Are you looking for an engaging, decision-focussed approach to financial reporting that encourages students to develop their interpretative skills? Building on the success of the first edition, this textbook takes a 'how, why, what' approach to financial accounting, interwoven in each chapter. From chapter one, students understand how financial information is prepared and presented, why it is prepared and presented in this way, and what the resulting financial information means for users. Designed

for students taking a step beyond their introductory financial accounting training, the textbook equips them with all the key tools they will require when they enter professional practice. Reflective of the latest International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS), this textbook delivers concise, clear explanations of all the key issues in accounting standards that students need to know. Content maps to professional accounting body syllabi, making this the perfect choice for accounting courses which offer exemptions. Chapters are rich with 3 types of examples to enhance understanding: - Illustrative examples of real-world situations; - Worked examples demonstrating the calculation of figures required for financial statements; - Extracts from company annual reports demonstrate how the theory relates to financial reporting in practice. More engaging, more balanced, and more applied than other offerings, this is exactly the textbook your financial reporting students need! A Corporate collapse typically involves the insolvency or bankruptcy of major business enterprises. A corporate scandal involves alleged or actual unethical behaviour by people acting within or on behalf of a corporation. These have resulted into the loss of confidence by Investors in Companies as well as management. To be able to restore the confidence of investors as well as the general public in corporations as well as the Audit Profession, regulatory bodies across the world such as INTERNATIONAL FEDERATION OF ACCOUNTANT (IFAC), ASSOCIATION OF CERTIFIED CHARTERED ACCOUNTANTS (ACCA-UK) and the INSTITUTE OF CHARTERED

ACCOUNTANTS - GHANA (ICA-GH) are determined to train Professional Chartered Accountants who will perform their work with professional judgement and scepticism. It is in light of this that this subject **ADVANCED AUDIT AND ASSURANCE** is critical to the professional accountant. However, the studying and preparation for the examination by most students and the pass rate are continuously poor due the inadequate and inappropriate study materials and lecturers availability. To address this, the Author of this book has spent ample time in research from various world-class lecturers from institutions such as London School of Business and Finance (LSBF), Accounting Practice Centre (A.P.C), among others and from other professional materials on the subject, and has written this book not to add to the already existing books but to bridge the gap between Studying the subject in class, writing the examination and practicing the profession in Corporate Organisations. With this book in your hand, three things can be assured: **STUDY, UNDERSTAND & EXCEL**. You will become a Professional Chartered Accountant with in-depth knowledge and understanding. This book is certainly for all individuals, researchers and students looking for a student text that covers almost all topics in Public Finance Management and Accounting. Even though most of the Acts used in this book relates primarily to the Republic of Ghana,

the concept of Public Finance, International Public Sector Accounting Standards and others are relevant irrespective of jurisdiction.

BPP Learning Media provides comprehensive materials that highlight the areas to focus on for your exams and complement the syllabus to increase your understanding.
