living as living on a tight budget (allowing them to save more money and eliminate debt), living simply, consuming and using less, and living any life you want in an affordable fashion. Any person can add any characteristic they want to in addition to these ones. With that in mind, you would probably add more characteristics to this brief list to define frugal living as it means to you. In essence, living frugally is exactly as you want it. But while frugal living may mean something slightly or significantly different for each of us, the fundamentals for frugal living remain the same for everybody. Just a few of those fundamentals include avoiding unnecessary expenses, working on reducing debt, making significant lifestyle changes, and perhaps changing some goals in your career. This book will teach you about all of these fundamentals that will form the foundation for when you define your own way of frugal living. With the knowledge you learn in this book, you'll be able to convert your lifelong dreams into an enduring reality, and in the process, create a more secure lifestyle and future for you and your family. Contents of the book: Chapter 1 - Budgeting Chapter 2 - Cutting Expenses Chapter 3 - Making Lifestyle Changes Chapter 4 - Hobbies and Activities Chapter 5 - Career Choices and Direction Chapter 6 - Basic Hacks and Tricks to Save You On Money Chapter 7 Green/Thrifty Living Tips Getting Your FREE Bonus Read this book to the end and see "BONUS: Your FREE Gift" chapter after the introduction and conclusion.
