Biology for IGCSE

Cambridge IGCSE® and O Level Biology

*Collins IGCSE® Biology provides complete coverage of the latest Cambridge IGCSE® syllabus for Biology and is packed full of questions, in depth content, practical investigative skills features and more.*

*Chiefly reprints from various scientific journals.*

*Packed with spectacular superlatives, shocking stats, fantastic facts and fun figures, Science and Stuff celebrates the simple joy in finding things out. What can cats teach us about the laws of physics? Why was cabbage banned on the International Space Station? (Can you fart in space?) And would a penny dropped from the Empire State Building really kill someone? (Short answer: No!) But it's not all facts and stats. The feature chapter just for Makers, introduced by our very own mad professor Burnaby Q. Orbax, challenges you to attempt record-breaking science experiments at home, from the fastest Mentos & Soda rocket car to the most slime thrown and caught in a minute! Join us as we rise from the deepest depths of the ocean, where weird glowing fish hunt in the darkness, to the mountaintop observatories where scientists unravel the secrets of the universe.*

*The Exam Success in Cambridge IGCSE & O Level Biology Practical Workbook provides everything students, especially those revising for external exams for the first time, need to grow their confidence and help them achieve the best grades they can in their Practical Test or Alternative to Practical paper.*

An examination of how language functions in CLIL, based on a corpus of classroom interactions. Drawing on their own experience as CLIL educators and researchers, the authors explore data collected in real CLIL classrooms from two perspectives: the CLIL classroom as an interactional context for developing language and content, and the genres and genres through which the meanings of the different academic subjects are enacted. From the analysis of this corpus of data, they provide a rich description of how CLIL students' language works and may be expected to develop. Also available separately.
