Bobbie Druke (Drew-key), a suburban Minneapolis police detective, and her husband Andy Richards, retired FBI agent, are retained by a Mafia chieftain to track down a mutual enemy, an assassin named Lewis Rose, who has fled to Argentina. In Buenos Aires, Bobbie and Andy find corruption in the Argentine government's ruling party. The Peronistas have ties to the Argentine Mafia, the C.I.A., and the U.S. State Department and Lewis Rose has become immersed in it all, having taken the sobriquet "Charon", the mythological boatman who ferries souls across the river Styx to Hades. Charon the Ferryman becomes the Peronistas' assassin, as well as the bodyguard and lover of the President's daughter, Zulemita Menendez. The moderate Alianza party persuades Bobbie and Andy to help stop Charon, but the Ferryman stays a step ahead of them. The chase is on as the Richards follow Lewis and Zulemita Menendez back to the U.S., where Zulemita will attend college at Bryn Mawr, a sister school to Swarthmore College, where Bobbie's daughter is a sophomore. As paths cross again, more people die before Lewis is caught and Bobbie and Andy discover that the Mafia connection in Argentina is more than they could ever have suspected.

Betty Frankel Kirschner succumbed to emphysema one day in June. She had been a long-term professor at Kent State University, founding member of the feminist caucus in sociology, a political activist, a chain smoker. Close friend Laurel Richardson, a key figure in literary turn in ethnographic writing, kept a daybook, relating their conversations and interactions over Betty's last few months. Rich in memory, emotion, dreams, and life-and-death decisions, the daybook chronicles the ups and down of a terminally ill woman and the impact that illness has on friends, colleagues, and family alike. Richardson also grapples with the ethics of writing deeply personal narratives. Part memoir, part sociological analysis, part eulogy to a departed friend, Richardson opens a poignant window into living an academic life, and ending it.

A novel that relates the fight for survival of a small, family-owned, Midwest manufacturer.

Though American Motors never approached the size of Detroit's Big Three, it produced a long series of successful cars that were distinctive, often innovative and in many cases influential. This history examines AMC's cars from the company's formation in 1954 through its absorption by Chrysler in 1987. The Gremlin, Pacer and Eagle vehicles are examined in detail, as are the AMC custom cars of George Barris and Carl Green. The text details AMC's 1980s involvement with the French firm Renault and the design legacy of that joint venture, which includes the Hummer. The evolution of Jeep is covered from the 1960s through the 2000s. Features include some 225 photographs; a listing of AMC / Rambler clubs, organizations and business entities, with contact details; tables of detailed specifications and performance data; data on technical devices, trim packages and all model variations; a comprehensive account of AMC / Rambler appearances in film, television and cartoons.

Each Haynes Manual is based on a complete teardown and rebuild of the specific vehicle. Features hundreds of "hands-on" photographs taken of specific repair procedures in progress. Includes a full chapter on scheduled owner maintenance and devotes a full chapter to emissions systems. Wiring diagrams are featured throughout.

In this book, John Mulhern III writes about traveling a total of 7,694 miles in 18 days-a route through eighteen widely (and wildly) different states including not only stops in the the cities of Chicago, Santa Fe, Los Angeles, San Francisco, and Seattle, but also nights in the small towns of Claremore, Point Arena, and Murdo. Adventures on the road (multiple encounters with both high winds and snow) yield to visits with friends old and new, encounters with various other Corvettes and other vehicles of interest, and more than a few great restaurants, sometimes in the most unexpected places. This is a book for travel lovers and most certainly for Corvette lovers, but most of all for devotees of the stunning beauty and endless variety of America. It includes several detailed maps of the route, an annotated bibliography, and over 150 color photos.

Jazz Sells: Music, Marketing, and Meaning examines the issues of jazz, consumption, and capitalism through advertising. On television, on the Internet, in radio, and in print, advertising is a critically important medium for

the mass dissemination of music and musical meaning. This book is a study of the use of the jazz genre as a musical signifier in promotional efforts, exploring how the relationship between brand, jazz music, and jazz discourses come together to create meaning for the product and the consumer. At the same time, it examines how jazz offers an invaluable lens through which to examine the complex and often contradictory culture of consumption upon which capitalism is predicated.
