

Chasers Of The Light

A thrilling adventure story chronicling the perilous journey of the scientists who set out to prove the theory of relativity--the results of which catapulted Albert Einstein to fame and forever changed our understanding of the universe. In 1911, a relatively unknown physicist named Albert Einstein published his preliminary theory of gravity. But it hadn't been tested. To do that, he needed a photograph of starlight as it passed the sun during a total solar eclipse. So began a nearly decade-long quest by seven determined astronomers from observatories in four countries, who traveled the world during five eclipses to capture the elusive sight. Over the years, they faced thunderstorms, the ravages of a world war, lost equipment, and local superstitions. Finally, in May of 1919, British expeditions to northern Brazil and the island of Principe managed to photograph the stars, confirming Einstein's theory. At its heart, this is a story of frustration, faith, and ultimate victory--and of the scientists whose efforts helped build the framework for the big bang theory, catapulted Einstein to international fame, and shook the foundation of physics.

New York Times number-one bestselling author Debbie Ford presents revolutionary questions that, when answered with complete honesty, change the way we see ourselves and make decisions – ultimately moving us toward the life we desire. The realities of the life we live today are a result of the choices we made yesterday, three months ago and three years ago. But we don't wind up \$50,000 dollars in debt because of one extravagant purchase. Nor do we put on 30 unwanted pounds as a result of a couple of decadent meals. And our relationships certainly don't fall apart overnight because of one decision. We are where we are because of repeated unconscious choices made day after day. If we want to understand why and how we created our present day reality, all we need to do is look at the choices we made in the past. Ford cuts right through our denial with the 10 questions that immediately reveal the true motivations behind our thoughts and actions. But more than that, by rigorously and honestly asking and answering these 10 vital questions, we regain control and have the power necessary to create the life we always wanted.

The race is on to be the first to discover the secret of flight! Magpie is soon caught up in a world of science, spies, and unruly animals to be the first to passenger in a hot air balloon. Yesterday, Magpie was one of the best thieves in all of France. But an encounter with a boy dangling from the sky will change her life forever. And even though it ends in disaster, Magpie becomes enthralled by the idea of flying over the rooftops of Paris like the dangling boy: Pierre. His family, the Montgolfiers, are desperate to be the first to discover the secret of flight. And Magpie has ideas, but she also has secrets. Together with Pierre, she'll need to help the Montgolfiers accomplish their dream before her past gets the best of them all. In a test of bravery, imagination, science, and friendship--Magpie, Pierre, and their pet birds are in a race against time to get the Montgolfer's in the air before the King and Queen. It'll take two children, a chicken, a duck, and a sheep to help them find the answers. But others, too, are determined to discover the Montgolfiers' invention...

Dreamy Emery loves doodling wild inventions, but when a new friend moves in next door with piles of tools and ideas, can they build a real flying machine together? This charming celebration of intergenerational friendship, creativity and scientific discovery will delight young inventors.

Many of the poems included here are short and uplifting, with messages such as “be yourself,” “you are beautiful,” and “this too shall pass.” They combine the appeal of short, shareable poems with inspiration and encouragement. Also included are some of White’s lengthier prose pieces, which address his childhood, his relationship with his father, and past romantic relationships, among other things. Whatever the form, White takes inspiration from the everyday, writing about abstract topics like love, loss, depression, and resilience using concrete, reliable details and scenes.

Zithembe has to find his knife to rescue his mother from the evil Army of Shadows. The only way to find it is to go to the Lake of Memories in the dreamworld, where it guarded by the evil Mama Wati water spirits. Without a knife of his own, Zithembe can’t go to the dreamworld, so his friend Nom and his cousin Rosy have to take their lives in their hands to help him ... Lake of Memories is the second book in the Shadow Chasers trilogy. It’s an African fantasy adventure ? one part family saga, one part hero’s quest.

Deepak Chopra, Debbie Ford, and Marianne—New York Times bestselling authors and internationally acclaimed teachers—have joined together to share their knowledge on one of the most crucial obstacles to happiness we face—the shadow. These three luminaries, each with a signature approach, bring to light the parts of ourselves we deny but that still direct our life. For it is only when we embrace our shadow that we discover the gifts of our authentic nature. The shadow exists within all of us. It is a part of us and yet we spend most of our life running from it. But far from being scary, our dark side holds the promise of a better, more fulfilling life. Our shadow makes itself known every day. It is the reason we feel furious over a friend showing up ten minutes late, yell at our parents or kids when they have done nothing wrong, and sabotage our own success at the worst possible time. Until we are able to embrace our dualistic nature, we will continue to hurt ourselves and those closest to us and fall short of our potential. Combining the wisdom of three experts, The Shadow Effect is a practical and profound guide to discovering the gifts of our shadow. These three authors powerfully pierce the veil of our unclaimed self, releasing us from the past and propelling us on a journey to wholeness. No longer living a half life, we are capable of achieving our dreams and reclaiming the happiness that is our birthright.

