Leveling up on the high seas Castle Sardonis is surrounded by enemies on all sides and dangerously short of supplies. When a needed shipment goes missing the party finds themselves on the high seas beset by pirates and seeking the Goddess of the Sea. New loot, new levels, and new mysteries to unravel as more is learned about the world. Liam, Wait, and Ashley return Immediately following the story from Dungeon Crawl the focus remains with the same group and focused on their struggles within the Crucible Shard.

Bonds of friendship continue to grow but they each find themselves pushed in new ways by this world. LiIRPG If you haven't read book one and have no idea what this new genre is about that's ok. LiIRPG has the focus on characters in a virtual world using those familiar mechanics. It is really a lot of fun and has a lot of enthusiastic fans.

Mark, a traveler disenchanted with his life, stumbles upon a young woman, rescuing her from a terrible storm. But someone is hunting her, and before long, Mark is caught up in her struggle to survive. As dark secrets and magical talents reveal themselves, the pair must fight to stay ahead of their pursuers, with little certainty of who to trust, as they flee from nation to nation throughout the continent of Newland. The question is, can they run forever?

This expansive, multivolume reference work provides a broad, multidisciplinary examination of the Civil War period ranging from pre-Civil War developments and catalysts such as the Mexican-American War to the rebuilding of the war-torn nation during Reconstruction.

This book provides schools, both national and international, with a basis for advanced research in children ' s literature in collections. Examining books for children published across five centuries, gathered from the collections in Dublin, this unique volume advances causes in collecting, librarianship, education, and children ' s literature studies more generally. It facilitates processes of discovery and recovery that present various pathways for researchers with diverse interests in children ' s books to engage with collections. From book histories, through bookselling, information on collectors, and histories of education to close text analyses, it is evident that there are various approaches to researching collections. In this volume, three dominant approaches emerge: history and canonicity, author and text, ideals and institutions. Through its focus on varied materials, from fiction to textbooks, this volume illuminates how cities can articulate a vision of children's literature through particular collections and institutional practices.

Other Realms: Volume One is the first book in a new series that collects original short stories by fantasy and sci-fi author Shaun Kilgore. Pathways to Stillness

What about stillness: What it is. How you can find it. Where it hides itself. Why it is necessary to your life. It is a beginner's guide, because with stillness, no experience is necessary. Besides, you are always a beginner in any case, because when it is present, there truly is nothing to do and nowhere to go. This book is also about learning to appreciate wandering or meandering along life's pathways. It does not contain "Six easy steps to wisdom and immortality." Rather, it offers a way to approach your journey, which you then create and discover on your own, with help! You are invited to find a Pathway to Stillness that fits "your" life. On this pathway, you often cannot see what is around the next bend. However, you need only show up for it to become a journey of curiosity, wonder, and more life. You may come to agree with the phrase, "All who wander are not lost." Although this is a book about slowing down to stillness, it is a "pickup-and-go" book that can be read in short segments within a busy life. The stillness stories and the easy to learn relax-into-stillness movements can be enjoyed in any order that suits you. You can linger with those that speak to you the most. With this book, you can practise stillness while waiting for an appointment, before going to sleep, or whenever you can steal some time for yourself....

Structophis is a heartwarming YA adventure from the author of The Book of Deacon, Bypass Gemini, and Free-Wrench. It is based upon a concept and artwork by ProjectENDO. In a small town in Colorado, Markus Spiros was just getting his life on track. By day he worked as a veterinary tech, by night he took classes. His steady little routine was rolling along nicely when his impulsive Uncle Dimitrios threw a wrench in the works. Thanks to an unannounced trip, Markus had to swing by his uncle's bistro to tend to the ‘special oven.’ When he arrived, he discovered it wasn't the oven that was special, it was the rare and exotic egg that had been incubating inside it. And now it had hatched. Suddenly, Markus found his life had become a good deal more complicated. The creature was a Structophis Gastrignae—a strange creature that was equal parts dragon and oven—and she'd become quite a big girl. Large as a refrigerator and curious as a toddler, the creature he'd dubbed Blodgett would have been a handful in any situation. Markus had bigger problems than figuring out how to take care of her, though. Owning such a rare and special beast was illegal, so should the cops learn of it, Markus would be destined for jail. Worse, there were certain unscrupulous people who would do anything to acquire Blodgett. Now, with the help of his old classmate Gale, Markus must scramble to stay two steps ahead of the authorities and a corrupt CEO, all while being the best ‘mommy’ he can be to his brand-new pizza dragon.

