

## Collecting Baseball Cards

Includes a brief history of baseball cards and information on how to shop for, evaluate, buy, and preserve these collectibles.

Keep track of all your baseball cards with this baseball card collecting log. Baseball card collecting inventory includes space to log the year, brand, player, condition, and other notes. Softcover baseball card collecting book features space for over 1500 of your favorite sports cards. Edited by one of the most respected and authoritative voices in the baseball card world, this handy pocket-sized field guide is the premium compliment to the reference library of the collector that is always on the go. Warman's Vintage Baseball Card Field Guide focuses on an era of cards most coveted by collectors--those issued between 1886 and 1980, a period when cards were first released as premiums along with another product (tobacco, for example), right up until 1980 when TOPPS lost its monopoly as the only major card producer. Baseball fans will delight in 100 years of card history! Readers will benefit from the top ten tips for collecting baseball cards and marvel at the top ten most valuable cards--including a Honus Wagner card recently selling for \$1.2 million! Featuring the most rare and valuable cards in the hobby, this "take-anywhere" guide will be the topic of conversation at shows, auctions, sales, and markets.

ⓘAn entertaining history of baseball cards . . . An engaging book on a narrow but fascinating topicⓘ (The Washington Post). When award-winning journalist Dave Jamiesonⓘs parents sold his childhood home a few years ago, he rediscovered a prized boyhood possession: his baseball card collection. Now was the time to cash in on the ⓘinvestmentsⓘ of his youth. But all the card shops had closed, and cards were selling for next to nothing online. What had happened? In Mint Condition, his fascinating, eye-opening, endlessly entertaining book, Jamieson finds the answer by tracing the complete story of this beloved piece of American childhood. Picture cards had long been used for advertising, but after the Civil War, tobacco companies started slipping them into cigarette packs as collectorⓘs items. Before long, the cards were wagging the cigarettes. In the 1930s, cards helped gum and candy makers survive the Great Depression. In the 1960s, royalties from cards helped transform the baseball players association into one of the countryⓘs most powerful unions, dramatically altering the game. In the ⓘ80s and ⓘ90s, cards went through a spectacular bubble, becoming a billion-dollar-a-year industry before all but disappearing, surviving today as the rarified preserve of adult collectors. Mint Condition is charming, original history brimming with colorful characters, sure to delight baseball fans and collectors. ⓘJamieson explores the history of card collecting through an entertaining cast of characters . . . For anyone who can recall being excited to rip open their newest pack of cards, Mint Condition is a treat.ⓘ ⓘForbes

Explains how to buy, store, and trade baseball cards, with advice from prominent collectors on building a collection and determining investment values

Captures the experience of growing up obsessed with baseball cards and explores what it means to be a fan of the game as the author marks the stages of his life through the cards he collected as a child.

Is there life after baseball? Starting from this simple question, The Wax Pack ends up with something much bigger and unexpectedⓘa meditation on the loss of innocence and the gift of impermanence, for both Brad Balukjian and the former ballplayers he tracked down. To get a truly random sample of players, Balukjian followed this wildly absurd but fun-as-hell premise: he took a single pack of baseball cards from 1986 (the first year he collected cards), opened it, chewed the nearly thirty-year-old gum inside, gagged, and then embarked on a quest to find all the players in the pack. Absurd, maybe, but true. He took this trip solo in the summer of 2015, spanning 11,341 miles through thirty states in forty-eight days. Balukjian actively engaged with his subjectsⓘtaking a hitting lesson from Rance Mulliniks, watching kung fu movies with Garry Templeton, and going to the zoo with Don Carman. In the process of finding all the players but one, he discovered an astonishing range of experiences and untold stories in their post-baseball lives, and he realized that we all have more in common with ballplayers than we think. While crisscrossing the country, Balukjian retraced his own past, reconnecting with lost loves and coming to terms with his lifelong battle with obsessive-compulsive disorder. Alternately elegiac and uplifting, The Wax Pack is part baseball nostalgia, part road trip travelogue, and all heart, a reminder that greatness is not found in the stats on the backs of baseball cards but in the personal stories of the men on the front of them.

