irrigation practices and theories were developed in India.

There is lot of variations in rainfall in different regions of India. Some of the areas have very little rainfall insufficient to grow any crop. Other areas have sufficient rainfall but its

PDF Civil

Engineering

Gurcharan Singh

distribution is not as required by the crops.

Scanty rainfall and erratic distribution both necessitate artificial irrigation.

The purpose of this book is to present the subject in most concise form.

Simplicity of language is the main feature of

mostly overhauled  
and revised. One

chapter on

Temporary

Structures is added

in the portion of

Building

Construction. Now

the book is quite up-

to-date. This edition

of the book is

entirely new and
