Follow along with a child and his companion as they embark on a mysterious journey. The only words in this book, which is almost a silent book, are those that describe the places on the maps of the journey. These fantastic and evocative places express all the shades of emotions from hope to fear, from wonder to sadness, to finally to love. An unprecedented and highly original itinerary with a story of friendship and great adventure plays out in graphic-novel form that unfolds on the pages between the

At the age of 18, Beverly Hills native Aaron Cohen left his life of comfort to prove himself in the crucible of the armed forces - and not just any armed forces. He was determined to be a part of Israel's most elite security forces. In 15 months of gruelling training, Cohen acquired skills that usually take years to master: expertise

He was offered the only post a non-Israeli can hold: in a top-secret, highly controversial unit which dispatches operatives disguised as Arabs into the Palestinian-controlled West Bank to abduct Hamas leaders and bring them to Israel for trial. Between 1997 and 2000, Aaron Cohen would learn flawless Hebrew and conversational Arabic, lose any semblance of his all-