Ten year old Edwin is surprised to learn that he will be travelling to America on the famous new Titanic. Even more shocking is that he will be going with grandparents he has never known. Why does his mother want to send him away? Edwin explores the ship, meeting men such as Thomas Andrews, Bruce Ismay, and Captain Smith. Along the way, he also learns secrets about his own family's past. When the ship sinks and Edwin ends up in a lifeboat separated from everyone he knows, he wonders if he has survived the worst only to be abandoned in the middle of the Atlantic.

The classic action-adventure romance Mistress Wilding offers something for every Rafael Sabatini fan. This is a story about a special kind of friendship between Sammy the cat and Chomper the dog and how they help each other.

This volume represents a collection of six essays written by artists and art historians about journeys to places and methods of practice that challenge perceived taxonomies. The artist as traveler has deep historical precedents as contemporary art production today, and has historically followed political, economic, and cultural expansion. The role of the artist as witness, reporter, geographer, collector, and educator exemplifies the significance of mobility, geographic and cultural movement, and the critical questions raised as a result. The book encompasses a variety of perspectives on how artist-travelers have embraced and contextualized the places, people, cultures and overall experiences encountered on their journeys. Each chapter unveils different and unique approaches which artists have taken in reacting and creating as part of a journey in which they are often the outsiders to the culture and place. Visual mappings conveying geo-locative walking data, participatory video installations uncovering community perspectives, and a reflective diary about walking across lands affected by natural disaster are some of the ways these artists and historians examine the experiences the artists have encountered abroad. Each piece is completely unique, yet united in the act of journey and pursuit of alternative narrative born of the experience.

Several years had passed since Hotdog Man had perished by the hands of General Gouda, the world went back to an era of peace and tranquility. During this time, Hotdog Man was in another dimension, a world of the spirits, where he was in a war with the demonic Dr. Mustard and his army of ghost soldiers. Meanwhile, in the land of the living, Hotdog Jr, had grown up into a mild manner teenager. The Eyno Gems had been destroyed, leaving our heroes unable to access their incredible powers. Spice Town didn't have evil terrorizing them anymore, the residents had nothing to fear, but soon that would change. As the wicked Master Mizuna had grown up despising what had happened to his Uncle, Dr. Mustard, now with his army of minions, he was ready for revenge.

"When I ran, I ran for pleasure. I didn't run for times, to win, to impress: I ran for me. When I ran my bum cheeks rubbed together, so much so that if I was going on a long run I'd have to 'lube up'. I maintained that I was not a 'real' runner - I just liked to run so that I could eat cake." Anna was never anything like those 'real' runners on telly - all spindly limbs, tiny shorts and split tines - but when she read about New Zealand's 3,000-kilometre-long Te Araroa Trail, she began to wonder... perhaps being a 'real' runner was overrated. Maybe she could just run it anyway? Travelling alone through New Zealand's backcountry for 148 days, she scrambled through forests, along ridge-lines, over mountain passes, along beaches and across swollen rivers. Running up to 52 kilometres in a day, she slept wild most nights, and was taken into the homes and hearts of the kiwi people in between. The Pants of Perspective is a witty, colourful and at times painfully raw account of a journey to the edge of what a woman believes herself to be capable of. It is a coming-of-age story which will lead you on a roller coaster ride through fear, vulnerability courage and failure. For anyone who has ever dreamt of taking on a great challenge, but felt too afraid to begin - this story is for you.

What do you do after life has handed you a wake-up call?Author Brian Sturt Hurst experienced a significant professional setback, but, rather than "soldier on," he recognized it as a profound opportunity to acknowledge a deeper foundation at work in his life. It is the affirmation that there is sheer power in what one believes, and, for better or worse, those beliefs are the foundation for the reality we create.The question of "Why?" began a thirty-day inquiry and adventure for Hurst into the unknown. The result is the book W H O L E - a collection of powerful essays that examine how beliefs serve, or do not serve, us in our lives, how those beliefs can be transformed to change our circumstances, and the power of the ultimate connection to Source.What do you do after life has handed you a wake-up call? If you decide to remain awake, then you begin looking at your life. W H O L E is your companion as you review the past, balance all areas of your life, and begin to create anew.W H O L E prompts a very personal, progressive, and conscious examination of concepts and belief systems in every area of your life, ranging from relationships, work and time, to money, the environment, morality and your purpose. It asks provocative and thoughtful questions that lead to understanding.How do your reconcile everything that has happened and is happening in your life with the one you truly want? The good and the bad, the joy and the hurt, the wins and the losses - all those parts form the experience of your life and your identity. Yet, you are much greater than the sum of all those parts.W H O L E allows you to make sense of the pieces of your life as part of the greater being that is You.W H O L E presents you with the opportunity to reconcile the past, arrive wholly connected in the present, and create your future.W H O L E literally answers the question, "What was I thinking?"To know "whole" in the duality of your reality, you must know broken.To know broken is to recognize that you are, always have been, and always will be WHOLE."