Oprah had a lightbulb moment when she connected with Debbie Ford’s shadow work. Now, Debbie deepens our shadow work and shows how our shadow side holds the key to our happiness. Each of us has a shadow that whispers stories of our own self-defeating fears to us-for example: that we aren’t enough, that we are unworthy of being loved, that we will be deserted by those whom we care about. Debbie guides us to hear those stories and find the positive message within each of them. She shows how understanding our own shadow side can lead us to lives of tremendous fulfillment and peace. Full of case studies and exercises, this book complements her first book on shadow work, which has sold almost half a million copies.

The bestselling, beloved classic on how to go into the dark side of yourself to bring out the light - now with new material. Debbie Ford believes that we each hold within us a trace of every human characteristic that exists, the capacity for every human emotion. We are born with the ability to express this entire spectrum of characteristics. But, Ford points out, our families and our society send us strong messages about which ones are good and bad. So when certain impulses arise, we deny them instead of confronting them, giving them a healthy voice, then letting them go. It is to these feelings that Ford turns our attention, these parts of our selves that don't fit the personae we have created for the rest of the world. She shows us the effects of living in the dark, of keeping all our supposedly unsavory impulses under wraps. We find ourselves disproportionately frustrated and angry at the selfishness of friends, the laziness of colleagues, the arrogance of siblings. When we are unable to reconcile similar impulses in ourselves, Ford explains, we waste our own energy judging others instead of empathizing. But most important, we deny ourselves the power and freedom of living authentically. Through the stories and exercises in The Dark Side of the Light Chasers, Debbie Ford shows us not only how to recognize our hidden emotions, but also how to find the gifts they offer us. This is for fans of Marianne Williamson, Neale Donald Walsch, and Deepak Chopra. The very impulses we most fear may be the key to what is lacking in our lives.

The epic made simple. The miracle in the mundane. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to revise anything. He fell in love. Three years and almost one thousand poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. On the fifth anniversary of her death and written during Debbie Ford's long battle with cancer, Your Holiness is a thoughtful and poignant exploration of the godliness that resides in all of us. The extraordinary way in which the manuscript to this book was found sets the foundation for its incredible message: medium James Van Praagh received a message from Debbie Ford's spirit telling him that she had an unpublished manuscript saved on her computer. James passed on the news to Debbie's sister, Arielle Ford, who found the manuscript exactly where it was said to be. Infused with Debbie's trademark Frank honesty and keen insight, Your Holiness is a blueprint for recognizing and accepting our latent spirituality. Debbie composes motivational prayers with deeply personal stories about her own spiritual journey - how she struggled and eventually found her internal faith - and translates her experience into a practical path for transformation. Engaging and accessible, clear and unwavering, philosophical yet practical, Your Holiness is a gift to the soul that both guides and nourishes. At a time when so much in our world feels uncertain and suffering is widespread and persistent, Debbie's voice is more essential than ever. Your Holiness grounds us in the here and now while delivering a timeless and empowering message of relentless love and strength.

As a summer evening descends, three young children see a shadow appear on their wall. When the shadow flutters away, they follow it into the backyard, where more playful shadows await. But when home calls them to bed, the children can dream of a new day full of possibilities. The idea that hopes and dreams keep us moving forward, and that one must be bold in order to go after them, are brought to life in this magical and timeless story.

A God chaser is a person whose passion for God's presence presses him to chase the impossible in hopes that the uncatchable might catch him. A child chases a loving parent until, suddenly, the strong arms of the father unfold the chaser. The pursuer becomes the captive; the pursued the captor. Paul put it this way: "I chase after that I may catch that which apprehended me" (Phil. 3:12). Job was a God chaser. He said, "Oh that I knew where I might find Him!" David was one; he said, "My soul followeth hard after Thee." Paul was one too: "That I may know Him..." The passionate paths of God chasers can be traced across the pages of history from Moses the stutterer, David the singer, and Paul the itinerant preacher, to contemporaries like A.W. Tozer, Leonard Ravenhill, and countless others who share one common bond: an insatiable hunger for their Lord. These are people whose relentless, passionate pursuit of Christ often made them appear foolish in the eyes of others. Yet, having tasted His goodness and glimpsed the invisible, they could be satisfied with nothing less. Add your name to the list... become a God chaser. Who know? You might be one whom He catches.