*Money can't buy happiness, but it can buy baseball cards. When Tanner Jones came back to the hobby as an adult, he instantly fell in love with baseball cards all over again. In his signature comedic tone, Tanner retells his adventures in acquiring millions of cards, how he became a custom card creator, and the day he spent with his childhood hero, Jose Canseco, landing both of them on the cover of Beckett Baseball magazine. By popular demand, he shares the strategies used to assemble his world-famous collection, and how he quickly sold it for profit, while managing to keep several of his favorite pieces. Confessions of a Baseball Card Addict is an entertaining and insightful read for collectors of all ages. Continue reading about his adventures in cardboard at www.TanManBaseballFan.com. *Since its limited release just after the turn of the twentieth century, this American Tobacco cigarette card has beguiled and bedeviled collectors. First identified as valuable in the 1930s, when the whole notion of card collecting was still young, the T206 Wagner has remained the big score for collectors who have scoured card shows, flea markets, estate sales, and auctions for the portrait of baseball's greatest shortstop. Only a few dozen T206 Wagners are known to still exist. Most, with their creases, stains, and dog-eared corners, look worn and tattered, like they've been around for almost a century. But one—the Card—appears to have defied the travails of time. Thanks to its sharp corners and its crisp portrait of Honus Wagner, The Card has become the most famous and desired baseball card in the world. Over the decades, as The Card has changed hands, its value has skyrocketed. It was initially sold for \$25,000 by a small card shop in a nondescript strip mall. Years later, hockey great Wayne Gretzky bought it at the venerable Sotheby's auction house for \$451,000. Then, more recently, it sold for \$1.27 million on eBay. Today worth over \$2 million, it has transformed a sleepy hobby into a billion-dollar industry that is at times as lawless as the Wild West. The Card has made men wealthy, certainly, but it has also poisoned lifelong friendships and is fraught with controversy—from its uncertain origins and the persistent questions about its provenance to the possibility that it is not exactly as it seems. Now for the first time, award-winning investigative reporters Michael O'Keefe and Teri Thompson follow the trail of The Card from a Florida flea market to the hands of the world's most prominent collectors. They delve into a world of counterfeters and con men and look at the people who profit from what used to be a kids' pastime, as they bring to light ongoing investigations into sports collectibles. O'Keefe and Thompson also examine the life of the great Honus Wagner, a ballplayer whose accomplishments have been eclipsed by his trading card, and the strange and fascinating subculture of sports memorabilia and its astonishing decline. Intriguing and eye-opening, The Card is a ground-breaking look at a uniquely American hobby.*

*Baseball and photography in the United States were both seeing an explosion of popularity in the mid nineteenth century. This provoked baseball clubs to start taking individual and group pictures of their members. Some of these pictures were printed on smaller cards, much like modern-day, wallet sized photos. In the late 1860s, baseball became a professional sport, and trading cards began to appear with photos of players and teams. These were mainly used as a means of advertisement for companies, who placed an ad on the back of the card. *In the wake of the great baseball card bubble of the late 1980s and early 1990s – a time period in which new baseball card issues were wildly overproduced – everybody knows that modern baseball cards are worthless, and that valuable cards are strictly a vintage thing. And yet, many of the most valuable cards of the last 40-50 years have been printed in the last five to ten years. How is it possible that a Bowman Chrome Yasiel Puig card issued in the fall of 2013 sold for \$18,000 in January 2014, or that a Bowman Chrome Mike Trout card issued in 2009 sold for \$16,000 in February 2014? And how is it that two 1993 SP Derek Jeter rookie cards sold for \$32,500 each in December 2013, at a time when many other copies of the same card were running in the \$100-\$150 range? Indeed, the investment profile of the modern baseball card and sports cards in general has improved dramatically over the past 20 years. In The Modern Baseball Card Investor, Jeff Hwang explains why, and shows you how you, t*