What is the difference between 'risk' and 'danger'? What can children learn from taking risks? How can you provide key experiences for children and ensure their safety outdoors? Young children will naturally seek out challenges and take risks and this is crucial to their overall development. This book clearly explains why children should be given the freedom to take risks and provides practical guidance on how to offer stimulating and challenging outdoor experiences that will extend all areas of children's learning. Including examples of activities for all weather conditions across all areas of learning, the book covers: The pedagogical history of adventure, risk and challenge Health, wellbeing and keeping safe The adult role Risk assessment Supporting individual

The #1 New York Times best-selling author Wayne Dyer has been inspiring people to change their lives for many years. Now three of his most fascinating books are collected in this single volume:
• The Power of Intention details Wayne's research on intention as a force in the universe that allows the act of creation to take place. He explains that it is not something we do, but rather an energy we're a part of. This is the first book to look at intention as a field of energy that we can access to begin co-creating our lives.
• Inspiration dissects feelings of emptiness, the idea that there must be something more, and trying to determine the meaning of life . . . all evidence of a yearning to reconnect with our soul space. This book explains how we've chosen to enter this world of particles and form, and each chapter is filled with specifics for living an inspired life. From a very personal viewpoint, Wayne offers a blueprint through the world of Spirit to inspiration, our ultimate calling.
• Excuses Begone! reveals how to change the self-defeating thinking patterns that have prevented us from living at the highest levels of success, happiness, and health. Wayne presents many of the conscious and subconscious crutches most of us employ, along with ways to cast them aside once and for all. The old, habituated ways of thinking will melt away as the absurdity of hanging on to them is exposed, and we ultimately come to realize that there are no excuses worth defending—ever.
The Essential Wayne Dyer Collection is a must-read for those wanting to explore the power and potential of the human mind, as well as anyone who is finally ready to live the best life possible!

Pathways to Healthy Living - The Incredible, True Adventures of Lew Hollander, a Senior International Triathlete.His a Senior Ironman known around the world. There is perhaps no single human event that teaches us so much about being in our bodies, being at our best, knowing what it really means to be human, than sports. But in this incredibly complex time we're living in, there are not as many role models for healthy and vital aging as there possibly could be.

The eleventh anthology of short stories set in Mercedes Lackey's beloved Valdemar universe features stories by debut and established authors and a brand-new story from Lackey herself The Heralds of Valdemar are the kingdom's ancient order of protectors. They are drawn from all across the land, from all walks of life, and at all ages—and all are Gifted with abilities beyond those of normal men and women. They are Mindspeakers, FarSeers, Empaths, ForeSeers, Firestarters, FarSpeakers, and more. These inborn talents—combined with training as emissaries, spies, judges, diplomats, scouts, counselors, warriors, and more—make them indispensable to their monarch and realm. Sought and Chosen by mysterious horse-like Companions, they are bonded for life to these telepathic, enigmatic creatures. The Heralds of Valdemar and their Companions ride circuit throughout the kingdom, protecting the peace and, when necessary, defending their land and monarch. Now, twenty-three authors ride with Mercedes Lackey to her magical land of Valdemar, adding their own unique voices to the Heralds, Bards, Healers, and other heroes of this beloved fantasy realm. Join Janny Wurts, Elisabeth Waters, Michele Lang, Fiona Patton, and others in twenty-four original stories, including a brand-new novella by Mercedes Lackey, all set in Valdemar, where: A young woman without any of the Herald's Gifts must find a Companion safely delivered to Haven.... A Herald must revisit the mysteries of his childhood to save his own young family and combat a threat at the very heart of Valdemar.... A Hawkbroer flees for his life, trailed by a mysterious bird that prophesizes a dire future.... A mage must choose whether to steal a priceless artifact and be branded a thief and traitor, or let his country fall to magic that could prove far more deadly....
