A Meditator's Guidebook

One of the world's leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises, offering effective steps to change the world and integrate all levels of our Being. Religion is psychological entrapment promoting the controlled behavior of the herd civilization. Institutionalized organized religion is the cause of enslavement, violence, prejudice, hatred, classism, and war. False religious institutions created god in their own personal image and after the likeness of their own mind for control and money. Every religious holy book has been altered, dissected, rewritten, and censored to appear as the word of God, and all the gods of religious holy books are controlled by fundamentalists. Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious-slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear; to control others and solicit money. "The Awakening of Global Consciousness is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions." A new epic of love and war among gods and humans, from Nora Roberts—the #1 New York Times bestselling author of *The Awakening*. The world of magick and the world of man have long been estranged from one another. But some can walk between the two—including Breen Siobhan Kelly. She has just returned to Talamh, with her friend, Marco, who's dazzled and disoriented by this realm—a place filled with dragons and faeries and mermaids (but no WiFi, to his chagrin). In Talamh, Breen is not the ordinary young schoolteacher he knew her as. Here she is learning to embrace the powers of her true identity. Marco is welcomed kindly by her people—and by Keegan, leader of the Fey. Keegan has trained Breen as a warrior, and his yearning for her has grown along with his admiration of her strength and skills. But one member of Breen's bloodline is not there to embrace her. Her grandfather, the outcast god Odran, plots to destroy Talamh—and now all must unite to defeat his dark forces. There will be losses and sorrows, betrayal and bloodshed. But through it, Breen Siobhan Kelly will take the next step on the journey to becoming all that she was born to be.

Beautiful Nova Scotia is the setting for this thriller combining the treasure of the ancient Knights Templar with a modern terrorist plot intended to destroy millions. Follow Kent and retired SEAL Lander as they rush to thwart the evil conspiracy.

More and more people are “waking up” spiritually. And for most of them, the question becomes: now what? “Information about life after awakening is usually not made public,” explains Adyashanti. “It’s most often shared only between teachers and their students.” The End of Your World is his response to a growing need for direction on the spiritual path. Consider the book you hold in your hands Adyashanti’s personal welcome to “a new world, a state of oneness.” Adyashanti begins by describing the “I got it/I lost it” phenomenon that perplexes so many of his students—the fluctuation between what he calls “nonabiding” awakening and the ultimate state of “abiding” enlightenment. With straight talk and penetrating insight, Adyashanti then points out the pitfalls and cul-de-sacs that “un-enlighten” us along the journey, including the trap of meaninglessness, how the ego can “co-opt” realization for its own purposes, the illusion of superiority that may accompany intense spiritual breakthroughs, and the danger of becoming “drunk on emptiness.” “Full awakening comes when you sincerely look at yourself, deeper than you’ve imagined, and question everything,” teaches Adyashanti. The End of Your World is your invitation to join Adyashanti for an honest investigation of what you really are—and how to live once you discover it.

Contents Chapter One: Exploring Life After Awakening Chapter Two: Authentic Awakening—And the Disorientation That Can Follow Chapter Three: “I Got It, I Lost It” Chapter Four: We Come to Nirvana by Way of Samsara Chapter Five: Coming Completely Out of Hiding Chapter Six: Common Delusions, Traps, and Points of Fixation Chapter Seven: Life Itself Holds Up a Mirror for Our Awakening Chapter Eight: The Energetic Component of Awakening Chapter Nine: When Awakening Penetrates the Mind, Heart, and Gut Chapter Ten: Effort or Grace? Chapter Eleven: The Natural State Chapter Twelve: The Story of the Wedding Chapter Thirteen: An Interview With Adyashanti Excerpt There’s a phenomenon happening in the world today. More and more people are waking up—having real, authentic glimpses of reality. By this I mean that people seem to be having moments where they awaken out of their familiar senses of self, and out of their familiar senses of what the world is, into a much greater reality—into something far beyond anything they knew existed. These experiences of awakening differ from person to person. For some, the awakening is sustained over time, while for others the glimpse is momentary—it may last just a split second. But in that instant, the whole sense of “self” disappears. The way people perceive the world suddenly changes, and they find themselves without any sense of separation between themselves and the world. It can be likened to the experience of waking up from a dream—a dream you didn’t even know you were in until you were jolted out of it. In the beginning of my teaching work, most of the people who came to me were seeking these deeper realizations of spirituality. They were seeking to wake up from the limited and isolated senses of self they had imagined themselves to be. It’s this yearning that underpins all spiritual seeking: to discover for ourselves what we already intuit to be true—that there is more to life than we are currently perceiving. But as time has passed, more and more people are coming to me who have already had glimpses of this greater reality. It is because of them that I am giving the teachings of this book.

***In August 2003, virtually overnight, Jan Frazier experienced "a dramatic falling away of fear"--not just the immediate fear of her annual medical test but, as she learned as time went on, her fear of everything. She was "flooded with a causeless joy that has never left me." In this book the commonplace belief that enlightenment is only for saints comes apart at the seams. Anyone can be enlightened, and all we need to do is ask. \* This rare and beautiful account puts Jan Frazier solidly in the tradition of enlightened teachers from J. *First performed in Germany in 1906, Frank Wedekind's controversial play Spring Awakening closed after one night in New York in 1917 amid charges of obscenity and public outrage. For the better part of the twentieth century Wedekind's intense body of work was largely unpublished and rarely performed. Yet the play's subject matter—teenage desire, suicide, abortion, and homosexuality—is as explosive and important today as it was a century ago. Spring Awakening follows the lives of three teenagers, Melchior, Moritz, and Wendl, as they navigate their entry into sexual awareness. Unlike so many works that claim to tell the truth of adolescence, Spring Awakening offers no easy answers or redemption. Today, one hundred years after the play's first performance, a new musical version of this essential modern masterpiece is being hailed as the "best new musical . . . in a generation" (John Heilpern, The New York Observer). Franzen's version of the text—for so long poorly served in English—is unique in capturing the bizarre and inimitable comic spirit that animates almost every line of this unrelentingly tragic play. There couldn't be a better time for this thrilling, definitive new translation.*

Brian takes us on a journey into the paradox of the human condition, to the depths of human suffering, where there exists the transformational healing opportunity of waking up to the essence of who we are. This is described in many contemplative wisdom traditions that point to a reality that exists beyond the identification with the separate self - the sense of me; to a reality that is unconditioned and considered the ultimate medicine to pain and suffering. With the phases of the Moon serving as a metaphor for waking up out of the darkness of the separate self, this book opens our eyes to the healing power of awakening to our true nature in the midst of some of our most terrifying experiences. The states of confusion, fear, and shame; the experiences of trauma, addictions, grief and loss, and the suffering of spiritual seeking itself, can be met with the restorative power of awakening. When we embody surrender, grace, attention and openness in our darkest moments, we can begin to see that in the evening of despair, lies the moonlight of our own awakening.

Buddhahood, says Dzigar Kongtrül, is nothing but an unobstructed experience of the nature of mind, boundlessly spacious and limitlessly compassionate. The trick is that in order to see the mind accurately, we must use the particular aspect of mind he calls natural intelligence. Natural intelligence enables us to discriminate between what helps or hinders us. But most of all, it's the part of us that searches for happiness and meaning. In Light Comes Through, he shows us how to skillfully use our wish for happiness as a tool in awakening to the joyous wisdom of mind.
