Behaviour management in the classroom can be one of the most challenging aspects of teaching, but with the right approach it can be rewarding and enriching for both student and teacher. A

Comprehensive Guide to Classroom Management provides a systematic overview of the major theories and styles of discipline in schools.

Drawing on the latest international research, Porter outlines how teachers can develop a personal style

in classroom management based on a sound understanding of theory. The emphasis is on proactive, authoritative approaches to discipline to engage students and facilitate the achievement of educational and social goals. Porter demonstrates how it is within the power of schools and teachers to create the conditions under which even disadvantaged or disenchanting students strive to learn. A Comprehensive Guide to Classroom Management is the essential handbook for preservice teachers and a valuable reference for more experienced teachers who want to develop their approach to complex behavioural challenges. Tried and tested teaching tips for

language teachers. This practical ebook, with its clear and accessible style, will be useful to many teachers, whether trainee, novice or experienced, in a variety of contexts. It provides a set of 100 hands-on tips on 19 different areas of classroom teaching, including using a coursebook, giving and checking homework, classroom discipline, testing and assessment. The clear and concise advice is accompanied by brief explanatory notes based on the author's extensive teaching experience.

Essential Teacher Knowledge - a unique foundation-level methodology book with over 2 hours of video footage. Essential Teacher Knowledge is the core foundation-

level guide for teachers of general English, young learners and CLIL. Units on essential theory, practical teaching advice and classroom ideas are presented across two pages, in full colour. Written in accessible English, Essential Teacher Knowledge is ideal preparation for TKT and other entry-level teacher qualifications, or as a handbook for any ELT teacher. Two hours of video footage includes demonstrations of key teaching techniques, such as giving instructions and correction, so new teachers can see the theory put into practice and global “Teachers’ Voices” – teachers from around the world sharing opinions and ideas about key issues for the global English teaching community. PIN-

coded access to extra online material: audio to accompany the Pronunciation units (23 – 29), downloadable activities (Revise, Research, Reflect) to accompany every unit, more teachers' voices videos and other resources for teachers, including an up-to-date bibliography .

the Cambridge ESOL Teaching Knowledge Test (TKT) Modules 1, 2 and 3 or other initial teacher training qualifications.

This new edition of Teach EFL is the ultimate practical reference guide to teaching English as a Foreign Language. 'Riddell's book is a classic - it answers all those questions new language teachers have....covers an amazing amount in a clear accessible way.' David Carr, Director of Teacher Training International House London This book is packed with information on:

- effective teaching techniques.
- sound classroom management.
- practical lesson planning.
- successful job hunting and career development.

This is an

Read Online Classroom Management Techniques Jim Scrivener Free

indispensable book for all new and experienced EFL teachers: a step-by-step guide on what to teach and how to teach it. This edition has been fully revised to include: -up-to-date information on technology as an aid to learning. -comprehensive information on the increasingly popular task-based learning. -invaluable advice on making the transition from learning to teaching. -clear guidance on ongoing professional development. -useful examples of teaching in different international contexts. Rely on Teach Yourself, trusted by learners for over 75 years.

In language learning contexts, the role of the language teacher is a particularly crucial one: it is the

Read Online Classroom Management Techniques Jim Scrivener Free

teacher who, through and with their use of (the foreign) language, has a significant influence on the extent to which language learners are linguistically/cognitively activated, and thus determines whether processes of language learning are initiated and promoted, or perhaps even impeded or prevented. Thus, it is of utmost importance for language teachers to acquire a high level of classroom discourse competence (CDC) - a professional competence that goes far beyond the notions of FL proficiency and communicative competence. Located at the intersection of theory, classroom research and practical approaches to (E)FL teacher education, Classroom

Discourse Competence: Current Issues in Language Teaching and Teacher Education offers university students, trainee teachers, in-service teachers and teacher educators a comprehensive conceptualization of CDC (Part I). Furthermore, the chapters in this book explore facets of CDC (Part II) and present good-practice examples of CDC development in the context of pre-service teacher education (Part III).

Activities is organised into five chapters: Activating, Guiding understanding, Focus on language, Focus on speaking and Focus on writing. A further chapter provides practical ideas for assessment, review and feedback. The Background to CLIL section offers a clear explanation of what CLIL is and its benefits and challenges. The book contains a wide range of easily accessible activities that can be used in any order. Dedicated subject pages include annotated extracts from authentic school teaching materials, demonstrating how language is used in particular school subjects, such as geography, science, maths and ICT. The accompanying CD-ROM contains print-ready CLIL activities.

**underpins every aspect of
successful language learning.**

**Memory Activities for Language
Learning explores the cognitive
processes of memory and provides
a bank of activities to facilitate
their development. This book will
help teachers discover what makes
language memorable, as well as
how to optimize learners'
language memory by engaging
and developing their abilities to
recognize, notice, store, retrieve
and reactivate language. Recent
developments in psycholinguistics
and corpus linguistics, including a
renewed focus on the importance
of acquiring a critical mass of
lexis and phraseology as soon as**

possible, have made this practical advice even more critical.

Photocopiable material for use in the classroom can be printed out from the accompanying CD-ROM.

'Classroom Management Techniques' offers a huge range of practical techniques to help teachers make the most of their teaching space and get students working in more focused ways. The book helps teachers anticipate and avoid problems in the classroom, allowing more time to be devoted to meaningful activities.

This latest new edition of Effective Classroom Management

is written for new teachers and those who train and guide them. It combines sound practical advice on lesson organisation and teaching methods with an exploration of teachers' feelings about themselves and the children they teach. In this second edition, classroom management is considered from four aspects: management in the classroom; mediation with individuals; modification of behaviour and monitoring school discipline.

common ESL grammar points in an accessible way through real ESL errors together with suggested teaching techniques. Relevant grammar terminology is explained. The four objectives of this book are to help teachers: (1) identify common ESL grammar points and understand the details associated with each one; (2) improve their ability to answer any grammar question on the spot (when on the "hot seat"); (3) anticipate common ESL errors by grammar point, by first language, and/or by proficiency level; and (4) develop more effective grammar/language learning lessons. These objectives are for all teachers, whether they are teaching grammar directly or
